

# Performance Level Score Ranges for Regents and Regents Common Core Exams for Annual and Accountability Reporting

Scores received on Regents examinations fall into different “Performance Levels” for reporting annual data (highest August, January, and June results for a particular school year) and accountability data (highest results for the accountability cohort four years after entering grade 9). In addition, scores on different exams and scores for the same exams for different years may fall into different performance levels. The tables below display the score ranges used to determine a student’s performance level for annual and accountability reporting purposes.
