Shadowtail acts a certain way in the beginning of the story. For example, in the beginning Shadowtail doesn't want to learn how to berry acorns when his mother tries to teach him. He runs away. Another example how Shadowtail acts is not comided. For example, he rather play than learn how to berry acorns for the winter.
Shadowtail acts different in the end of the story. For example, he learns
how to berry acorns in a fun way. Shadowtails mother teaches him the game spin the acorn which makes the acorns go inside of the ground. Another example is that Shadowtail bets almost all the other squirrels in acorn spinning. One more example is that now Shadowtail will have food to support him during cold winters.

As you can see, Shadowtail changes throughout the whole story.

Mom has a problem with the way Sandy behaves because Sandy kept on doing things over and mom would just get mad. I think mom would be happy if sandy was trained and wouldn’t do that stuff over. I think mom should use both commanding stuff for sandy because Sandy should know how to sit down, and also why mom should have sandy come to her.

is because mom does not like the
Way Sandy is behaving. That's why I chose to pick both commanding things for mom to use on Sandy.

Mom is having trouble with Sandy. Sandy is not well behaved. She is clumsy and she steps things over. Sandy gets very excited easily.

Mom could train Sandy to be an inside/outside dog with the article about training your puppy. I think steps 1, 3, and 5 in teaching the command sit would be helpful.
because Mom has to reward Sandy but be firm. Also step 4 would be helpful in teaching your puppy to come because it would make it fun for Sandy.

In conclusion, I think the article “Training Your Puppy” would be very helpful to Mom. While using the article Mom could train Sandy to be an indoor/outdoor dog.

Dear Mom,

I think training Sandy would be a good idea. You have a problem with how Sandy behaves because she is rambunctious. The training part of the article would help you train her. I think you should train Sandy to sit, come to you and become an inside dog. I hope Sandy does good with her training. Sincerely, Emily
