Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Male	17	47%	12%	24%	NA	18%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2002 Total Cohort - 4 Year Outcome						
All Students	13	100%	NA	NA	NA	NA

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Male	88	92%	NA	3%	NA	5%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Male	31	61%	NA	10%	10%	19%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

All Students	356	82%	0%	10%	0%	7%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2002 Total Cohort - 4 Year Outcome						
All Students	180	69%	3%	13%	9%	5%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2002 Total Cohort - 4 Year Outcome						
All Students	693	55%	2%	19%	3%	21%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

2004 Total Cohort as of June of the 4th year of school and as of August 2008,  
 2003 Total Cohort as of June of the 4th and 5th years of school,  
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

## Public School District Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Gender

Female	87	98%	NA	1%	NA	1%
Male	88	91%	3%	NA	1%	5%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.
