Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	15	87%	0%	0%	0%	13%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	113	88%	2%	7%	0%	3%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,

Not Economically Disadvantaged	118	75%	0%	8%	3%	14%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,

All Students	189	93%	0%	4%	0%	3%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

All Students	115	99%	1%	0%	0%	0%
Economically Disadvantaged	115	99%	1%	0%	0%	0%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
 2004 Total Cohort as of June of the 5th year of school,
 2003 Total Cohort as of June of the 6th year of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
 2004 Total Cohort as of June of the 5th year of school,
 2003 Total Cohort as of June of the 6th year of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

2005 Total Cohort - 4 Year Outcome						

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	106	97%	0%	2%	0%	1%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	223	44%	0%	20%	2%	33%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
 2004 Total Cohort as of June of the 5th year of school,
 2003 Total Cohort as of June of the 6th year of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

2005 Total Cohort as of June of the 4th year of school and as of August 2009,
 2004 Total Cohort as of June of the 5th year of school,
 2003 Total Cohort as of June of the 6th year of school.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

All Students	34	88%	0%	3%	0%	9%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Public School Total Cohort Graduation Rate and Enrollment Outcome Summary - 2008-09 School Year by Economic Status

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	67	91%	1%	0%	0%	7%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Rye Middle School / Rye City School District						
2004 Total Cohort - 5 Year Outcome						
All Students	1	#	#	#	#	#

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009. The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.

Not Economically Disadvantaged	72	78%	1%	3%	3%	15%

Data presented in this report are based on data submitted by school districts to the data repository for the 2008-09 school year. Students are reported based on their date of entry in grade 9 and their last enrollment status as reported in the warehouse on July 31, 2009.

The federal Family Education Rights and Privacy Act prohibits the release of personally identifiable student information. This Act precludes the publication of summary information based on fewer than five students or in which subtraction or other simple mathematical operations could be used to obtain personal information. Cells that contain the ("#") symbol have been suppressed to protect student privacy.
