Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2003 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students with Disabilities	9	11%	56%	33%	NA	NA

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2003 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2004 Total Cohort - 4 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

2004 Total Cohort as of June of the 4th year of school and as of August 2008,
 2003 Total Cohort as of June of the 4th and 5th years of school,
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2004 Total Cohort - Aug 2008 Outcome						
All Students	471	91%	0%	7%	NA	3%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students with Disabilities	31	84%	NA	NA	NA	16%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students with Disabilities	0	NA	NA	NA	NA	NA

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2002 Total Cohort - 4 Year Outcome						
All Students	383	78%	2%	13%	1%	7%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2002 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2003 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students with Disabilities	19	74%	21%	NA	NA	5%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

2004 Total Cohort as of June of the 4th year of school and as of August 2008,

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2003 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2002 Total Cohort - 5 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2003 Total Cohort - 4 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

General Education Students	292	93%	NA	2%	NA	4%
Students with Disabilities	70	70%	6%	16%	NA	9%

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

2004 Total Cohort as of June of the 4th year of school and as of August 2008,
 2003 Total Cohort as of June of the 4th and 5th years of school,
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2007-08 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on November 15, 2008. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2007-08 School Year by Disability Status

2004 Total Cohort as of June of the 4th year of school and as of August 2008,
 2003 Total Cohort as of June of the 4th and 5th years of school,
 2002 Total Cohort as of June of the 4th, 5th and 6th years of school.
