

“Don’t Hate Be Kind” :30

We’re all different.

We’re all different, but we like a lot of the same things.

We like to do what a lot of kids like to do.

We want to make friends and work hard in school.

We’re all different, but we all deserve respect.

We all deserve respect.

We should all be treated with kindness.

Be kind to me.

Be kind. Be kind.

Think how boring this world would be if we were all the same.

It would be really boring.

Don’t hate people who are different.

Be kind to me. Be kind to me.

Don’t hate. Be kind.
