

REGENTS COMPETENCY TEST IN MATHEMATICS
Restricted English and Alternative Language Editions
Directions for Administering and Scoring

GENERAL INFORMATION

PLEASE NOTE: The Test Security Unit has issued a memorandum on Important Test Security Information. **Please see page 11.**

The Regents Competency Test (RCT) in Mathematics is provided in English and alternative language editions. All editions are provided in *restricted form*. Only students actually taking the test may read the questions in the test booklet. School personnel are **not** permitted to open an envelope containing a test booklet or to examine a test booklet for any reason other than to read questions to students with disabilities whose Individualized Education Programs (IEPs) or Section 504 Accommodation Plans (504 Plans) call for this accommodation. **All test booklets, both used and unused, and all scrap paper must be returned to the Department. Student answer papers should be kept on file in the school for one year. Photocopying and/or retaining copies of the test booklet or any notes pertaining to their content are strictly prohibited.**

The principal must certify that the restricted editions of the RCT in Mathematics were administered in strict conformity with Regents regulations. Each teacher or proctor employed in the conduct of this test must, therefore, read with care the instructions for administering examinations contained in the *School Administrator's Manual*. In addition, each teacher or proctor administering restricted forms should become thoroughly familiar with the directions below.

The RCT in Mathematics contains a total of 60 questions, divided into two parts. Part A contains 20 completion questions for which the student is to provide the answer. Part B contains 40 multiple-choice questions for which the student is to select the correct answer from among the four choices given.

Although the RCT in Mathematics is scheduled for administration during a 3-hour examination session, there is no time limit for the test. For most students, the working time for the test will be less than three hours. However, students should be given as much time as necessary to answer as many questions as they are capable of answering.

Do not permit any student to hand in his or her test materials and leave the testing room before the Uniform Statewide Admission Deadlines:

Uniform Statewide Admission Deadlines

	Morning Examinations	Afternoon Examinations
January/June	10:00 a.m.	2:00 p.m.
August	9:15 a.m.	1:15 p.m.

GENERAL DIRECTIONS FOR ADMINISTERING RESTRICTED EDITIONS

1. **Sealed Envelopes:** Each restricted test booklet will be enclosed in a sealed envelope, which must be distributed to the student with the seal intact. Each student is to break the seal of the envelope at the time designated. **Deputies, proctors, and teachers are *not* permitted to open a test envelope or to read the questions in a test booklet for any reason except as described in these directions.**

A gummed blue label is included in each restricted test envelope for use in resealing the envelope. As each student finishes the test, he or she should be told to:

- a. Put all scrap paper inside the front cover of the test booklet.
 - b. Place the test booklet (but not the answer sheet) in the envelope so that the booklet number printed in the lower left corner of the test booklet appears in the window of the envelope.
 - c. Remove the backing from the gummed label and apply the label across the flap in the space outlined by dotted lines.
 - d. Sign his or her name across the label and onto the envelope.
2. **Answer Sheet:** Students are to record their answers on the detachable, hand-scorable answer sheet which is the last page of the test booklet. At the end of the test, collect the answer sheets separately from the test envelopes. Scoring the answer sheets is a responsibility of the school.
 3. **Safeguarding Test Booklets:** Take extreme care that all copies of the restricted test can be accounted for at all times. Make a written record of individual booklet numbers to accompany the transfer of the test envelopes from the principal to the principal's deputies. **Do not leave test booklets unattended under any circumstances.**
 4. **Use of Scrap Paper:** Students must record all answers to the test questions on the appropriate answer sheet. However, they may use scrap paper as well as the blank spaces of the test booklet to work out the answers to the questions. The student's name and test booklet number must appear on each sheet of scrap paper. The school is responsible for providing scrap paper for students.

After finishing the test, the student must put all scrap paper (used and unused) inside the front cover of the test booklet before placing the booklet inside the envelope. No scrap paper should be left on any desks. Proctors must take special care to ensure no student leaves the testing room with scrap paper in his or her possession.

5. **Replacement of Defective Booklets:** If a student receives a defective test booklet, the proctor should provide the student with a new envelope, if one is available. (If no extra envelope is available, please call 518-474-8220 for instructions.) After receiving the new envelope, the student should break the seal and write the new test booklet number on the answer sheet above the old number. The student should then seal the defective test booklet in its original envelope. The proctor should write "Contains defective booklet" on the sealed envelope. Report all defective booklets in writing to the State Education Department. Include the name of the student and the booklet number.
6. **Errors in Envelope Procedures:** If a student inadvertently seals the answer sheet in the envelope or seals the envelope without enclosing the test booklet and/or scrap paper, the proctor should have the student open the envelope and remove the answer sheet or enclose the test booklet and scrap paper. The student should then reseal the envelope with tape. The proctor should note on the front of the envelope the reason for reopening the envelope.

Report all errors in envelope procedure in writing to the State Education Department. Include the name of the student, the booklet number, and the reason for the irregularity.

7. **Test Materials to be Returned to the Department:**
 - a. **Test Booklets**—All test booklets must be returned to the Department, unused booklets in the sealed envelopes and used booklets in envelopes with the gummed label properly attached and signed.
 - b. **Scrap Paper**—Each student should place his or her scrap paper inside the front cover of the test booklet before placing the test booklet in the test envelope.

8. See the **revised** Use of Communications Devices policy below for detailed instructions that must be followed to ensure that students do not have communications devices with them while taking this test.

SPECIFIC DIRECTIONS FOR ADMINISTERING RESTRICTED EDITIONS

Use of Communications Devices

At the beginning of each test administration, proctors must read the following statement to all students taking secondary-level State examinations:

You cannot have any communications device, including a cell phone, with you during this examination or during any breaks (such as a restroom visit). Such devices include, but are not limited to:

- Cell phones
- iPods and MP3 players
- iPads, tablets, and other eReaders
- Personal laptops, notebooks, or any other computing devices
- Cameras, other photographic equipment, and personal scanning devices
- Wearable devices/smart wearables, including smart watches and health wearables with a display
- Headphones, headsets, or in-ear headphones such as earbuds, and
- Any other device capable of recording audio, photographic, or video content, or capable of viewing or playing back such content, or sending/receiving text, audio, or video messages

If you brought any of these items to the building today, and have not already stored it in your locker or turned it over to me, a test monitor or school official, you must give it to me now. You may not keep your cell phone or any of these items with you, or near you, including in your pockets, backpack, desk, etc. If you keep a cell phone or any of these items with you, your examination will be invalidated and you will get no score. Is there anyone who needs to give me any of these items now?

[Proctor: repeat list of devices.]

This is your last opportunity to do so before the test begins.

For Principals and Proctors:

- a. Any student observed with any prohibited device while taking a State examination must be directed to turn it over to the proctor or monitor immediately. To allow for all possible outcomes of procedural due process, the student should be allowed to complete the examination. The incident must be reported promptly to the school principal. If the principal determines that the student had a prohibited device in his or her possession during the test administration, the student's test **must** be invalidated. No score may be calculated for that student.
- b. The incident must be promptly reported, in writing, to the Office of State Assessment via fax to 518-474-1989 or by e-mail to emscassessinfo@nysed.gov, as is the case for all student-related testing irregularities, misadministrations, or other violations of State testing policy and procedures.

Note: Some students with disabilities may use certain recording/playback devices ONLY IF this accommodation is specifically required as a provision of the student's IEP or 504 Plan. In addition, a student may be allowed to retain an otherwise prohibited device in his or her possession if there is documentation on file at the school from a medical practitioner that the student requires such a device during testing. Without such documentation, the general policy on communications devices as provided above is in effect, and the school may not allow the student to retain any such equipment while testing.

Follow the procedures below when administering restricted editions to students. For the alternative language editions, explain the procedures to the students in the appropriate alternative language, if possible. If you do not speak the alternative language, describe each step slowly and clearly in English, demonstrating whenever possible.

1. Make sure that the desks have been cleared of books and papers and that each student has a writing implement and scrap paper.
2. Distribute one test envelope to each student. Hand the test envelope to each student individually to be sure that each student receives only one envelope.
3. Hold up an envelope and show the students where they should print their name and the name of the school.
4. Show the students how to open the envelope by sliding a pencil under the sealed flap. The students should take out the test booklet and place the envelope (containing the blue label) on one side of their desks.
5. Ask students to check the front cover of their test booklet to be sure that they have the correct examination title.
6. Instruct the students to open their test booklet to the last page, which is a detachable answer sheet, and to detach this answer sheet from the booklet.
7. Show the students the test booklet number in the lower left corner of each test booklet. Instruct the students to write their test booklet number on the heading of the answer sheet and to fill in the rest of the heading. In addition, each student should be instructed to write their name and test booklet number on each sheet of scrap paper. The proctor should check to be sure that all documents are properly identified.
8. Ask the students to read the information on the front of the test booklet. After they finish reading the information, instruct them to turn to pages 2 and/or 3 and read the directions and sample questions on those pages. (As an aid to proctors, the "Directions to Students" appearing on pages 2 and/or 3 of the test booklet are reproduced on pages 9 and 10 of this publication.)
9. Make sure that each student understands the directions, the sample questions, and how to mark the answer sheet. Remind the students that, while they may use scrap paper and the blank spaces of the test booklet to work out answers to the questions, they must record all answers on the answer sheet.
10. Tell the students that they will have as much time as they need to finish the test and that they should raise their hand for help when they finish. Ask the students if they have any questions. After all questions have been answered, tell the students to turn to page 3 or 4 and begin working.
11. As the students work on the test, check to see if they appear to understand all directions and are marking their answer sheets properly.
12. No one, *under any circumstances*, may interpret or explain examination questions to students, nor may anyone review or comment on the answer paper of a student while an examination is in progress. In response to questions by students concerning the meaning or interpretation of examination questions, proctors should advise the students to use their own best judgment.
13. As each student finishes the test and before he or she seals the envelope, make sure that the student has:
 - a. Completed the heading on the answer sheet correctly.
 - b. Signed the declaration on the answer sheet.
 - c. Written his or her name and test booklet number on all scrap paper.
 - d. Placed the scrap paper inside the front cover of the test booklet.
 - e. Placed **only the test booklet and scrap paper** in the envelope so that the booklet number appears in the window of the envelope.
 - f. Written his or her name and the name of the school on the appropriate lines on the envelope.
14. After each student has sealed the envelope securely, make sure that the student places the blue label across the flap in the outlined space and signs his or her name across the blue label and onto the envelope.
15. After all students have handed in their test materials, return **all** envelopes to the principal.

No one, *under any circumstances*, including the student, may alter the student's responses on the test once the student has handed in his or her test materials. Teachers and administrators who engage in inappropriate conduct with respect to administering and scoring State examinations may be subject to disciplinary actions in accordance with Sections 3020 and 3020-a of Education Law or to action against their certification pursuant to Part 83 of the Regulations of the Commissioner of Education.

GENERAL DIRECTIONS FOR SCORING RESTRICTED EDITIONS

NOTE: The RCT in Mathematics must be rated by 2 teachers to ensure accuracy of scores, without reference to the test booklet. The scoring materials provided for the test and the directions below contain all the information necessary for scoring the test. The number of credits allowed for each open-ended response must be clearly marked on the answer sheet. Teachers are **not** permitted to score their own student's papers.

Take care that the correct scoring key is used. The key provided for the English edition **cannot** be used to score the restricted alternative language editions.

A student's score on the RCT in Mathematics is the total number of questions that the student answers correctly. **The minimum passing score is 65%, which is a minimum of 39 correct answers.** Unless otherwise indicated in the scoring key, mathematically correct variations in the answers will be allowed.

Page 8 of these directions contains a table for converting the number of correct answers to percent correct.

SPECIFIC DIRECTIONS FOR HAND SCORING RESTRICTED ENGLISH EDITIONS

The scoring key for the English edition has been printed on translucent paper in the same format as the answer sheet. This key is labeled "Use for Scoring English Edition Only." For Part A (questions 1–20), the correct answers have been printed on the answer lines. For Part B (questions 21–60), boxes have been printed to indicate the correct answers. This key is appropriate for scoring only the English edition of the test.

To score Part A, place the key next to the answer sheet so that the correct answer printed on the key for each question appears next to the student's answer for that question. Indicate incorrect answers by using check marks.

To score Part B, scan each answer sheet to make certain that the student has marked only one answer for each question. If a student has marked two or more answers, draw a line with colored pencil through all the answer circles so that no credit will be allowed for that question in scoring. Place the key over the answer sheet so that the box indicating the correct answer for each question corresponds to the row of answer circles for that question. When the key is aligned properly with the answer sheet, each correct answer will be visible in a box.

To obtain the total raw score, count the number of correct answers for Part A and for Part B. Record the student's total raw score (total number correct) and the corresponding percent score in the boxes provided in the upper right corner of the answer sheet.

SPECIFIC DIRECTIONS FOR HAND SCORING ALL ALTERNATIVE LANGUAGE EDITIONS

The Department provides a separate scoring key printed on yellow paper for scoring the restricted alternative language editions of the test. This key is labeled "Scoring Key for Use with Restricted Alternative Language Editions." **This key is appropriate for scoring *only* the restricted alternative language editions of the test.**

The scoring key is printed in the same format as the answer sheet. For Part A (questions 1–20), the correct answers have been printed on the answer lines. For Part B (questions 21–60), the circle indicating the correct answer has been filled in. By punching out these circles, Part B of the scoring key may be made into an overlay that can be placed directly on the answer sheet.

To score Part A, place the key next to the answer sheet so that the correct answer printed on the key for each question appears next to the student's answer for that question. Indicate incorrect answers by using check marks.

To score Part B, check each answer sheet to make certain that the student has marked only one answer for each question. If a student has marked two or more answers, draw a line with colored pencil through all the answer circles, so that no credit will be allowed for that question in scoring. Place the scoring key on the answer sheet so that the hole that has been punched to indicate the correct answer for each question corresponds to the row of answer spaces for that question. When the key is aligned properly with the answer sheet, each correct answer will be visible in a hole.

To obtain the total raw score, count the number of correct answers for Part A and for Part B. Record the student's total raw score (total number correct) and the corresponding percent score in the boxes provided in the upper right corner of the answer sheet.

When the teacher rating is completed, test scores must be considered final and must be entered in students' permanent records.

Principals and other administrative staff in a school or district do not have the authority to set aside the scores arrived at by the teachers and rescore student test papers or to change any scores assigned through the procedures described in these directions and in the scoring materials provided by the Department. Any principal or administrator found to have done so, except in the circumstances described below, will be in violation of Department policy regarding the scoring of State examinations. Teachers and administrators who violate Department policy with respect to scoring State examinations may be subject to disciplinary action in accordance with Sections 3020 and 3020-a of Education Law or to action against their certification pursuant to Part 83 of the Regulations of the Commissioner of Education.

On rare occasions, an administrator may learn that an error occurred in the calculation of a final score for a student or in recording students' scores in their permanent records. For example, the final score may have been based on an incorrect summing of the student's raw scores for parts of the test or from a misreading of the conversion chart. When such errors involve the final scores on any RCT of no more than five students, and when such errors are detected within four months of the test date, the superintendent of a public school district or the chief administrative officer of a religious or independent school may arrange for the corrected score to be recorded in the student's permanent record. However, in all such instances, the superintendent or chief administrative officer must advise the Department in writing that the student's score has been corrected. The written notification to the Department must be signed by the superintendent or chief administrative officer and must include the initials or student identification numbers (at the discretion of the principal) of the students whose scores have been corrected, the name of the examination, the students' original and corrected scores, and a brief explanation of the nature of the scoring error that was corrected.

If an administrator has substantial reason to believe that the teacher scoring committee has failed to accurately score more than five student answer papers on any examination, or when errors are detected more than four months after the test date, the administrator must first obtain permission in writing from the Department before arranging for or permitting a rescoring of student papers. The written request to the Department must come from the superintendent of a public school district or the chief administrative officer of a religious or independent school and must include the examination title, date of administration, and number of students whose papers would be subject to such rescoring. This request must also include a statement explaining why the administrator believes that the teacher scoring committee failed to score appropriately and, thus, why he or she believes rescoring the examination papers is necessary. As part of this submission, the school administrator must make clear his or her understanding that such extraordinary re-rating may be carried out only by a full committee of teachers constituted in accordance with the scoring guidelines presented above and fully utilizing the scoring materials for this test provided by the Department.

The Department sometimes finds it necessary to notify schools of a revision to the scoring key and rating guide for an examination. Should this occur after the scoring is completed, the principal is authorized to have appropriate members of the scoring committee review students' responses only to the specific question(s) referenced in the notification and to adjust students' final examination scores when appropriate. Only in such circumstances is the school not required to notify or obtain approval from the Department to correct students' final examination scores.

RETURNING MATERIALS TO THE DEPARTMENT

After the scoring has been completed and an accurate record made of all students' scores, return all envelopes containing test booklets (both used and unused) and all scrap paper to the Department in the Regents box. Arrange the envelopes in numerical order. **Note that photocopying and/or retaining test booklets are strictly prohibited.**

Student answer sheets must be kept on file in the school for one year.

Regents Competency Test in Mathematics—Restricted English Edition
Directions on Page 3 of Student’s Test Booklet

DIRECTIONS TO STUDENTS

This test has two parts: Part A and Part B. In Part A, there are 20 completion questions for which you are to give the answers. In Part B, there are 40 multiple-choice questions for which you are to choose the correct answer from among the four choices given.

Read the sample question for Part A shown below.

Part A Sample Question

I Add: 435
 147
 + 223

The correct answer is **805**. On the answer sheet, in the section titled “PART A,” look at the box showing the answer to Sample Question I. Notice how the answer **805** has been written on the line provided. In the same way, write your answer to each of the questions in Part A on the answer line for that question. If you want to change an answer, erase your first answer. Then write the answer you want.

Now look at the sample question for Part B shown below.

- Part B Sample Question**
- II** Which number represents forty thousand two hundred?
- (1) 4,020 (3) 40,200
(2) 40,020 (4) 42,000

The correct answer is **40,200**, which is next to number **3**. On the answer sheet, in the section titled “PART B,” look at the box showing the row of answer circles for Sample Question II. Since the number **3** is the correct answer for Sample Question II, the circle with the number **3** has been filled in. For each question in Part B, decide which of the four choices given is the correct answer. Then, on the answer sheet, in the row of circles for that question, fill in the circle that has the same number as the answer you have chosen. Mark only one answer for each question. If you want to change an answer, be sure to erase your first mark completely. Then mark the answer you want.

When you are told to start working, turn the page and begin with question 1. Work carefully and answer all the questions. Your score will be the number of questions you answer correctly. You may use scrap paper and the blank spaces of this test booklet to work out the answers to the questions, but be sure to mark all your answers on the answer sheet.

IMPORTANT

BEFORE YOU ADMINISTER THE REGENTS EXAMINATIONS OR REGENTS COMPETENCY TESTS (RCTs) PLEASE REVIEW THIS IMPORTANT TEST SECURITY INFORMATION

The State Education Department is committed to the integrity of the New York State Testing Program. We appreciate your commitment and professionalism as we strive to ensure the fairest administration and scoring of Regents Exams and RCTs. Please accept this reminder of prohibited testing conduct.

Under Section 102.4 of the Commissioner's Regulations, prohibited testing conduct includes:

- Accessing secure test booklets and/or answer sheets prior to the time allowed by testing rules.
- Reviewing test booklets prior to test administration in order to: determine and record correct responses for use during testing; create pre-test lessons or discussions with students about concepts being tested; or create a "cheat sheet" for students to use during testing, including sharing formulas, concepts, or definitions, necessary for the test.
- Providing students clues or answers during testing, including coaching students about correct answers, defining terms and concepts contained in the test, pointing out wrong answers, suggesting that a student reconsider or change a recorded response, reminding students during testing of concepts they learned in class, or making facial or other non-verbal suggestions to students regarding answers.
- Giving a student more time to take the test than is allowed for that student under State regulations.
- Leaving materials displayed in the room containing topics being tested.
- Writing test specific formulas, concepts or definitions on the board prior to or during testing.
- Reviewing an answer sheet for wrong answers and returning it to the student to change responses.
- Altering, erasing, or changing a student's recorded responses after the student hands in test materials.
- Engaging in rescoring of any portion of a test to add points, unless authorized by State rules.
- Encouraging or assisting anyone to engage in the above-described conduct.

Some potential consequences of engaging in prohibited testing conduct include:

- The test score of the affected student will likely be invalidated.
- The affected student may have to retake the exam.
- The person who intentionally engaged in testing misconduct could face sanctions and discipline, including termination and/or the loss of his/her New York State educator certification(s).

In accordance with Section 102.4 of the Commissioner's Regulations you are required to report any known incident of testing misconduct to the Test Security Unit. Reports may be made by filing an Incident Report Form at <http://www.highered.nysed.gov/tsei/>.
