- 5  
Most of the information is accurate, but a few pieces of information are missing or inaccurate.
- 3  
.
- 2  
Less than 50% of the information is accurate or included within the presentationThe presentation is eye appealing and creative.
- 4  
The presentation is not very stimulating, nor is it very creative.
- 2  
Although you attempted to complete the project, it not visually appealing or creative.

### End of project Partner evaluation

- 5  
According to my partner, I tried really hard, but sick days, band lessons and vacations made me miss a day of school, when I could have worked on the project.
- 3  
According to my partner, I may have spent one class day working hard on this project and did little if any work outside of class.
