

Practice Scenario #2 & Graphic Organizer

Duncan is the new captain of the soccer team. He is also in the 3rd period physical education class with James, a new student in the 10th grade. James has had some trouble fitting in at this school. Physical education class has been a particular problem for him. He is overweight, not very good in sports, and shy. James' gym locker is next to Duncan's. In the locker room after class, one of Duncan's teammates starts teasing James, laughing at him and making fun of his clothes. Duncan knows this is making James miserable, and thinks about how he can step in to stop this bullying. Duncan makes a joke to his teammate, deflecting the attention, and easing the tension for today, but he knows he will have to do more if James is going to be able to get through physical education classes this year without being a target for some of the other boys. He thinks about talking to his teacher about the situation, but decides he has to deal with his teammate on his own, and plans what he will say or do to resolve the situation.
