

# Extension Summary

## GRADE 7 ELA Extension 73211

Student: Paige  
Grade 7 ELA

CCLS Code: W.7.4  
Extension 73211

Extension: Recognize personal point of view about text. (73211)

Task: The student will indicate his or her personal point of view about text (e.g., the student writes a book review expressing a personal point of view about a text read/read aloud). (AT73211A)

Note: In this sample, the questions posed to the student and the choices given allow for the student to express her personal point of view without having to come up with it on her own. The choices given differ in plausibility, and allow the student some flexibility in the response. In the Final assessment, the teacher used only an excerpt from the whole story. This is a good way to use age-appropriate/age-neutral text for a student. Teachers have flexibility in the type and length of text used. Refer to the definition of “text” in the ELA glossary.
