

2006-07 New York State Alternate Assessment (NYSAA)
Chart for Determining Students' Performance Levels

The chart below contains the range of raw scores for each NYSAA performance level. These scores are the result of the 2007 standard setting of NYSAA. The total raw score attainable for each subject area is 48. The total score is derived by adding the students' scores for accuracy and independence across three dates for two alternate grade level indicators (AGLIs). This chart is usable only for the 2006-07 administration of NYSAA.
