For purposes of this procurement, NYS Education Department hereby establishes an overall goal of 30% of the total contract amount for M/WBE participation, 17% for Minority-Owned Business Enterprises (“MBE”) participation and 13% for Women-Owned Business Enterprises (“WBE”) participation based on the current availability of qualified MBEs and WBEs. All bidders must document good faith efforts to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of this Contract. Minority and Women-Owned Business Enterprise (M/WBE) participation includes any and all services, materials or supplies purchased from New York State certified minority and women-owned firms. Utilization of certified Minority and Women-Owned firms will be applied toward the goals. Bidders can achieve compliance with NYSED’s Minority and Women-Owned Business Enterprise goals as described below.

ACHIEVE FULL COMPLIANCE WITH PARTICIPATION GOALS (PREFERRED)

Bidders should submit subcontracting/supplier forms that meet or exceed NYSED’s participation goals for this procurement. All subcontracting/supplier forms must be submitted with the bid proposal. In addition, bidders must complete and submit M/WBE 100: Utilization Plan, M/WBE 102: Notice of Intent to Participate and EEO 100: Staffing Plan. Instructions and copies of these forms are located in the Submission Documents. All firms utilized must be certified with the NYS Division of Minority and Women Business Development before beginning any work on this contract. For additional information and a listing of currently certified M/WBEs, see the [NYS Directory of Certified Minority and Women-Owned Business Enterprises](#).

The contact person on M/WBE matters is available throughout the application and procurement process to assist bidders in meeting the M/WBE goals. NYSED reserves the right to approve the addition or deletion of subcontractors or suppliers to enable bidders to comply with the M/WBE goals, provided such addition or deletion does not impact the technical proposal and/or increase the total cost of the bid proposal.

DOCUMENTATION OF GOOD FAITH EFFORTS

Bidders must undertake a good faith effort to solicit NYS Certified M/WBE firms as subcontractors and/or suppliers in fulfillment of this procurement. Means of solicitation may include but are not limited to: advertisements in minority centered publications; solicitation of vendors found in the [NYS Directory of Certified Minority and Women-Owned Business Enterprises](#); and the solicitation of minority and women-oriented trade and labor organizations. Bidders will be required to certify and attest to their good faith efforts by completing NYSED’s Certification of Good Faith Efforts (Form M/WBE 105). See the M/WBE Submission Documents for detailed examples of and required forms to document good faith efforts.

NYSED reserves the right to reject any bid for failure to document “good faith efforts” to comply with the stated M/WBE goals.

IN THE EVENT BIDDERS CANNOT COMPLY WITH NYSED DESIGNATED PARTICIPATION GOALS, SAID BIDDERS MUST DOCUMENT THEIR “GOOD FAITH EFFORTS” TO COMPLY AND SUBMIT ONE OF THE FOLLOWING REQUESTS:

REQUEST A PARTIAL WAIVER OF PARTICIPATION GOALS

In order to request a partial waiver of the participation goals for this procurement, Bidders must provide documentation of their good faith efforts to obtain the use of certified M/WBE enterprises along with their bid proposal forms. The subcontracting forms must include the participation percentage(s) for which they seek approval. Bidders will be required to certify and attest to their good faith efforts. Bidders should submit a request for a partial waiver (Form M/WBE 101) and document their Good Faith Efforts (Form M/WBE 105) at the same time as the bid is submitted. Bidders must also complete and submit M/WBE 100: Utilization Plan, M/WBE 102: Notice of Intent to Participate and EEO 100: Staffing Plan. The M/WBE Coordinator is available throughout the procurement process to assist in all areas of M/WBE compliance.

REQUEST A COMPLETE WAIVER OF PARTICIPATION GOALS

In order to request a complete waiver of the participation goals for this procurement, Bidders must provide documentation of their Good Faith Efforts to obtain the use of certified M/WBE enterprises along with their bid proposal forms. Bidders will be required to certify and attest to their good faith efforts. Bidders should submit a request for a complete waiver on Form M/WBE 101 and document their Good Faith Efforts (Form M/WBE 105) at the same time as they submit their bid. The M/WBE Coordinator is available throughout the procurement process to assist in all areas of M/WBE compliance.

All payments to Minority and Women-Owned Business Enterprise subcontractor(s) must be reported to NYSED M/WBE Program Unit using M/WBE 103 Quarterly M/WBE Compliance Report. This report must be submitted on a quarterly basis and can be found at NYSED’s [M/WBE Forms and Compliance Forms webpage](#).

Service-Disabled Veteran-Owned Business (SDVOB) Participation Goals Pursuant to Article 17-B of New York State Executive Law

Article 17-B of Executive Law was enacted to ensure that certified SDVOBs are provided opportunities for meaningful participation in the performance of state contracts. To this end, NYSED strongly encourages bidders to make maximum possible use of SDVOBs as subcontractors and/or suppliers under this contract, consistent with the requirements of State Finance Law and State procurement guidelines, as well as NYSED policies and procedures. Bidders should consider fulfilling the requirements of this contract through the participation of SDVOBs at a rate of 6%. Background and Purpose of Audit

The ELA and Mathematics assessments consist of both multiple-choice and constructed-response items and are administered to approximately one million students in grades 3–8 annually. Student responses to the constructed-response questions are scored regionally, districtwide, locally, or by a private contractor using scoring materials provided by NYSED. All scoring for computer-based tests is

completed by a local scoring consortium comprised of teachers from a minimum of 3 schools or by one of approximately five private contractors that contract directly with school districts to provide this service.

After each test administration, the Department conducts an independent annual rescoring audit of student responses to the constructed-response questions, in order to monitor the reliability of scoring and ensure that the same rigorous standards intended by NYSED are being employed across the State.

A sample of schools and districts are selected for the rescoring audit that represent New York State's student population demographically and geographically. The 2018 audit was based on a stratified random sample of schools from each grade level and each content area. The sample included both schools that tested on paper as well as on computer.

As New York state transitions from paper-based testing (PBT) to computer-based testing (CBT), beginning with the school year 2018–19, only schools testing on computer are to be selected for the scoring audit. For those selected schools, electronic student responses will be transferred from the NYSED 3-8 testing contractor to the audit contractor. No schools testing on paper will be selected for the audit. Following the completion of the rescoring, the audit contractor will prepare and submit audit score reports for each scoring consortium, analyze the results of the audit, and prepare and submit a statewide technical report to NYSED.

Deliverables and/or Project Description

Work Plan

In its proposal, each bidder should include a comprehensive five-year detailed work plan. The work plan should describe how the activities required in the RFP will be conducted. A detailed timeline for each year of the contract, consistent with the [Timeline for Required Services](#), provided in this RFP, must be included in the work plan.

Timeline for Required Services:

For all tests to be rescored, the contractor must:	Timeframe for activity:
Submit an updated annual work plan	Within four weeks of contract approval and within four weeks of the start of each contract year
Determine the process to be used to conduct the rescoring audit of the CBT sample of student constructed-response items and submit to NYSED for approval	Within four weeks of contract approval
Select a statewide, representative sample of schools testing via computer, in collaboration with NYSED. (Except in Year 1, when the sample of schools will be selected by NYSED)	Two months prior to test administration
Select and train Raters (Scorers)	Within three months of the receipt of student responses from NYSED's Grades 3-8 ELA and Mathematics test development contractor
Conduct the rescoring audit	Within three months of the receipt of student responses from NYSED's Grades 3-8 ELA and Mathematics test development contractor
Submit to NYSED electronic data files containing the local score and the audit rescore for each item and for each student	Within four months of the receipt of student responses from NYSED's Grades 3-8 ELA and Mathematics test development contractor
Prepare and send, either electronically or by traceable mail, a summary report of the rescoring results to each computer-based scoring consortium leader participating in the audit	Within four months of the receipt of student responses from NYSED's Grades 3-8 ELA and Mathematics test development contractor
Prepare a draft technical report of the rescoring and an audit report for each scoring consortium for NYSED's review	Within five months of the receipt of student responses from NYSED's Grades 3-8 ELA and Mathematics test development contractor
Submit one electronic, final technical report of the rescoring audit to NYSED	Within two weeks of receiving NYSED approval of draft report

Items to be Rescored

The contractor will be responsible for rescoring constructed-response items from ELA and Mathematics Tests in Grades 3-8, entered by students on computer. For ELA, each test will contain approximately seven short-response items (worth two points) and one extended-response item (worth four points). For Mathematics, each test will contain approximately six short-response items (worth two points) and one extended-response item (worth three points). The exact numbers and types of items on each test, as well as the scoring guidelines to be used when scoring, may vary throughout the contract period. Examples of the type of items to be rescored, as well as the scoring materials to be used, may be accessed on past tests questions, scoring rubrics, exemplar responses, and other information about the ELA and Mathematics tests on [NYSED's web site](#).

Audit Rescoring Process

In its proposal, each bidder should describe its process for recruiting and training qualified raters and the process to be used to conduct the audit rescoring of the CBT sample of student constructed-response items for the Grades 3-8 ELA and Mathematics tests. The contractor must include information on where the rescoring will occur, the staffing arrangements at the scoring site(s), and how CBT student responses will be presented. Procedures for quality assurance, maintaining consistency in scoring and providing for the security of information and materials during the rescoring process must be detailed.

Selection of ELA and Mathematics Audit Samples

Except in Year 1, the contractor will select a statewide representative sample of schools testing via computer, in collaboration with NYSED, two months prior to test administration. For the 2018-19 school year, the sample must include approximately 5,000 students per grade and content area. For the 2019-20 school year, the sample must include approximately 7,500 students per grade and content area. For the 2020-21, 2021-22, and 2022-23 school years, the sample must include approximately 10,000 students per grade and content area.

NYSED will provide the contractor with the most recent school enrollment, examination requests, and with related school demographic data for selection of sample schools and data collection. When possible, each sample should include at least one school from each of the big five city school districts (Buffalo, Rochester, Syracuse, New York City, and Yonkers). In Year 1 of the audit, NYSED will select the samples of schools for the audit contractor. In subsequent years, the audit contractor will be responsible for the selection of the samples.

Selection and Training of Raters (Scorers) and Quality-Control Procedures

Within three months of the receipt of student responses from NYSED's 3-8 ELA and Mathematics test development contractor, the audit contractor is responsible for hiring and training raters and for conducting the rescoring audit. The contractor's [work plan](#) must describe how qualified raters will be recruited and selected for hiring, how the raters will be trained, and what quality-control procedures the bidder will take to ensure that the raters meet quality standards during training and scoring. The contractor should use the same scoring training materials used to train New York State teachers. NYSED will provide the contractor with the training materials and scoring rubrics on the first day of the test administration period. Raters hired by the contractor should have at least a bachelor's degree AND a minimum of 15 college credits in the subject area of the test being rescored or teacher certification from any state to teach the subject area of the test being rescored. For raters rescoring elementary-level tests (Grades 3-6), teacher certification in elementary education may be substituted for up to 6 of the required college credits in the subject area.

Receiving, Storing, and Securely Processing Student Responses

The audit contractor must have the capacity to receive, store, and securely process images of computer-based student responses from NYSED's 3-8 test contractor for rescoring. The contractor's [work plan](#) must provide the logistical details of how the contractor will receive the images for selected student computer-based constructed-responses from NYSED's 3-8 ELA and Mathematics test development contractor and prepare all computer-based student responses for rescoring. The [work plan](#) must demonstrate the contractor's capacity to handle the volume of student data involved in this

project, must address issues of confidentiality, organization, and timeliness involved and detail the measures to be taken to store and purge student responses and data.

The audit contractor must conduct the rescoring audit within three months from receipt of the images from NYSED's 3-8 ELA and Mathematics test development contractor. Following each test administration, the audit contractor must coordinate with NYSED's 3-8 ELA and Mathematics test development contractor and have the capacity for the secure electronic transfer of student constructed-responses.

Within four months of the receipt of student responses, the contractor must submit to NYSED electronic data files containing the local score and the audit rescore for each student and item.

The contractor must store student responses for a period of one year from the date of administration. After a period of one year from the completion of the rescoring, all student responses and identifying information should be purged from the contractor's servers/storage. The contractor's security plan must include the procedure for purging all student responses and identifying information from the contractor's servers/storage.

Computer-Based Scoring Consortium Audit Reports

The contractor must prepare and send a summary report of the rescoring results to each computer-based scoring consortium leader participating in the audit for each grade/subject for which responses in the audit sample selected were scored by that consortia. The audit summary reports may be sent to the scoring consortia leaders either electronically or by the traceable mail and must be sent within four months of the receipt of student responses from NYSED's 3-8 ELA and Mathematics test development contractor. In 2019, there are likely to be about 100 scoring consortium leaders participating in the audit. This number is likely to grow each year to about 250 by 2023. The audit vendor will be developing 12 report templates each year; one each for ELA and Mathematics Tests in Grades 3 through 8. The format of the report must be user-friendly. Contact information for the scoring consortia leaders will be provided to the scoring audit vendor by NYSED.

Prior to sending reports to each scoring consortium leader, the contractor must provide NYSED with a secure electronic file folder containing all consortium reports and the data file used to produce the reports, allowing for at least 15 days for NYSED's review.

The reports must include:

- the number of student responses scored by the scoring consortium that were scored through the auditing process
- the score point range for each question
- percentage of agreement between the local scores and the audit scores, and
- the scoring consortium's average raw scores for each question based on local scoring and audit scoring

See [Attachment 4: Sample Scoring Consortium Audit Report](#).

The contractor must be responsible for responding to questions from any consortium leader regarding the scoring consortium audit report for at least six weeks after the reports are received by the scoring consortium leaders. A contact telephone number and e-mail address must be provided for such questions by the contractor to the scoring consortia. The contractor's contact information will be part of the letter sent to scoring consortium leaders accompanying the rescore audit reports.

Audit Data Analysis: Technical Report

Within four months of receipt of student responses from NYSED's 3-8 ELA and Mathematics test development contractor, the audit contractor must provide NYSED with statewide electronic rescore data files containing the local scoring consortium audit reports as well as the scores and the audit rescoring for each item and each student, linked by unique State student ID. NYSED will provide the contractor with local score files at approximately the same time that the audit contractor is receiving the student responses from NYSED's test development contractor.

A statewide technical report must be submitted to NYSED, summarizing the audit results for each exam rescored. The contractor's [work plan](#) should include a plan that allows for collaboration with, and review by, NYSED at each stage. The draft technical report must be received by NYSED no later than five months after the contractor's receipt of student responses from the 3-8 ELA and Mathematics test development contractor. One final electronic copy of the technical report of the rescoring audit must be submitted to NYSED within two weeks of receiving NYSED's approval of the draft report. The technical report should include at minimum, the following multiple analyses to assess the reliability of the scoring:

- item means
- intra-class correlation
- weighted kappa
- score difference distributions
- total score statistics

[Attachment 3: Table of Contents for Each Technical Report for Rescoring](#) illustrates a suggested outline for the technical report.

Security of Test Materials

The contractor's [work plan](#) must include a security plan for this contract, in accordance with the protocols set forth in this RFP and [Attachment 1: Security Guidelines for the New York State Assessment Program](#), in 6). of this RFP, [Appendix R: Data Security and Privacy Plan Provisions](#), and [Appendix S: Parents' Bill of Rights for Data Privacy and Security](#). The security plan must specifically address where the activities described in this RFP will occur and how test materials and student data will remain secure at all times when receiving, storing, and processing student responses.

The contractor must have the organizational ability to receive and transmit data files and other information electronically via a secure, password protected portal (SFTP). The contractor must use encrypted files and design, host, and maintain an SFTP site as a means of file transfer. Access to the NYS test information on this site must be limited to the contractor and NYSED, unless further sharing with other parties is authorized in writing by NYSED. Any other electronic transfer via e-mail, Internet, or facsimile (FAX) of any secure test materials is not permitted, unless authorized by NYSED to do so on a case-by-case basis. The plan must include how any secure data will be purged at the end of the contract term and must also include a data disaster recovery plan.

All contractor's staff and subcontractor's staff having access to secure or confidential information, including, but not limited to, test questions and scoring materials, shall sign a Non-Disclosure Agreement (see [Attachment 2: Non-Disclosure Agreement](#), in **6.) Attachments** of this RFP) prior to the

initiation of work under this contract and in accordance with [Attachment 1: Security Guidelines for the New York State Assessment Program](#).

Organizational Capacity

The contractor must demonstrate an organizational and staffing capacity that is commensurate with the project's scope of work for scoring large-scale assessments throughout the duration of the contract. The contractor's [work plan](#) must include a short narrative description of the contractor's organization, including organizational charts illustrating how project staffing and organizational arrangements are commensurate with the project's scope. The organizational charts must include the titles of all proposed key staff.

The [work plan](#) must include a detailed staffing plan that includes the names, qualifications, and responsibilities, of all key staff members. For each key staff member associated with this project, the staffing plan should include a resume describing the individual's background and experience, as well as the individual's ability and experience in conducting the proposed activities.

The staffing plan should provide a clear understanding that there is a sufficient number of people with the requisite skills assigned to the project and that the people working on the project have the necessary skills and experience to complete the project work as described in the RFP.

The staffing plan should include any subcontractor(s), a description of the services provided by the subcontractor(s), their location, and the percentage of work they are to perform.

The contractor must promptly notify NYSED of changes in key staffing or subcontractor(s) assigned to this contract.

Project Manager and Responsibilities

Financial Criteria

Financial Criteria (30 Points)

Cost Evaluation	Points
Five (5) Year Budget Summary	30

The Financial Criteria portion of this RFP will be scored based upon the grand total for the 5 (five) year budget summary.

- The **financial portion** of the proposal represents 30% points of the overall score and will be awarded up to 30 points pursuant to a formula. This calculation will be computed by the Contract Administration Unit upon completion of the technical scoring by the technical review panel.
- The submitted budget will be awarded points pursuant to a formula which awards the highest score of 30 points to the budget that reflects the lowest overall cost. The remaining budgets will be awarded points based on a calculation that computes the relative difference of each proposal against the lowest budget submitted. The resulting percentage is then applied to the maximum point value of 30 points.
- **NYSED reserves the right to request best and final offers. In the event NYSED exercises this right, all responsive bidders will be asked to provide a best and final offer. The Contract Administration Unit will recalculate the financial score.**

Method of Award

The aggregate score of all the criteria listed will be calculated for each proposal received.

The contract issued pursuant to this proposal will be awarded to the contractor whose aggregate technical and cost score is the highest among all the proposals rated. **If NYSED exercises the right to request best and final offers, the contract must be issued to the contractor with the highest aggregate technical and financial score that results from the best and final offer.**

In the event that more than one proposal obtains the highest aggregate score, the contract will be awarded to the contractor in that group of highest aggregate scores whose budget component reflects the lowest overall cost.

NYSED's Reservation of Rights

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency's sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation; (16) request best and final offers.

Upon selection, the successful bidder will receive a proposed contract from NYSED. The selected bidder may be given an opportunity to reduce its cost proposal in accordance with the agency's right to negotiate a final best price. The contents of this RFP, any subsequent correspondence during the proposal evaluation period, and such other stipulations as agreed upon may be made a part of the final contract prepared by NYSED. Successful bidders may be subject to audit and should ensure that adequate controls are in place to document the allowable activities and expenditure of State funds.

Debriefing Procedures

In accordance with section 163 of the NY State Finance Law, NYSED, upon request, must provide a debriefing to any unsuccessful bidder regarding the reasons their proposal was not selected for an award.

1. All unsuccessful bidders may request a debriefing within fifteen (15) calendar days of receiving notice from NYSED of non-award. Bidders may request a debriefing by submitting a written request to the Fiscal Contact person at:

NYS Education Department
Contract Administration Unit
89 Washington Avenue
Room 501W EB
Albany, NY 12234

2. Upon receipt of a timely written request from the unsuccessful bidder, NYSED will schedule the debriefing to occur within a reasonable time following receipt of the request. Debriefings will be conducted in person, unless NYSED and the bidder mutually agree to utilize other means, including but not limited to telephone, video-conferencing or other types of electronic communication.
3. The debriefing will include: a) the reasons that the proposal submitted by the unsuccessful bidder was not selected for an award; b) the qualitative and quantitative analysis employed by NYSED in assessing the relative merits of the proposals; c) the application of the selection criteria to the unsuccessful bidder's proposal; and d) when the debriefing is held after the final award, the reasons for the selection of the winning proposal. The debriefing will also provide, to the greatest extent practicable, general advice and guidance to the unsuccessful bidder concerning potential ways that their future proposals could be more responsive.

Contract Award Protest Procedures

Bidders who receive a notice of non-award or disqualification may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.
2. The protest must be filed within ten (10) business days of receipt of a debriefing or disqualification letter. The protest letter must be filed with:

NYS Education Department

Contract Administration Unit
89 Washington Avenue
Room 501W EB
Albany, NY 12234

3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the bidder with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.
4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

Vendor Responsibility

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a [Vendor Responsibility Questionnaire](#). School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. A complete list of exempt entities can be viewed at the [Office of the State Comptroller's website](#).

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the [VendRep System Instructions](#) or go directly to the [VendRep System on the Office of the State Comptroller's website](#).

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller's Help Desk at 866-370-4672 or 518-408-4672 or by email at ITServiceDesk@osc.state.ny.us.

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the [VendRep website](#) or may contact NYSED or the Office of the State Comptroller's Help Desk for a copy of the paper form.

Subcontractors

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

- the subcontractor is known at the time of the contract award;

- the subcontractor is not an entity that is exempt from reporting by OSC; and
- the subcontract will equal or exceed \$100,000 over the life of the contract.

Note: Bidders must acknowledge their method of filing their questionnaire by checking the appropriate box on the Response Sheet for Bids (5. Submission Documents).

Procurement Lobbying Law

Pursuant to State Finance Law §§139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between the New York State Education Department (“NYSED”) and an Offerer/bidder during the procurement process. An Offerer/bidder is restricted from making contacts from the earliest notice of the solicitation through final award and approval of the Procurement Contract by NYSED and, if applicable, Office of the State Comptroller (“restricted period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff, as of the date hereof, is identified below. NYSED employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the Offerer/bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at [NYSED's Procurement Lobbying Law Policy Guidelines webpage](#).

Consultant Disclosure Legislation

Effective June 19, 2006, new reporting requirements became effective for State contractors, as the result of an amendment to State Finance Law §§ 8 and 163. As a result of these changes in law, State contractors will be required to disclose, by employment category, the number of persons employed to provide services under a contract for consulting services, the number of hours worked, and the amount paid to the contractor by the State as compensation for work performed by these employees. This will include information on any persons working under any subcontracts with the State contractor.

Chapter 10 of the Laws of 2006 expands the definition of contracts for consulting services to include any contract entered into by a State agency for analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal, or similar services.

To enable compliance with the law, State agencies must include in the Procurement Record submitted to OSC for new consultant contracts, the State Consultant Services Contractor’s Planned Employment From Contract Start Date Through the End of the Contract Term ([Form A](#) - see link below). The completed form must include information for all employees providing service under the contract whether employed by the contractor or a subcontractor. Please note that the form captures the necessary planned employment information **prospectively from the start date of the contract through the end of the contract term**.

[Form A](#) is available on OSC’s website.

Please note that although this form is not required as part of the bid submissions, NYSED encourages bidders to include them in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the form listed above is acceptable.

Chapter 10 of the Laws of 2006 mandates that State agencies must now require State contractors to **report annually** on the employment information described above, including work performed by subcontractors. The legislation mandates that the annual employment reports are to be submitted by the contractor to the contracting agency, to OSC and to the Department of Civil Service. State Consultant Services Contractor's Annual Employment Report (Form B - see link below) is to be used to report the information for all procurement contracts above \$15,000. Please note that, in contrast to the information to be included on Form A, which is a one-time report of planned employment data for the entire term of a consulting contract on a projected basis, **Form B will be submitted each year the contract is in effect and will capture historical information, detailing actual employment data for the most recently concluded State fiscal year (April 1 – March 31).**

Form B is available on OSC's website.

NYSED Substitute Form W-9

Any payee/vendor/organization receiving Federal and/or State payments from NYSED must complete the NYSED Substitute Form W-9 if they are not yet registered in the Statewide Financial System centralized vendor file.

The NYS Education Department (NYSED) is using the NYSED Substitute Form W-9 to obtain certification of a vendor's Tax Identification Number in order to facilitate a vendor's registration with the SFS centralized vendor file and to ensure accuracy of information contained therein. We ask for the information on the NYSED Substitute Form W-9 to carry out the Internal Revenue laws of the United States.

Workers' Compensation Coverage and Debarment

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Proof of Workers' Compensation Coverage

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers’ Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers’ Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers’ Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers’ Compensation and/or Disability Benefits Coverage.

Proof of Disability Benefits Coverage

To comply with coverage provisions of the WCL regarding disability benefits, the Workers’ Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

For additional information regarding workers’ compensation and disability benefits requirements, please refer to the [New York State Workers’ Compensation Board website](#). Alternatively, questions relating to either workers’ compensation or disability benefits coverage should be directed to the NYS Workers’ Compensation Board, Bureau of Compliance at (518) 486-6307.

Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the forms listed above are acceptable.

Sales and Compensating Use Tax Certification (Tax Law, § 5-a)

Tax Law § 5-a requires contractors awarded State contracts for commodities or services valued at more than \$100,000 over the full term of the contract to certify to the New York State Department of Taxation and Finance (“DTF”) that they are registered to collect New York State and local sales and compensating use taxes, if they made sales delivered by any means to locations within New York State of tangible personal property or taxable services having a cumulative value in excess of \$300,000, measured over a specific period of time. The registration requirement applies if the contractor made a cumulative total of more than \$300,000 in sales during the four completed sales tax quarters which immediately precede the sales tax quarter in which the certification is made. Sales tax quarters are June – August, September – November, December – February, and March – May. In addition, contractors must certify to DTF that each affiliate and subcontractor of such contractor exceeding such sales threshold during a specified period is registered to collect New York State and local sales and compensating use taxes. Contractors must also certify to the procuring State entity that they filed the certification with the DTF and that it is correct and complete.

RFP #19-003

The selected bidder must file a properly completed Form ST-220-CA (with NYSED as the Contracting Agency) and Form ST-220-TD (with the DTF). These requirements must be met before a contract may take effect. Further information can be found at the [New York State Department of Taxation and Finance's website](#). Forms are available through these links:

- [ST-220 CA](#)
- ST-220 TD

Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them with their bid submissions to expedite contract execution if the bidder is awarded the contract.

Nothing in the subcontract shall impair the rights of the STATE under this AGREEMENT. No contractual relationship shall be deemed to exist between the subcontractor and the STATE.

Appendix A : STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed

and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. (b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. 26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("[Prohibited Entities List](#)").

The Contractor has no ownership of or licensing rights to the Data except as provided in this Agreement, and Contractor specifically agrees that it will not sell, give or otherwise transfer the Data to any third party without NYSED's express prior approval.

8. The Contractor must ensure that these confidentiality and security provisions apply to any subcontractor engaged by the Contractor for the work under this agreement. The Contractor shall take full responsibility for the acts and omissions of its subcontractors, and the use of subcontractors shall not impair the rights of NYSED against the Contractor in accordance with this Agreement.

9. Hardware, software and services acquired by the Contractor under this Agreement may not be used for other activities beyond those described in the scope of the contract unless authorized in advance by NYSED.

10. Security of Location - Server room will remain a restricted access, locked room with access via security cards. The list of staff with access to the server room will continue to be reviewed quarterly against the number of times each staff actually gained access to the server room.

b. In the event that the State is required, pursuant to Education Law §2-d(6)(b), to notify one or more parent, eligible student, teacher or principal of an unauthorized release of student data by the Contractor or its assignee, the Contractor shall promptly reimburse the State for the full cost of such notification.

Appendix S: PARENTS' BILL OF RIGHTS FOR DATA PRIVACY AND SECURITY

To satisfy their responsibilities regarding the provision of education to students in pre-kindergarten through grade twelve, "educational agencies" (as defined below) in the State of New York collect and maintain certain personally identifiable information from the education records of their students. As part of the Common Core Implementation Reform Act, Education Law §2-d requires that each educational agency in the State of New York must develop a Parents' Bill of Rights for Data Privacy and Security (Parents' Bill of Rights). The Parents' Bill of Rights must be published on the website of each educational agency, and must be included with every contract the educational agency enters into with a "third party contractor" (as defined below) where the third party contractor receives student data, or certain protected teacher/principal data related to Annual Professional Performance Reviews that is designated as confidential pursuant to Education Law §3012-c ("APPR data").

The purpose of the Parents' Bill of Rights is to inform parents (which also include legal guardians or persons in parental relation to a student, but generally not the parents of a student who is age eighteen or over) of the legal requirements regarding privacy, security and use of student data. In addition to the federal Family Educational Rights and Privacy Act (FERPA), Education Law §2-d provides important new protections for student data, and new remedies for breaches of the responsibility to maintain the security and confidentiality of such data.

A. What are the essential parents' rights under the Family Educational Rights and Privacy Act (FERPA) relating to personally identifiable information in their child's student records?

The rights of parents under FERPA are summarized in the Model Notification of Rights prepared by the United States Department of Education for use by schools in providing annual notification of rights to parents. It can be accessed at <http://www2.ed.gov/policy/gen/guid/fpco/ferpa/lea-officials.html>, and a copy is attached to this Parents' Bill of Rights. Complete student records are maintained by schools and school districts, and not at the New York State Education Department (NYSED). Further, NYSED would need to establish and implement a means to verify a parent's identity and right of access to records before processing a request for records to the school or school district. Therefore, requests to access student records will be most efficiently managed at the school or school district level.

Parents' rights under FERPA include:

1. The right to inspect and review the student's education records within 45 days after the day the school or school district receives a request for access.
2. The right to request amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Complete student records are maintained by schools and school districts and not at NYSED, which is the secondary repository of data, and NYSED make amendments to school or school district records. Schools and school districts are in the best position to make corrections to students' education records.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent (including but not limited to disclosure under specified conditions to: (i) school officials within the school or school district with legitimate educational interests; (ii) officials of another school for purposes of enrollment or transfer; (iii) third party contractors providing services to, or performing functions for an educational agency; (iv)

authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as NYSED; (iv) (v) organizations conducting studies for or on behalf of educational agencies) and (vi) the public where the school or school district has designated certain student data as “directory information” (described below). The attached FERPA Model Notification of Rights more fully describes the exceptions to the consent requirement under FERPA).

4. Where a school or school district has a policy of releasing “directory information” from student records, the parent has a right to refuse to let the school or school district designate any all of such information as directory information. Directory information, as defined in federal regulations, includes: the student’s name, address, telephone number, email address, photograph, date and place of birth, major field of study, grade level, enrollment status, dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received and the most recent educational agency or institution attended. Where disclosure without consent is otherwise authorized under FERPA, however, a parent’s refusal to permit disclosure of directory information does not prevent disclosure pursuant to such separate authorization.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA.

B. What are parents’ rights under the Personal Privacy Protection Law (PPPL), Article 6-A of the Public Officers Law relating to records held by State agencies?

The PPPL (Public Officers Law §§91-99) applies to all records of State agencies and is not specific to student records or to parents. It does not apply to school districts or other local educational agencies. It imposes duties on State agencies to have procedures in place to protect from disclosure of “personal information,” defined as information which because of a name, number, symbol, mark or other identifier, can be used to identify a “data subject” (in this case the student or the student’s parent). Like FERPA, the PPPL confers a right on the data subject (student or the student’s parent) to access to State agency records relating to them and requires State agencies to have procedures for correction or amendment of records.

A more detailed description of the PPPL is available from the Committee on Open Government of the New York Department of State. Guidance on what you should know about the PPPL can be accessed at <http://www.dos.ny.gov/coog/shldno1.html>. The Committee on Open Government’s address is Committee on Open Government, Department of State, One Commerce Plaza, 99 Washington Avenue, suite 650, Albany, NY 12231, their email address is coog@dos.ny.gov, and their telephone number is (518) 474-2518.

C. Parents’ Rights Under Education Law §2-d relating to Unauthorized Release of Personally Identifiable Information

1. What “educational agencies” are included in the requirements of Education Law §2-d?

- The New York State Education Department (“NYSED”);
- Each public-school district;
- Each Board of Cooperative Educational Services or BOCES; and
- All schools that are:
 - a public elementary or secondary school;
 - a universal pre-kindergarten program authorized pursuant to Education Law §3602-e;
 - an approved provider of preschool special education services;

- any other publicly funded pre-kindergarten program;
- a school serving children in a special act school district as defined in Education Law 4001; or
- certain schools for the education of students with disabilities - an approved private school, a state-supported school subject to the provisions of Education Law Article 85, or a state-operated school subject to Education Law Article 87 or 88.

2. What kind of student data is subject to the confidentiality and security requirements of Education Law §2-d?

The law applies to personally identifiable information contained in student records of an educational agency listed above. The term “student” refers to any person attending or seeking to enroll in an educational agency, and the term “personally identifiable information” (“PII”) uses the definition provided in FERPA. Under FERPA, personally identifiable information or PII includes, but is not limited to:

- (a) The student’s name;
- (b) The name of the student’s parent or other family members;
- (c) The address of the student or student’s family;
- (d) A personal identifier, such as the student’s social security number, student number, or biometric record;
- (e) Other indirect identifiers, such as the student’s date of birth, place of birth, and Mother’s Maiden Name³;
- (f) Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or
- (g) Information requested by a person who the educational agency or institution reasonably believes knows the identity of the student to whom the education record relates.

3. What kind of student data is *not* subject to the confidentiality and security requirements of Education Law §2-d?

The confidentiality and privacy provisions of Education Law §2-d and FERPA extend only to PII, and not to student data that is not personally identifiable. Therefore, de-identified data (e.g., data regarding students that uses random identifiers), aggregated data (e.g., data reported at the school district level) or anonymized data that could not be used to identify a particular student is not considered to be PII and is not within the purview of Education Law §2-d or within the scope of this Parents’ Bill of Rights.

4. What are my rights under Education Law § 2-d as a parent regarding my student’s PII?

Education Law §2-d ensures that, in addition to all of the protections and rights of parents under the federal FERPA law, certain rights will also be provided under the Education Law. These rights include, but are not limited to, the following elements:

- (A) A student’s PII cannot be sold or released by the educational agency for any commercial or marketing purposes.

³ Please note that NYSED does not collect certain information defined in FERPA, such as students’ social security numbers, biometric records, mother’s maiden name (unless used as the mother’s legal name).

- PII may be used for purposes of a contract that provides payment to a vendor for providing services to an educational agency as permitted by law.
 - However, sale of PII to a third party solely for commercial purposes or receipt of payment by an educational agency, or disclosure of PII that is not related to a service being provided to the educational agency, is strictly prohibited.
- (B) Parents have the right to inspect and review the complete contents of their child's education record including any student data stored or maintained by an educational agency.
- This right of inspection is consistent with the requirements of FERPA. In addition to the right of inspection of the educational record, Education Law §2-d provides a specific right for parents to inspect or receive copies of any data in the student's educational record.
 - NYSED will develop policies for annual notification by educational agencies to parents regarding the right to request student data. Such policies will specify a reasonable time for the educational agency to comply with such requests.
 - The policies will also require security measures when providing student data to parents, to ensure that only authorized individuals receive such data. A parent may be asked for information or verifications reasonably necessary to ensure that he or she is in fact the student's parent and is authorized to receive such information pursuant to law.
- (C) State and federal laws protect the confidentiality of PII, and safeguards associated with industry standards and best practices, including, but not limited to, encryption, firewalls, and password protection, must be in place when data is stored or transferred.

Education Law §2-d also specifically provides certain limitations on the collection of data by educational agencies, including, but not limited to:

- (A) A mandate that, except as otherwise specifically authorized by law, NYSED shall only collect PII relating to an educational purpose;
- (B) NYSED may only require districts to submit PII, including data on disability status and student suspensions, where such release is required by law or otherwise authorized under FERPA and/or the New York State Personal Privacy Law; and
- (C) Except as required by law or in the case of educational enrollment data, school districts shall not report to NYSED student data regarding juvenile delinquency records, criminal records, medical and health records or student biometric information.
- (D) Parents may access the NYSED Student Data Elements List, a complete list of all student data elements collected by NYSED, at <http://www.p12.nysed.gov/irs/sirs/documentation/NYSEDstudentData.xlsx>, or may obtain a copy of this list by writing to the Office of Information & Reporting Services, New York State Education Department, Room 863 EBA, 89 Washington Avenue, Albany, NY 12234; and
- (E) Parents have the right to file complaints with an educational agency about possible breaches of student data by that educational agency's third-party contractors or their employees, officers, or assignees, or with NYSED. Complaints to NYSED should be directed in writing to the Chief Privacy Officer, New York State Education Department, 89

Washington Avenue, Albany NY 12234, email to CPO@mail.nysed.gov. The complaint process is under development and will be established through regulations to be proposed by NYSED's Chief Privacy Officer, who has not yet been appointed.

- Specifically, the Commissioner of Education, after consultation with the Chief Privacy Officer, will promulgate regulations establishing procedures for the submission of complaints from parents, classroom teachers or building principals, or other staff of an educational agency, making allegations of improper disclosure of student data and/or teacher or principal APPR data by a third-party contractor or its officers, employees or assignees.
- When appointed, the Chief Privacy Officer of NYSED will also provide a procedure within NYSED whereby parents, students, teachers, superintendents, school board members, principals, and other persons or entities may request information pertaining to student data or teacher or principal APPR data in a timely and efficient manner.

5. Must additional elements be included in the Parents' Bill of Rights.?

Yes. For purposes of further ensuring confidentiality and security of student data, as an appendix to the Parents' Bill of Rights each contract an educational agency enters into with a third-party contractor shall include the following supplemental information:

- (A) the exclusive purposes for which the student data, or teacher or principal data, will be used;
- (B) how the third-party contractor will ensure that the subcontractors, persons or entities that the third-party contractor will share the student data or teacher or principal data with, if any, will abide by data protection and security requirements;
- (C) when the agreement with the third-party contractor expires and what happens to the student data or teacher or principal data upon expiration of the agreement;
- (D) if and how a parent, student, eligible student, teacher or principal may challenge the accuracy of the student data or teacher or principal data that is collected; and
- (E) where the student data or teacher or principal data will be stored (described in such a manner as to protect data security), and the security protections taken to ensure such data will be protected, including whether such data will be encrypted.
 - a. In addition, the Chief Privacy Officer, with input from parents and other education and expert stakeholders, is required to develop additional elements of the Parents' Bill of Rights to be prescribed in Regulations of the Commissioner.

6. What protections are required to be in place if an educational agency contracts with a third-party contractor to provide services, and the contract requires the disclosure of PII to the third-party contractor?

Education Law §2-d provides very specific protections for contracts with "third party contractors", defined as any person or entity, other than an educational agency, that receives student data or teacher or principal data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to such educational agency. The term "third party contractor" also includes an educational partnership organization that receives student and/or teacher or principal APPR data from a school district to carry out its responsibilities pursuant to Education Law §211-e, and a not-for-profit corporation or other non-profit organization, which are not themselves covered by the definition of an "educational agency."

Services of a third-party contractor covered under Education Law §2-d include, but not limited to, data management or storage services, conducting studies for or on behalf of the educational agency, or audit or evaluation of publicly funded programs.

When an educational agency enters into a contract with a third-party contractor, under which the third-party contractor will receive student data, the contract or agreement must include a data security and privacy plan that outlines how all state, federal, and local data security and privacy contract requirements will be implemented over the life of the contract, consistent with the educational agency's policy on data security and privacy. However, the standards for an educational agency's policy on data security and privacy must be prescribed in Regulations of the Commissioner that have not yet been promulgated. A signed copy of the Parents' Bill of Rights must be included, as well as a requirement that any officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data have received or will receive training on the federal and state law governing confidentiality of such data prior to receiving access.

Each third-party contractor that enters into a contract or other written agreement with an educational agency under which the third-party contractor will receive student data or teacher or principal data shall:

- limit internal access to education records to those individuals that are determined to have legitimate educational interests
- not use the education records for any other purposes than those explicitly authorized in its contract;
- except for authorized representatives of the third party contractor to the extent they are carrying out the contract, not disclose any PII to any other party (i) without the prior written consent of the parent or eligible student; or (ii) unless required by statute or court order and the party provides a notice of the disclosure to NYSED, district board of education, or institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by the statute or court order;
- maintain reasonable administrative, technical and physical safeguards to protect the security, confidentiality and integrity of PII in its custody; and
- use encryption technology to protect data while in motion or in its custody from unauthorized disclosure.

7. What steps can and must be taken in the event of a breach of confidentiality or security?

Upon receipt of a complaint or other information indicating that a third-party contractor may have improperly disclosed student data, or teacher or principal APPR data, NYSED's Chief Privacy Officer is authorized to investigate, visit, examine and inspect the third-party contractor's facilities and records and obtain documentation from, or require the testimony of, any party relating to the alleged improper disclosure of student data or teacher or principal APPR data.

Where there is a breach and unauthorized release of PII by a by a third party contractor or its assignees (e.g., a subcontractor): (i) the third party contractor must notify the educational agency of the breach in the most expedient way possible and without unreasonable delay; (ii) the educational agency must notify the parent in the most expedient way possible and without unreasonable delay; and (iii) the third party contractor may be subject to certain penalties including, but not limited to, a monetary fine; mandatory training regarding federal and state law governing the confidentiality of student data, or teacher or principal APPR data; and preclusion from accessing

any student data, or teacher or principal APPR data, from an educational agency for a fixed period up to five years.

8. Data Security and Privacy Standards

Upon appointment, NYSED's Chief Privacy Officer will be required to develop, with input from experts, standards for educational agency data security and privacy policies. The Commissioner will then promulgate regulations implementing these data security and privacy standards.

9. No Private Right of Action

Please note that Education Law §2-d explicitly states that it does not create a private right of action against NYSED or any other educational agency, such as a school, school district or BOCES.

APPENDIX S-1

6.) Attachments

Attachment 1: Security Guidelines for the New York State Assessment Program

1. Staff of NYSED and of contractors working with the Office of State Assessment who are responsible for transporting, receiving, or handling secure test materials or confidential data, distributing such materials to consultants, work groups, and committees, and/or coordinating and overseeing related activities with consultants must be provided appropriate guidance to convey the importance of maintaining the security of materials.
2. Secure test materials and data must either be under the direct physical control of authorized NYSED personnel or their designated consultants or contractor personnel or in a secure storage area, which is inaccessible to other than authorized staff, always. Materials may never be left at a vacant desk, in an unattended conference room, or in an unattended hotel conference room.
3. Contractors must discuss with their NYSED contact person and receive prior approval of arrangements for delivery and storage of secure materials to locations other than NYSED or the contractor's place of business.
4. Contractors must plan for the secure destruction of any secure materials used during the contract process of which they wish to dispose.
5. The contractor's security procedures will include shipment of all tests in NYSED's locked boxes. The locked containers will be provided to the contractor by NYSED. When shipping of all non-secure test materials, the contractor must use a carrier with ground-tracking capability, to test centers and to NYSED, whenever shipment of printed materials is necessary. The contractor may not utilize electronic transfer to ship individual student information or any secure test materials, unless as authorized by NYSED on a case-by-case basis. Electronic transfer includes transfer via e-mail, Internet, or facsimile (FAX).
6. Secure materials may never be emailed or faxed. If there appears to be a compelling reason to do so, prior approval must be obtained in writing from the NYSED Office of State Assessment.
7. The contractor will host and maintain a secure file transfer protocol (SFTP) site as a means of file transfer. Access to the New York State test information on the site must be limited to the contractor and NYSED unless further sharing with other parties is authorized in writing by NYSED.
8. Photocopying of secure or confidential material must be undertaken with care. Paper jams may result in paper containing secure or confidential materials being lodged in the copier and later discovered by another user. Extreme caution must be used. The contractor's plan for photocopying must be approved by NYSED.
9. The contractor will require all staff and consultants who review secure materials, including but not limited to secure test questions, scoring materials, and related materials that reference secure test questions, or confidential data, must sign a Non-Disclosure Agreement (NDA) to be provided by NYSED. The contractor must retain the signed forms for at least one year beyond the end date of the contract, and promptly submit the signed forms to NYSED upon request.
