Resource Room**4100**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS**Class/Division:** Instruction, Handicapped (11)**PSN Range:** 201-299**Type Student:** Handicapped (32)**Level:** K-12**Delivery Method:** Central Service**Time Period:** September-June (42)**Location:** District (12)**NATURE OF SERVICE**

BOCES employees provide direct instruction for students with disabilities from two or more participating school districts.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A program description is required.</p> <p>Full compliance with appropriate sections of Part 200.</p> <p>If students in a resource room are not from two or more districts, a rationale will be required.</p>
AID ISSUES	The service is not eligible for BOCES aid.

Summer Programs: Special Education**4201**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS**Class/Division:** Instruction, Handicapped (11)**PSN Range:** 201-299**Type Student:** Handicapped (32)**Level:** K-12**Delivery Method:** Central Service**Time Period:** July-August (41)**Location:** BOCES Center (11), District (12)**NATURE OF SERVICE**

BOCES employees operate the summer portion of a twelve-month educational program for students with severe disabilities.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. Prior approval must be received from OECHC in addition to filing a CO-SER.
AID ISSUES	The service is not eligible for BOCES aid.

Special Class: S/P Ratio 1:15**4210**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	Instruction, Handicapped (11)	PSN Range:	201-299
Type Student:	Handicapped (32)	Level:	K- 12
Delivery Method:	Central Service		
Time Period:	September-June (42)		
Location:	BOCES Center (11), District (12)		

NATURE OF SERVICE

BOCES employees provide an instructional program and related services for students with disabilities whose special education needs consist primarily of the need for specialized instruction which can best be accomplished in a self-contained class. A staff-to-pupil ratio of 1:15 is maintained.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. If students in any special class are not from two or more districts, a written rationale will be required.
AID ISSUES	The service is not eligible for BOCES aid.

Special Class: S/P Ratio 1:12:1**4220**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	Instruction, Handicapped (11)	PSN Range:	201-299
Type Student:	Handicapped (32)	Level:	K-12
Delivery Method:	Central Service		
Time Period:	September-June (42)		
Location:	BOCES Center (11), District (12)		

NATURE OF SERVICE

BOCES employees provide an instructional program and related services for students with disabilities whose management needs interfere with the instructional process to the extent that an additional adult is needed within the classroom to assist in the instruction of such pupils. A staff-to-pupil ratio of one professional and one paraprofessional per 12 students is maintained.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. If students in any special class are not from two or more districts, a written rationale will be required.
AID ISSUES	The service is not eligible for BOCES aid.

Special Class: S/P Ratio 1:6:1**4230**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	Instruction, Handicapped (11)	PSN Range:	201-299
Type Student:	Handicapped (32)	Level:	K-12
Delivery Method:	Central Service		
Time Period:	September-June (42)		
Location:	BOCES Center (11), District (12)		

NATURE OF SERVICE

BOCES employees provide an instructional program and related services for students with disabilities whose management needs are determined to be highly intensive and requiring a high degree of individualized attention and intervention. A staff-to-pupil ratio of one professional and one paraprofessional per six students is maintained.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. If students in any special class are not from two or more districts, a written rationale will be required.
AID ISSUES	The service is not eligible for BOCES aid.

Special Class: S/P Ratio 1:8:1**4235**

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	Instruction, Handicapped (11)	PSN Range:	201-299
Type Student:	Handicapped (32)	Level:	K-12
Delivery Method:	Central Service		
Time Period:	September-June (42)		
Location:	BOCES Center (11), District (12)		

NATURE OF SERVICE

BOCES employees provide an instructional program and related services for students with disabilities whose management needs are determined to be intensive and requiring a significant degree of individualized attention and intervention. A staff-to-pupil ratio of one professional and one paraprofessional per eight students is maintained.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. If students in any special class are not from two or more districts, a written rationale will be required.
AID ISSUES	The service is not eligible for BOCES aid.

Secondary Occupational Education

3000

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Occupational Education (12) **PSN Range:** 101-199
Type Student: General (31) **Level:** 10-12
Delivery Method: Central Service
Time Period: September-June (42)
Location: BOCES Center (11)

NATURE OF SERVICE

BOCES employees provide direct instruction in occupational subjects at BOCES managed central facilities.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>The BOCES must have on file an annual occupational education plan which has been approved by the Workforce Preparation Office.</p> <p>The occupational education program must be managed by a full-time certified administrator.</p> <p>If programs are not operated on a half-day attendance schedule, a program description must be submitted which describes the operation.</p> <p>A list of new courses or levels which have been added, and a list of courses or levels which have been deleted from the currently approved service must be submitted annually.</p>

<p>SERVICE TO VETERANS AND ADULTS</p>	<p>Veterans of any age, who are enrolled in a school district, may enroll in secondary occupational education programs. The school district will be eligible to claim aid as if the veteran was a 12th grader.</p> <p>Veterans who have a high school diploma may be required to pay the school district for that portion of BOCES tuition not covered by BOCES aid.</p> <p>Adults may be admitted to secondary occupational programs on a space available basis at a tuition rate less than 50% of that charged school districts. The admission of these adults must be based on terms agreed upon by the BOCES Board and those districts receiving occupational education services.</p>
<p>CONSTRUCTION BY STUDENTS</p>	<p>Construction of facilities for BOCES use by occupational education students does not affect BOCES obligation to seek those approvals and clearances required by law and regulation. The guidance of SED's Facilities Planning and District Organization and BOCES staff should be sought prior to beginning construction.</p> <p>Construction by occupational education students of projects to be sold to others should comply with all applicable codes.</p>
<p>AID ISSUES</p>	<p>Expenditures for service provided to pupils with handicapping conditions are not eligible for BOCES aid.</p> <ul style="list-style-type: none"> • BOCES is responsible for reporting the extent of service provided to such pupils, by district and approximate FTE of service provided. • A separate page 4 or separate CO-SER is recommended to document service to the handicapped.

Adult Occupational Education

Districts should be advised that pupils should not be counted for operating aid purposes.</p> <p>Stipends for students participating in work experience activities directly related to educational goals are eligible for aid.</p>

Alternative Education – Secondary

5873

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: General Education (13)

PSN Range: 401-499

Type Student: General (31) **Level:** 6-12
Delivery Method: Central Service
Time Period: September-June (42)
Location: BOCES Center (11) District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES operates full or part-day programs for non-disabled pupils who have been identified as having special needs not being met in current school programs. Programs may include academic education, development of vocational skills, work-study, specialized activities, e.g., environmental education, "outward bound," or a combination of these and other activities to be specified. The goal of the program is to maintain the student in school while providing courses which will enable the student to obtain a high school diploma.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SERVICE PLAN REQUIRED	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, the basis on which participants are billed and the following additional elements.

ADDITIONAL SERVICE PLAN ELEMENTS	<p>Evidence that the program will comply with Part 100 of the Commissioner's Regulations, that required testing will be administered and that remediation will be provided where needed;</p> <p>Evidence that the student selection process has criteria sufficiently precise to identify a specific target population, that all districts have agreed to the criteria, and that student participation is voluntary;</p> <p>Evidence that parental approval and involvement will be sought prior to admission.</p>
----------------------------------	--

	<p>Evidence of plans for evaluation of student outcome objectives, including an annual review of student continuation; and</p> <p>Evidence of plans for an annual program review by a committee of secondary school principals to determine equivalency of instruction and student eligibility for credit.</p>
SPECIFIC REQUIREMENTS	Transportation must be provided. Expense is not eligible for BOCES aid. Work-study and similar programs must comply with applicable portions of State and Federal labor laws.
AID ISSUES	<p>Expenses for students in General Equivalency Diploma (GED) programs are eligible for either BOCES aid or Equivalent Attendance aid, but not both. If BOCES aid will be claimed for the service, contact hours should not be reported to participating districts.</p> <p>Stipends for students participating in work experience activities directly related to educational goals are eligible for aid.</p> <p>Full day programs generate BOCES aid only. Districts should be advised that pupils should not be counted for operating aid purposes.</p>

Academic Programs, Special Facilities

Summer School	5875
Date Issued: 6/1/98	Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	General Education (13)	PSN Range:	401-499
Type Student:	General (31)	Level:	K-12
Delivery Method:	Central Service		
Time Period:	July-August (41)		
Location:	BOCES Center (11) District Classroom (12), Other, Specify (13)		

NATURE OF SERVICE

BOCES operates programs in the summer including remedial courses in academic areas and other short-term academic or exploratory enrichment subjects.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SERVICE PLAN REQUIRED	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, the basis on which participants are billed and the following additional elements.

ADDITIONAL SERVICE PLAN ELEMENTS	<p>Evidence that the program will comply with Part 100 of the Commissioner's Regulations, that required testing will be administered and that remediation will be provided where needed;</p> <p>Evidence of plans for an annual program review by a committee of secondary school principals to determine equivalency of instruction and student eligibility for credit.</p> <p>Evidence that the service meets the following criteria contained in Education Law §1950(4)(bb).</p> <ul style="list-style-type: none"> • the proposed service will provide additional opportunities for pupils, including those with handicapping conditions • the proposed service will provide cost savings to participating districts, exclusive of additional aid; • the proposed service will insure a greater or more appropriate use of facilities by BOCES.
SPECIFIC REQUIREMENTS	The summer school must operate in a registered high school, approved elementary school, or BOCES owned or leased facility.

	<p>If the service is operated at multiple sites, each site must be shared by two or more participating districts.</p> <p>BOCES may not collect tuition directly from students.</p> <ul style="list-style-type: none"> • Participating school districts are responsible for all charges: their students may not be charged tuition. • Students from non-participating districts may enroll only through a participating district, upon payment of tuition. • Non-public school pupils must be enrolled by their district of residence tuition free, if the district is participating. If their district is not participating, the students may enroll through a participating district upon payment of tuition. <p>Teachers must be BOCES employees, hired and paid on the same policy basis as other BOCES employees.</p> <p>Transportation is not required. No BOCES aid or Transportation aid may be claimed.</p>

Distance Learning

Date Issued: 6/1/98

5877

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	General Education (13)	PSN Range:	401-499
Type Student:	General (31), Gifted (33)	Level:	K-12
Delivery Method:	Central Service		
Time Period:	September-June (42)		
Location:	BOCES Center (11) District Classroom (12), Other, Specify (13)		

NATURE OF SERVICE

BOCES operates a program of academic instruction for two or more districts using interactive technologies. BOCES is responsible for design and operation of the interactive system, for management of instruction, for reporting student achievement to participating districts, and for evaluation of the service.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
-----------------------------	--

SERVICE PLAN REQUIRED	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, the basis on which participants are billed and the following additional elements.
ADDITIONAL SERVICE PLAN ELEMENTS	An explanation of how BOCES staff manage the instruction provided, including how staff are selected and supervised. Evidence of plans for an annual program review by a committee of secondary school principals to determine equivalency of instruction and student eligibility for credit.
ADDITIONAL SERVICE PLAN ELEMENTS	Evidence that the service meets the following criteria contained in Education Law §1950(4)(bb). <ul style="list-style-type: none"> • the proposed service will provide additional opportunities for pupils, including those with handicapping conditions • the proposed service will provide cost savings to participating districts, exclusive of additional aid; • the proposed service will insure a greater or more appropriate use of facilities by BOCES. An itemization of equipment to be used in the service, indicating location of the respective equipment items, and a diagram illustrating interconnection of the equipment.
CONTRACTS FOR STAFF	Expenditures for staff secured pursuant to written agreements with public postsecondary institutions will be eligible for BOCES aid if the following conditions are met. <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • BOCES can demonstrate that BOCES staff will be responsible for supervision of instruction; • Contract staff do not assume BOCES responsibility for operation and management of the program; • The contract provides for payment of a flat amount based on the elements of service purchased; and • Contract staff are selected on the basis of instructional skill.
SPECIFIC REQUIREMENTS	Staff members providing instruction must hold an appropriate teaching certificate. Individuals who do not meet this requirement must work under the direct

	supervision of a certified teacher. Service delivery standards and service delivery agreements must be prepared as outlined in the attached document.
AID ISSUES	School district expenditures for renovation or operation and maintenance of "tele-classrooms" are not eligible for BOCES aid. Student materials are not eligible for BOCES aid.

Service Delivery Standards

For Distance Learning Services

Service delivery standards document the basis for the distribution of components in a shared service provided by electronic means, such as distance learning. These components, including hardware, software, telecommunications, and personnel must be distributed according to objective characteristics of school districts including, but not restricted to, numbers of pupils, numbers of staff, or number of buildings.

Service delivery standards must be incorporated into a written document which includes the following three elements. The document must be reviewed on the same three-year cycle as the BOCES' program descriptions.

1. Statement of BOCES Governance

- a. Development, management and control of the service, including determining the nature of the service, the means of service delivery, hours of system operation, development and implementation of security standards and control of individual district use of system hardware or software;
- b. Selection, ownership and control of district-based hardware and software;
- c. Selection and supervision of all personnel involved in provision of the service;
- d. Maintenance of system integrity to insure that no action of an individual school district will degrade the system's operation.

2. Statement of District Responsibilities

- a. defining local service needs;
- b. establishing of planning team(s);

- c. affecting, through participation in distance learning advisory groups, needs assessment, development of service options, delivery modes and pricing; and,

3. Service Delivery Options

The standards will contain a description of each service delivery option which includes:

- a. A description of standardized district-based hardware and software that is used for the service delivery options; and
- b. A description and diagram of the telecommunications network to be used.

BOCES – District Service Agreement

A BOCES – District service agreement must be executed with each participating district and be maintained on file in the BOCES. The agreement must incorporate the service delivery standards and must also include a statement indicating understanding of and agreement with the distance learning service delivery standards.

Agreements must be signed by the superintendent of each participating school district.

	on which participants are billed and the following additional elements.
--	---

<p>ADDITIONAL SERVICE PLAN ELEMENTS</p>	<p>Evidence that the program will comply with Part 100 of the Commissioner's Regulations, that required testing will be administered and that remediation will be provided where needed;</p> <p>Evidence that the student selection process has criteria sufficiently precise to identify a specific target population, that all districts have agreed to the criteria, and that student participation is voluntary;</p> <p>Evidence that parental approval and involvement will be sought prior to admission;</p> <p>Evidence of plans for evaluation of student outcome objectives, including an annual review of student continuation; and</p> <p>Evidence of plans for an annual program review by a committee of secondary school principals to determine equivalency of instruction and student eligibility for credit.</p>
<p>SPECIFIC REQUIREMENTS</p>	<p>Transportation must be provided. Expense is not eligible for BOCES aid.</p> <p>Work-study and similar programs must comply with applicable portions of State and Federal labor laws.</p>
<p>AID ISSUES</p>	<p>Expenses for students in General Equivalency Diploma (GED) programs are eligible for either BOCES aid or Equivalent Attendance aid, but not both. If BOCES aid will be claimed for the service, contact hours should not be reported to participating districts.</p> <p>Stipends for students participating in work experience activities directly related to educational goals are eligible for aid.</p> <p>Full day programs generate BOCES aid only. Districts should be advised that pupils should not be counted for operating</p>

aid purposes.

NCLB Supplemental Education

5879

Date Issued: 10/1/02

Year Effective: 2002-03

Service Descriptors

Class/Division: General Education (13) **PSN Range:** 401-499
Type Student: General/Special Education/ESL (31) **Level:** K-12
Delivery Method: Central Service
Time Period: July – June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES employees provide English Language Arts (including reading) and mathematics to pupils whose parent or legal guardian has requested Supplemental Educational Services from BOCES. BOCES **must** be a Supplemental Educational Services Provider approved by the New York State Education Department.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable Federal and State laws and regulations and the following specific standards is required.
SERVICE PLAN REQUIRED	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, and the basis on which participants are billed.
SPECIFIC REQUIREMENT	BOCES must maintain status as an approved Supplemental Educational Services Provider.
AID ISSUES	This service is not eligible for BOCES aid.

	Tuition costs for students participating in secondary occupational education are eligible for BOCES aid.

SPECIFIC REQUIREMENTS	Coordination/supervision must be provided by BOCES employees. The service must meet requirements set by Bureau of School Libraries including application and long-range plan submission. If there are district contributions included, the program must meet general BOCES criteria to be eligible for BOCES aid.

School/Curriculum Improvement

6211

Dated Issued: 6/1/98

Year Effective: 98-99

Revised: 6/02

SERVICE DESCRIPTORS

Class/Division: General Education (24) **PSN Range:** 501-499
Type Student: General (31) **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11) District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides a service comprised of one or more activities designed to strengthen instruction, raise standards, improve curriculum and assessment practices and build capacity at local levels. Activities which do not specifically address strengthening instruction, raising standards, building local capacity and assessing student progress cannot be part of this CO-SER. Approval activities may include professional staff development (both facility-based and/or web-based delivery), curriculum development and adaptation, assessment practices and planning designed to meet the Regents' State initiatives.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A base activity, which includes the cost of BOCES planning, management technical support and leadership, must be part of the overall service.</p> <p>The base activity must provide for BOCES professional staff service expenditures equal to at least 10 percent of the service budget exclusive of the amount budgeted for stipends and substitute reimbursement.</p> <p>Each district participating in the service must purchase the base activity in order to be eligible for BOCES aid. A district participating via cross-contract must show evidence of support of a base activity sponsored by the BOCES of which it is a component.</p>
SERVICE DESCRIPTION REQUIRED	A service description must be submitted with the initial application for approval. The service description must

	describe the service provided, the role of BOCES staff in the management and operation of the program and the basis on which participants are billed. Service delivery standards, consistent with the attached criteria, must be included with the service description.
DISTRICT SCHOOL IMPROVEMENT PLANS	Each participating district must complete a district plan consistent with the State initiatives and reflective of the goal of building local capacity. Copies of each district's plan shall be filed in the District Superintendent's office and updated annually. All activities in this service must support the effort to set high standards and improve student achievement in New York State. Required CSPD plans and technology plans may be embedded in the district plan. Each district plan must include the following: efforts to build local capacity to set high standards and improve student achievement; a description of the needs of the building and the activities which would meet these needs; efforts to meet the shared decision making requirement (CR 100.11); a description of the specific objectives and activities planned to improve student achievement; an indication of time frame and assignment of responsibility for each activity; evaluation methods to be used to determine school improvement and increased student achievement over a period of time; and strategies to make the plan relevant to improving achievement for all students including students classified by the committee for special education.
SPECIFIC REQUIREMENTS	Two or more participating districts must share each activity. If the activity is web-based professional development the workshops must be NYS multi-district. BOCES aid may not be received on costs associated with participants receiving college credit. All costs associated with receiving college credit must be paid by the participant or district. A list of districts in compliance with the planning process must be filed as a supplement to the CO-SER description.
PARTICIPANT EXPENSES	Expenditures for individuals participating in an activity conducted as part of this service are eligible for BOCES aid if

	<p>the following conditions are met:</p> <ul style="list-style-type: none"> ▪ The activity is operated or co-sponsored by BOCES; ▪ Expenses eligible for aid are limited to meals, lodging and transportation; participant expenses or equipment for web-based workshops/activities are not eligible for aid. ▪ The activity is attended/participated by individuals from two or more participating districts; ▪ The activity is conducted within the geographic confines of the BOCES except as approved by the SED BOCES unit prior to the activity. ▪ Participant expenses as part of a Superintendent's conference will not be eligible for BOCES aid.
<p>STIPENDS AND SUBSTITUTES</p>	<p>Expenditures for stipends for teachers or for substitutes for classrooms will be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> ▪ The expenses incurred are related to attendance and/or participation at activities composed of participants from two or more districts; ▪ Stipends are uniform for all participants who successfully complete the activity and are paid in a uniform manner to be agreed upon by BOCES and participating districts; and ▪ Payment for substitutes is initially made by participating districts and reimbursed by BOCES.
<p>CONSULTANTS</p>	<p>Expenditures for consultants are eligible for BOCES aid in the facility-based delivery model if the following conditions are met:</p> <ul style="list-style-type: none"> ▪ BOCES can demonstrate that qualified employees are not available; ▪ Consultants do not assume BOCES responsibility for operation and management of the program; ▪ Individual activities, e.g., workshops, individual residential programs, etc., are less than 15 days in length within a school year; ▪ Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and ▪ Consulting services are provided to two or more districts in one of the following ways: to an audience comprised of participants from two or more districts; or

	<p>individually, within 18 months as an extension of services previously provided to an audience composed of participants from two or more school districts;</p> <p>All unshared follow-up activities must take place within 18 months of the shared activity and must address the same topic as the shared activity. Documentation must be kept.</p>
CONFERENCES/ WORKSHOPS	<p>Conferences/workshops not operated or co-sponsored by BOCES are not eligible for BOCES aid.</p> <p><i>Third party delivered (vendor) workshops/courses in the web-based, online delivery format are not eligible for BOCES aid.</i></p> <p>Conferences/workshops co-sponsored with agencies other than school districts or other BOCES must include two or more districts and meet the following criteria:</p> <p>Must be in geographic area of the BOCES, except as approved by SED BOCES prior to activity; BOCES must receive and disburse the money for the activity; BOCES staff must plan, coordinate and evaluate the conference; BOCES must act as LEA and this must be clearly demonstrated on any written materials such as brochures and agenda for the conference/workshop; Expenses eligible for aid are limited to meals, lodging and transportation; Payment for substitutes or stipends requires prior approval of SED BOCES Unit.</p>
EVALUATION	<p>Annual evaluation data for the preceding year must be filed with the BOCES Unit by October 1.</p>
NON PERMISSIBLE ACTIVITIES	<p>Only certificated staff may be served in this CO-SER.</p> <p>Any activity which results in credit, certification or recertification, such as a coaching or CPR certificate is not allowed in this CO-SER.</p> <p>Any activity in which a registration fee or other similar expenses is paid to any entity other than a BOCES is not permitted in this CO-SER.</p>

	The purchase of software for participating school districts is not permitted in this COSER.

Educational Communications Center

6310

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: General (31), Handicapped (32) **Level:** K-12
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11)

NATURE OF SERVICE

BOCES operates a shared service providing participating districts, non-public schools, and public agencies with instructional materials and professional technology services.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A service plan is required for initial submissions and program descriptions thereafter. The plan must identify the base activity for the service and all other activities for which separate charges are levied.
BASE ACTIVITY REQUIRED	A base activity, which includes the costs of BOCES planning, management, technical support and leadership, must be part of the overall service. Each district participating in the service must support the base activity in order to be eligible for BOCES aid.
AID ISSUES	Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.

Instructional Graphics

Date Issued: 6/1/98

6311

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES staff members prepare transparencies or similar instructional materials for shared use by participating school districts or by non-public schools.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required.
AID ISSUES	Participating districts must participate in the Educational Communications Center or Library Services/Media "base service" if services under this activity are to be approved for aid. Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.

Equipment Repair

Date Issued: 6/1/98

6312

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES staff provide repairs to audio-visual/video and related electronic equipment and musical instruments owned by participating districts and non-public schools.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required.
AID ISSUES	<p>Equipment repairs provided by contract generally are not eligible for BOCES aid. However, aid may be approved where repair of a particular type of equipment requires specialized equipment or staff training, is infrequent, and is not related to a maintenance contract held by the district. Prior permission should be sought.</p> <p>Participating districts must participate in the Educational Communications Center or Library Services/Media "base service" if services under this activity are to be approved for aid.</p> <p>Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.</p>

Printing

Date Issued: 6/1/98

6313

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES staff operates a shared service which provides a variety of printed materials to participating school districts.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description, indicating the type of printing services provided, is required. Printing done by students in Occupational Education programs should be related to the educational outcomes and schedule of the classes in which the students are enrolled.
AID ISSUES	Participating districts must participate in the Educational Communications Center or Library Services/Media "base service" if services under this activity are to be approved for aid. Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.

Non-Print Duplication

6314

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES staff operates a shared service which provides duplicates of audiotape, videotape and similar materials to participating school districts.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required.
AID ISSUES	Participating districts must participate in the Educational Communications Center or Library Services/Media "base service" if services under this activity are to be approved for aid. Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655. The cost for licenses for audio materials is not eligible for BOCES aid.

Library Services/Media

6316

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides participating school districts with a variety of library services. Typical activities include: searches of computerized databases; reference services; maintenance of specialized central collections; technical assistance to library staff of participating school districts.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, and the basis on which participants are billed. Activities provided under this service must be consistent with the mission, operation and standards of the School Library system.

	Staffing must be included in the CO-SER budget, either explicitly or by transfer from another service budget. Use of the School Library System director to direct activities in this CO-SER without inclusion in the budget may be acceptable if
--	--

	<p>the activities are extensions of the mission of the School Library System. However, if this service is used as a “base service” for participation in 6311 – Instructional Graphics, 6312 – Equipment Repair, 6313 – Printing, or 6314 – Tape Duplication, a certified librarian must be in the budget of this CO-SER.</p> <p>Special collections may be housed in participating district buildings If the following conditions are met:</p> <ul style="list-style-type: none"> • each collection is a part of a regional school library system plan; • each collection is accessible by all participating districts; and • costs are pooled and charged to districts as a flat rate or based on some objective characteristic such as pupil enrollment.
AID ISSUES	<p>Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.</p>

	of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.
--	--

Library Automation Date Issued: 6/1/98	6320 Year Effective: 98-99
--	--------------------------------------

SERVICE DESCRIPTORS

Class/Division:	Instructional Resources (23)	PSN Range:	501-599
Type Student:	N/A	Level:	N/A
Delivery Method:	Central Service		
Time Period:	July-June (43)		
Location:	BOCES Center (11), District Classroom (12), Other, Specify (13)		

NATURE OF SERVICE

BOCES operates a library automation and data base service designed to provide an integrated regional data base, on-line catalog, circulation management, records conversion and inter-library loan system for two or more component districts.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, including Commissioner's Regulations 90.18 and Education Law, Sections 282 and 283, and the following specific standards are required:
SPECIFIC REQUIREMENTS	<p>A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, and the basis on which participants are billed.</p> <p>The service should be managed by the School Library System director with technology services support. There must be evidence of cooperative planning between the school library system director and the BOCES instructional support service staff and the Regional Information Center staff in the development of the computer-based portion of the service.</p>

	<p>BOCES staff may provide training as deemed appropriate. The use of consultants and/or contracted services to provide direct services to districts is not eligible for BOCES aid.</p> <p>Professional staffing must be shown in the CO-SER. Professional staffing must constitute at least ten percent of the service expense, exclusive of equipment purchase. A percentage of time of the School Library System Director</p>
--	--

	<p>must be included in the professional staffing.</p> <p>All activities provided under this service must be consistent with the mission, operation and standards of the School Library System. Operation of the system should be fully consistent with: 1) the database program used by the School Library System which is consonant with the regional long-range automation plan submitted by the Reference and Research Library Resources System; 2) Regional Information/Computer Center Services or regional network based services, all of which are based on the Chapter 793 plan.</p> <p>The requirement for standardized cataloging of data or visual elements must adhere to machine readable cataloging (U.S. MARC) format standards for database entries.</p> <p>Districts participating in database development (records conversion), both retrospective and new acquisitions, may be provided with the entire database in any usable form in sufficient quantities to serve district libraries. Eligibility for aid on equipment necessary to use the database in electronic format will be approved if it is part of a network which meets requirements for sharing. The network connection may be either online or dial-up access.</p> <p>Hardware per school library media center eligible for BOCES aid may include the following if it is networked for utilization with the library automation software:</p> <ul style="list-style-type: none"> -1 network file server, with appropriate back-up devices -6 workstations (including one circulation and one management workstation) for up to 600 students enrolled – additional workstations will be eligible for BOCES aid at the ratio of 1 per 200 additional students enrolled
--	--

	<ul style="list-style-type: none"> -2 printers (output devices) – additional printers will be eligible for BOCES aid at the ratio of 1 per 4 additional workstations -1 uninterrupted power supply -1 modem or other analogous device for exploring beyond the library's walls -1 direct (non-switchboard) telephone line – ongoing telephone charges are not included -3 barcode scanning devices
--	---

	<p>Software per school library media center eligible for BOCES aid includes:</p> <ul style="list-style-type: none"> -network operating system software -telecommunications software -library automation software -management system software -computer operating system software <p>Supplies per school library media center eligible for BOCES aid includes:</p> <ul style="list-style-type: none"> -initial backup tapes, as needed -initial barcode labels, as needed -initial printer supplies, as needed <p>Databases which have been developed cooperatively by component districts and which are shard between two or more participating school districts are eligible for BOCES aid.</p>
AID ISSUES	<p>In addition to theses specific requirements, Library Automation Services must be consistent with criteria/Guidelines for Instructional Technology Service (6360) excluding the staff development requirements for Model Schools. See also criteria/guidelines for Library Media/Services (6316).</p>

Educational Television

6330

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23)

Type Student: N/A

Division 23

PSN Range: 501-599

Level: N/A

Pate 12

Time Period: July-June (43)

Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides computer-based services for instructional activities within the context of the New York State Long Range Technology Plan, the Learning Standards, and the Commissioner's Regulation 100.11.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following standards are required:
SPECIFIC REQUIREMENTS	<p>The Instructional Technology Service should be regarded as a comprehensive service and as such should include at least the following areas:</p> <ul style="list-style-type: none">• Hardware and Software• Networks accompanying hardware and software• Maintenance and support of hardware and networks• Information collection and dissemination as it pertains to student progress. <p>A detailed description of the manner in which the BOCES will address each of the above identified items and any additional items included in the service must be stated in the Service Delivery Standards.</p>

	<p>All activities in this service must support the Frameworks documents and the corresponding assessment system. Service may be provided to school districts, non-public schools, and public agencies with educational purposes and function.</p> <p>A base service including costs of BOCES planning, research and development, management, technical support and leadership will be a required part of the BOCES service and all district requesting any activity will be required to support the base service costs.</p> <p>I. Each Instructional technology service must include the following required components:</p>
--	---

	<ul style="list-style-type: none"> a) Planning – each district receiving a shared technology service from a BOCES must have an adopted school improvement plan which incorporates an instructional technology plan. b) Model Schools CO-SER – each BOCES operating an instructional technology service must also operate a Model Schools CO-SER (6368) and each district participating in a learning technology service must participate in an appropriate portion of a model schools service. No district may be provided BOCES owned equipment and related software without participating in training and staff development to support the instructional technology service. c) On-going Technical and End-User Support – Evidence must be provided in the service description that technical support is being provided. d) Assessment – Evidence must be provided in the description that the service includes a means to assess the impact of instructional technology on student progress in achieving the NYS Learning Standards.
--	---

	<p>II. Compliance with the following standards is required:</p> <ul style="list-style-type: none"> a) A description of each activity must be provided. b) Activities are to be budgeted together following directions provided in the BOCES Handbook on CO-SER preparation. c) The service must reflect a comprehensive planning effort by BOCES defining in the CO-SER how the service will address the teaching/learning needs of the participating districts, how the service supports existing and/or planned curriculum, instruction and assessment and a process for determining changes/progress in teaching and learning as a result of instructional technology services provided by BOCES. d) Services must be provided consistent with Regional Information standards including hardware, software
--	---

	<p>and telecommunications protocols. The criteria for development of service delivery standards are on page 8. Service not aligned with delivery standards will not be eligible for aid.</p> <ul style="list-style-type: none"> e) The district school improvement plan with its related instructional technology plan must be on file at the BOCES providing the service. f) The instructional technology service must be coordinated with the instructional technology services of other BOCES within the region which operates a service with the Regional Information/Computer Center. All plans must be shared with the other BOCES of the region and must be reflected in the region's 793 Plan. g) The service must be consistent with NYS learning Standards and Assessment System. Examples of activities meeting this criteria must be provided. h) Staff development and training in instructional technology must be provided in Model Schools Service as a companion to this service. Evidence of participating in Model Schools must be provided.
--	---

	<ul style="list-style-type: none"> i) An analysis of the costs for the delivery of the service should be included with the description (see attached). BOCES staff expenditures for both professional and support personnel should comprise a significant portion of the total life cycle cost for the service over a five year period. BOCES professional staff expenditures in this serve, in combination with BOCES professional staff expenditures in Model Schools service, must total at least 15 percent of the combined instructional technology service budget and Model Schools adopted in May each year. (There must be a minimum of 5 percent professional staff expenditure with this CO-SER). j) A statement from the District Superintendent of cost analysis for new activities should be on file at the BOCES. These statements should verify that the cost of the service is as beneficial as equivalent offerings
--	--

	<p>(Appendix #1). Costs of services must be consistent with the requirements of Chapter 602.</p> <p>k) A shared service may consist of a BOCES-operated service activity provided to two or more districts directly or indirectly by electronic means; consistent with service delivery standards.</p> <p>l) The requirement for collection and dissemination of data may be met in the instructional area by the use of a common set of learning objectives for which pupil achievement data are collected and reported in participating school districts and the State, if requested.</p> <p>m) The use of consultants or contracted service (is) eligible for BOCES aid in accordance with Department policy. Contracted services which provide direct service to districts are not eligible for BOCES aid. Contracted service which supplants aspects of a BOCES operated, or base service, is not eligible for BOCES aid.</p>
--	--

	<p>n) Based on regional needs, there may be pilot activities in which hardware, software, or telecommunications means unique to the BOCES are tested in one or more locations. The purpose of a pilot activity is provided the BOCES information about programmatic and/or the technical effectiveness of new equipment, software or telecommunications means as potential replacements for items in the existing system ore expansion into new service areas. Approval in writing, specifying the duration of the pilot, must be provided by the BOCES Unit of SED before any pilot activity is undertaken.</p> <p>o) Demonstration projects are activities designed to determine district interest in expansion or replacement of current service options. Demonstration projects require a minimum of two districts to provide the service with aid. Approval in writing must be provided by the BOCES Unit of SED</p>
--	---

	<p>before any demonstration activity is undertaken.</p> <p>p) In a BOCES-wide telecommunications system, expenditures associated with a wide area network between districts, between districts and the BOCES, and between the buildings within a district and BOCES that are connect to a wide area network are eligible for BOCES aid. All other expenditures are not eligible for aid.</p> <p>q) The requirement for shared activities under this CO-SER may be met by Common Set of Learning Objectives and/or distributed system resource management software that has the following set of characteristics:</p> <ol style="list-style-type: none"> 1. Access control <ul style="list-style-type: none"> -by location -by workstation/device -by application 2. Data management capacity 3. Software distribution capacity 4. Software license control capacity 5. Print distribution capacity 6. Local area network support capacity
--	---

	<p>r) For those BOCES using distributed systems resource manager all district-based hardware, software, and related telecommunications will be eligible for aid provided that the proportion of licenses to encrypted locations on workstations and file servers for a given software does not equal or exceed .80.</p> <p>s) All district-based hardware, software and related telecommunications will be eligible for aid for time-shared activity on a local or wide area network.</p> <p>t) Where multiple or alternative service delivery standards are proposed, the BOCES will be responsible for demonstrating the effectiveness (cost, program, technical) of supporting such standards by providing a detailed comparison, in written form, clearly delineating alternatives considered. In those instances in which a State policy permitting multiple or alternate standards exists, the BOCES will be responsible for documenting effectiveness (cost, program, technical) for multiple standards where</p>
--	--

	<p>such proposals exceed the provisions of the policy. Prior approval in writing is required.</p> <ul style="list-style-type: none"> u) Any activity by the local district which supplants or degrades BOCES-operated services shall result in aid restrictions on district-based service depending on the nature of the district's actions. v) Internet must be provided consistent with the Internet Activity Guidelines adopted 10/25/96 by a sub-committee of District Superintendents. (see Appendix #II) <p>The instructional computer service must include service delivery standards which describe the nature of the service being provided. Service delivery standards are the basis for distribution of components in a shared service provided by electronic means including hardware, software, telecommunications, and personnel. The service delivery standards may vary according to the characteristics of the school districts including but not restricted to, numbers of pupils, numbers of staff, or number of buildings.</p>
--	--

	<ol style="list-style-type: none"> 1. Development, management and control of comprehensive instructional technology services including determining nature of service and means of service delivery consistent with law, regulations and guidelines; 2. Adherence to the regional service delivery standards for district-based service designed to assure consistent treatment of school districts and acceptable levels of service delivery; 3. The BOCES is responsible for selection, ownership and control of district-based hardware and software; 4. Assurance that commitment letters and service agreements signed by the Superintendent of the participating district will be maintained on file at the BOCES; 5. Determination of procedures for placing and upgrading hardware and software in districts. This includes setting standards for implementation and determining prerequisite stages of readiness that districts need to achieve prior to full implementation
--	---

	<p>of the standards;</p> <ol style="list-style-type: none"> 6. Provide a plan and delivery of centralized network management and maintenance service; 7. Maintenance of integrity of system such that no individual action of a school district shall degrade the system operation; 8. Control of operation of the district-based service. This includes setting hours of service operation, developing and monitoring security standards and control of local use of system hardware/software. 9. All hardware and software located in districts which is determined to be obsolete, or to be replaced due to an upgrade, shall be disposed of in accordance to BOCES policy on personal property accountability. <p>III. Statement of District Responsibilities:</p> <ol style="list-style-type: none"> a) define local service needs; b) each district must have an adopted school improvement plan that incorporates an instructional technology plan on file at the BOCES;
--	---

	<ol style="list-style-type: none"> c) through the Model Schools CO-SER districts must ensure participation in training and staff development to support the instructional technology service; d) collect and assure accuracy of district data; e) assure development of a regional system including standards, service options and delivery modes through participation in Regional Center planning activities; f) ensure that all district-based hardware and software which is BOCES –owned is used with system agreement including security procedures. <p>IV. Service Delivery Options</p> <ol style="list-style-type: none"> a) definition of the roles and responsibilities of all participants in the service: BOCES, Regional Center, Vendor; b) district-based hardware, software – this shall define the standardized district-based hardware and software that is used for the service delivery option; c) network connection – this shall define the type of regional (BOCES and/or RIC) telecommunications
--	--

	<p>network connection that is used, including dedicated or dial-up;</p> <ul style="list-style-type: none"> d) personnel – this shall define the maximum level of BOCES staff to be located at the district; e) BOCES/district service agreement – the BOCES/district service agreement for each district shall be on file in the BOCES and shall include: <ul style="list-style-type: none"> 1. a statement of understanding of BOCES/district responsibilities, including conditions associated with placement, use, upgrading and removal of district-based hardware and software. 2. A districts instructional technology plan will include a description of service to be provided and any prerequisite stages of readiness the district will need to complete prior to full implementation of the service delivery standards.
--	---

	<p>V. Planning and Management Requirements</p> <p>The planning and management requirements associated with the delivery of each service shall include:</p> <ul style="list-style-type: none"> a) Initial Needs Assessment and Planning – this shall include an initial needs assessment and development of the initial District Instructional Technology Plan based on criteria for placement of district-based systems and user readiness. b) Initial Implementation – this shall include the process for implementation of the initial District Technology Plan. c) On-going Needs Assessment Planning – this shall identify requirements necessary to modify the District Technology Plan including procedures for addition and reduction/elimination of services and the associated changes in hardware/software/ Telecommunications and staffing. d) Systems Integrity and Security – this shall include procedures required to assure system integrity and security. e) Monitoring and Verification – this shall define the
--	--

	<p>manner in which systems monitoring and verification of use is accomplished by the BOCES.</p> <p>VI. BOCES/District Service Plan</p> <p>The District Instructional Technology Plan will include a minimum of the following components:</p> <ul style="list-style-type: none"> a) District-based hardware and software – this shall include specific listings of minicomputers, microcomputers and their peripheral devices, along with the functions they perform. Workstations must be listed along with the functions they support. Requirements for removal of obsolete hardware and software must also be included. b) Telecommunications – this shall describe the specific manner that is used to interconnect all of the district-based hardware and software to the regional (BOCES and/or RIC) telecommunications network and limitations.
--	---

	<ul style="list-style-type: none"> c) BOCES Computer Services – this shall include a listing of all BOCES computer services used by the district and a general description of the service delivery options that are used to provide these services. d) Functional Uses/Applications – this shall include the types of functions or applications that are delivered to district staff or students via the district-based hardware and software. Staff and students can be grouped by location by function or applications. <p>Management computer services will be provided by the RIC/RIC's as provided for in CO-SER #7710.</p>
AID ISSUES	In accordance with Department policy of April 27, 1998 memo.

Test Scoring

Date Issued: 6/1/98

6361

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division:	Instructional Resources (23)	PSN Range:	501-599
Type Student:	N/A	Level:	N/A
Delivery Method:	Central Service		
Time Period:	July-June (43)		
Location:	BOCES Center (11), District Classroom (12), Other, Specify (13)		

NATURE OF SERVICE

BOCES employees provide short-term loans of shared test booklets and machine scoring of standardized and teacher made tests including reports of student scores, frequency distributions and permanent record labels. Scanning only may be provided for New York State Assessment Program. Scanning only for other kinds of tests is not approvable for aid.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A program description is required.</p> <p>The service must be included as part of the annual 793 Plan.</p> <p>The service should be budgeted with other management services under 7710 unless test scoring including scanning for Assessment Program is the only service provided.</p>
AID ISSUES	<p>Test booklets are eligible for BOCES aid if shared as part of a short-term test booklet loan service. All sharing must occur within the fiscal year.</p> <p>Test scoring by commercial or other contract sources is not eligible for BOCES aid.</p>
	<p>Stand-alone district-based test scoring equipment is not eligible for BOCES aid.</p> <p>Test scanning for the New York State Assessment Program must be provided by BOCES staff, not by a contractor.</p>

Guidance Information Service

6364

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides a computer-based information system used to help pupils make higher education or career decisions.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. The service must be included as part of the annual 793 Plan.

AID ISSUES	<p>This service could be included with other instructional/ instructional support services under activity code 6360, unless GIS is the only service provided.</p> <p>Stand-alone systems located in participating districts are not eligible for BOCES aid unless both the hardware and software are shared by two or more districts.</p> <p>However, expenditures for district-based systems using timesharing of hardware and software or the sharing of software licenses using a distributed systems resource manager are eligible for BOCES aid.</p>
------------	---

	<ul style="list-style-type: none"> • The requirement for a distributed systems resource manager may be met by the use of software which has the following characteristics: <ul style="list-style-type: none"> - Access control <ul style="list-style-type: none"> --by location --by workstation/device -- by application - Single system image - Data management facility - Software distribution facility - Software license control facility - Print distribution facility - Centralized network management and maintenance - PC interface to TNT applications - Multiple local area network support

Computer Support Service

Date Issued: 6/1/98

6366

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides services and functions associated with district-owned computers or unaided BOCES-owned computers, regardless of the nature of use in the district, to school districts, nonpublic schools, and public agencies with educational purposes and functions.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A program description is required. The description must identify the base activity for the service and all other activities for which separate charges are levied.
BASE ACTIVITY REQUIRED	A base activity, which includes the costs of BOCES planning, management, technical support and leadership, must be part of the overall service.

	<p>Each district participating in the service must purchase the base activity in order to be eligible for BOCES aid.</p> <p>Base activities in this service may include:</p> <ul style="list-style-type: none"> • Consultation, assistance, and staff development; • A centralized resource lab including a variety of computers and software; • Software library; and • Software development or modification.
	<p>Supplemental activities may include:</p> <ul style="list-style-type: none"> • Maintenance and repair; • Equipment Purchase or Leasing • Software replication.
<p>CONSULTANT EXPENSES</p>	<p>Expenditures for consultants will be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • Consultants do not assume BOCES responsibility for operation and management of the program; • Individual activities, e.g. workshops, individual residential programs, etc., are less than 15 days in length; • Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and • Consulting services are provided to two or more districts.
<p>AID ISSUES</p>	<p>Expenditures for repairs provided by third parties are not eligible for BOCES aid.</p> <p>Expenditures for software acquired for a BOCES-operated loan program are eligible for BOCES aid, provided that the loan period does not exceed 10 weeks. BOCES must maintain records which document compliance with the loan period requirement.</p> <p>Expenditures for equipment acquired for short-term replacement of similar, district-owned equipment under repair by BOCES are eligible for BOCES aid.</p> <p>Expenditures for software or hardware not used in a short-term loan program are not eligible for BOCES aid.</p> <p>Expenditures for duplication of locally developed, public</p>

	<p>domain or commercial software, where licensing agreements permit, is eligible for BOCES aid. However, license fees and the cost of the magnetic medium on which the software is copied, are not eligible for BOCES aid.</p> <p>Materials which become the property of a school district and other items not eligible for BOCES aid should be billed separately, preferably under revenue code 2655.</p>

BOCES employees provide a computerized management system applied to elementary school learning activities including learning modules, staff development, testing, test scoring and reporting. The system may be either on-line or distributed processing.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A program description is required.</p> <p>The service must be included as part of the annual 793 Plan.</p>
AID ISSUES	<p>See Criteria/Guideline 7710 for additional standards for approval of on-line or distributed computer-based management systems.</p> <p>Approved system delivery standards are required for district-based equipment.</p>

Model Schools

Date Issued: 6/1/98

6368

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Instructional Resources (23) **PSN Range:** 501-599
Type Student: N/A **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES operates a service entitled the Model Schools Technology Planning and Implementation Process designed to help teachers learn about and apply instructional technology in the classroom. Activities provided as part of the service include planning, curriculum development, staff development and evaluation.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIRED	<p>A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, the basis on which participants are billed, and the following additional elements.</p> <p>Separate project descriptions must be included for the base activity and each additional activity, e.g. staff development, conducted under this service.</p>

<p>BASE ACTIVITY REQUIRED</p>	<p>A base activity, which includes the costs of BOCES planning, management, technical support and leadership, must be part of the overall service. This base activity must provide for a minimum BOCES professional staffing level of 1.0 FTE for each 25 participating districts.</p> <p>Each district participating in the service must purchase the base activity in order to be eligible for BOCES aid. A district participating via cross-contract must show evidence of support of a base activity sponsored by the BOCES of which it is a component or a neighboring BOCES.</p>
<p>SPECIFIC REQUIREMENTS</p>	<p>Two or more participating districts must share each activity.</p> <p>BOCES may not provide staff development activities in which participants are eligible for credit.</p> <p>Implementation of the use of technology must be done through an appropriate CO-SER, e.g., 6360 Instructional Technology.</p> <p>Each BOCES operating a 6360 Instructional Technology CO-SER must also operate a 6368 Model Schools CO-SER.</p> <p>Each BOCES operating a 6360 Instructional Technology CO-SER and a 6368 Model Schools CO-SER must have a professional staff expenditure totaling at least 15 percent of the combined budgets, with a minimum of 5 percent in each.</p>
<p>PARTICIPANT EXPENSES</p>	<p>Expenditures for individuals participating in an activity conducted as part of this service are eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • Expenses eligible for aid are limited to meals, lodging and transportation; • The activity is attended by individuals from two or more participating districts; • The activity is conducted within the geographic confines of the BOCES; and • The activity is not part of a Superintendent's conference day.

<p>STIPENDS AND</p>	<p>Expenditures for stipends for teachers or for substitutes will</p>
----------------------------	---

SUBSTITUTES	<p>be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • The expenses incurred are related to attendance at activities composed of participants from two or more districts; • Stipends are uniform for all participants and are paid in a uniform manner to be agreed upon by BOCES and participating districts; and • Payment for substitutes is initially made by participating districts and reimbursed by BOCES.
CONSULTANTS	<p>Expenditures for consultants are eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • Consultants do not assume BOCES responsibility for operation and management of the program; • Individual activities, e.g. workshops, individual residential programs, etc., are less than 15 days in length; • Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and • Consulting services are provided to two or more districts in one of the following ways: <ul style="list-style-type: none"> -to an audience composed of participants from two or more school districts; or -individually, as an extension of services previously provided to an audience composed of participants from two or more school districts; or -individually, upon written demonstration that the activity has a logical relationship to the overall service.
AID ISSUES	<p>Expenditures for hardware or software included in this budget will not be eligible for aid.</p> <p>Annual evaluation data for the preceding year must be filed with the BOCES Unit by October 1.</p>

Service Delivery Standards

For School/Curriculum Improvement Services

A service delivery standard is the basis for consistent operation of a shared service to insure that school districts are receiving shared service in an equitable manner using standardized procedures.

All school improvement service delivery standards should have content which covers a minimum of the following four components:

1. Statement of BOCES governance

The standards will state BOCES responsibility for:

- a. development, management, control, and follow-up of school improvement services including determining nature of service and means of service delivery consistent with law, regulations and guidelines;
- b. establishment of regional service delivery standards;
- c. provision of assistance to local school district officials to design and develop their professional staff development program, including readiness assessment;
- d. provision of a forum in which a variety of tested models for school improvement may be presented and considered; and,
- e. maintenance of records of the progress of individual districts in creating and implementing district plans.

2. Statement of district expectations

The standard will indicate district responsibility for:

- a. defining local service needs;
- b. establishing of planning team(s);
- c. affecting, through participation in regional school improvement advisory groups and needs assessment, development of the school improvement service models including service options, delivery modes and pricing; and,
- d. making a public commitment, through use of fiscal, staff and other resources to improvement of instruction, instructional management and increase of local accountability and to demonstrate that commitment through the development and publication of a district plan for school improvement.

3. Service Delivery Standards

Service delivery standards shall be developed and reviewed on a three year basis and shall include:

- a. a description of service options including staff development, curriculum development and school improvement planning;
- b. standards for coordination, planning, manner of district participation, district output, use of staff and consultants, payment of participant expenses, payment of stipends and reimbursement of districts for substitutes, and distribution of materials.

4. BOCES/district service agreement and plan

The BOCES/district service agreement and plan for each district shall be on file in the BOCES and shall include:

- a. a statement of understanding of BOCES/district responsibilities and school improvement service delivery standards.
- b. a district school improvement plan including goals to be met, a listing of activities to achieve those goals, evaluation, and a description of service to be provided by BOCES.

Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES operates a shared service designed to improve school district instruction through cooperative creation of curriculum materials and related staff development.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, and the basis on which participants are billed.

COORDINATION REQUIREMENTS	BOCES must provide for professional staff management of its overall program based on one of the following criteria. <ul style="list-style-type: none">• 1 FTE per 50,000 pupils in participating districts; or
---------------------------	--

	<ul style="list-style-type: none"> • 1 FTE per 50 participating districts; or • 5 to 10 per cent of the service's budget. <p>The service plan must indicate which coordination criterion is used. Where coordination requirements are met by allocation of costs to several staff development CO-SERS, the service plan of each shall indicate the sources of coordination.</p>
CONSULTANTS	<p>Expenditures for consultants are eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • Consultants do not assume BOCES responsibility for operation and management of the program; • Individual activities, e.g. workshops, individual residential programs, etc., are less than 15 days in length; • Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and • Consulting services are provided to multi-district audiences.
STIPENDS AND SUBSTITUTES	<p>Expenditures for stipends for teachers or for substitutes will be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • The expenses are incurred in connection with shared staff development activities related to curriculum development projects. • Stipends are uniform for all participants and are paid in a uniform manner to be agreed upon by BOCES and participating districts.
AID ISSUES	<p>Each curriculum development project must use multi-district writing teams in order to be eligible for BOCES aid.</p> <p>Participant expenses, including meals, lodging, and transportation are not eligible for BOCES aid.</p>

School/Curriculum Improvement

6211

Date Issued: 6/1/98

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Curriculum Development (24) **PSN Range:** 501-599
Type Student: General (31) **Level:** N/A
Delivery Method: Central Service
Time Period: July-June (43)
Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides a service comprised of one or more activities designed to strengthen instruction, raise standards, improve curriculum and assessment practices and build capacity at local levels. Activities which do not specifically address strengthening instruction, raising standards, building local capacity and assessing student progress cannot be part of this CO-SER. Approvable activities may include professional staff development, curriculum development and adaptation, assessment practices and planning designed to meet the Regents' State initiatives.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A base activity, which includes the cost of BOCES planning, management, technical support and leadership, must be part of the overall service.</p> <p>The base activity must provide for BOCES professional staff service expenditures equal to at least 10 percent of the service budget exclusive of the amount budgeted for stipends and substitute reimbursement.</p> <p>Each district participating in the service must purchase the base activity in order to be eligible for BOCES aid. A district participating via cross-contract must show evidence of support of a base activity sponsored by the BOCES of which it is a component.</p>
SERVICE PLAN REQUIRED	A service plan must be submitted with the initial application for approval. The service plan must describe the service

	provided, the role of BOCES staff in the management and operation of the program and the basis on which participants are billed. Service delivery standards, consistent with the attached criteria, must be included with the service plan.
DISTRICT SCHOOL IMPROVEMENT PLANS	<p>Each participating district must complete a district plan consistent with the State Initiatives and reflective of the goal of building local capacity. Copies of each district's plan shall be filed in the District Superintendent's office and updated annually. All activities in this service must support the effort to set high standards and improve student achievement in New York State. Required CSPD plans and technology plans may be embedded with the district plan. Each district plan must include the following:</p> <ul style="list-style-type: none"> • efforts to build local capacity to set high standards and improve student achievement; • a description of the needs of the building and the activities which would meet these needs; • efforts to meet the shared decision making requirement (CR 100.11); • a description of the specific objectives and activities planned to improve student achievement; • an indication of time frame and assignment of responsibility for each activity; • evaluation methods to be used to determine school improvement and increased student achievement over a period of time; and • strategies to make the plan relevant to improving achievement for all students including students classified by the committee for special education.
SPECIFIC REQUIREMENT	<p>Two or more participating districts must share each activity.</p> <p>BOCES aid may not be received on costs associated with participants receiving college credit. All costs associated with receiving college credit must be paid by the participant or district.</p> <p>A list of districts in compliance with the planning process must be filed as a supplement to the CO-SER description.</p>
PARTICIPANT EXPENSES	Expenditures for individuals participating in an activity conducted as part of this service are eligible for BOCES aid if the following conditions are met:

	<ul style="list-style-type: none"> • The activity is operated or co-sponsored by BOCES; • Expenses eligible for aid are limited to meals, lodging and transportation; • The activity is attended by individuals from two or more participating districts; • The activity is conducted within the geographic confines of the BOCES except as approved by the SED BOCES unit prior to the activity; • Participant expenses as part of a Superintendent's conference will not be eligible for BOCES aid.
STIPENDS AND SUBSTITUTES	<p>Expenditures for stipends for teachers or for substitutes for classrooms will be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> • The expenses incurred are related to attendance at activities composed of participants from two or more districts; • Stipends are uniform for all participants and are paid in a uniform manner to be agreed upon by BOCES and participating districts; and • Payment for substitutes is initially made by participating districts and reimbursed by BOCES.
CONSULTANTS	<p>Expenditures for consultants are eligible for BOCES aid if the following conditions are met:</p> <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • Consultants do not assume BOCES responsibility for operation and management of the program; • Individual activities, e.g., workshops, individual residential programs, etc., are less than 15 days in length within a school year; • Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and • Consulting services are provided to two or more districts in one of the following ways: <ul style="list-style-type: none"> - to an audience comprised of participants from two or more districts; or
	<ul style="list-style-type: none"> - individually, within 12 months as an extension of services previously provided to an audience composed of participants from two or more school districts; • All unshared follow-up activities must take place

	within 12 months of the shared activity and must address the same topic as the shared activity. Documentation must be kept.
CONFERENCES/ WORKSHOPS	<p>Conferences/workshops not operated or co-sponsored by BOCES are not eligible for BOCES aid.</p> <p>Conferences/workshops co-sponsored with agencies other than school districts or other BOCES must include two or more districts and meet the following criteria:</p> <ul style="list-style-type: none"> • Must be in geographic area of the BOCES, except as approved by SED BOCES prior to activity; • BOCES must receive and disburse the money for the activity; • BOCES staff must plan, coordinate and evaluate the conference; • BOCES must act as LEA and this must be clearly demonstrated on any written materials such as brochures and agenda for the conference/workshop; • Expenses eligible for aid are limited to meals, lodging and transportation; • Payment for substitutes or stipends requires prior approval of SED BOCES Unit.
EVALUATION	Annual evaluation data for the preceding year must be filed with the BOCES Unit by October 1.
NON PERMISSIBLE ACTIVITIES	<p>Only certificated staff may be served in this CO-SER.</p> <p>Any activity which results in credit, certification or recertification, such as a coaching or CPR certificate is not allowed in this CO-SER.</p> <p>Any activity in which a registration fee or other similar expense is paid to any entity other than a BOCES is not permitted in this CO-SER.</p>

NATURE OF SERVICE

BOCES operates a shared service which provides participating districts with assistance in the development of internal planning processes, and planning skills and/or the development of plans and recommendations in areas of specific concern related to instruction. Typical areas include:

- development of individual program plans;
- development of plans in areas such as curriculum, schedule, etc.;
- development of grants on behalf of districts;
- assist in the development of district planning capacity.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	A service plan must be submitted with the initial application for approval. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program, and the basis on which participants are billed.

CONSULTANTS	Expenditures for consultants are eligible for BOCES aid if the following conditions are met. <ul style="list-style-type: none"> • BOCES can demonstrate that qualified employees are not available; • Consultants do not assume BOCES responsibility for operation and management of the program; • Individual activities, e.g. workshops, individual residential programs, etc., are less than 15 days in length; • Consulting services by an individual or firm in excess of 90 days within one school year are justified in writing; and
-------------	---

	<ul style="list-style-type: none"> Consulting services are provided to two or more districts.
STIPENDS AND SUBSTITUTES	<p>Expenditures for stipends for teachers or for substitutes will be eligible for BOCES aid if the following conditions are met.</p> <ul style="list-style-type: none"> The expenses are incurred in connection with shared staff development activities related to curriculum development projects. Stipends are uniform for all participants and are paid in a uniform manner to be agreed upon by BOCES and participating districts.
AID ISSUES	<p>Expenditures for travel by local school district personnel, including meals, lodging and transportation, are not eligible for BOCES aid.</p> <p>Contracted services are not eligible for BOCES aid.</p>

School Quality Review

Date Issued: 6/1/98

6213

Year Effective: 98-99

SERVICE DESCRIPTORS

Class/Division: Planning Services (34)

Type Student: N/A

Delivery Method: Central Service

Time Period: July-June (43)

PSN Range: 501-599

Level: N/A

Location: BOCES Center (11), District Classroom (12), Other, Specify (13)

NATURE OF SERVICE

BOCES provides a service composed of one or more activities designed to support the School Quality Review Initiative. Such activities address inquiry into teaching and learning, educational change and knowing schools. The shared services provide training, networking and technical assistance related to the establishment of a process of ongoing review by administrators, teachers, parents and the wider community.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<p>A base activity, which includes the costs of BOCES planning, management, technical support and leadership, must be part of the overall service.</p> <p>Each district participating in the service must purchase the base activity in order to be eligible for BOCES aid. A district participating via cross-contract must purchase the base activity from the providing BOCES.</p>

SERVICE PLAN REQUIRED	An annual service plan must be submitted by June 1 st to the BOCES unit for approval for the following year. The service plan must describe: the service provided, the role of BOCES staff in the management and operation of the program, the role of consultants and/or contract services in the provision of the program and the basis on which participants are billed.
COORDINATION REQUIREMENTS	BOCES must provide for professional staff service at a minimal level equal to at least 25 percent of the service budget for the operation of the program.
SPECIFIC REQUIREMENTS	BOCES must manage and operate the activity. Activities for the School Quality Review service provided to a single district may be eligible for BOCES aid if the service as a whole is provided to two or more districts and the activities have received prior approval in the service plan; however, services

	by a consultant must be provided to two or more districts.
REVIEWER AND CONSULTANT EXPENSES	<p>Expenditures for current school staff participating as reviewers in other district for the School Quality Review are eligible for BOCES aid based on State Rates for reimbursement.</p> <p>Expenditures for meals, lodging and travel required by persons serving on review teams are eligible for BOCES aid based on State Rates for reimbursement.</p> <p>Expenditures for consultants involved in the School Quality Review Initiatives are available for aid if:</p> <ul style="list-style-type: none"> • Contained in the Annual Service Plan; • BOCES assumes responsibility for operation and management of the program; • Individual activities, e.g., workshops, team reviews, etc. are less than 15 days in length and shared with individuals from two or more participating districts; • Consulting services by an individual or firm in excess of 90 days, but no more than 120 days, within one school year unless prior approved; and • Consulting services are provided to participating districts and the activities are attended by individuals from two or more participating districts.

SUBSTITUTES	<p>Expenditures for substitutes for school personnel participating in the School Quality Review process will be eligible for BOCES aid if the following conditions are met:</p> <ul style="list-style-type: none"> • The expenses incurred are related to sustaining the self review process when expenses occur outside their own district; • The expenses incurred are related to attendance at reviewer training sessions or a School Quality Review team visit; and • Payment for substitutes is initially made by participating districts and reimbursed by the BOCES.
SCHOOL QUALITY REVIEW COMPONENTS	School districts may be eligible for BOCES aid for substitutes for classroom teaching staff taking part in self-review workshop.

	<p>A review team is appointed by BOCES in consultation with the district. The size of a review team will vary depending upon the enrollment base of the district. A district of 2,000 or less students may have a team of up to 10 members. A district of more than 2,000 students may have a team of up to 12 members. A review team must be comprised mainly of school district teaching and administrative staff. One parent and one other non-district staff person may be part of a 10 person team. Two parents and one other non-district staff person may be part of a 12 person team.</p> <p>For the first year operation only, a BOCES beginning to provide SQR must cross-contract with a BOCES which has operated a SQR for turn-key training in the orientation, self-review and review training components of the program.</p>

NATURE OF SERVICE

BOCES provides a shared professional staff person to perform as a local business manager and to supervise local non-certified personnel in the operation of the business office.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	The budget must be pooled and charged to each district based on full time equivalent (F.T.E.) of service provided. Expenses eligible for aid include supervision, salary and fringe benefits, travel, and staff development. Service with aid is limited to .6 F.T.E. per participating district.
AID ISSUES	Contracted services are not eligible for BOCES aid. Expenses for clerical personnel are not eligible for aid.

AID ISSUES	<p>Use of district-based shared professional staff is limited to a total of 0.6 FTE with aid. Central technical and professional staff may be used instead of or in support of district-based staff, provided that each staff member is shared. A report showing the sharing of district-based staff shall be filed by the first of August following the close of the fiscal year.</p> <p>Services of district-based clerical staff may not be approved for aid.</p> <p>Services of a district clerk or district treasurer may not be approved.</p> <p>Contracted services are not eligible for BOCES aid.</p> <p>Materials which are not shared between two or more participating school districts, or which become the property of a school district are not eligible for BOCES aid. Such materials should be billed separately, preferably under revenue code 2655.</p> <p>Administrative computer services necessary to support the function of this service may be included in the budget as direct or transfer charges.</p>
------------	---

	<p>Examples of material and significant relationships include, but are not limited to:</p> <ul style="list-style-type: none"> ▪ The relationship between a BOCES and its component school districts where a significant or material level of service is provided, ▪ BOCES provision of management services on-site to the district business office and ▪ BOCES that provide the following services on a cross-contract basis to districts other than the BOCES' own component districts: <ul style="list-style-type: none"> ○ Computer Service: Management (Activity Code 7710) ○ Central Business Office (Activity Code 7017) <p>Consideration must be given to the dollar value of goods and services provided. The greater the dollar value, the more likely the goods and services will be significant and material.</p>
AID ISSUES	This service is not eligible for BOCES aid.

---	---

SERVICE DESCRIPTORS

Class/Division:	Business Office (32)	PSN Range:	601-699
Type Student:	N/A	Level:	N/A
Delivery Method:	Central Service		
Time Period:	July-June (43)		
Location:	BOCES Center (11), District Classroom (12)		

NATURE OF SERVICE

BOCES provides computer-based service using either central or distributed processing for fiscal management, state reporting or educational management activities including but not limited to: pupil data, personnel data, scheduling (class, transportation), accounts payable, fixed assets accounting, test scoring, and educational management services to school districts, nonpublic schools and public agencies.

STANDARDS FOR APPROVAL

GENERAL REQUIREMENTS	Compliance with applicable laws and regulations, the general guidelines, and the following specific standards is required:
SPECIFIC REQUIREMENTS	<ul style="list-style-type: none"> • A description of each activity must be provided. • Activities are to be budgeted together following directions provided in the BOCES Handbook on CO-SER preparation. • A long range regional plan (Chapter 793) must be filed by December 1 prior to the operating year. The regional plan must be consistent with the Regents approved Long Range Plan for Technology in Elementary and Secondary Education in New York State and TNT standards. • BOCES planning, management, technical support and leadership will be required part of each BOCES service. Districts requesting any service will be required to support costs for these activities.

	<ul style="list-style-type: none"> • Service to districts must be provided consistent with regional service delivery standards including hardware, software and telecommunications protocols. The criteria for development of service delivery standards are attached. • A shared service may consist of a BOCES-operated service activity or activities provided to two or more districts indirectly by electronic means; consistent with service delivery standards; utilizing standardized data elements; requiring a necessary exchange of such elements by means of telecommunications between BOCES and school districts. Sharing may also occur as a result of time-sharing of hardware and software or sharing software licenses using a distributed systems
--	--

	<p>resource manager.</p> <ul style="list-style-type: none"> • District-based hardware, software and related telecommunications will be eligible for aid where necessary to the operation of the regional service and where requirements of a shared service are met. • Telecommunications used by districts for district purposes is not eligible for aid. BOCES must monitor district use and report that portion of telecommunications that is not to be claimed for BOCES aid. • The requirement for a distributed systems resource manager may be met by the use of software which has the following characteristics: <ul style="list-style-type: none"> -Access control <ul style="list-style-type: none"> --by location --by workstation/device --by application -Single system image -Data management facility -Software distribution facility -Print distribution facility -Centralized network management and maintenance -PC interface to TNT applications -Multiple local area network support
--	---

	<ul style="list-style-type: none"> • Where multiple or alternate standards are proposed, the BOCES will be responsible for demonstrating the cost-effectiveness of supporting such standards by providing a detailed comparison, in written form, clearly delineating alternatives considered. In those instances in which a State policy permitting multiple or alternate standards exists, the BOCES will be responsible for documenting cost-effectiveness for multiple or alternate standards where such proposals exceed the provisions of the policy. • Service to districts in excess of service delivery standards will not be eligible for BOCES aid. • Any activity by the local district which supplants or degrades BOCES-operated services shall result in aid
--	--

	<p>restrictions on district-based service depending on the nature of the district's actions.</p> <ul style="list-style-type: none"> • The use of consultants or contracted service is eligible for BOCES aid when it provided direct support for the function of BOCES employees, or is an integral part of a standard BOCES-operated service without a separate charge, e.g., programming, hardware/software analysis, data entry, research information databases or creation of supplementary test reports. <p>Contracted services which provide direct service to districts are not eligible for BOCES aid, e.g., commercial informational databases. Contracted service which supplants aspects of a BOCES-operated or base service shall not be eligible for aid.</p> <ul style="list-style-type: none"> • It is expected that district staff will be responsible for local district activity, data entry and verification, and data editing and maintenance. • Shared BOCES staff may be stationed at district locations to provide staff development, report generation, special analyses, limited program enhancement, system operation and maintenance, and telecommunications operations and maintenance. • Shared BOCES staff located at a district site will be eligible for aid up to a total for all service areas of 1.0 FTE. The maximum shared staff eligible for aid in one service area, e.g., coordination, operation, programming, is .6 FTE. Additional staff may be provided, with BOCES aid, if district sites which serve two or more districts (satellite operation).
--	---

	<ul style="list-style-type: none"> • BOCES may rent and renovate portions of district buildings where a district-based computer in the network is serving two or more districts (satellite operation). Such costs shall be included in the administrative budget and claimed for aid in the Rented Facilities Schedule. Operation and Maintenance costs are also eligible for aid and must be included in the appropriate budget (not eligible to be claimed as rent). <p>Costs for renovation of district buildings associated with installation of district-based hardware which does not serve two or more districts is not eligible for aid regardless of ownership. Cost for shared BOCES staff to do minor</p>
--	---

	<p>renovation is eligible for aid. Contracted service for renovation is not eligible for aid.</p> <ul style="list-style-type: none"> Based on regional needs, there may be pilot activity in which hardware, software, or communications means unique to the BOCES are tested in one or more locations. The purpose of a pilot activity is to provide the BOCES information, lacking such from any other source, about the technical effectiveness of new equipment, software or communications means as potential replacements for items in the existing system or expansion into new service areas. The nature, design, evaluation criteria, and testing period of such pilot activity must be defined and approved in long range plans. Reports on such pilot activity, both interim and final, will be required as part of submission of the long range plan. <p>Demonstration projects designed to determine district interest in expansion or replacement of current service options are not considered to be pilots and require a minimum of two districts to provide the service with aid.</p> <p>Both pilot and demonstration projects require the potential for compliance with general criteria/guidelines and consistency with service delivery standards.</p>
