Yes

Signature, Head of Charter School

A highly stylized, cursive handwritten signature in black ink. The signature is composed of several large, interconnected loops and flourishes, making it difficult to decipher. It starts with a small loop on the left, followed by a larger loop, and ends with a tall, vertical stroke on the right.

Signature, President of the Board of Trustees

A cursive handwritten signature in black ink. The signature is more fluid and continuous than the one above, with several sharp peaks and valleys. It begins with a large, rounded loop on the left and ends with a series of vertical strokes on the right.

Entry 4 Expenditures per Child

Created: 07/25/2017 • Last updated: 07/29/2017

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2016-17 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: <http://www.p12.nysed.gov/psc/AuditGuide.html>

Line 1: Total Expenditures	10172395
Line 2: Year End FTE student enrollment	778
Line 3: Divide Line 1 by Line 2	13075

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2016-17 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:

The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:

<http://www.p12.nysed.gov/psc/AuditGuide.html>.

Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	1827093
Line 2: Management and General Cost (Column)	965002
Line 3: Sum of Line 1 and Line 2	2792094
Line 5: Divide Line 3 by the Year End FTE student enrollment	3589

Thank you.

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2016-2017 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners, and students who are economically disadvantaged. In addition, describe the school’s plans for meeting or making progress toward meeting its enrollment and retention targets in 2017-2018.

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Efforts Toward Meeting Recruitment Targets 2016-17)	Describe Plans Toward Meeting Recruitment Targets 2017-18)
	<ul style="list-style-type: none"> • All Uncommon Schools in New York City worked together on community outreach and enrollment efforts. By combining our efforts and sharing information about all of our schools at one time, we were able to reach far more students in New York City than if our schools worked independently. • Uncommon Schools NYC hosted a network-wide Community Day, in which all Uncommon Schools have come together to canvass across Brooklyn, while simultaneously partnering with community organizations to host events in some of our biggest Community School Districts. • The School used a combined Uncommon Schools application that allowed families to apply to multiple Uncommon Schools with just one application. This made it easier for a family to learn about and access all of our schools and allows our schools to reach a broader population of students. • In addition to the combined Uncommon Schools application, the School participated in the New York City Charter School Center’s Common Application for all charter schools in NYC. By continuing to offer our application as part of the common application for all charter schools, we are able to reach an even broader population of students. • The School sent out multiple mailings to prospective students throughout the year 	

Economically Disadvantaged

through Vanguard Direct, Inc., focusing on the zip codes near our schools that have the highest number of RPL and ELL students. Materials were sent out in English and Spanish, as well as Bengali and French where applicable, and included a self-addressed, stamped envelope to limit the barrier to return the completed application.

- The School ran both English and Spanish language ads in the New York City Housing Authority Journal. On their website, the NYCHA Journal says they are “hand-delivered to each of the 178,000 apartments in NYCHA’s 334 public housing developments throughout the five boroughs.” It was also be distributed to more than 10,000 NYCHA employees, and mailed to elected officials and community leaders. It was also available through email subscription.
- The School ran both online and in-print Spanish language ads in El Diario – a Spanish language daily newspaper with high circulation throughout Brooklyn.
- The School partnered with El Diario to send a direct Spanish-language email to families that live within our school zip-codes and have school-aged children.
- The School ran advertisements for enrollment on buses with strategic routes throughout the CSDs we serve in Brooklyn.
- In order to reach a wider range of potential applicants, we launched turnstile advertisements at strategic subway stops like Broadway Junction and selected other highly trafficked subway stops for ads as well.
- Additionally, we began implementing MTA bus shelter advertisements in high pedestrian traffic areas of the neighborhoods in which our schools are located to reach families from within our community school district. The bus shelter advertisements included school-specific information as well as information about our schools, programs, and populations served.
- The School visited the NYCHA sites within our neighborhood on multiple occasions to hang flyers, leave applications and speak with residents to ensure that residents of these locations were aware of our school and have the necessary information and materials needed to apply.

The school will continue the efforts at left to recruit economically disadvantaged students, and will also:

- Add preference in lottery and waiting list admissions for students who are homeless.
- Implement a more robust community canvassing plan that involves current families
- Expand digital advertising efforts.

See the response to “economically disadvantaged students” above. In addition, the school:

- Used Census tract data to create maps showing the distributions of the populations of the top five most spoken languages after English.
- Using these maps, we created community canvassing walks for the School to take to travel through those neighborhoods. On the walks, school staff and families visited local stores, organizations, and apartment buildings and hung flyers and left brochures and applications in English, Spanish, and other relevant languages at each location. In addition, school staff spoke to residents along the way (in English and in Spanish) to spread the word about our schools.
- We translated all our outreach materials that are distributed by our schools.
- We utilized the New York City Charter School Center’s Common Application, which is available to families in six different languages.
- We translated our Uncommon Schools NYC online and paper application into Spanish, French, Bengali, and Haitian Creole.
- We identified high priority local community organizations to reach out to based on factors including location, age group served and proximity to high non- English speaking populations. Each organization received a call from the regional admissions office by a fluent Spanish speaking staff member and a mailing including brochures, flyers and applications in all relevant languages.
- We met with the Committee for Hispanic Children, a non-profit referral service which helps Hispanic families find daycares, schools and enrichment programs for their students, to ensure that they were aware of our schools as an option for their families and provided them with outreach materials that they could share with the families that they serve.
- A Spanish speaking staff member was available at our admissions office by phone and email 40 hours a week during student recruitment season.
- We took advantage of the DOE’s Over-the-phone Interpretation Services, which allowed our school staff members to communicate with a parent with the assistance of an

The school will continue the efforts at left to recruit students with disabilities, and will also:

- Revise our admissions brochure to explicitly mention our high quality intervention programs that our schools offer of tutoring and small group instruction.

interpreter on the phone. This service increased our capacity to connect with families who speak a wider range of languages.

- We also know that families of our current ELL students are our best resource to reach new ELL students. All families at our schools will continue to receive applications to distribute to family and friends in English, Spanish, French and Bengali. Families of ELL students will continue to receive extra applications. In addition, we worked to identify ELL families interested in volunteering to support student admissions efforts. These families met with a school staff member to learn about a variety of ways that they could get the word out about our schools and distribute applications to others. These families were encouraged to speak at their churches, or other local organizations to spread the word about our schools.

- Uncommon Schools NYC ran Google ads in Spanish so that families searching for information about schools in New York City in Spanish see ads for our school and be directed to our Spanish webpages and applications.

- Each applicant, whether they are selected in the lottery or placed on the waitlist, will receive a letter in both Spanish and English telling them the results of the lottery and the next steps to enrolling in the school.

See the response to “economically disadvantaged students” above. In addition, the school:

- Identified and targeted all preschools that are certified to offer services to students with disabilities in our school communities. Head Starts will be included in this search, as they are mandated to serve a student body with at least 10% students with disabilities.

- Identified a list of preschools, Pre-K programs, and early childhood development centers that are high priority for our schools due to their location and student population. These high priority sites received calls, visits, and recruitment materials for both elementary and middle school.

- Worked to build strong connections with our Committee on Special Education to ensure they know we are an option for

students, should they wish to recommend students to join us.

- Reached out to related service agencies that we work with/have worked with in the past, to talk about the supports we offer students and asked if they had any students who could be recommended to apply.
- Confirmed that application materials clearly stated that all students, including those with disabilities, are eligible to apply. This language will appear on our enrollment websites, Kindergarten and 5th grade lottery applications, waitlist applications for all grades, the brochures that were distributed to organizations and mail to 20,000 Brooklyn families, as well as in the presentations given at our information sessions.
- Our admissions office and school based staff will continue to be trained on this question so that they could answer the concerns of any families of potential applicants with special needs who called in.
- We created a one-page overview of Special Education Services at Uncommon to share with prospective families.

- Implement Spanish-Language transit advertisements.

Economically Disadvantaged	<p>In accordance with our mission to prepare students for college, we want all of our students, including RPL, ELL and students with disabilities, to stay with us through high school graduation. The School has had historically high levels of persistence for these sub-populations. We believe that creating high- quality educational program, hiring and training highly-qualified teachers, and communicating regularly with families of all students has helped us to achieve high rates of persistence across our student body. We will continue to analyze our data to ensure that we are serving students from these populations as effectively as all other students, and keeping them in our schools in the same numbers.</p>	<p>We will continue the efforts described at left in 2017 to ensure that high numbers of economically disadvantaged students are given the supports they need to persist in the School.</p>
