Background

NYSED is seeking proposals to score constructed-response items and/or essays on pilot and field tests for select State examinations. Pilot test forms will be similar or identical in content and format to the field test forms but NYSED expects that each pilot test form will be administered to considerably fewer students. Pilot test forms will be administered only in English Language Arts, Science, and Social Studies. Specific information on the anticipated examinations, number of forms, items per form, and number of students to be tested per form is described in Attachment 1. The examination titles that require scoring of pilot and field tests and the actual number of papers to be scored vary during the contract period. It is expected that the vendor will score the constructed-response items and essays for the pilot and field tests included, but not limited to, those listed in the following chart.

RFP #20-001

This test listing is subject to change as examinations may be added, deleted or developed at the discretion of NYSED. It is anticipated that additional Science examinations may be developed during the contract term.

In order to determine how extensive student responses are likely to be or how much time it will take to score the items as described above and in Attachment 1, bidders may refer to sample scoring rubrics, test samplers, and past operational tests at: http://www.p12.nysed.gov/assessment/.

Annual Timeline of Deliverables

*The majority of pilot tests and field tests will be administered to students in the spring with the timeline illustrated below. However, some of either may be administered in the fall. For the small proportion of pilot and field tests that NYSED administers in the fall (October or November) the vendor will perform the same tasks an equivalent number of months following the administration and with the same pricing as it is compensated for the scoring of field tests administered in the spring.

### Scoring Pilot and Field Tests

The vendor is responsible for hiring, providing training to pilot and field test raters, and facilitating the scoring of the constructed-response and essay questions by the raters. The raters hired by the vendor should have at least a bachelor’s degree and a minimum of 15 college credits or teaching certification from any state in the subject area of the pilot or field test being scored. In conducting the scoring, the vendor will ensure that the raters use the rubrics and scoring guides provided by NYSED to score the constructed-response and essay questions. Inter-rater reliability will be established by having fifteen percent of the responses scored independently by two separate raters. For each item, the vendor will record, in narrative, summary style, how students appear to relate to the stimulus, any problems the students appear to have in undertaking the task, items that were misunderstood, and comments on the effectiveness of the training materials.

The vendor must score pilot and field tests using scoring materials and procedures approved by NYSED. Scores should be transmitted in a test file format listing content area (for example, Chemistry) code number, form number, booklet number, and scores for each constructed response item. The vendor must provide the file layout. There are no requirements for hierarchical files by State, District, LEA, School, Class, Student IED, item performance, etc. The score data and anecdotal report information on the pilot and field test items must be provided by the vendor to NYSED by October 1 of each contract year for those pilot and field tests that were administered in the spring of that year. The score data and anecdotal report for the small proportion of pilot and field tests that are administered in the fall must be provided by the contractor by the following February 1.

All scoring documents, such as training sets and score monitors, will be stored by the vendor in a secure location either as a paper copy or a scanned image for five years after the form has been scored.

NYSED will collect the materials to be scored from schools and districts. At that time, NYSED reviews the submitted answer documents to ensure that they do not contain blank answer documents, extra paper, student’s scratch paper, incorrect materials, etc. NYSED then re-packs the pilot and field-test materials before sending to the vendor. All spring pilot and field test materials that are sent to the vendor, including answer documents, test booklets and rubrics, must be returned to NYSED by November 1.
The vendor will make the arrangements for all shipments of pilot and field tests and related materials to and from NYSED’s single, central location to vendor’s location. All shipments will be made at the vendor’s expense and will be made in lock boxes. NYSED will provide the vendor with the lock boxes with inside dimensions of 23” long, 15” wide, and 9” high, holding a maximum of 70 lbs. NYSED will provide a master key which will open all boxes with the specific code/lock provided only to the vendor.

NYSED expects that the vendor will receive up to five shipments of lock boxes of materials annually. For pilot and field tests administered in May, all answer documents will be shipped to the vendor by the end of August. Each lock box will have an external label with the test name and form numbers. Transmittal forms, of which will not be precision scannable forms, will accompany each box detailing the number of bundles in the box, test name, form numbers, and quantity. Materials will be arranged by test name and packed vertically in bundles bound by rubber bands, with cardboard in between each bundle. Each box will hold up to approximately 600 answer documents depending on the pilot or field test title.

It is anticipated that the paper specifications to be used in printing the answer documents is very bright, most often 20-24 lb. opaque or occasionally 50 or 60 lb. opaque. Black scannable ink will be used. There will likely not be timing marks on the booklets. Each scoring document will have a booklet number so that the form number and booklet number combined create a unique identifier. The booklet number, test type, form, and year will be printed on each page in each book. The form number and booklet number will need to be captured by the vendor for each pilot or field test scoring document. It is not anticipated that answer documents will be labeled or overprinted with pre-ID information/barcodes or manually bubbled for student demographic information. Unique lithocodes will not be printed on scoring documents. The last page of each book is usually left blank. The vendor will not have the ability to change the design of the answer documents used for this program.

Depending on pilot or field test title, there are likely to be 1-4 different forms of answer documents. Depending on the test, the answer document may be a test booklet including items with students writing in the test booklet, or students may use a separate answer document. The pilot and field test answer documents are somewhat similar to operational tests except that they contain fewer questions. For Science tests, answer documents are likely to be 1-3 pages. For Mathematics tests, answer documents are likely to be 3-4 pages. For English Language Arts tests, answer documents are likely to be 2-6 pages. For Social Studies tests, answer documents are likely to be 6-20 pages. For English Language Arts and Social Studies essays, the number of pages actually used by the student will vary.

**Rangefinding**

Rangefinding for scoring pilot and field tests will be conducted each year within twenty-five (25) miles of Albany, using New York State teachers in the appropriate subject areas. Individual rangefinding sessions will be held for each pilot test and field test title listed on Attachment 2. The vendor will plan the rangefinding agenda in consultation with NYSED, as well as contacting the approximated number of potential participants, both New York State teachers and Educational Specialists¹, listed on this same attachment. The participants will be New York State teachers from across the state. NYSED will provide the names of teachers and the vendor will invite participants and inform them of the logistics with

---

¹ Educational Specialists are defined as current or former New York State teachers who are part time employees of the NYSED. Depending on the subject, a substantial number of rangefinders will be Education Specialists. The approximate percentage of teacher participants for the Rangefinding who will be Educational Specialists will likely be as follows: 80% for English, 90% for Social Studies, 50% for Mathematics, and 50% for Sciences.
regards to the rangefinding. The vendor is responsible for conducting rangefinding and for all of the necessary logistical arrangements associated with it.

The vendor will provide the committee members with all necessary information and materials to analyze, review, and approve scoring materials, in addition to the student answer exemplars that the vendor proposes to use as training materials for the raters. The vendor will record and summarize the decisions of the rangefinding committees and the actions taken on those decisions.

The vendor is responsible for all of the costs of the meeting rooms sufficient in size for all participants and for the payment of an honorarium of $200 per full day to all of the participating New York State teachers except those who are Educational Specialists. (Educational Specialists are current or former New York State teachers who are part time employees of the NYSED.) Vendors are also responsible for reimbursing all participating New York State teachers who are NOT Educational Specialists for their lodging (if they reside 50 or more miles from the meeting location), meals, and travel expense when associated with rangefinding. The contractor is expected to provide meals during the meetings and reimbursement for other meals for participants. Travel expense reimbursement must be at the approved New York State rates that are in effect on the dates of rangefinding. Current rates are available at: http://www.gsa.gov. The average number of miles each participant will travel is undetermined; however, teachers from across the state are asked to attend such that distances are as near as 3 miles or as far as 350 miles away. Approximately 80-90% of the non-educational specialist NYS educator participants will require hotel accommodations.

Project Management

The bidder will identify a project manager to be the central point of contact with NYSED for this contract. The project manager and all other key personnel of the vendor will be identified by name and experience in writing to NYSED and approved by NYSED. Current resumes will be included as part of the proposal.

The project manager must have a minimum of a bachelor’s degree, and project management certification is preferred. The project manager should have at least three years’ experience, including experience working with K-12 educational projects. The project manager is expected to have strong organizational and managerial skills.

The vendor should submit thorough documentation demonstrating personnel experiences and expertise congruent with staff assignments for all aspects of the tasks outlined in the contract. The vendor will provide plans and procedures for ensuring that staffing is commensurate with the project’s scope of work throughout the duration of the contract and immediately notify NYSED of any changes in key staffing including any subcontractors.

Detailed and sufficient information should be presented to NYSED as to the efficacy of the proposed staffing solutions for this project and organizational arrangements of the same. This information should include:

1. An organizational diagram that indicates staffing arrangements for this project.
2. The time commitments of the proposed staff. Time commitments should be described in terms of projected hours per week devoted exclusively to this contract.
3. A detailed description of responsibilities for all proposed staff.
4. Detailed resumes for all key staff members associated with this project.
RFP #20-001

Project Manager Responsibilities

The project manager will have the following responsibilities:

1. Travel to Albany for an introductory meeting with NYSED staff within thirty days of final contract approval. After the initial introductory meeting, the project manager and other staff, as needed, will be required to meet with NYSED staff quarterly.

2. Develop and submit an annual detailed project plan timeline to NYSED for review and sign off. The purpose of the plan is to provide NYSED with an overall analysis of the methods the vendor will utilize to perform all aspects of the contract within the required timeframe. The vendor will work in good faith to resolve any concerns NYSED has about the plan.

3. Coordinate and participate in quarterly status meetings and at least monthly conference calls. Quarterly status meetings are one full day in duration. At peak times in planning and conducting scoring of Pilot and Field Test items, conference calls should be conducted weekly. At least two of the quarterly status meetings every year must be conducted face-to-face in Albany, New York; it may be possible to arrange for one or two of the quarterly meetings each year to coincide with rangefinding. The vendor will provide minutes of these meetings to NYSED for review and approval. These quarterly meetings can be scheduled to coincide with rangefinding or other activities being held in Albany.

4. Maintain accurate, up-to-date information on the current status of all work on the project and communicate such to NYSED in a timely manner.

5. Produce monthly status reports on the implementation and progress of their work for NYSED. During peak scoring periods, status reports should be provided weekly. Status reports must include the following:
   - A current detailed listing of all work and activities completed and in progress with corresponding dates;
   - A detailed list of upcoming work, with critical work flagged and tracked;
   - A list of all information needed from NYSED in order to proceed with work;
   - External dependencies, if any, which may affect the schedule, and the variance by which it would affect the schedule; and
   - Dates that correspond to all timelines and schedules for deliverables.

6. Submit materials to NYSED according to a mutually agreed upon timeline to allow for NYSED’s review of any forms, training materials, etc. to be used during these activities. NYSED must have sufficient time to provide feedback to the vendor and give final approval on the deliverables.

7. Submit all deliverables and other work products in the manner designated by NYSED for review and approval prior to any release or distribution by the vendor. All materials will be provided error-free. The project manager will submit materials to NYSED allowing twenty days for NYSED for appropriate review and feedback when necessary.

8. Oversee the development and implementation of changes as necessary to ensure that the project remains within specified scope and is within time, cost, and quality objectives.

9. Refine and develop procedures and materials for scoring of the pilot and field tests.
Approval Procedures

NYSED will have approval authority over all aspects of this project including, but not limited to, the following:

1. All materials, products, and services produced by the vendor. This includes, but is not limited to, all brochures, guides, student information labels, manuals, and any and all other printed materials produced for this project.

2. All development plans and timelines, scoring, and reporting.

3. All schedules, including but not limited to training schedules, implementation schedules, and scoring/reporting schedules.

4. All reports, including but not limited to statistical data and anecdotal reports.

5. Any changes to staff assigned to the project, including project manager, on and after award of the contract and commencement of work for the duration of the contract.

Notification Procedures

In the event that a problem or potential problem arises with regard to the quality, timeliness, or any other issue with respect to deliverables and services at any time during the contract term, regardless of when the problem arises, the project manager must immediately notify the Director of State Assessment or his designee, via telephone, e-mail, or fax of the issue and the vendor’s proposed solution and shall also include the issue and the NYSED approved solution on any subsequent report(s).

In the event that the vendor encounters a student response of a sensitive nature (e.g. student expressing a desire to harm himself or others), the project manager will immediately notify the Director of State Assessment or their designee via telephone or e-mail.

Monitoring and Evaluation

NYSED will monitor and evaluate the progress of the vendor in meeting contract specifications, through pre-arranged conference calls and quarterly status meetings. This evaluation will emphasize the vendor’s ability to continue to meet timelines and supply deliverables.

Quality Control

NYSED has exacting standards for its assessment program and will impose stringent quality controls on the contract work that results from this RFP. NYSED requires the vendor who conducts contract work to agree to:

1. Work cooperatively with other vendors performing work for NYSED as requested by NYSED;
2. Produce deliverables as appropriate, and according to the work plan agreed upon with NYSED;
3. Produce monthly status reports on the progress of their work on this contract for NYSED and weekly reports during peak scoring periods.

Security

The vendor should describe its security procedures in handling large scale testing products. The Data Security and Privacy Plan Provisions (Appendix R), Parents’ Bill of Rights (Appendix S), and Security
Guidelines for the NYS Assessment Program (Attachment 3) set forth security requirements for managing secure materials. These provisions will be included in the contract resulting from this RFP and should be reflected in the vendor’s procedures.

The vendor’s security procedures will include secure shipment of all materials, using a carrier with ground tracking capability. NYSED requires that the vendor ship in this manner with no electronic transfer of pilot test, field test or operational test questions, individual student information or any secure test materials, unless authorized by NYSED to do on a case-by-case basis. Electronic transfer includes transfer via e-mail, Internet, or facsimile (FAX).

The vendor will host and maintain a secure file transfer protocol (FTP) site as a means of file transfer. Access to the NYS test information on the site must be limited to the vendor and NYSED unless further sharing with other parties is authorized in writing by NYSED.

Requirements of Education Law Section 2-d

The Contractor agrees to comply with FERPA and New York State Education Law § 2-d. The New York State Data Security and Privacy Plan (Appendix R), the Parents Bill of Rights (Appendix S) and the Attachment to the Parents’ Bill of Rights for Contracts Involving Certain Personally Identifiable Information (Appendix S-1) are annexed to this RFP, the terms of which are incorporated herein by reference, and which shall also be part of the Contract.

Bidders should complete items #3 and #6 of the Appendix S-1 and return with their technical proposal for review.

Construction of Examination/Defense of Examination

The vendor agrees to cooperate with NYSED with respect to any challenge to an examination and, if necessary, provide at no expense to NYSED, experts, evidence, witness testimony or other documentation necessary, within reason, to refute a challenge to the validity, reliability or any other aspect of the scoring of the examination that pertains to the vendor’s responsibilities for the scoring of pilot and field tests for five (5) years from the date the scoring activity occurred.

Ownership

1. All rangefinding and test related materials developed under the contract become the exclusive property of NYSED.

2. NYSED is the sole owner of outputs resulting from the work proposed hereunder this contract. The vendor should be prepared to deliver all or parts of the items to NYSED at any point during the contract. Materials can only be used by the vendor or other parties with written permission of NYSED. The vendor cannot use NYSED materials for any of their other contracts within New York State or for contract work in other states.

3. All such outputs are to be turned over to NYSED in print and electronic form, as specified by NYSED, on a basis of no less frequently than once per year.

4. The vendor shall reproduce, use, display, and include copies of NYSED’s trademarks, trade name, logos, copyrights and other intellectual property (collectively, the “Marks”) on all copies of materials produced for NYSED. The bidder acknowledges that the Marks are owned solely and exclusively

Payments and Reports

In the Cost Proposal, bidders shall indicate the cost for scoring the first 250 student answer documents for any given pilot test form, as well as the cost for each subsequent 250 answer documents or part thereof, and the cost for scoring the first 500 student answer documents for any given field test form, as well as the cost for each subsequent 500 answer documents or part thereof. In the event that fewer than 250 papers for any given pilot test form or fewer than 500 papers for any given field test form are sent to the vendor for scoring, the vendor will be paid the full amount proposed for the first 250 or 500 documents respectively. These costs will include all costs associated with the deliverables specified in the RFP, including contractor-staff travel to Albany, developing score training materials, conducting rangefinding, scoring all forms, returning test forms to NYSED, transmitting scoring data, providing anecdotal scoring reports, and all security-related costs incurred.

The figure below is provided to illustrate how payment would be determined. Costs listed are for illustrative purposes only.

For additional information about Vendor Responsibility, see the Vendor Responsibility section contained in 3.) Evaluation Criteria and Method of Award of this RFP.

If the vendor proposes to change subcontractors during the contract period, NYSED must be notified prior to the change. NYSED reserves the right to reject any replacement subcontractors proposed by the vendor and reserves the right to approve all changes in subcontractors. The Subcontracting Form located in the Submission Documents must be updated annually and submitted to NYSED. Using this form, the vendor must also report to NYSED, on an annual basis, actual expenditures incurred for all subcontractors and indicate which subcontracting costs are associated with M/WBE.

Consultant Staff Changes

The Contractor will maintain continuity of the staff throughout the course of the contract. All changes in staff will be subject to NYSED approval. Any replacement staff with comparable skills will be provided at the same or lower hourly rate.

3.) Evaluation Criteria and Method of Award

This section begins with the criteria the agency will use to evaluate bids and closes with the “method of award” or how the contractor will be selected. This will be followed by various terms and conditions that reflect the specific needs of this project as well as New York State contract guidelines and requirements.

Criteria for Evaluating Bids

All eligible proposals received by the deadline will be reviewed using the following criteria and ratings. Applicants must ensure that all components of this application request have been addressed, the required number of copies has been provided, all forms and assurances have been completed, and the original signatures are included as required.

An evaluation committee will complete a review of all proposals submitted. The committee will review each proposal based upon the submitted proposal and the requirements of the RFP only. Bidders should not assume that committee review members will be familiar with the current program or have any previous experience with the bidder. Appropriate description should be included to inform review committee members about the bidder’s qualifications and capacity to perform all required deliverables.

The committee will review each proposal to determine compliance with the requirements described in the RFP. The committee retains the right to determine whether any deviation from the requirements of this RFP is substantial in nature and may reject in whole or in part any and all proposals, waive minor irregularities and conduct discussions with all responsible bidders.

Technical Criteria (70 Points)

Each proposal received by the deadline will be reviewed and rated on the quality and extent to which the bidder meets the following criteria as outlined in the previous section:

- Section 1 – Experience in Successful Scoring Activities (30 points)
- Section 2 – Appropriateness of Work plans (20 points)
- Section 3 – Quality of References and Qualifications (10 points)
- Section 4 – Quality of Appropriate Security Measures (10 points)

Financial Criteria (30 Points)

The Financial Criteria portion of the RFP will be scored based upon the estimated contract grand total (cell S22 of the cost proposal) that is generated automatically with the tool included in Columns M through S in the Bid Form Cost Proposal. This estimated contract grand total applies the unit costs submitted by the bidder for all content areas and contract years to the estimated numbers of field test and pilot test forms and the estimated ranges of students tested per form provided in Attachment 1 of this RFP.

Actual payment under the contract will be based upon the actual volume of work performed.

- The financial portion of the proposal represents 30 points of the overall score and will be awarded up to 30 points pursuant to a formula. This calculation will be computed by the Contract Administration Unit upon completion of the technical scoring by the technical review panel.
RFP #20-001

- The cost proposals submitted by the bidders will be awarded points pursuant to a formula which awards the highest score of 30 points to the proposal with the lowest estimated contract grand total. The remaining cost proposals will be awarded points based on a calculation that computes the relative difference of each proposal against the lowest cost proposal submitted. The resulting percentage is then applied to the maximum point value of 30 points.

- **NYSED reserves the right to request best and final offers.** In the event NYSED exercises this right, all responsive bidders will be asked to provide a best and final offer. The Contract Administration Unit will recalculate the financial score based upon best and final offers received.

**Method of Award**

The aggregate score of all the criteria listed will be calculated for each proposal received.

The contract issued pursuant to this proposal will be awarded to the vendor whose aggregate technical and cost score is the highest among all the proposals rated. **If NYSED exercises the right to request best and final offers, the contract must be issued to the vendor with the highest aggregate technical and financial score that results from the best and final offer.**

In the event that more than one proposal obtains the highest aggregate score, the contract will be awarded to the vendor in that group of highest aggregate scores whose budget component reflects the lowest overall cost.

**NYSED’s Reservation of Rights**

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency’s sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use proposal information obtained through site visits, management interviews and the state’s investigation of a bidder’s qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency’s request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offeror’s proposal and/or to determine an offeror’s compliance with the requirements of the solicitation; (16) request best and final offers.

**Post Selection Procedures**
RFP #20-001
Upon selection, the successful bidder will receive a proposed contract from NYSED. The selected bidder may be given an opportunity to reduce its cost proposal in accordance with the agency's right to negotiate a final best price. The contents of this RFP, any subsequent correspondence during the proposal evaluation period, and such other stipulations as agreed upon may be made a part of the final contract prepared by NYSED. Successful bidders may be subject to audit and should ensure that adequate controls are in place to document the allowable activities and expenditure of State funds.

Debriefing Procedures

In accordance with section 163 of the NY State Finance Law, NYSED, upon request, must provide a debriefing to any unsuccessful bidder regarding the reasons their proposal was not selected for an award.

1. All unsuccessful bidders may request a debriefing within fifteen (15) calendar days of receiving notice from NYSED of non-award. Bidders may request a debriefing by submitting a written request to the Fiscal Contact person at:

   NYS Education Department
   Contract Administration Unit
   89 Washington Avenue
   Room 501W EB
   Albany, NY 12234

2. Upon receipt of a timely written request from the unsuccessful bidder, NYSED will schedule the debriefing to occur within a reasonable time following receipt of the request. Debriefings will be conducted in person, unless NYSED and the bidder mutually agree to utilize other means, including but not limited to telephone, video-conferencing or other types of electronic communication.

3. The debriefing will include: a) the reasons that the proposal submitted by the unsuccessful bidder was not selected for an award; b) the qualitative and quantitative analysis employed by NYSED in assessing the relative merits of the proposals; c) the application of the selection criteria to the unsuccessful bidder’s proposal; and d) when the debriefing is held after the final award, the reasons for the selection of the winning proposal. The debriefing will also provide, to the greatest extent practicable, general advice and guidance to the unsuccessful bidder concerning potential ways that their future proposals could be more responsive.

Contract Award Protest Procedures

Bidders who receive a notice of non-award or disqualification may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED.

2. The protest must be filed within ten (10) business days of receipt of a debriefing or disqualification letter. The protest letter must be filed with:

   NYS Education Department
   Contract Administration Unit
3. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED’s Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel’s Office will provide the bidder with written notification of the review team’s decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.

4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

Vendor Responsibility

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both organizational and financial; and previous performance. Before an award of $100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a Vendor Responsibility Questionnaire. School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. A complete list of exempt entities can be viewed at the Office of the State Comptroller's website.

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

Procurement Lobbying Law

Pursuant to State Finance Law §§139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between the New York State Education Department (“NYSED”) and an Offeror/bidder during the procurement process. An Offeror/bidder is restricted from making contacts from the earliest notice of the solicitation through final award and approval of the Procurement Contract by NYSED and, if applicable, Office of the State Comptroller (“restricted period”) to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). Designated staff, as of the date hereof, is identified below. NYSED employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offeror/bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four year period, the Offeror/bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at NYSED’s Procurement Lobbying Law Policy Guidelines webpage.

Consultant Disclosure Legislation

Effective June 19, 2006, new reporting requirements became effective for State contractors, as the result of an amendment to State Finance Law §§ 8 and 163. As a result of these changes in law, State contractors will be required to disclose, by employment category, the number of persons employed to provide services under a contract for consulting services, the number of hours worked, and the amount paid to the contractor by the State as compensation for work performed by these employees. This will include information on any persons working under any subcontracts with the State contractor.

Chapter 10 of the Laws of 2006 expands the definition of contracts for consulting services to include any contract entered into by a State agency for analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal, or similar services.

To enable compliance with the law, State agencies must include in the Procurement Record submitted to OSC for new consultant contracts, the State Consultant Services Contractor’s Planned Employment From Contract Start Date Through the End of the Contract Term (Form A - see link below). The completed form must include information for all employees providing service under the contract whether employed by the contractor or a subcontractor. Please note that the form captures the necessary planned employment information prospectively from the start date of the contract through the end of the contract term.

Form A is available on OSC’s website.
Please note that although this form is not required as part of the bid submissions, NYSED encourages bidders to include it in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the form listed above is acceptable.

Chapter 10 of the Laws of 2006 mandates that State agencies must now require State contractors to report annually on the employment information described above, including work performed by subcontractors. The legislation mandates that the annual employment reports are to be submitted by the contractor to the contracting agency, to OSC and to the Department of Civil Service. State Consultant Services Contractor's Annual Employment Report (Form B - see link below) is to be used to report the information for all procurement contracts above $15,000. Please note that, in contrast to the information to be included on Form A, which is a one-time report of planned employment data for the entire term of a consulting contract on a projected basis, Form B will be submitted each year the contract is in effect and will capture historical information, detailing actual employment data for the most recently concluded State fiscal year (April 1 – March 31).

Form B is available on OSC's website.

NYSED Substitute Form W-9
RFP #20-001
Any payee/vendor/organization receiving Federal and/or State payments from NYSED must complete the NYSED Substitute Form W-9 if they are not yet registered in the Statewide Financial System centralized vendor file.

The NYS Education Department (NYSED) is using the NYSED Substitute Form W-9 to obtain certification of a vendor’s Tax Identification Number in order to facilitate a vendor’s registration with the SFS centralized vendor file and to ensure accuracy of information contained therein. We ask for the information on the NYSED Substitute Form W-9 to carry out the Internal Revenue laws of the United States.

Workers’ Compensation Coverage and Debarment

New York State Workers’ Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers’ compensation and disability benefits insurance coverage prior to issuing any permits or licenses, or prior to entering into contracts.

Workers’ compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers’ Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers’ Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS
The Workers’ Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers’ compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers’ compensation or disability benefits insurance coverage.

Proof of Workers’ Compensation Coverage

To comply with coverage provisions of the WCL, the Workers’ Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers’ compensation insurance coverage:
RFP #20-001

- **Form C-105.2** – Certificate of Workers’ Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or

- **Form SI-12** – Certificate of Workers’ Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers’ Compensation Group Self-Insurance; or

- **CE-200** – Certificate of Attestation of Exemption from NYS Workers’ Compensation and/or Disability Benefits Coverage.

**Proof of Disability Benefits Coverage**

To comply with coverage provisions of the WCL regarding disability benefits, the Workers’ Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or

- **Form DB-155** - Certificate of Disability Benefits Self-Insurance; or

- **CE-200** – Certificate of Attestation of Exemption from New York State Workers’ Compensation and/or Disability Benefits Coverage.

For additional information regarding workers’ compensation and disability benefits requirements, please refer to the New York State Workers’ Compensation Board website. Alternatively, questions relating to either workers’ compensation or disability benefits coverage should be directed to the NYS Workers’ Compensation Board, Bureau of Compliance at (518) 486-6307.

Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them in their bid submission to expedite contract execution if the bidder is awarded the contract. Note also that only the forms listed above are acceptable.

**Sales and Compensating Use Tax Certification (Tax Law, § 5-a)**

Tax Law § 5-a requires contractors awarded State contracts for commodities or services valued at more than $100,000 over the full term of the contract to certify to the New York State Department of Taxation and Finance (“DTF”) that they are registered to collect New York State and local sales and compensating use taxes, if they made sales delivered by any means to locations within New York State of tangible personal property or taxable services having a cumulative value in excess of $300,000, measured over a specific period of time. The registration requirement applies if the contractor made a cumulative total of more than $300,000 in sales during the four completed sales tax quarters which immediately precede the sales tax quarter in which the certification is made. Sales tax quarters are June – August, September – November, December – February, and March – May. In addition, contractors must certify to DTF that each affiliate and subcontractor of such contractor exceeding such sales threshold during a specified period is registered to collect New York State and local sales and compensating use taxes. Contractors must also certify to the procuring State entity that they filed the certification with the DTF and that it is correct and complete.
RFP #20-001
The selected bidder must file a properly completed Form ST-220-CA (with NYSED as the Contracting Agency) and Form ST-220-TD (with the DTF). These requirements must be met before a contract may take effect. Further information can be found at the New York State Department of Taxation and Finance’s website. Forms are available through these links:
• ST-220 CA
• ST-220 TD

Please note that although these forms are not required as part of the bid submissions, NYSED encourages bidders to include them with their bid submissions to expedite contract execution if the bidder is awarded the contract.
4.) **Assurances**

The State of New York Agreement, Appendix A – Standard Clause for all New York State Contracts, Appendix A-1, Appendix R, Appendix S, and Appendix S-1 **WILL BE INCLUDED** in the contract that results from this RFP. Vendors who are unable to complete or abide by these assurances should not respond to this request.

STATE OF NEW YORK AGREEMENT

This AGREEMENT is hereby made by and between the People of the State of New York, acting through MaryEllen Elia, Commissioner of Education of the State of New York, party of the first part, hereinafter referred to as the (STATE) and the public or private agency (CONTRACTOR) identified on the face page hereof.

WITNESSETH:

WHEREAS, the STATE has the authority to regulate and provide funding for the establishment and operation of program services and desires to contract with skilled parties possessing the necessary resources to provide such services; and

WHEREAS, the CONTRACTOR is ready, willing and able to provide such program services and possesses or can make available all necessary qualified personnel, licenses, facilities and expertise to perform or have performed the services required pursuant to the terms of this AGREEMENT;

NOW THEREFORE, in consideration of the promises, responsibilities and covenants herein, the STATE and the CONTRACTOR agree as follows:

I. Conditions of Agreement

A. This AGREEMENT may consist of successive periods (PERIOD), as specified within the AGREEMENT or within a subsequent Modification Agreement(s) (Appendix X). Each additional or superseding PERIOD shall be on the forms specified by the particular State agency, and shall be incorporated into this AGREEMENT.

B. Funding for the first PERIOD shall not exceed the funding amount specified on the face page hereof. Funding for each subsequent PERIOD, if any, shall not exceed the amount specified in the appropriate appendix for that PERIOD.

C. This AGREEMENT incorporates the face pages attached and all of the marked appendices identified on the face page hereof.

D. For each succeeding PERIOD of this AGREEMENT, the parties shall prepare new appendices, to the extent that any require modification, and a Modification Agreement (The attached Appendix X is the blank form to be used). Any terms of this AGREEMENT not modified shall remain in effect for each PERIOD of the AGREEMENT.

To modify the AGREEMENT within an existing PERIOD, the parties shall revise or complete the appropriate appendix form(s). Any change in the amount of consideration to be paid, or change in the term, is subject to the approval of the Office of the State Comptroller. Any other modifications shall be processed in accordance with agency guidelines as stated in Appendix A1.

E. The CONTRACTOR shall perform all services to the satisfaction of the STATE. The CONTRACTOR shall provide services and meet the program objectives summarized in the Program Workplan (Appendix D) in accordance with: provisions of the AGREEMENT; relevant laws, rules and regulations, administrative and fiscal guidelines; and where applicable, operating certificates for facilities or licenses for an activity or program.

F. If the CONTRACTOR enters into subcontracts for the performance of work pursuant to this AGREEMENT, the CONTRACTOR shall take full responsibility for the acts and omissions of its subcontractors. Nothing in the subcontract shall impair the rights of the STATE under this AGREEMENT. No contractual relationship shall be deemed to exist between the subcontractor and the STATE.

G. Appendix A (Standard Clauses as required by the Attorney General for all State contracts) takes precedence over all other parts of the AGREEMENT.

II. Payment and Reporting

A. The CONTRACTOR, to be eligible for payment, shall submit to the STATE’s designated payment office (identified in Appendix C) any appropriate documentation as required by the Payment and Reporting Schedule (Appendix C) and by agency fiscal guidelines, in a manner acceptable to the STATE.

B. The STATE shall make payments and any reconciliations in accordance with the Payment and Reporting Schedule (Appendix C). The STATE shall pay the CONTRACTOR, in consideration of contract services for a given PERIOD, a sum not to
exceed the amount noted on the face page hereof or in the respective Appendix designating the payment amount for that given
PERIOD. This sum shall not duplicate reimbursement from other sources for CONTRACTOR costs and services provided
pursuant to this AGREEMENT.

C. The CONTRACTOR shall meet the audit requirements specified by the STATE.

III. Terminations

A. This AGREEMENT may be terminated at any time upon mutual written consent of the STATE and the
CONTRACTOR.

B. The STATE may terminate the AGREEMENT immediately, upon written notice of termination to the CONTRACTOR,
if the CONTRACTOR fails to comply with the terms and conditions of this AGREEMENT and/or with any laws, rules, regulations,
policies or procedures affecting this AGREEMENT.

C. The STATE may also terminate this AGREEMENT for any reason in accordance with provisions set forth in
Appendix A1.

D. Written notice of termination, where required, shall be sent by personal messenger service or by certified mail, return
receipt requested. The termination shall be effective in accordance with the terms of the notice.

E. Upon receipt of notice of termination, the CONTRACTOR agrees to cancel, prior to the effective date of any
prospective termination, as many outstanding obligations as possible, and agrees not to incur any new obligations after receipt
of the notice without approval by the STATE.

F. The STATE shall be responsible for payment on claims pursuant to services provided and costs incurred pursuant to
terms of the AGREEMENT. In no event shall the STATE be liable for expenses and obligations arising from the program(s) in
this AGREEMENT after the termination date.

IV. Indemnification

A. The CONTRACTOR shall be solely responsible and answerable in damages for any and all accidents and/or injuries
to persons (including death) or property arising out of or related to the services to be rendered by the CONTRACTOR or its
subcontractors pursuant to this AGREEMENT. The CONTRACTOR shall indemnify and hold harmless the STATE and its
officers and employees from claims, suits, actions, damages and costs of every nature arising out of the provision of services
pursuant to this AGREEMENT.

B. The CONTRACTOR is an independent contractor and may neither hold itself out nor claim to be an officer, employee
or subdivision of the STATE nor make any claim, demand or application to or for any right based upon any different status.

V. Property

Any equipment, furniture, supplies or other property purchased pursuant to this AGREEMENT is deemed to be the
property of the STATE except as may otherwise be governed by Federal or State laws, rules or regulations, or as stated in
Appendix A1.

VI. Safeguards for Services and Confidentiality

A. Services performed pursuant to this AGREEMENT are secular in nature and shall be performed in a manner that
does not discriminate on the basis of religious belief, or promote or discourage adherence to religion in general or particular
religious beliefs.

B. Funds provided pursuant to this AGREEMENT shall not be used for any partisan political activity, or for activities that
may influence legislation or the election or defeat of any candidate for public office.

C. Information relating to individuals who may receive services pursuant to this AGREEMENT shall be maintained and
used only for the purposes intended under the contract and in conformity with applicable provisions of laws and regulations, or
specified in Appendix A1.
Appendix A
STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds $50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds $10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed $85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of $50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds $5,000, the
Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee’s Federal employer identification number, (ii) the payee’s Federal social security number, and/or (iii) the payee’s Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. The Parents’ Bill of Rights must be published on the website of each educational agency, and must be included with every contract the educational agency enters into with a “third party contractor” (as defined below) where the third party contractor receives student data, or certain protected teacher/principal data related to Annual Professional Performance Reviews that is designated as confidential pursuant to Education Law §3012-c (“APPR data”).

The purpose of the Parents’ Bill of Rights is to inform parents (which also include legal guardians or persons in parental relation to a student, but generally not the parents of a student who is age eighteen or over) of the legal requirements regarding privacy, security and use of student data. In addition to the federal Family Educational Rights and Privacy Act (FERPA), Education Law §2-d provides important new protections for student data, and new remedies for breaches of the responsibility to maintain the security and confidentiality of such data.

A. What are the essential parents’ rights under the Family Educational Rights and Privacy Act (FERPA) relating to personally identifiable information in their child’s student records?

The rights of parents under FERPA are summarized in the Model Notification of Rights prepared by the United States Department of Education for use by schools in providing annual notification of rights to parents. It can be accessed at http://www2.ed.gov/policy/gen/guid/fpco/ferpa/lea-officials.html, and a copy is attached to this Parents’ Bill of Rights. Complete student records are maintained by schools and school districts, and not at the New York State Education Department (NYSED). Further, NYSED would need to establish and implement a means to verify a parent’s identity and right of access to records before processing a request for records to the school or school district. Therefore, requests to access student records will be most efficiently managed at the school or school district level.

Parents’ rights under FERPA include:

1. The right to inspect and review the student's education records within 45 days after the day the school or school district receives a request for access.

2. The right to request amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Complete student records are maintained by schools and school districts and not at NYSED, which is the secondary repository of data, and NYSED make amendments to school or school district records. Schools and school districts are in the best position to make corrections to students’ education records.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent (including but not limited to disclosure under specified conditions to: (i) school officials within the school or school district with legitimate educational
interests; (ii) officials of another school for purposes of enrollment or transfer; (iii) third party contractors providing services to, or performing functions for an educational agency; (iv) authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as NYSED; (iv) (v) organizations conducting studies for or on behalf of educational agencies) and (vi) the public where the school or school district has designated certain student data as “directory information” (described below). The attached FERPA Model Notification of Rights more fully describes the exceptions to the consent requirement under FERPA).

4. Where a school or school district has a policy of releasing “directory information” from student records, the parent has a right to refuse to let the school or school district designate any all of such information as directory information. Directory information, as defined in federal regulations, includes: the student’s name, address, telephone number, email address, photograph, date and place of birth, major field of study, grade level, enrollment status, dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received and the most recent educational agency or institution attended. Where disclosure without consent is otherwise authorized under FERPA, however, a parent’s refusal to permit disclosure of directory information does not prevent disclosure pursuant to such separate authorization.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA.

B. What are parents’ rights under the Personal Privacy Protection Law (PPPL), Article 6-A of the Public Officers Law relating to records held by State agencies?

The PPPL (Public Officers Law §§91-99) applies to all records of State agencies and is not specific to student records or to parents. It does not apply to school districts or other local educational agencies. It imposes duties on State agencies to have procedures in place to protect from disclosure of “personal information,” defined as information which because of a name, number, symbol, mark or other identifier, can be used to identify a “data subject” (in this case the student or the student’s parent). Like FERPA, the PPPL confers a right on the data subject (student or the student’s parent) to access to State agency records relating to them and requires State agencies to have procedures for correction or amendment of records.

A more detailed description of the PPPL is available from the Committee on Open Government of the New York Department of State. Guidance on what you should know about the PPPL can be accessed at [http://www.dos.ny.gov/coog/shldno1.html](http://www.dos.ny.gov/coog/shldno1.html). The Committee on Open Government’s address is Committee on Open Government, Department of State, One Commerce Plaza, 99 Washington Avenue, suite 650, Albany, NY 12231, their email address is coog@dos.ny.gov, and their telephone number is (518) 474-2518.

C. Parents’ Rights Under Education Law §2-d relating to Unauthorized Release of Personally Identifiable Information

1. What “educational agencies” are included in the requirements of Education Law §2-d?

   • The New York State Education Department (“NYSED”);
   • Each public school district;
   • Each Board of Cooperative Educational Services or BOCES; and
   • All schools that are:
     o a public elementary or secondary school;
o a universal pre-kindergarten program authorized pursuant to Education Law §3602-e;
o an approved provider of preschool special education services;
o any other publicly funded pre-kindergarten program;
o a school serving children in a special act school district as defined in Education Law 4001; or
o certain schools for the education of students with disabilities - an approved private school, a state-supported school subject to the provisions of Education Law Article 85, or a state-operated school subject to Education Law Article 87 or 88.

2. What kind of student data is subject to the confidentiality and security requirements of Education Law §2-d?

The law applies to personally identifiable information contained in student records of an educational agency listed above. The term “student” refers to any person attending or seeking to enroll in an educational agency, and the term “personally identifiable information” ("PII") uses the definition provided in FERPA. Under FERPA, personally identifiable information or PII includes, but is not limited to:

(a) The student’s name;
(b) The name of the student’s parent or other family members;
(c) The address of the student or student’s family;
(d) A personal identifier, such as the student’s social security number, student number, or biometric record;
(e) Other indirect identifiers, such as the student’s date of birth, place of birth, and Mother’s Maiden Name4;
(f) Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or
(g) Information requested by a person who the educational agency or institution reasonably believes knows the identity of the student to whom the education record relates.

3. What kind of student data is not subject to the confidentiality and security requirements of Education Law §2-d?

The confidentiality and privacy provisions of Education Law §2-d and FERPA extend only to PII, and not to student data that is not personally identifiable. Therefore, de-identified data (e.g., data regarding students that uses random identifiers), aggregated data (e.g., data reported at the school district level) or anonymized data that could not be used to identify a particular student is not considered to be PII and is not within the purview of Education Law §2-d or within the scope of this Parents’ Bill of Rights.

4. What are my rights under Education Law § 2-d as a parent regarding my student’s PII?

Education Law §2-d ensures that, in addition to all of the protections and rights of parents under the federal FERPA law, certain rights will also be provided under the Education Law. These rights include, but are not limited to, the following elements:

4 Please note that NYSED does not collect certain information defined in FERPA, such as students’ social security numbers, biometric records, mother’s maiden name (unless used as the mother’s legal name).
(A) A student’s PII cannot be sold or released by the educational agency for any commercial or marketing purposes.

- PII may be used for purposes of a contract that provides payment to a vendor for providing services to an educational agency as permitted by law.
- However, sale of PII to a third party solely for commercial purposes or receipt of payment by an educational agency, or disclosure of PII that is not related to a service being provided to the educational agency, is strictly prohibited.

(B) Parents have the right to inspect and review the complete contents of their child's education record including any student data stored or maintained by an educational agency.

- This right of inspection is consistent with the requirements of FERPA. In addition to the right of inspection of the educational record, Education Law §2-d provides a specific right for parents to inspect or receive copies of any data in the student's educational record.
- NYSED will develop policies for annual notification by educational agencies to parents regarding the right to request student data. Such policies will specify a reasonable time for the educational agency to comply with such requests.
- The policies will also require security measures when providing student data to parents, to ensure that only authorized individuals receive such data. A parent may be asked for information or verifications reasonably necessary to ensure that he or she is in fact the student’s parent and is authorized to receive such information pursuant to law.

(C) State and federal laws protect the confidentiality of PII, and safeguards associated with industry standards and best practices, including, but not limited to, encryption, firewalls, and password protection, must be in place when data is stored or transferred.

Education Law §2-d also specifically provides certain limitations on the collection of data by educational agencies, including, but not limited to:

(A) A mandate that, except as otherwise specifically authorized by law, NYSED shall only collect PII relating to an educational purpose;

(B) NYSED may only require districts to submit PII, including data on disability status and student suspensions, where such release is required by law or otherwise authorized under FERPA and/or the New York State Personal Privacy Law; and

(C) Except as required by law or in the case of educational enrollment data, school districts shall not report to NYSED student data regarding juvenile delinquency records, criminal records, medical and health records or student biometric information.

(D) Parents may access the NYSED Student Data Elements List, a complete list of all student data elements collected by NYSED, at http://www.p12.nysed.gov/irs/sirs/documentation/NYSEDstudentData.xlsx, or may obtain a copy of this list by writing to the Office of Information & Reporting Services, New York State Education Department, Room 863 EBA, 89 Washington Avenue, Albany, NY 12234; and

(E) Parents have the right to file complaints with an educational agency about possible breaches of student data by that educational agency’s third party contractors or their
employees, officers, or assignees, or with NYSED. Complaints to NYSED should be
directed in writing to the Chief Privacy Officer, New York State Education Department, 89
Washington Avenue, Albany NY 12234, email to CPO@mail.nysed.gov. The complaint
process is under development and will be established through regulations to be proposed
by NYSED’s Chief Privacy Officer, who has not yet been appointed.

- Specifically, the Commissioner of Education, after consultation with the Chief
  Privacy Officer, will promulgate regulations establishing procedures for the
  submission of complaints from parents, classroom teachers or building principals, or
  other staff of an educational agency, making allegations of improper disclosure of
  student data and/or teacher or principal APPR data by a third party contractor or its
  officers, employees or assignees.

- When appointed, the Chief Privacy Officer of NYSED will also provide a procedure
  within NYSED whereby parents, students, teachers, superintendents, school board
  members, principals, and other persons or entities may request information pertaining
  to student data or teacher or principal APPR data in a timely and efficient manner.

5. Must additional elements be included in the Parents’ Bill of Rights?

Yes. For purposes of further ensuring confidentiality and security of student data, as an
appendix to the Parents’ Bill of Rights each contract an educational agency enters into with a
third party contractor shall include the following supplemental information:

(A) the exclusive purposes for which the student data, or teacher or principal data, will be used;

(B) how the third party contractor will ensure that the subcontractors, persons or entities that
the third party contractor will share the student data or teacher or principal data with, if any,
will abide by data protection and security requirements;

(C) when the agreement with the third party contractor expires and what happens to the student
data or teacher or principal data upon expiration of the agreement;

(D) if and how a parent, student, eligible student, teacher or principal may challenge the accuracy
of the student data or teacher or principal data that is collected; and

(E) where the student data or teacher or principal data will be stored (described in such a manner
as to protect data security), and the security protections taken to ensure such data will be
protected, including whether such data will be encrypted.

a. In addition, the Chief Privacy Officer, with input from parents and other education and
expert stakeholders, is required to develop additional elements of the Parents' Bill of
Rights to be prescribed in Regulations of the Commissioner.

6. What protections are required to be in place if an educational agency contracts with a
third party contractor to provide services, and the contract requires the disclosure of PII
to the third party contractor?

Education Law §2-d provides very specific protections for contracts with “third party contractors”,
defined as any person or entity, other than an educational agency, that receives student data or
teacher or principal data from an educational agency pursuant to a contract or other written
agreement for purposes of providing services to such educational agency. The term “third party
contractor” also includes an educational partnership organization that receives student and/or
teacher or principal APPR data from a school district to carry out its responsibilities pursuant to
Education Law §211-e, and a not-for-profit corporation or other non-profit organization, which
are not themselves covered by the definition of an “educational agency.”
Services of a third party contractor covered under Education Law §2-d include, but not limited to, data management or storage services, conducting studies for or on behalf of the educational agency, or audit or evaluation of publicly funded programs.

When an educational agency enters into a contract with a third party contractor, under which the third party contractor will receive student data, the contract or agreement must include a data security and privacy plan that outlines how all state, federal, and local data security and privacy contract requirements will be implemented over the life of the contract, consistent with the educational agency's policy on data security and privacy. However, the standards for an educational agency’s policy on data security and privacy must be prescribed in Regulations of the Commissioner that have not yet been promulgated. A signed copy of the Parents' Bill of Rights must be included, as well as a requirement that any officers or employees of the third party contractor and its assignees who have access to student data or teacher or principal data have received or will receive training on the federal and state law governing confidentiality of such data prior to receiving access.

Each third party contractor that enters into a contract or other written agreement with an educational agency under which the third party contractor will receive student data or teacher or principal data shall:

- limit internal access to education records to those individuals that are determined to have legitimate educational interests
- not use the education records for any other purposes than those explicitly authorized in its contract;
- except for authorized representatives of the third party contractor to the extent they are carrying out the contract, not disclose any PII to any other party (i) without the prior written consent of the parent or eligible student; or (ii) unless required by statute or court order and the party provides a notice of the disclosure to NYSED, district board of education, or institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by the statute or court order;
- maintain reasonable administrative, technical and physical safeguards to protect the security, confidentiality and integrity of PII in its custody; and
- use encryption technology to protect data while in motion or in its custody from unauthorized disclosure.

7. **What steps can and must be taken in the event of a breach of confidentiality or security?**

Upon receipt of a complaint or other information indicating that a third party contractor may have improperly disclosed student data, or teacher or principal APPR data, NYSED’s Chief Privacy Officer is authorized to investigate, visit, examine and inspect the third party contractor's facilities and records and obtain documentation from, or require the testimony of, any party relating to the alleged improper disclosure of student data or teacher or principal APPR data. Where there is a breach and unauthorized release of PII by a third party contractor or its assignees (e.g., a subcontractor): (i) the third party contractor must notify the educational agency of the breach in the most expedient way possible and without unreasonable delay; (ii) the educational agency must notify the parent in the most expedient way possible and without unreasonable delay; and (iii) the third party contractor may be subject to certain penalties including, but not limited to, a monetary fine; mandatory training regarding federal and state law governing the confidentiality of student data, or teacher or principal APPR data; and preclusion from accessing any student data, or teacher or principal APPR data, from an educational agency for a fixed period up to five years.
8. **Data Security and Privacy Standards**

Upon appointment, NYSED’s Chief Privacy Officer will be required to develop, with input from experts, standards for educational agency data security and privacy policies. The Commissioner will then promulgate regulations implementing these data security and privacy standards.

9. **No Private Right of Action**

Please note that Education Law §2-d explicitly states that it does not create a private right of action against NYSED or any other educational agency, such as a school, school district or BOCES.
APPENDIX S-1
Attachment To Parents’ Bill Of Rights
For Contracts Involving Disclosure of Certain Personally Identifiable Information

Education Law §2-d, added by Ch. 56 of the Laws of 2014, requires that a Parents’ Bill of Rights be attached to every contract with a third-party contractor (as defined in the law) which involves the disclosure of personally identifiable information (PII) derived from student education records (“Student Data”), or certain teacher/principal information regarding annual professional performance evaluations that is confidential pursuant to Education Law §30212-c (“APPR Data”). Each such Contract must include this completed Attachment to provide specific information about the use of such data by the Contractor.

1. Specify whether this Contract involves disclosure to the Contractor of Student Data, APPR Data, or both.

☐ Disclosure of Student Data
☐ Disclosure of APPR Data

2. Describe the exclusive purposes for which the Student Data or APPR Data will be used in the performance of this contract.

In order to perform the work called for in this RFP, the contractor is given access to student field test booklets on which the students have hand written their names and their school name and hand written responses to field test questions. No other personally identifiable information about the student is provided to the contractor.

3. Identify any subcontractors or other persons/entities with whom the Contractor will share the Student Data or APPR in the performance of this Contract, and describe how the Contractor will ensure that such persons/entities will abide by the data protection and security requirements of the Contract.

Subcontractors or other entities with whom the Contractor will share data:

Bidder should specifically list in this section any/all subcontractors that will/may receive data.

In the event the Contractor engages a Subcontractor or otherwise shares Student Data or APPR Data with any other entity, Contractor acknowledges and agrees that before any such data is shared with a Contractor or another entity, such party must agree in writing to be bound by the confidentiality and data protection provisions set forth in this Contract including, but not limited to, the “Data Security and Privacy Plan” set forth in Appendix R. Upon termination of the agreement between the Contractor and a Subcontractor or other entity, Contractor acknowledges and agrees that it is responsible for ensuring that all Student Data or APPR Data shared by the Contractor must be returned to Contractor.
or otherwise destroyed as provided in Paragraph 4 of the “Data Security and Privacy Plan” set forth in Appendix R.

4. Specify the expiration date of the Contract, and explain what will happen to the Student Data or APPR Data in the Contractor’s possession, or the possession of any person/entity described in response to Paragraph 3, upon the expiration or earlier termination of the Contract.

Contract expiration date: 12/31/24

☐ Contractor agrees to return the Student Data or APPR Data to NYSED consistent with the protocols set forth in Paragraph 4 of the “Data Security and Privacy Plan” set forth in Appendix R.

☐ Contractor agrees to securely destroy the Student Data or APPR Data consistent with the protocols set forth in Paragraph 4 of the “Data Security and Privacy Plan” set forth in Appendix R.

5. State whether the Contractor will be collecting any data from or pertaining to students derived from the student’s education record, or pertaining to teachers or principals’ annual professional performance evaluation pursuant to the Contract, and explain if and how a parent, student, eligible student (a student eighteen years or older), teacher or principal may challenge the accuracy of the Student Data or APPR data that is collected.

☒ Student Data

☐ APPR Data

*Any challenges to the accuracy of any of the Student Data or APPR Data shared pursuant to this Contract should be addressed to the school, educational agency or entity which produced, generated or otherwise created such data.*

6. Describe where the Student Data or APPR Data will be stored (in a manner that does not jeopardize data security), and the security protections taken to ensure that the data will be protected, including whether such data will be encrypted.

*Bidder should detail in this section where data will be stored, what security measures will be in place, and whether electronic data is encrypted in motion and/or at rest.*

Attachment 3: Security Guidelines for the New York State Assessment Program

1. Staff of NYSED and of contractors working with the Office of State Assessment who are responsible for transporting, receiving, or handling secure test materials or confidential data, distributing such materials to consultants, work groups, and committees, and/or coordinating and overseeing related activities with consultants must be provided appropriate guidance to convey the importance of maintaining the security of materials.

2. Secure test materials and data must either be under the direct physical control of authorized NYSED personnel or their designated consultants or contractor personnel or in a secure storage area, which is inaccessible to other than authorized staff, always. Materials may never be left at a vacant desk, in an unattended conference room, or in an unattended hotel conference room.

3. Contractors must discuss with their NYSED contact person and receive prior approval of arrangements for delivery and storage of secure materials to locations other than NYSED or the contractor’s place of business.

4. Contractors must plan for the secure destruction of any secure materials used during the contract process of which they wish to dispose.

5. The contractor’s security procedures will include shipment of all tests in NYSED’s locked boxes. The locked containers will be provided to the contractor by NYSED. When shipping of all non-secure test materials, the contractor must use a carrier with ground-tracking capability, to test centers and to NYSED, whenever shipment of printed materials is necessary. The contractor may not utilize electronic transfer to ship individual student information or any secure test materials, unless as authorized by NYSED on a case-by-case basis. Electronic transfer includes transfer via e-mail, Internet, or facsimile (FAX).

6. Secure materials may never be emailed or faxed. If there appears to be a compelling reason to do so, prior approval must be obtained in writing from the NYSED Office of State Assessment.

7. The contractor will host and maintain a secure file transfer protocol (SFTP) site as a means of file transfer. Access to the New York State test information on the site must be limited to the contractor and NYSED unless further sharing with other parties is authorized in writing by NYSED.

8. Photocopying of secure or confidential material must be undertaken with care. Paper jams may result in paper containing secure or confidential materials being lodged in the copier and later discovered by another user. Extreme caution must be used. The contractor’s plan for photocopying must be approved by NYSED.

9. The contractor will require all staff and consultants who review secure materials, including but not limited to secure test questions, scoring materials, and related materials that reference secure test questions, or confidential data, must sign a Non-Disclosure Agreement (NDA) to be provided by NYSED (see next page). The contractor must retain the signed forms for at least one year beyond the end date of the contract, and promptly submit the signed forms to NYSED upon request.
