Information on an Appeal to Graduate with a Lower Score on a Regents Examination

General Information

Beginning with students entering grade 9 in 2005, all students who have taken and passed certain courses in preparation to take a Regents Examination and have a 65 course average but whose highest score on the Regents Examination is below but within three points of the 65 passing score may appeal to graduate with a local or Regents diploma using this lower score. Through this appeal, the student seeks a waiver of the graduation assessment requirement in this subject area.

In addition, students who are identified as English language learners pursuant to Part 154 Regulations of the Commissioner of Education, and who first entered school in the United States in grade 9 or above, may appeal to graduate with a local diploma if they have taken the required Regents Examination in English language arts at least twice and earned a score on this exam between 55 and 61.

Approval of this appeal will not change the student's score on the Regents examination under appeal. The appeal may be initiated by a student or by the student's parent/guardian or teacher and must be submitted to the student's school principal. A separate appeal must be made for each examination appealed by the student, and the student cannot seek an appeal for more than two examinations.

Students who are granted an appeal with a score between 62 and 64 on one examination and who fulfill all other course and testing requirements will be determined to have met all graduation requirements and, thereby, earn a Regents diploma.

Students who are granted an appeal on two examinations with scores between 62 and 64 on each and who fulfill all other course and testing requirements will receive a local diploma.

Eligible English language learners who are granted an appeal with a score between 55 and 61 on the required Regents Examination in English language arts and who fulfill all other course and testing requirements will receive a local diploma.

Eligible English language learners who are granted an appeal with a score between 55 and 61 on the required Regents Examination in English language arts and an appeal with a score between 62 and 64 on one other required Regents Examination and who fulfill all other course and testing requirements will receive a local diploma. School districts must provide all students an opportunity to access the appeals process if the students meet the eligibility requirements listed below.

The appeal committee may, in its discretion, interview the student or the teacher or Department chairperson recommending the appeal. The appeal committee will review the appeal and rule on it within five days of submission. The school superintendent, or Chancellor in New York City or his/her designee, may also interview the student and will sign off on all appeals. **The decision to grant or deny an appeal is made at the district level and is not subject to State Education Department (SED) approval.**
