

Extended Response Sample Question # 16 Rubric

- | | |
|------------|---|
| [2 points] | Chooses system and correctly identifies 4 -5 specific parts of the chosen system. |
| [1 point] | Correctly identifies 2 -3 parts of the chosen system. |
| [0 points] | Chooses system only, but does not identify components of the system. |
| OR | No response. |

Student Response to Sample Question # 16

System Type Home Heating system

Write in the spaces provided, the specific parts of the system you chose from the list above.

Comment: Score: 2 The student has identified appropriate elements of the selected system (Home Heating System) and applies them to the systems model.

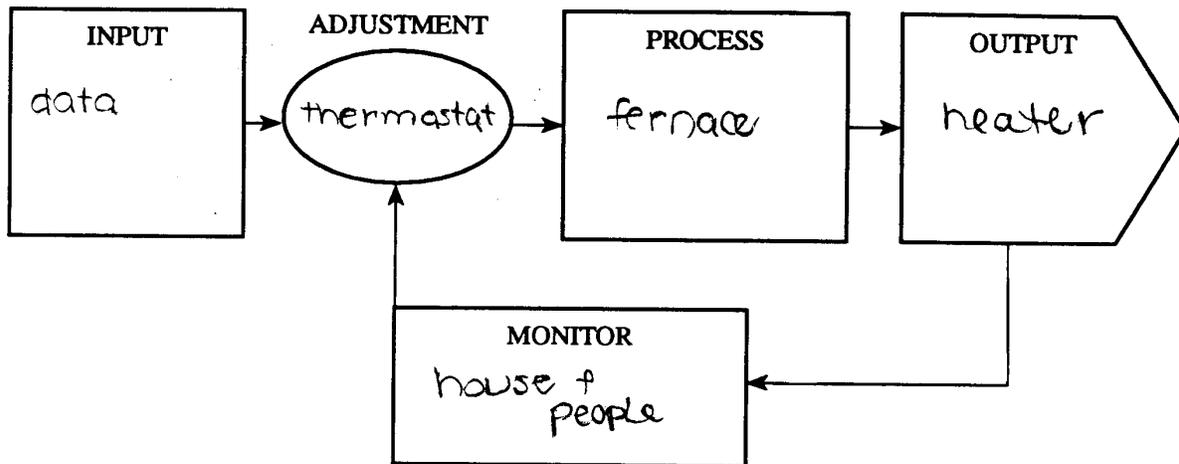

Extended Response Sample Question # 16 Rubric

- | | |
|------------|---|
| [2 points] | Chooses system and correctly identifies 4 -5 specific parts of the chosen system. |
| [1 point] | Correctly identifies 2 -3 parts of the chosen system. |
| [0 points] | Chooses system only, but does not identify components of the system. |
| OR | No response. |

Student Response to Sample Question # 16

System Type Home heating system

Write in the spaces provided, the specific parts of the system you chose from the list above.

Comment: Score: 1 Input/process/output are incorrect, parts should describe what happens or is required. Monitor and adjustment describe a manual example.

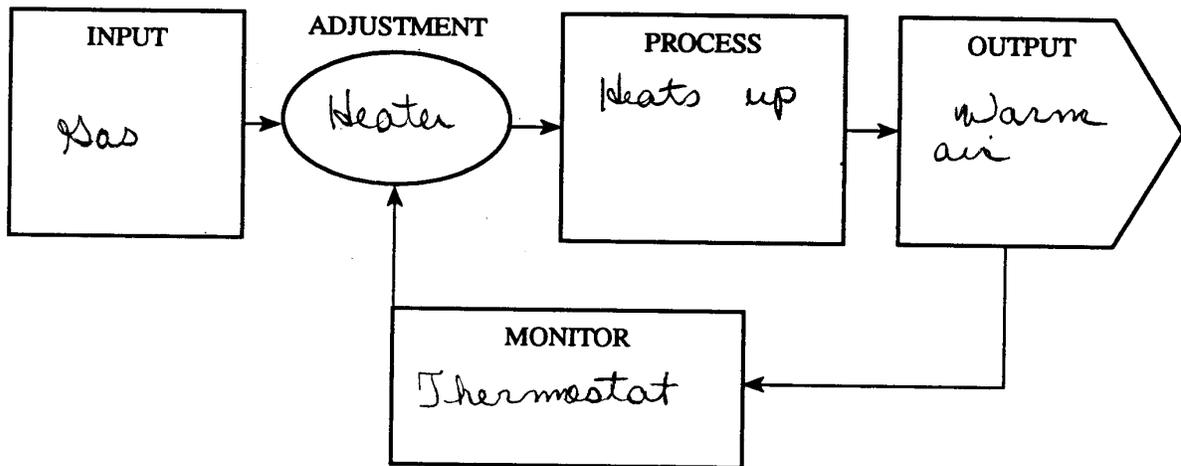

Extended Response Sample Question # 16 Rubric

- | | |
|------------|---|
| [2 points] | Chooses system and correctly identifies 4 -5 specific parts of the chosen system. |
| [1 point] | Correctly identifies 2 -3 parts of the chosen system. |
| [0 points] | Chooses system only, but does not identify components of the system. |
| OR | No response. |

Student Response to Sample Question # 16

System Type Home heating system

Write in the spaces provided, the specific parts of the system you chose from the list above.

Comment: Score: 0 Student identifies things that happen in a home heating system but does not understand relationship to the systems model actions. Monitor is correct but not sufficient to score points according to rubric.
