How to Use the Above Field Test Assignment Chart

Find the field test school strand (e.g., ES1) for your public or charter school on the Elementary and Intermediate School Level Field Test Strand List provided on the Department’s web site at: <http://www.p12.nysed.gov/osa/fieldtest/gr38ftstrand-1014.pdf>. The school strand for your school will remain the same for the duration of five years.

Locate your school strand code in the chart above to ascertain the corresponding field test assignment for your school for the 2010–11 school year. For example, those elementary schools in School Strand ES2 will participate in Grades 3–8 School Census Field Tests in ELA and/or Math in the 2010–11 school year.
