Entry 4 Expenditures per Child

Last updated: 07/31/2017

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2016-17 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: <http://www.p12.nysed.gov/psc/AuditGuide.html>

Line 1: Total Expenditures	18494163
Line 2: Year End FTE student enrollment	1051
Line 3: Divide Line 1 by Line 2	17597

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2016-17 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:
The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:
<http://www.p12.nysed.gov/psc/AuditGuide.html>.
Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	1326990
Line 2: Management and General Cost (Column)	522420
Line 3: Sum of Line 1 and Line 2	1849410
Line 5: Divide Line 3 by the Year End FTE student enrollment	1760

Thank you.

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2016-2017 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners, and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2017-2018.

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Efforts Toward Meeting Recruitment Targets 2016-17)	Describe Plans Toward Meeting Recruitment Targets 2017-18)
Economically Disadvantaged	<p>The schools partner with the Achievement First (AF) recruitment team to carry out a comprehensive recruitment strategy consisting of direct outreach, Refer A Friend campaigns, information sessions, school-based open houses, presentations at local education agencies and community based organizations, neighborhood canvassing at nearby high density housing and building locations, participating in the NYC Charter Center application, geo targeted mailings, and both online and outdoor advertising. These techniques have been successful in generating applications and in sharing the opportunity to apply with low-income families. In 2009, all AF schools implemented an at-risk preference for low-income families, and as a result the vast majority of all entering families have qualified for free or reduced price lunch. As a result of extensive presentations to community organizations that serve low-income families, including Head Start and NYCHA daycare centers, the applicant pool of free and reduced price applicants has been large, and the preference has been effective at substantially matching the district percentages of low-income students for the incoming classes.</p>	<p>AF plans to replicate its 2016-17 strategies and adjusted as needed.</p>
	The AF student recruitment team is bilingual	

<p>English Language Learners</p>	<p>and has made extensive efforts to reach out to families who speak languages other than English. All outdoor signs are in both English and Spanish, as are all brochures and other marketing materials, including the AF website page for student enrollment. In 2015-16, direct, bilingual recruiting materials reached more than 18,000 families throughout Brooklyn and numbers were similar in 2016-17. Additionally, Spanish speaking members of the recruitment team have presented in Spanish at head start daycares and community organizations (e.g., The Coalition for Hispanic Family Services and Nueva Vida Daycare Center), and multiple members of the parent led “street teams” that recruited directly in the community were Spanish speakers. While these techniques may change year to year, these are representative of recent recruitment methods. The lottery also uses a weighted preference for English Language Learners (ELLs), which the schools doubled for the 2016-17 school year in an effort to both admit and enroll more ELLs.</p>	<p>AF plans to replicate its 2016-17 strategies and adjusted as needed. Additionally, a year after doubling its weighted preference for English Language Learners, AF has increased the preference a further 50%.</p>
<p>Students with Disabilities</p>	<p>Efforts to recruit students with disabilities have focused primarily on making clear in promotional materials and presentations that AF is highly effective for students with disabilities, and that we offer services in accordance with Individualized Education Programs (IEPs). In addition, the recruitment team reaches out annually to day care centers that are identified by the NYC Department of Education as serving students with disabilities and participated in an Include NYC fair that focuses on providing resources to families with students with disabilities. The AF student recruitment team has partnered with the network special services team to ensure that marketing materials capture the range of services available. AF has reached out specifically to community members who previously agreed to partner with the community outreach team to conduct a family focus group on how AF schools could best meet their needs. During this focus group, the mother of a student with a disability said that her greatest struggle was finding a public school option that held the highest academic standards for her child despite his disability.</p>	<p>AF plans to replicate its 2016-17 strategies and adjusted as needed. Additionally, AF doubled its weighted preference for students with disabilities. Additionally, in 2017-18, AF is expanding upon a pilot program to offer multiple self-contained classrooms for eligible students depending on the student’s individual need, grade (currently, grades 1-4) and available space.</p>

The school is just such an option, committed to getting every scholar who walks through our doors to and through college. We believe that this sending this message to families with students who have special needs will be a powerful recruiting technique, and will help us meet the enrollment target for this population. The lottery also uses a weighted preference for students with disabilities.

Retention Efforts Toward Meeting Targets

	Describe Efforts Toward Meeting Retention Targets 2016-17)	Describe Plans Toward Meeting Retention Targets 2017-18)
Economically Disadvantaged	<p>Retention of students at AF schools is a network wide priority. The AF report card sets an accountability measure of 5% choice attrition for each school. While reliable mobility statistics for New York City are difficult to ascertain, we believe that a mobility rate of 5% is significantly below the average annual turnover of urban students. We believe that retention of students within at-risk populations depends primarily on the academic progress these students are making. As such, the most important retention efforts for at-risk populations will be great instruction, and regular review of data that ensures that students in these populations are receiving the supports and services they need in order to be successful. Data—including academic performance, attendance, and behavior data—are disaggregated and shared with the school leadership team, so that early warning signs can be identified and appropriate interventions identified. AF school leaders and regional superintendents regularly share student retention strategies.</p> <p>An example of a best practice that AF schools utilize is early identification and intervention with families considering leaving. This approach uses historical data on attrition to identify risk factors that predict future attrition. AF schools use this information to develop specific family engagement and support strategies for scholars who are at risk of leaving. Experience across the network has shown that strong relationships and thoughtful discussions with families are often what</p>	<p>AF plans to replicate its 2016-17 strategies and adjusted as needed.</p>

make the difference when having a difficult discussion with family members. AF regional superintendents specifically coach principals on how to have effective conversations with families regarding topics such as retention in grade. Tailored family specific strategies will be developed to ensure that do everything possible to keep these students with us.

We believe that the factors above also apply to ELLs. Because parents of ELLs often do not speak English fluently themselves, the nuanced conversations about academic performance can be more difficult. The English as a Second Language (ESL) teacher or intervention coordinator (depending on the number of ELL students enrolled) will be primarily responsible for proactively developing relationships and trust with families of ELLs as soon as the student is identified as limited English proficient, regardless of academic performance. We believe that these proactive relationship building practices will establish the trust necessary to identify families early who are at risk for leaving, and to intervene effectively to persuade them to stay with us.

We believe that strong Tier 2 and Tier 3 interventions, complemented by strong family relationships, are the most effective approaches to prevent the attrition of students with disabilities. In addition to the attrition risk factors described above, we believe there are at least two additional factors for families of students with disabilities. First, families of students with disabilities are more likely to leave if they believe that we hold lower expectations for their children than for their regular education peers. Second, these families are at risk for leaving if they do not understand the services being provided for their children, or if they perceive that more extensive services might be available at another school. As described above, our communication with families about the high expectations we hold for every child, and the differentiated supports we provide to make sure each child meets these expectations, will begin with our

student recruitment process. These messages will be reinforced in family chats (which are requested of all incoming families), family conferences, and all other communication with families of students with disabilities. Additionally, the network support data team and regional director of special services will provide disaggregated academic and behavioral data for students with disabilities directly to the principals on a monthly basis, to flag any student for whom additional support is needed. Our experience has been that when students with disabilities make strong academic progress, their families' bond with the school strengthens and they are more likely to stay with us.
