Subject: Personnel Master File (PMF) Transition Collection and Staff Collection Timeline

This memorandum provides important information concerning the transition of PMF data from the legacy Basic Educational Data System (BEDS) PMF collection system to the Student Information Repository System (SIRS), as well as a projected timeline for that transition. In addition, it provides due dates and certification dates for staff data submitted through the SIRS.

Collection of PMF Teacher Data

Historically, PMF data were collected from teacher-submitted “bubble forms” that were sent to the New York State Education Department (NYSED) to meet both State and federal reporting requirements. In October 2014, NYSED collected PMF teacher data via the electronic Personnel Master File (ePMF) form accessed and submitted through the Teacher Access and Authorization System (TAA): <https://eservices.nysed.gov/taa/>. New York City school district teachers will continue to be collected by the NYC Department of Education and transferred to NYSED through the 2015-16 school year.

During the 2014-15 and 2015-16 school years, PMF data elements will also be collected in the SIRS as provided by the district. Because the process of providing PMF staff data through SIRS is new to districts, the ePMF forms will serve as the official source for these data and will be used for reporting purposes through the 2015-16 school year.

Beginning in the 2016-17 school year, PMF data will be derived solely from the SIRS. These data will be submitted by all school districts, charter schools and BOCES using the SIRS staff templates (Staff Snapshot, Staff Assignment, and Staff Student Course). Teachers will no longer be submitting data directly to the Department through the ePMF. The Staff Snapshot template will provide all non-assignment related data. BEDS PMF assignment codes will be replaced with the State course codes in SIRS which can be found at <http://www.p12.nysed.gov/irs/courseCatalog/home.html>. These Staff Student Course records already used for Teacher Student Data Linkage (TSDL) purposes will be the source for all teacher course information.

Not Highly Qualified/Teaching Out of Certification Process and ePMF Correction Period

The teacher-submitted data (ePMF forms), which were closed for updates in February to both teachers and administrators, are now open for corrections (by administrators only) following the Not Highly Qualified/Out of Certification report processing. These reports are generated by SED and posted on the IRS Portal at <http://portal.nysed.gov/portal/page/pref/PortalApp>. Corrections to ePMF forms and selecting teachers for HOUSSE or charter school 5-30 exemptions are done in each ePMF form via TAA at <https://eservices.nysed.gov/taa/>.

Please refer to the 2015 Not Highly Qualified (HQ)/Out of Certification information at <http://www.p12.nysed.gov/irs/beds/2014/PMF/home.html> for further information and guidance concerning the HQ, HOUSSE and the 5-30 requirements.

Collection of Non-Teaching Professional Staff Data

Historically, non-teaching professional staff data were collected from non-teaching professional submitted bubble forms that were sent to the NYSED to meet both State and federal reporting requirements. The bubble sheets will be used as the official source for PMF reporting purposes in 2014-15 for non-teaching staff. Beginning in the 2014-15 school year, these data were also collected in the SIRS as part of a dual collection. The SIRS Staff Snapshot template will be used to collect all non-assignment related data (e.g., teaching experience, degree, professional development). All PMF non-teaching assignment codes should be reported in the Staff Assignment template. These codes can be found in the *SIRS Manual* at <http://www.p12.nysed.gov/irs/sirs/home.html>.

Beginning in the fall of the 2015-16 school year, the SIRS Staff Snapshot and Staff Assignment data will be the official source for PMF non-teaching data. Non-teaching professionals will not be completing ePMF forms.

Any staff that will need to be reported using SIRS will need to have a TEACH ID. For information about creating a Teach account or locating a Teach ID, please see: <http://www.p12.nysed.gov/irs/beds/2014/PMF/home.html>.
