SUBJECT: NYSESLAT—Determining an English Language Learner's (ELL) English Language Proficiency Level

This memorandum provides the scale score ranges for the 2017 New York State English as a Second Language Achievement Test (NYSESLAT), along with guidance and information concerning the interpretation of the scale scores.

The NYSESLAT scale score ranges associated with the proficiency levels for Grades K-12 are the same as the scale score ranges established following the 2016 administration. For Grades 1-12, these scale score ranges are based on the results of the summer 2016 standard setting, a process during which New York State educators advised the Department in establishing the appropriate student proficiency levels at each grade level. For Kindergarten, these scale score ranges were established so as to hold the statewide percentages of students at the various 2016 NYSESLAT proficiency levels used for service identification purposes to similar levels as were achieved by Kindergarten students on the 2015 NYSESLAT.

Please note that, in accordance with Part 154 of the Commissioner's Regulations, ELLs can exit ELL status in the following ways:

- Grades K–12: Scoring at the Commanding level on the NYSESLAT
OR
- Grades 3–8: Scoring at the Expanding level on the NYSESLAT and level 3 or above on the New York State English Language Arts (ELA) assessment within the same school year
- Grades 9–12: Scoring at the Expanding level on the NYSESLAT and 65 or above on the Regents Examination in English Language Arts taken within the same school year

Superintendents, principals, and charter school leaders are advised to share this information immediately with English as a New Language and Bilingual Education program administrators and coordinators. In August, individual student NYSESLAT Score Reports will be available in the Level 2 Reporting (L2RPT) environment. For more information on how to access these reports, see <http://www.p12.nysed.gov/irs/level2reports/home.html>. Schools are to provide these reports to each student’s parent/guardian.

RAW SCORE TO SCALE SCORE CONVERSION CHARTS

For 2017, students will receive a scale score for each modality (Listening, Reading, Writing, and Speaking). In addition, each student will receive a total scale score for the test, which is the sum of the student’s scale scores for all four modalities. For example, if a student earned a scale score of 60 in each of the four modalities, the student’s total scale score would be 240.

Students’ proficiency levels will be one of five levels: Entering, Emerging, Transitioning, Expanding, or Commanding.* A student must receive a valid score for each of the four modalities in order to receive a proficiency level.

The attached charts (Attachments A–F) should be used to convert a student’s 2017 raw score in each modality (Listening, Reading, Writing, and Speaking) to a scale score. Please note that there are separate conversion charts for each modality within each of the six grade bands, as follows:

NYSESLAT Grade Band	2017 Raw Scores to Scale Scores Conversion Chart
K	Attachment A

3–4	Attachment C
5–6	Attachment D
7–8	Attachment E
9–12	Attachment F

METHOD FOR DETERMINING ENGLISH LANGUAGE PROFICIENCY LEVEL

A student’s English language proficiency level is determined by his or her total scale score. The determination that a student has achieved the Commanding proficiency level is based solely on the student’s total scale score. The chart, “NYSESLAT 2017 Scale Score Ranges for Determining English Language Proficiency” (Attachment G), is used to determine the student’s English language proficiency level. The total scale score ranges associated with each proficiency level differ for each grade (K–12).

*For NYSESLAT results that are provided by a Regional Information Center (RIC) or Large-City Scanning Center, the performance levels may be presented numerically as follows: 31—Entering, 32—Emerging, 33—Transitioning, 34—Expanding, 35—Commanding.

To determine a student's English language proficiency level, these steps must be followed:

1. Find the appropriate conversion chart for a given student (e.g., Attachment A for a Grade K student or Attachment F for a Grade 10 student). Be sure to refer to the chart that corresponds to the grade level that the student was in when he or she took the NYSESLAT in April/May 2017 and not to the grade level that the student will be enrolled in during the 2017–18 school year.
2. Match the student's raw score for each modality to the corresponding scale score for that modality.
3. Sum the student's scale scores for each of the four modalities to determine the student's total scale score.
4. Match the student's grade when tested in spring 2017 to the "NYSESLAT 2017 Scale Score Ranges for Determining English Language Proficiency" (Attachment G) to determine the student's proficiency level.

ADDITIONAL INFORMATION AND ASSISTANCE

Information about NYSESLAT may be found in the NYSESLAT 2017 School Administrator's Manual, online at <http://www.p12.nysed.gov/assessment/nyseslat/> or on EngageNY at <https://www.engageny.org/resource/new-york-state-english-a-second-language-achievement-test-nyseslat-resources>.

If you have further questions about determining any ELL's level of English language proficiency, please contact the Office of State Assessment at emscassessinfo@nysed.gov or call 518-474-5902.

Questions regarding bilingual/ENL services may be directed to the Office of Bilingual Education and World Languages (OBEWL) by phone at 518-474-8775, or via e-mail at obewl@nysed.gov.

If your school has not received its students' NYSESLAT score data, please contact the Regional Information Center (RIC) or Large-City Scanning Center, as applicable. Questions concerning score data may also be directed to the Office of Information and Reporting Services at 518-474-7965.

Thank you for all that you do on behalf of New York State students.
