**Notice to Test Scoring Coordinators**

**Concerning the 2013 Mathematics Tests  
Grade 8, Scoring Materials  
8MA SLM-CAS, 8MA SLM-P, 8MA SLM-T,  
8MA-CAS (73, 74, 75), 8MA-P (73, 74, 75), 8MA-T (73, 74, 75)  
For Question 73 Only**

This notice concerns the scoring of Question 73 on the Grade 8 Mathematics Test Book 3. Please note that for this question there is a correction for Guide Paper 5 of the Training Set as well as for Practice Sets 48 and 50 and Consistency Assurance Set 24. Since the question in the test book did not explicitly ask the student to “label” the equations, the response should not be regarded as incomplete if the student did not label the lines he or she drew.

Student responses to Question 73 that have already been scored must be rescored if the response received a score of 0 or 1. Rescoring is not necessary for responses to this question that were scored a 2, as there is no new information about scoring this question that should cause any student's response to be scored lower.

The 8MA SLM-P Math Practice Key on page 111 should be updated to reflect PS 48A and PS 50A are 2 points. The 8MA SLM-CAS Math CAS Key on page 66 should be updated to reflect CS 24 is 2 points.

We apologize for any inconvenience this may cause you and we thank you for your hard work on behalf of the students in New York State.
