

SIRS-309 - Annual Regents Report Level 2 Reporting (L2RPT) Report Guide

About the Annual Regents Reports

The Annual Regents Reports show district and school Regents examination performance results, score interval, and percentages of students scoring at each performance level.

Students are included on the Annual Regents Report if during the school year being reported, they had a Regents assessment score reported in SIRS and was enrolled with a regular enrollment record* at the time the assessment was administered. Scores for students in out of district placements are included in the assessment results of the district with reporting responsibility.
