RE: NYS PE Profile Professional Development

The New York State Physical Education Profile (PE Profile) is ready for statewide roll-out, and the Education Department has contracted with the New York State Association for Health, Physical Education, Recreation and Dance, Inc (NYS AHPERD) to assist the Staff and Curriculum Development Network in providing the professional development on the PE Profile to physical educators and administrators across the state.

As part of this effort, NYS AHPERD has prepared a cadre of certified physical educators, individuals who are knowledgeable on the use of the PE Profile to facilitate your BOCES or Big 5 city school district professional development events. Attached is a chart of the Team Leader(s) in each NYS AHPERD zone, listed by county, who you should contact to secure assistance in providing the initial statewide roll-out of the PE Profile during the upcoming 2007-2008 school year. Big 5 large cities should collaborate with Trish Kocialski, Associate in Physical Education to secure individuals to conduct the professional development.

Please also note that the State Education Department Office of Curriculum, Instruction and Instructional Technology will maintain a database of the school districts, school buildings, and numbers of individuals that have received required professional development for the PE Profile. In order to maintain this data, we ask that you fill out an online Tracking Form after each professional development event. Please visit <http://www.forms.nysed.gov/emsc/ciai/peprofile.htm> to access the Tracking Form. The directions are on this form.

Updates for the PE Profile are already posted and will continue to be posted as they become available on the PE Profile website at <http://www.emsc.nysed.gov/ciai/pe/profile.htm>. If you have any questions regarding the PE Profile or its promotion and professional development, please contact Trish Kocialski, Associate in Physical Education, at pkocials@mail.nysed.gov or (518) 474-5922.
