2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

Elizabeth Jimenez (Director of Operations) and Clifton Stuckey (Director of Operations) prepared this 2018-2019 Accountability Progress Report on behalf of the school's Board of Trustees:

Trustee Name	Position on the Board
Linton Mann III	Chair
Tony Pasquariello	Vice Chair
John Greenstein	Trustee
Michael Hall	Trustee
Shakima Jones	Trustee
John Kim	Trustee
Ekwutozia U. Nwabuzor	Secretary
Brett Peiser	Trustee
Joseph F. Wayland	Treasurer
Chrystal Stokes Williams	Trustee
Ann Mathews	Trustee

Jacobi Clifton has served as the Principal of the school since 2017.

Brianna Riis has served as the Principal of the school since 2018.

Narrative Description:

Organizational Information

The mission of Leadership Prep Brownsville (LPBV) is to prepare each student for college. Leadership Prep Brownsville opened in August of 2009. The school opened with 116 Kindergarten and first grade students and now serves students in Kindergarten through 8th grade. The school successfully completed its tenth year of operation in June 2019.

Leadership Prep Brownsville's school design includes seven core components.

Focus on Literacy. Many of our students beginning their school career reading substantially below grade level. If a school does not address this dramatic and central issue immediately, students will be at a huge disadvantage in all subjects in high school and college. The ultimate academic success of LPBV students, therefore, is tied to mastering this fundamental skill. In 2018-19, LPBV provided explicit instruction in literacy skills and inculcated the reading habit through:

- Two and a half hours of daily literacy instruction;
- Requiring students to read reading level-appropriate books during the summer;
- Requiring graded, written work in every class, including math; and
- Requiring students to carry an independent reading book, checked out from our Library, to make better use of transition time in the hallways and other periods of downtime throughout the school day.
- STAR tested every student 3 times during the year to monitor progress and ensure that students were being challenged by independent reading books on their reading level

Target Curriculum Focused on Basic Skills. LPBV does not use an off-the-shelf curriculum. Rather, LPBV uses curriculum developed by our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLP). Our CAT and LLPs develop curriculum directly from the New York State Learning Standards that ensures students master a core set of basic academic skills before they can master higher-level, abstract material. Our Curriculum Assessment Team (CAT) and Lead Lesson Planners (LLPs) pay particularly close attention to the topics, sequence, and performance standards outlined in the New York State standards. This ensures that students are mastering the same material as their peers throughout New York State. At the same time, both teams adapt the subject topics and performance standards according to their professional expertise and from data-driven feedback from our teachers. CAT and our LLPs create a comprehensive curriculum for their subject, saved on our network's share drive, with a year-long scope and sequence, individual unit plans, daily lesson plans, and assessment materials. LPBV teachers will then save their lessons to our school's shared drive with any edits they have adapted for their classroom. Not only does this provide the school with a record of individual course instruction but this also serves as a valuable curricular planning resource for returning and future teachers.

Assess Early and Often to Drive the Instructional Program. The most effective schools use assessment to diagnose student needs, measure instructional impact, and build a culture of continuous reflection and improvement. In addition to the New York State Mathematics, English Language Arts, Science, and Social Studies exams, LPBV administered three internally-aligned Interim Assessments (four in Math) and one Final Exam in Math, English Language Arts, Science and History. These tests assessed ongoing student mastery of Math, Reading/Writing, Science and History skills and standards throughout the year and provided immediate data on individual student and class growth. LPBV teachers, with the support of the Principal, used this data to identify standards mastered and standards in need of re-teaching so that lesson plans could be continuously adjusted. LPBV also utilized the information to target content- and skills-driven tutoring and small-group instruction.

Our CAT team this year also began the use of weekly data collection through small assessments in both ELA and math. The data from these assessments was used by CAT and our LLPs to address gaps in content or skill that they could see trend across our Brooklyn Schools.

Make More Time. In order to provide students with a comprehensive, college preparatory education, Leadership Prep Brownsville has an extended school day and school year. For most students, the regular school day began at 7:10 AM and ends at 4:00 PM. With 45-60 minutes periods four days a week and 45-55 minutes periods on Fridays to allow for significant staff meetings and professional development time, all students at Leadership Prep Brownsville received the following weekly:

- 7 periods of Mathematics
- 10 periods of English Language Arts (Reading and Writing)
- 5 periods of Independent Reading
- 5 periods of Social Studies
- 5 periods of Science
- 4 periods of Athletics
- 4 periods of Dance (5th-8th grade)
- 4 periods of Performing Arts (K-4th Grade)
- 4 periods of Music (K-4th Grade)

Leadership Prep Brownsville students extended their learning beyond the school day completing, on average, one-and-a-half to two hours of homework every night.

Emphasis on College. For too many at-risk students, college only exists in the abstract. For Leadership Prep Brownsville students, freshman year of college will be a natural extension of their educational experience at LPBV.

Leadership Prep Brownsville students began talking about college on the first day of school as their advisories are named after the alma maters of their teachers. Through informal conversations in advisory and in classes, students learned about the college application process, financial aid, dorm-life, selecting a major, and other important aspects of college survival.

LPBV's school culture is based on its Core Values, which differ at both schools. In our Elementary Academy, LPBV's school culture is based on its nine core values of Optimism, Tenacity, Honesty, Respect, Justice, Love, Hope, Confidence, and Teamwork. In our Middle Academy, the culture is based on the five core CHARGE values of Courage, Hope, Appreciation, Respect, Grit, and Engagement. Leadership Prep Brownsville students are expected to consistently demonstrate these values wherever they find themselves and are rewarded with merits when they model these values well or go above and beyond. Students earning merits receive the opportunity to represent the school on merit trips and trade their merits at Merit Auctions for tangible rewards. Every other month, by participating in merit-earned trips either with a group of the top merit earners or one-on-one/two-on-one with staff members, merit winners develop the more abstract skills necessary for true college preparation (trying new activities, demonstrating leadership and professionalism, and participating in community service).

Provide Structure and Order. Students need a safe and orderly environment to be productive. In 2018-19, LPBV created a calm, composed, and disciplined environment to maximize the amount of time on-task. Strategies included:

- Strictly enforced school dress code;
- Merit system that defined clear expectations and immediate responses to positive behavior;
- Demerit and detention system that defined clear expectations and immediate responses to negative or inappropriate behavior
- Rubric system that provided immediate feedback to classes at the end of each class each day.

Insist on Family Involvement. LPBV's educational program is structured so that families must be involved in their child's academic pursuits. In 2018-19, LPBV families:

- picked up their child's report card in person at the school three times;
- met with teachers and staff on multiple occasions to formally and informally discuss their child's academic and behavioral performance;

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

- maintained an open line of communication with their child's teachers through in-person meetings, weekly dashboards, semi-monthly progress reports, advisory calls and emails;
- were notified at home or at work each day if their child earned a detention;
- were asked to offer input on the school on mid-year and year-end surveys, grading the school;
- were offered the opportunity to participate in a potluck and watch their children perform in their chosen Enrichment activity at three public performances during the course of the year
- were invited to multiple social events with scholars, teachers and families focused on strengthening the involvement of parents in the school community

School Enrollment by Grade Level and School Year

School Enrollment by Grade Level and School Year:

School Year	K	1	2	3	4	5	6	7	8	9	10	11	12	Total

2018-19	90	90	90	90	90	77	91	89	82					789

GOAL 1: ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

ALL UNCOMMON NEW YORK CITY STUDENTS WILL BE PROFICIENT READERS AND WRITERS OF THE ENGLISH LANGUAGE.

Background

The Leadership Prep Brownsville English Language Arts curriculum reflects our understanding that literacy is the foundation upon which all future knowledge is built. We provide our scholars with 160 minutes of reading instruction each day. Our reading program overcomes our scholars' early literacy deficits by aggressively accelerating them through a coherent set of curricula that addresses five components of early literacy: phonemic awareness, phonics, vocabulary, fluency, and comprehension. The foundation of our reading curriculum lies in four complementary, research-based programs – Direct Instruction (Reading Mastery); Computer Reading Program; reading comprehension instruction based on the lesson plans of other Uncommon Schools teachers; guided reading instruction based on the STEP assessment, and explicit vocabulary instruction through Text Talk (designed by noted vocabulary expert Isabel Beck). We incorporate these five components of early literacy to provide a rigorous reading education.

All Leadership Prep Brownsville scholars start the day with a 25-minute Read Aloud, where they sit on the rug, listen to their teacher read to them from a text taken from the Text Talk Program or a teacher-selected text, and answer questions that increase their reading comprehension skills and vocabulary base. Teachers select texts which allow them to teach particular comprehension concepts that are being taught during Reading Comprehension. The Reading Mastery program, which Elementary Academy teachers use as the curriculum for one of the daily 45-minute reading blocks, has an extremely strong research base. It is particularly effective in building the core decoding and fluency skills of students; moreover, the program is designed in a very linear, sequential manner. Students are not allowed to move on until they show mastery of the reading material. The Leadership Prep Brownsville program gives scholars five 45-minute Reading Mastery lessons a week in order to rapidly accelerate them to mastery.

Scholars spend three 45-minute blocks each week doing Reading Comprehension. During this time, scholars delve into authentic literature and practice independent reading strategies. Scholars spend two 45-minute blocks each week doing Guided Reading using the STEP assessment. During this time, teachers use the assessment data as tools that are organized into a developmentally sequenced set of tasks that can help them understand the developmental status of individual students and a class of students at any given point. They also help teachers analyze students' progress over time. Scholars spend their third 45-minute reading block each day of the week on the classroom computers using the computer Reading Program, which provides engaging individualized early literacy instruction that reinforces both phonics and comprehension skills.

Because we have two teachers in each classroom, all Leadership Prep Brownsville scholars are able to rotate through the above-mentioned three 45-minute reading blocks each day in groups of 10-12 scholars, following the below schedule. Between each reading group, scholars engage in a fun and

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

energizing transition routine (e.g. singing the “Look at how I move! Dance to get from the desks to the rug”).

In the Middle Academy, students receive 60 minutes of reading and writing instruction daily, independent reading each morning of the week, as well as a robust library with word incentives, including special sweaters for students who reach up to 1,000,000 words. During independent reading, students can read an independent reading book on their level. Their levels are determined by the STAR Reading Assessment 3 times a year. The mobile school library carried books ranging across all grade levels to support scholars’ growth and knowledge. Scholars were given point goals every month to aid in increasing reading levels.

Leadership Prep Brownsville administers several different assessments throughout the year for various grade levels. Commercial assessments include the STEP Program (see “Summary of ELA Goal” section). School-created assessments include: bimonthly writing compositions and quarterly Interim Assessments. A full-time Learning Support Coordinator helps the Principal develop and lead extensive and intensive professional development to ensure that Leadership Prep Brownsville’s English Language Arts Goals are met.

Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English Language Arts examination for grades 3-8.

METHOD

The school administered the New York State Testing Program English Language Arts (“ELA”) assessment to students in 3rd through 8th grade in April 2019. Each student’s raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year’s test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year).

2018 19 State English Language Arts Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ¹				Total Enrolled
		IEP	ELL	Absent	Refused	
3	86	0	0	1	1	88
4	86	1	0	1	0	88
5	73	0	0	0	0	73
6	86	0	0	0	0	86
7	83	0	0	0	0	83
8	75	0	0	0	1	76

¹ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

All	489	1	0	2	2	494
-----	-----	---	---	---	---	-----

RESULTS AND EVALUATION

This is the eighth year that Leadership Prep Brownsville has administered the NYS ELA assessment. The school fell short of the measure by 30% despite 8th grade reaching the benchmark. It is still the school's goal to see that at least 75% of tested students perform at proficiency on the New York State English Language Arts examination after their second year. We are encouraged by the results in 8th grade and the increase in proficiency percentage in all grade levels, after students progress past their first year at Leadership Prep Brownsville. We look forward to implementing a higher level of rigor in our English Language Arts instruction going forward to better prepare our students to meet this bar.

We believe that the steps we continue to take will help to increase student performance on the exam in the coming year.

- We are continuing to prioritize our teacher professional development with a renewed focus on differentiation to meet individualized teacher needs. This includes strengthening our curriculum and lesson plan alignment, providing real-time (in the moment) feedback, developing individual performance goals and implementing measures for accountability. These outlined areas of focus will enable our teachers to further drive student achievement and provide our students with the knowledge and skills to demonstrate proficiency on the examinations.
- Our school is focusing on driving the rigor in each classroom, and particularly in our reading and writing classes. Driving rigor in classrooms includes maintaining fidelity to our meticulously developed lesson plans, prioritizing time for student independent practice, and ensuring that teachers are collecting and responding to data throughout their instruction. By providing students with increased opportunities to practice and demonstrate new knowledge and skills, our school will prepare them for higher achievement more broadly.
- Our school hosts weekly subject data meetings to dive deeply into student performance on lesson standards. This focus enables teachers to adjust lessons as needed in response to student data.

Performance on 2018 19 State English Language Arts Exam By All Students and Students Enrolled in At Least Their Second Year

Grades	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	58%	86	68%	74
4	53%	86	61%	75
5	25%	73	37%	49
6	48%	86	62%	66
7	41%	83	51%	67
8	60%	75	65%	69
All	54%	489	57%	400

ADDITIONAL EVIDENCE

We have seen growth in 6th and 8th grade. The school's goal remains to see that at least 75% of students reach proficiency on the NYS ELA exam, and we are looking forward to implementing a higher level of rigor and supplemental instructional supports in our English Language Arts classes and overall school day to better prepare our students to meet and exceed this bar. Leadership Prep Brownsville's overall percentage of proficiency achieved increased by 2 percentage points in 6th grade and 11 percentage points in 8th grade.

While we are disappointed that we did not meet our goal this year, in comparison to the district, LPBV's results were promising. In all grades, our students outperformed the district, with grades 3rd, 4th, 6th, 7th, and 8th having proficiency rates that were 10 to 40 percentage points higher than their peers. Our 3rd, 4th, 6th, 7th and 8th grade students outperformed our district by 26, 27, 23, 20, and 25 percentage points respectively.

ELA Performance by Grade Level and Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2016-17		2017-18		2018-19	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3	64%	77	67%	69	68%	74
4	59%	80	67%	66	61%	75
5	36%	52	49%	51	37%	49
6	58%	67	57%	56	62%	66
7	46%	74	49%	67	51%	67
8	61%	66	63%	52	65%	69
All	54%	416	59%	361	57%	400

Goal 1: Absolute Measure

Each year, the school's aggregate Performance Index ("PI") on the State English Language Arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the English Language Arts test have scored at the partially proficient, proficient and advanced performance levels (Levels 2 or 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2018-19 English Language Arts MIP

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

for all students of 105. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

RESULTS AND EVALUATION

In 2018-2019, Leadership Prep Brownsville tested students had a PI value of **127.1**. The MIP for 2018 and 2019 for NY State has not yet been released at the time of this report. Based on the Accountability Identification Report data shared by NY State for 2017-18, our school met Higher MIP and State Long Term Goal for ELA.

English Language Arts 2018 19 Performance Index

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
489	14%	31%	37%	17%

$$(152) + (181 \times 2) + (83 \times 2.5) / (68 + 152 + 181 + 83) \times 100 = 127.1$$

Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English Language Arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.²

RESULTS AND EVALUATION

In 2018-2019, Leadership Prep Brownsville's tested students in at least their second year outperformed all tested students in the same grades in Community District 23 on the English Language Arts exam. The school had 54% of students perform at proficiency compared to the district's 29%. This data further supports that the longer students are enrolled at School Name, the more prepared they are for college. This demonstrates that when students are enrolled at Leadership Prep Brownsville, the more prepared they are for rigorous curriculum and to succeed in college.

- In 3rd grade, 58% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 32% of District 23 3rd graders.
- In 4th grade, 53% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 26% of District 23 4th graders.

² Schools can acquire these data when the New York State Education Department releases its database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

- In 6th grade, 48% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 25% of District 23 6th graders.
- In 7th grade, 41% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 21% of District 23 7th graders.
- In 8th grade, 60% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 35% of District 23 8th graders.

Leadership Prep Brownsville students outperformed their peers in District 23 in ELA in all testing grades, by a margin of 25 percentage points. We are meeting our goal of outperforming our district peer schools, but also continuing our strive to meet our absolute goal of 75% proficiency across all grades.

2018 19 State English Language Arts Exam
Charter School and District Performance by Grade Level

Grade	Percent of Students at or Above Proficiency			
	Charter School Students In At Least 2 nd Year		All District Students	
	Percent	Number Tested	Percent	Number Tested

7	51%	67	21%	787
8	65%	69	35%	783
All	57%	400	29%	4400

ADDITIONAL EVIDENCE

Over the past three years, the school has outperformed the community district overall and across almost every grade on the English Language Arts exam. In 2016-2017, 53% of Leadership Prep Brownsville students in at least their second year scored proficient compared with 21% in Community District 23. By the same metric in 2017-2018, there were 59% of Leadership Prep Brownsville students and 26% of community district students scoring proficient. Finally, in 2018-2019, there were 54% of Leadership Prep Brownsville students and 29% of community district students scoring proficient.

English Language Arts Performance of Charter School and Local District
by Grade Level and School Year

All	53%	21%	59%	26%	57%	29%

Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English Language Arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The SUNY Charter Schools Institute (“Institute”) conducts a comparative performance analysis, which compares the school’s performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school’s actual performance to the predicted performance of public schools with a similar concentration of economically disadvantaged students. The difference between the school’s actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the requirement for achieving this measure.

Given the timing of the state’s release of economically disadvantaged data and the demands of the data analysis, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Comparative Performance Analysis available.

RESULTS AND EVALUATION

The table below shows that the school’s overall comparative performance is higher than expected overall. Once again, Leadership Prep Brownsville met this measure with a significant positive effect size in all grades. In 2017-2018, the aggregate effect size for Leadership Prep Brownsville was 1.47. In 2018-2019, Leadership Prep Brownsville’s student achievement remains at a high level, resulting in an overall effect size of 1.32. We are continually pushing our student growth and are excited to see the magnitude of the work we are seeing each year.

2017 18 English Language Arts Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3	90.8	85	62.4	37.7	24.6	1.38
4	92.0	89	61.8	34.8	27.0	1.48
5	91.9	82	45.1	23.6	21.5	1.51
6	84.6	85	55.3	37.1	18.2	1.00

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

7	91.0	81	43.2	26.2	17.0	1.11
8	89.7	74	62.2	36.2	25.9	1.45
All	90.0	496	55.0	32.7	22.4	1.32

School's Overall Comparative Performance:
Higher than expected to large degree

ADDITIONAL EVIDENCE

As the school continues to strengthen its English language program, the effect size is anticipated to increase. With an effect size of 1.32, Leadership Prep Brownsville met the measure for the 2017-2018 school year. With effect sizes of 1.00 in 6th grade to 1.45 in 8th grade, our school exceeded the 0.3 effect size benchmark.

English Language Arts Comparative Performance by School Year

School Year	Grades	Percent Economically Disadvantaged	Number Tested	Actual	Predicted	Effect Size
2015-16	K-7	86.6	390	58.5	24.1	1.44
2016-17	K-8	88.6	420	49.6	26.0	1.46
2017-18	K-8	90.0	489	55.0	32.7	1.32

Goal 1: Growth Measure³

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English Language Arts for all tested students in grades 4-8 will be above the target of 50.

METHOD

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and also have a state exam score from 2016-17 including students who were retained in the same grade. Students with the same 2016-17 score are ranked by their 2017-18 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the target for this measure, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Growth Model data available.⁴

³ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

⁴ Schools can acquire these data from the NYSED's Business Portal: portal.nysed.gov.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

RESULTS AND EVALUATION

The school's overall Mean Growth Percentile was 50.3, which is greater than 50. This measure was met when averaged across all grades within the school. Specifically grades 4th and 6th, individually met the benchmark.

2017 18 English Language Arts Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Target
4	56.4	50.0
5	46.9	50.0
6	51.4	50.0
7	47.7	50.0
8	48.2	50.0
All	50.3	50.0

ADDITIONAL EVIDENCE

In 2016-2017, we did meet this measure, and we continued to spend time examining and analyzing teacher practice and support during the 2017-2018 school year to ensure that we would meet this benchmark again. This included better guided reading instruction and building a more cohesive English Language Arts curriculum. We are very excited to see that those efforts paid off and will continue working towards meeting this goal across all grades.

English Language Arts Mean Growth Percentile by Grade Level and School Year

Grade	Mean Growth Percentile			
	2015-16	2016-17	2017-18	Target
4	49.6	52.0	56.4	50.0
5	46.6	41.1	46.9	50.0
6	68.1	65.1	51.4	50.0
7	57.3	49.4	47.7	50.0
8	0	47.0	48.2	50.0
All	56.2	51.4	50.3	50.0

SUMMARY OF THE ENGLISH LANGUAGE ARTS GOAL

In its eighth year of state testing, Leadership Prep Brownsville did not achieve the goal of having 75% of all tested students who are enrolled in at least their second-year score proficient. However, Leadership Prep Brownsville achieved the comparative and growth goals. Additionally, Leadership

Prep Brownsville, as a whole, outperformed its district peers by 25 percentage points. The school had an effect size of 1.32, exceeding the goal of exceeding the predicted level of performance by an effect size of 0.3. Finally, Leadership Prep Brownsville exceeded the aggregate statewide growth percentile.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English Language Arts exam for grades 3-8.	Did not Achieve
Absolute	Each year, the school's aggregate PI on the state's English Language Arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	Achieved
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English Language Arts exam will be greater than that of students in the same tested grades in the school district of comparison.	Achieved
Comparative	Each year, the school will exceed its predicted level of performance on the state English Language Arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2017-18 results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English Language Arts for all tested students in grades 4-8 will be above the target of 50. (Using 2017-18 results.)	Achieved

ACTION PLAN

Literacy is the foundation on which all other learning rests, and accordingly, English Language Arts (ELA) instruction lies at the core of Leadership Prep Brownsville's curriculum. Leadership Prep Brownsville has met or come close to or meeting most of its ELA accountability goals over this past year, has demonstrated progress towards all remaining goals, and is continuously improving upon its literacy instruction. Leadership Prep Brownsville realizes that, similar to most urban public schools, this is still an area for growth.

Based on historical accountability progress performance, Leadership Prep Brownsville urgently made adjustments to improve outcomes for students since last year. This year we intend to strengthen skills as well as systems for responding to data. Our Dean of Curriculum and Instruction will hold weekly practice groups with their newest teachers to give feedback and improve instruction provided to students, Instructional Leaders will review teacher lesson plans weekly and provided feedback before implementation, and leaders will increase the amount of real time feedback given to teachers during the school day. Additionally, our instructional leadership along with the Uncommon Curriculum and Development team will lead professional development sessions in addition to Weekly Data Meetings and Creating Response to Data Lessons. As a result, we intend to see an increase in student performance on the NYS ELA exam for this coming year and make more progress toward our absolute, growth and comparative ELA accountability goals and measures for school year 2019-2020.

GOAL 2: MATHEMATICS

Goal 2: Mathematics

STUDENTS WILL DEMONSTRATE COMPETENCY IN THE UNDERSTANDING AND APPLICATION OF MATHEMATICAL COMPUTATION AND PROBLEM SOLVING.

BACKGROUND

We believe our students should be able to compute numbers quickly and accurately, apply appropriate math procedures in single- and multi-step problems, and speak and write fluently and clearly about math problem solving and procedures, using accurate mathematical vocabulary. For this reason, our students 50-90 minutes of math per day, during which students review concepts for procedural fluency, explore conceptual understanding of old and new content through guided instruction and partner work, and engage in rigorous problem solving requiring the application of skills and the extension of learned content. Basically, we double the time dedicated to math instruction each day to ensure that students can compute and problem solve.

Leadership Prep Brownsville uses data from the following assessments to ensure student proficiency in Mathematics:

- Criterion-referenced New York State exams in Mathematics
- Internally developed Interim Assessments in Mathematics
- Internally developed Final Examination in Mathematics

Leadership Prep Brownsville administered 5 internally developed and aligned Interim Assessments, including a Final Exam in Math during the 2018-19 school year. These assessments were created to reflect the school's scope and sequence in Math, and to mirror the style and scope of the New York State Math exams. The assessments focused primarily on the most recently covered standards, with a smaller focus on cumulative skills and standards covered in previous units.

After the tests were administered, teachers graded each exam and entered individual performance data into a shared template for detailed test analysis. With the individual student, whole class, and whole grade data, teachers analyzed the data and developed strategic plans to re-teach specific standards to individuals, small groups, and classes. Leadership Prep Brownsville also utilized the information to target content- and skills-driven tutoring throughout the day in school from January to May.

Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State Mathematics examination for grades 3-8.

METHOD

The school administered the New York State Testing Program Mathematics assessment to students in 3rd through 8th grade in April 2019. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

2018 19 State Mathematics Exam
Number of Students Tested and Not Tested

Grade	Total Tested	Not Tested ⁵				Total Enrolled
		IEP	ELL	Absent	Refused	
3	86	0	0	1	1	88
4	87	0	0	0	0	87
5	73	0	0	0	0	73
6	86	0	0	0	0	86
7	83	0	0	0	0	83
8	0	0	0	0	0	76
All	415	0	0	1	1	493

RESULTS AND EVALUATION

On the 2018-19 NYS Math exam, 75% of students in their second year at Leadership Prep Brownsville scored advanced or proficient. When looking at all students, including those that have been at Leadership Prep Brownsville for less than 2 years, only 71% of students scored advanced or proficient.

While we keep making progress, in the 8th year of the administration of the New York State Mathematics examination, the school did not meet its measure of at least 75% of students reaching proficiency on the State exam. In evaluating our scholars' results, we are strengthening our math curriculum and teacher development to help bring all our scholars, not just those in at least their second year, closer to meeting the 75% goal of proficiency. We are looking forward to implementing a higher level of rigor in our Math classes going forward to better prepare our students to meet this bar.

Performance on 2018 19 State Mathematics Exam
By All Students and Students Enrolled in At Least Their Second Year

Grades	All Students		Enrolled in at least their Second Year	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested
3	77%	86	78%	74
4	76%	87	76%	75
5	56%	73	59%	49
6	79%	86	83%	65
7	65%	83	73%	60

⁵ Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

8	N/A	0	N/A	0
All	71%	415	75%	331

ADDITIONAL EVIDENCE

The school's goal remains to see that at least 75% of students reach proficiency on the NYS Math exam, and we are looking forward to implementing a higher level of rigor and complementary instructional supports in our Math classes and overall school day to better prepare our students to meet and exceed this bar.

Performance on a Regents Mathematics Exam Of 8th Grade All Students by Year

Grade	Year	Regents Exam	Percent Passing with a 65	Number Tested
8	2016-17	Algebra 1	76.4	72
8	2017-18	Algebra 1	86.5	74
8	2018-19	Algebra 1	90.6	75

The chart above represents the percentage of Leadership Prep Brownsville's 8th grade cohort who passed the Algebra 1 regents with a score of 65. From our 2018-2019 8th grade cohort, 90.6% scored 65 or higher on the Algebra 1 Regents exam. Based on this data, we are confident that they are developing a strong foundation preparing them for College.

Mathematics Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2016-17		2017-18		2018-19	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3	62%	76	84%	58	78%	74
4	64%	79	76%	50	76%	75
5	48%	52	53%	27	59%	49
6	64%	67	71%	40	83%	65
7	62%	73	73%	49	73%	60
8	N/A	0	N/A	0	N/A	0
All	60%	347	71%	224	75%	331

Goal 2: Absolute Measure

Each year, the school's aggregate Performance Index ("PI") on the state Mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

METHOD

In New York State, ESSA school performance goals are met by showing that an absolute proportion of a school's students who have taken the Mathematics test have scored at the partially proficient or proficient and advanced performance levels (Level 2 or Levels 3 & 4). The percentage of students at each of these three levels is used to calculate a PI and determine if the school has met the MIP set each year by the state's ESSA accountability system. To achieve this measure, all tested students must have a PI value that equals or exceeds the state's 2018-19 Mathematics MIP for all students of 107. The PI is the sum of the percent of students in all tested grades combined scoring at Level 2, plus two times the percent of students scoring at Level 3, plus two-and-a-half times the percent of students scoring at Level 4. Thus, the highest possible PI is 250.

RESULTS AND EVALUATION

Leadership Prep Brownsville achieved a Performance Level Index of 139.5. The 2019 MIP for NY State has not yet been released at the time of this report. Therefore, Leadership Prep Brownsville cannot report if this measure was achieved.

Mathematics 2017 18 Performance Level Index (PI)

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
415	10	19	38	33

$$(79)+(158 \times 2)+(137 \times 2.5)/(42+79+158+137) \times 100=139.5$$

Goal 2: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state Mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

A school compares the performance of tested students enrolled in at least their second year to that of all tested students in the public school district of comparison. Comparisons are between the

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.⁶

RESULTS AND EVALUATION

Leadership Prep Brownsville's percentage of students scoring proficient on the NYS Mathematics exam exceeded the percentage of students in Community School District 23, by scoring proficient or advanced on the Mathematics exam in the same grades and outperforming by a margin of 16 percentage points.

Leadership Prep Brownsville met its comparative measure with its overall percentage of students scoring proficient exceeding the percentage of students in CSD 23 scoring proficient or advanced on the 2019 NYS Math Exam. In all grades, 75% of students in their second year at Leadership Prep Brownsville scored proficient or advanced. While Leadership Prep Brownsville is still not satisfied with this performance and hopes to get all students to proficiency as quickly as possible, the school is glad to offer students a viable alternative to reaching math proficiency.

- In 3rd grade, 78% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 28% of District 23 3rd graders.
- In 4th grade, 76% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 24% of District 23 4th graders.
- In 5th grade, 59% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 22% of District 23 5th graders.
- In 6th grade, 83% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 24% of District 23 6th graders.
- In 7th grade, 73% of LPBV students in at least their 2nd year scored Proficient or Advanced compared to 24% of District 23 7th graders.

Leadership Prep Brownsville students outperformed their peers in District 23 in ELA in all six testing grades, by a margin of 51 percentage points. We are meeting our goal of outperforming our district peer schools, but also continuing our strive to meet our absolute goal of 75% proficiency across all grades.

2018 19 State MathematicExam
Charter School and District Performance by Grade Level

Percent of Students at or Above Proficiency				
Grade	Charter School Students In At Least 2 nd Year		All District Students

All	61%	15%	71%	18%	40%	24%

Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state Mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

METHOD

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar concentration of economically disadvantaged students. The difference between the school's actual and predicted performance,

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Comparative Performance Analysis available.

RESULTS AND EVALUATION

The table below shows that the school's overall comparative performance is higher than expected overall. Once again, Leadership Prep Brownsville met this measure with a significant positive effect size in all grades. In 2017-2018, the aggregate effect size for Leadership Prep Brownsville was 1.96. Leadership Prep Brownsville's student achievement increases the longer students are enrolled at the school, the effect size jumped from last year's overall effect size of 1.77, to this year's current effect size of 1.96. We are continually pushing our student growth and are excited to see the magnitude of our work each year.

2017 18 Mathematics Comparative Performance by Grade Level

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3	90.8	84	84.5	40.6	43.9	2.13
4	92.0	89	77.5	33.1	44.5	2.23
5	91.9	81	46.9	27.3	19.6	1.14
6	84.6	85	64.7	30.6	34.1	1.70
7	91.0	79	72.2	23.6	48.6	2.62
8						
All	90.1	418	69.4	31.1	38.2	1.96

School's Overall Comparative Performance:

Higher than expected to large degree

ADDITIONAL EVIDENCE

Across 2015-2016, 2016-2017 and 2017-2018, Leadership Prep Brownsville is encouraged by the significant increase in aggregate effect sizes. Over the past several years, Leadership Prep Brownsville has exceeded its predicted performance on the NYS Math exams. This demonstrates that the school is moving in a positive direction with Math instruction. It also shows that as students spend more time with our school, their performance improves and moves further away from predicted performance based on income.

Mathematics Comparative Performance by School Year

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

School Year	Grades	Percent Economically Disadvantaged	Number Tested	Actual	Predicted	Effect Size
2015-16	K-7	86.7	390	58.7	25.8	1.62
2016-17	K-8	88.7	420	58.8	25.8	1.77
2017-18	K-8	90.1	415	69.4	31.1	1.96

Goal 2: Growth Measure⁷

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in Mathematics for all tested students in grades 4-8 will be above the target of 50.

METHOD

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2017-18 and also have a state exam score in 2016-17 including students who were retained in the same grade. Students with the same 2016-17 scores are ranked by their 2017-18 scores and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to meet the measure, the school would have to achieve a mean growth percentile above the target of 50.

Given the timing of the state's release of Growth Model data, the 2018-19 analysis is not yet available. This report contains 2017-18 results, the most recent Growth Model data available.⁸

RESULTS AND EVALUATION

The school's overall Mean Growth Percentile was 59.6, which is greater than 50. This measure was met when averaged across all grades within the school. Specifically grades 4th, 6th, and 8th individually met the benchmark.

2017 18 Mathematics Mean Growth Percentile by Grade Level

Grade	Mean Growth Percentile	
	School	Target
4	63.7	50.0
5	39.5	50.0
6	65.3	50.0
7	67.3	50.0
8	N/A	50.0
All	59.6	50.0

⁷ See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

⁸ Schools can acquire these data from the NYSED's business portal: portal.nysed.gov.

ADDITIONAL EVIDENCE

In 2016-2017, we did not meet this measure, and we spent time examining and analyzing teacher practice and support during the 2017-2018 school year to ensure that we would meet this benchmark. This included building a more cohesive Math curriculum. We are very excited to see that those efforts paid off and will continue working towards meeting this goal across all grades.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

Mathematics Mean Growth Percentile by Grade Level and School Year

Mean Growth Percentile				
Grade	2015-16	2016-17	2017-18	Target

5	54.1	35.9	39.5	50.0
6	73.8	63.5	65.3	50.0
7		65.1	67.3	50.0
8				50.0
All	60.8	49.8	59.6	50.0

SUMMARY OF THE MATHEMATICS GOAL

In its eighth year of state testing, Leadership Prep Brownsville did not achieve the goal of having 75% of all tested students who are enrolled in at least their second-year score proficient. However, Leadership Prep Brownsville achieved the comparative and growth goals. Additionally, Leadership Prep Brownsville, as a whole, outperformed its district peers by 16 percentage points. The school had an effect size of 1.96, exceeding the goal of exceeding the predicted level of performance by an effect size of 0.3. Finally, Leadership Prep Brownsville exceeded the aggregate statewide growth percentile.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8.	Achieved
Absolute	Each year, the school's aggregate PI on the state's Mathematics exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	Not Available
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state Mathematics exam will be greater than that of students in the same tested grades in the school district of comparison.	Achieved
Comparative	Each year, the school will exceed its predicted level of performance on the state Mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2017-18 results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in Mathematics for all tested students in grades 4-8 will be above the target of 50. (Using the 2017-18 results.)	Achieved

ACTION PLAN

Leadership Prep Brownsville has met or come close to meeting most of its math accountability goals for school year 2018-2019 and has demonstrated progress towards remaining goals.

Over the course of the past school year Uncommon Schools has made continuous changes to its program in order to ensure that its curriculum, schedule, and instruction best support student learning in math. Changes include: switching from Saxon math to a Math Investigations-based curriculum to better align to NYS Learning Standards rooted in conceptual math; revising math lessons so that student activities more closely align to the objective; revising scope and sequences to ensure that math meetings in grades K-3 and fact practices in grades 5-7 are focused solely on reviewing difficult-to-master material throughout the school year; revising quarterly Interim Assessments to ensure that each NYS Learning Standard is taught, assessed and ultimately mastered; and, finally, prioritizing differentiated teacher development.

As mentioned before, we continue to strive for our students to get individualized feedback in both Math and ELA. We know with real-time feedback and continued independent practice, students will be able to refine their skills in both Math and ELA. As a network, we will continue to implement a small group instruction into the day for four months starting in January and ending in May. There, students and staff emphasize the importance of preparation and practice with alternating blocks of ELA & Math Monday – Thursday, giving real-time feedback to students on their work throughout the block. Our Curriculum Assessment Team collect this data and work with our principals and Assistant Superintendents to implement data-driven worksheets based on where our students needed the most practice.

GOAL 3: SCIENCE

Goal 3: Science

STUDENTS WILL DEMONSTRATE PROFICIENCY IN THE UNDERSTANDING AND APPLICATION OF SCIENTIFIC PRINCIPLES.

BACKGROUND

Leadership Prep Brownsville's Science curriculum is aligned to the NY State standards and includes the use of both authentic text such as articles, or passages from non-fiction texts, and the use of textbooks in class to ensure that students are reading to learn new material presented.

The science curriculum is created within the Uncommon Schools Network. Lesson plans associated multi-media resource materials and assessments are aligned to NYS standards. The curricula are designed with minute-by-minute plans for teachers to execute in their classrooms. The plans include a variety of activities: hands-on experiments, reading and responding to complex non-fiction texts, classroom discussion and debate of key issues, vocabulary instruction, and student presentations.

Goal 3: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

METHOD

The school administered the New York State Testing Program science assessment to students in 4th in spring 2019. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year to score at proficiency.

RESULTS AND EVALUATION

For our 4th grade, 79% in at least their second year at Leadership Prep Brownsville achieved proficiency on the State Science Exam. In 8th grade, students took the Living Environment Regents instead of the New York State Science exam. For 4th grade, the goal was met.

Charter School Performance on 2018 19 State Science Exam
By All Students and Students Enrolled in At Least Their Second Year

Percent of Students at Proficiency of Students in At Least 2 nd Year		
Grade	Percent Proficient	Number Tested
4	79%	74
8	N/A	N/A
All	79%	74

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

ADDITIONAL EVIDENCE

For 8th grade, 76% of students scored proficient on the high school level (Regents) science exam, which shows that we are preparing our students for science in high school. For both 4th and 8th grade, the goal was met.

Performance on a Regents Science Exam
Of 8th Grade All Students by Year

Grade	Year	Regents Exam	Percent Passing with a 65	Number Tested
8	2016-17	Living Environments	61%	75
8	2017-18	Living Environments	45%	74
8	2018-19	Living Environments	76%	75

In 8th grade, students took the Living Environment Regents instead of the New York State Science exam and 76% scored proficient. For 8th grade, the goal was met.

Science Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year at Proficiency					
	2016-17		2017-18		2018-19	
	Percent Proficient	Number Tested	Percent Proficient	Number Tested	Percent Proficient	Number Tested
4	82%	77	82%	72	79%	76
8	N/A	N/A	N/A	N/A	N/A	N/A
All	82%	77	82%	72	79%	76

Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

METHOD

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the school district of comparison. Given the timing of the state's release of district science data, the 2018-19 comparative data may not yet be available. If not, schools should report comparison to the district's 2017-18 data.

2018 19 ACCOUNTABILITY PLAN PROGRESS REPORT

RESULTS AND EVALUATION

The district comparative data was not available for the 2018-2019 State Science Exam or Living Environment Regents Exam while completing this report, so we are using 2017-18 data for comparison purposes. Leadership Prep Brownsville had 79% of students score as proficient or advanced compared to 44% of Community School District #23.

2018 19 State Science Exam
Charter School and District Performance by Grade Level

	Charter School	District	Charter School	District	Charter School	District
4	82%	72%	82%	44%	79%	
8	N/A	30%	N/A	27%	N/A	

SUMMARY OF THE SCIENCE GOAL

The absolute measure was achieved, and the comparative data was achieved when comparing the 2018-2019 Leadership Prep Brownsville data to the 2017-2018 District data.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State examination.	Achieved
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the school district of comparison.	Achieved

⁹ This table uses the prior year's results as 2018-19 district science scores are not yet available.

ACTION PLAN

In 2019-20, Leadership Prep Brownsville will continue to employ our internally created science programs and extensive hands-on experiments to move students towards competency in the understanding and application of Science.

Leadership Prep Brownsville remains strongly committed to ensuring that our scholars develop the core knowledge that will allow them to become critical thinkers in all areas and will support their development in reading comprehension. We are equally committed to meeting our Accountability Plan goals in Science.

GOAL 4: ESSA

Goal 4: ESSA

The school will remain in good standing under the state's ESSA accountability system.

Goal 4: Absolute Measure

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system.

RESULTS AND EVALUATION

Leadership Prep Brownsville received a "Good Standing" status under ESSA. The school has diligently worked to meet each ESSA requirements and comply with all stated guidelines for testing and we will maintain this going forward.

Accountability Status by Year

Year	Status
2016-17	Good Standing
2017-18	Good Standing
2018-19	Good Standing

Entry 4 Expenditures per Child

Last updated: 07/30/2019

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOLSection Heading

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2018-19 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: *The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:* [Audit Guide](#) available within the portal or on the NYSED website

at: <http://www.p12.nysed.gov/psc/regentsoversightplan/otherdocuments/auditguide2018.pdf>.

Line 1: Total Expenditures	10937828
Line 2: Year End FTE student enrollment	761
Line 3: Divide Line 1 by Line 2	14371

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2018 19 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:
The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:
<http://www.p12.nysed.gov/psc/AuditGuide.html>.
Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	1509928
Line 2: Management and General Cost (Column)	13777756
Line 3: Sum of Line 1 and Line 2	2887684
Line 5: Divide Line 3 by the Year End FTE student enrollment	3794

Thank you.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Uncommon New York City Charter Schools

Report on the Financial Statements

We have audited the accompanying financial statements of Uncommon New York City Charter Schools which comprise the statement of financial position as of June 30, 2019, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Uncommon New York City Charter Schools as of June 30, 2019, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Uncommon New York City Charter Schools' June 30, 2018 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated October 29, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2018 is consistent, in all material respects, with the financial statements from which it has been derived.

The accompanying notes are an integral part of the financial statements.

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Uncommon New York City Charter Schools (the “Charter School”), is an educational corporation operating as a group of charter schools in the borough of Brooklyn, New York City. The Charter School’s mission is to ensure academic success for children in grades K through 12. The Charter School prepares students to excel in demanding high schools and colleges and to contribute to their communities as leaders. Through educational success, students earn opportunities in life for themselves and their communities.

Financial Statement presentation

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. There were no net assets with donor restrictions at June 30, 2019 or 2018.

Net Assets Without Donor Restrictions – The net assets over which the Governing Board has discretionary control to use in carrying on the Charter School’s operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

Revenue and support recognition

Revenue from state and local governments resulting from the Charter School’s charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the Charter School when qualifying expenditures are incurred and billable.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
Cont'd

Contributions

Contributions received are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at financial institutions located in New York and are insured by the Federal Deposits Insurance Corporation up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Investments

Investments are maintained in accordance with the Charter School's Cash Management and Investment Policy. The goals of this policy are the preservation of principal, the maintenance of liquidity, and to obtain a competitive return on investment subject to prevailing market conditions and safe and sound investment practices. The policy was adopted by the Board in March 2019 and currently, as of June 30, 2019, all funds are held in a money market fund. As the policy is put into place, the funds will be separated into the following three portfolios:

- The operating portfolio will be invested in short-term instruments to fund the daily operating needs of the Charter School and fund any capital outlays anticipated in the next 2 months. This portfolio will consist of no less than two months' worth of operating expenses and shall be continuously invested in readily available funds such as money market funds or bank deposits.
- The reserve portfolio, if sufficient funds are available, will be invested in short-term instruments to fund daily operating needs and capital outlays within the next twelve months. Assets within this portfolio will be permitted to have investments maturing in one year or less.
- The strategic portfolio, if sufficient funds are available, will be invested to fund operating needs anticipated over the next three years. This portfolio allows for investments with stated maturities of up to three years from the purchase date. Maturities are to be laddered to ensure flexibility of and access to funds in this portfolio.

Grants and other receivables and accounts receivable

Grants and other receivables and accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2019 or 2018.

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,
Cont'd

Property and equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years.

Cash in escrow

Cash is held by the Charter School as an escrow account in accordance with the terms of their charter agreement. The amount in escrow as of June 30, 2019 and 2018 was \$379,378 and \$376,894, respectively. The escrow account is restricted to fund legal and other costs should the Charter School cease operations and dissolve.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2016 through June 30, 2019 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain income tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the board of trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed.

In-kind Contributions

Gifts and donations other than cash are recorded at fair value at the date of contribution. The Charter School received in-kind contributions of textbooks in the years ended June 30, 2019 and 2018 totaling \$583,932 and \$524,114, respectively. Such in-kind contributions are included in miscellaneous income on the accompanying statement of activities and changes in net assets for both years ended June 30, 2019 and 2018.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Functional allocation of expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

Change in accounting principle

During August 2016 FASB issued Accounting Standards Update No. 2016-14 “*Not-for-Profit Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities*”. The main provisions of ASU 2016-14 require a Not-For-Profit (NFP) to:

- 1) Present on the face of the statement of financial position amounts for two classes of net assets at the end of the period, rather than three classes. That is, an NFP will report amounts for *net assets with donor restrictions* and *net assets without donor restrictions*, as well as the currently required amount for total net assets.
- 2) Present on the face of the statement of activities the amount of the change in each of the two classes of net assets (noted in item 1) rather than that of the required three classes as in prior years. An NFP would continue to report the currently required amount of the change in total net assets for the period.
- 3) Continue to present on the face of the statement of cash flows the net amount for operating cash flows using either the direct or indirect method of reporting but no longer require the presentation or disclosure of the indirect method (reconciliation) if using the direct method.
- 4) Provide enhanced disclosures about:
 - a) Composition of net assets with donor restrictions at the end of the period and how the restrictions affect the use of resources.
 - b) Qualitative information that communicates how a NFP manages its liquid resources available to meet cash needs for general expenditures within one year of the statement of financial position date.
 - c) Quantitative information, and additional qualitative information, that communicates the availability of an NFP’s financial assets at the statement of financial position date to meet cash needs for general expenditures within one year of the statement of financial position date. Availability of a financial asset may be affected by (1) its nature, (2) external limits imposed by donors, grantors, laws, and contracts with others, and (3) internal limits imposed by Board of Trustee decisions.
 - d) Amounts of expenses by both their natural classification and their functional classification. That analysis of expenses is to be provided in one location.
 - e) Method(s) used to allocate costs among program and support functions.

ASU 2016-14 is effective for financial statements beginning after December 15, 2017 and was applied retrospectively except for disclosures regarding liquidity and availability of resources, which are presented only for the current year. There was no effect on total assets or changes in net assets. The Charter School has adopted the amendments effective July 1, 2018.

New accounting pronouncements

Revenue from contracts with customers

In May 2014, the Financial Accounting Standards Board ("FASB") issued a new standard related to revenue recognition. Under the standard, revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services. For nonpublic entities, the guidance in this new standard is effective for annual reporting periods beginning after December 15, 2018, and interim reporting periods within annual reporting periods beginning after December 15, 2019. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the guidance in this new standard is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 21, 2019 which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted, except as noted in Note B.

(With Comparative Totals for 2018)

NOTE B: COMMITMENTS AND RELATED PARTY TRANSACTIONS

Uncommon Schools, Inc. (“USI”), a not-for-profit organization dedicated to helping start and run charter schools, provides management and other administrative support services to the Charter School. The Charter School entered into a five year agreement with USI, dated July 1, 2015, under which the Charter School pays USI a service fee of a set percentage of the average number of students enrolled at the Charter School during the school year multiplied by the approved per pupil operating expenses for the school year, and a percentage of all other public entitlement funding receivable during the fiscal year, excluding in-kind contributions and funds from competitive public grants. This percentage is based on the number of years a given school within the Charter School is in operation, and ranges from 8% to 10%. The fee incurred for the years ended June 30, 2019 and 2018 was approximately \$12,163,300 and \$11,246,900. Included in accounts payable and accrued expenses at June 30, 2019 and 2018 was approximately \$2,168,000 and \$3,134,000, respectively, related to this fee due to USI. At June 30, 2019, the Charter School is owed approximately \$273,000 from USI due to a school location overpaying USI for their service fee. In July 2019, the Charter School entered into a new five-year agreement with USI terminating on June 30, 2024. This new agreement adjusts the service fee calculation to equate to 13.5% of the sum of recurring public revenue less facilities expenses.

USI applied for and was awarded a multi-year grant from the Department of Education for the replication and expansion of high-quality charter schools. USI passed through funding of \$595,503 and \$1,533,527 related to this federal program to the Charter School during the years ended June 30, 2019 and 2018, respectively. Included in accounts receivable at June 30, 2019 and 2018 was approximately \$319,000 and \$590,000, respectively, which represented reimbursable expenditures incurred by the Charter School for which they have yet to receive payment. USI also applied for and was awarded a multi-year grant from a foundation for the growth of high schools and music programs. USI passed through funding of approximately \$1,000,000 related to this grant program during the year ended June 30, 2019 which is included in receivables from USI at June 30, 2019.

In November 2013, a wholly-owned subsidiary of USI was created, Uncommon Crown Heights, LLC (“Crown Heights”), to manage a high school facility shared between an unrelated charter school and the Charter School. All schools located in the shared high school entered into an administrative costs management agreement and advanced Crown Heights funds to operate the location. The Schools will be charged an annual service fee of 0.5% of the combined facility budget by Crown Heights. The Charter School was charged approximately \$4,800 related to this fee for the years ended June 30, 2019 and 2018. Actual expenses are tracked and allocated to each party based on metrics developed by management. Depending on the actual expenses incurred, a prepaid balance or payable could exist at any given time. At June 30, 2019 approximately \$31,400 was included in accounts payable and accrued expenses, related to Crown Heights. There were no amounts included in prepaid expense related to Crown Heights at June 30, 2019. At June 30, 2018 approximately \$240,000 and \$5,000 was included in prepaid expenses and accounts payable and accrued expenses, respectively, related to Crown Heights.

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE C: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service, as well as the conduct of services undertaken to support those activities, to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal year 2019.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2019:

	<u>Amount</u>
Cash	\$ 4,600,097
Investments	52,106,969
Grants and contracts receivables	4,497,976
Accounts receivable	<u>441,543</u>
	61,646,585
Less amounts designated by the Board for the Stability Fund	<u>(7,059,000)</u>
	<u>\$ 54,587,585</u>

NOTE D: SCHOOL FACILITIES

The Charter School is located in various New York City Department of Education ("NYCDOE") facilities. The Charter School occupies approximately 479,500 square feet of space within these facilities. During the years ended June 30, 2019 and 2018 the Charter School did not pay any fee to the NYCDOE for additional after-school and weekend usage. At both June 30, 2019 and 2018, the Board of Trustees has designated \$7,059,000, as a stability fund to meet future needs of the Charter School. In June 2019, the Board approved approximately \$4,200,000 to be paid to NYCDOE on behalf of Excellence Academies Foundation, Inc. in October of 2019, for the extension of a lease to June 2105.

The Charter School's high school occupies space with a related charter school per a verbal agreement with a third party at no charge. At June 30, 2019 and 2018, the Charter School paid certain utility and maintenance services on a square footage basis amounting to approximately \$809,000 and \$760,000, respectively.

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE E: FAIR VALUE MEASUREMENTS

Accounting principles establishes a frame work for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE E: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Charter School's assets at fair value as of June 30, 2019:

<u>June 30, 2019</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Money market funds	<u>\$ 52,106,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 52,106,969</u>
Total assets at fair value	<u>\$ 52,106,969</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 52,106,969</u>

NOTE F: PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	<u>June 30,</u>	
	<u>2019</u>	<u>2018</u>
Furniture and fixtures	\$ 2,347,183	\$ 1,271,970
Computer software	13,330,599	10,396,674
Construction in progress	351,640	713,709
Leasehold improvements	<u>18,166,665</u>	<u>12,187,289</u>
	34,196,087	24,569,642
Less accumulated depreciation and amortization	<u>17,381,957</u>	<u>13,207,625</u>
	<u>\$ 16,814,130</u>	<u>\$ 11,362,017</u>

NOTE G: OPERATING LEASES

The Charter School leases office equipment under certain non-cancelable lease agreements expiring through June 2022. The future minimum payments on these agreements are as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2020	\$ 793,649
2021	561,302
2022	<u>81,956</u>
	<u>\$ 1,436,907</u>

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2019

(With Comparative Totals for 2018)

NOTE H: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering most employees. The Charter School matches employees' contributions up to the lesser of 3% of gross payroll or \$3,500. The Charter School's total contribution to the Plan for the years ended June 30, 2019 and 2018 approximated \$1,288,000 and \$1,410,000, respectively.

NOTE I: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE J: CONCENTRATIONS

At June 30, 2019 and 2018, approximately 56% and 82%, respectively, of total grants and accounts receivables are due from New York State.

During the years ended June 30, 2019 and 2018, 96% and 94%, respectively, of total revenue, gains and other support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School is located.

UNCOMMON NEW YORK CITY CHARTER SCHOOLS

OTHER FINANCIAL INFORMATION

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees
Uncommon New York City Charter Schools

We have audited the financial statements of Uncommon New York City Charter Schools as of and for the year ended June 30, 2019, and we have issued our report thereon dated October 21, 2019, which expressed an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The 2019 financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2019, as a whole.

GENERAL INSTRUCTIONS FOR ANNUAL BUDGET/QUARTERLY REPORT

TEMPLATE TABS

1- GRAY tab contains the Instructions

Instructions	Provides description of tabs and input requirements.
Funding by District	Charter School Tuition Rates

2- BLUE tabs require input of information

1.) Name of School	>Select school name from list. >Enter contact information.
2.) Enrollment	Enter enrollment information for Annual Budget (& Revisions) and Quarterly Actuals. Includes: >Enrollment by Grade >Enrollment by District
3.) Staffing Plan	Enter staffing plan information for Annual Budget (& Revisions) and Quarterly Actuals. Includes: >Full Time Equivalent (FTE), by Position Category, By Quarter >"Prior Year" column may <i>initially</i> be completed based upon preliminary data, and <i>subsequently</i> adjusted with Annual Audited data when the Quarter 2 Actuals are being submitted.
4.) Yearly Budget	Enter Yearly Budget information. Includes: >"Prior Year" column may <i>initially</i> be completed based upon preliminary data, and <i>subsequently</i> adjusted with Annual Audited data when the Quarter 2 Actuals are being submitted. (Note: Quarterly Revenue allocation may be set) >Budgeted Enrollment data and Per Pupil Revenue for the current year are populated based upon input on tab "2.) Enrollment." >Budgeted FTE for current year is populated based upon input on tab "3.) Staffing Plan." >All other sources of revenue >All expenses >Budget Revisions, as necessary and <i>approved</i> by the school's Board of Directors, should be submitted when submitting Quarterly Actuals.
5.) Balance Sheet	Enter Balance Sheet information for EdCorps. Separate schools merged into a primary EdCorp should NOT use this tab. >"Prior Year" column may be <i>initially</i> completed based upon preliminary data, and <i>subsequently</i> adjusted with Annual Audited data when the Quarter 2 Actuals are being submitted.

6.) Quarterly Report	Enter Actual Quarterly Report information . Includes: >Actual Enrollment data and Per Pupil Revenue for the current year are populated based upon input on tab "2.) Enrollment." >Actual FTE for current year is populated based upon input on tab "3.) Staffing Plan." >All other sources of revenue >All expenses
7.) Annual Report Requirement	Complete when submitting Actual Quarter 4.

CELL COLORS & GUIDANCE COMMENTS

-  = Enter information into the light BLUE shaded cells.
-  = Cells labeled in ORANGE contain guidance regarding the input of information.
-  = Cells containing RED triangles in the upper right corner contain "guidance comments" on that particular line item. Please "mouse-over" the triangle to reveal each comment.

13								
14								
15								

1c. Are there more that 15 members of the Board of Trustees? No

2. INFORMATION ABOUT MEMBERS OF THE BOARD OF TRUSTEES

1. SUNY-AUTHORIZED charter schools provide response relative to VOTING Trustees only.
2. REGENTS, NYCDOE, and BUFFALO BOE-AUTHORIZED charter schools provide a response relative to all trustees.

a. Total Number of BOT Members on June 30, 2019	11
b.Total Number of Members Added During 2018 19	2
c. Total Number of Members who Departed during 2018 19	1
d.Total Number of members in 2018 19, as set by in Bylaws, Resolution or Minutes	11

3. Number of Board meetings held during 2018-19 4

4. Number of Board meetings scheduled for 2019-20 4

Thank you.

Entry 10 Enrollment and Retention of Special Populations

Last updated: 07/30/2019

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2018 19 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners/Multilingual learners, and students who are economically disadvantaged. In addition, describe the school’s plans for meeting or making progress toward meeting its enrollment and retention targets in 2019 20.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOLSection Heading

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2018 19	Describe Recruitment Plans in 2019 20
	<ul style="list-style-type: none">· All Uncommon Schools in New York City worked together on community outreach and enrollment efforts. By combining our efforts and sharing information about all of our schools at one time, we were able to reach far more students in New York City than if our schools worked independently.· Uncommon Schools NYC hosted a network wide Community Day, in which all Uncommon Schools have come together to canvass across Brooklyn, while simultaneously partnering with community organizations to host events in some of our biggest Community School Districts.· The School used a combined Uncommon Schools application that allowed families to apply to multiple Uncommon Schools with just one application. This made it easier for a family to learn about and access all of our schools and allows our schools to reach a broader population of students.· In addition to the combined Uncommon Schools application, the School participated in the New York City Charter School Center’s Common Application for all charter schools in NYC. By continuing to offer our application as	

Economically Disadvantaged

part of the common application for all charter schools, we are able to reach an even broader population of students.

- The School sent out multiple mailings to prospective students throughout the year through Vanguard Direct, Inc., focusing on the zip codes near our schools that have the highest number of FRPL and ELL students. Materials were sent out in English and Spanish, and included a self addressed, stamped envelope to limit the barrier to return the completed application.

- The School ran both English and Spanish language ads in the New York City Housing Authority Journal. On their website, the NYCHA Journal says they are “hand delivered to each of the 178,000 apartments in NYCHA’s 334 public housing developments throughout the five boroughs.” It was also be distributed to more than 10,000 NYCHA employees, and mailed to elected officials and community leaders. It was also available through email subscription.

- The School ran both online and in print Spanish language ads in El Diario a Spanish language daily newspaper with high circulation throughout Brooklyn.

- The School partnered with El Diario to send a direct Spanish language email to families that live within our school zip codes and have school aged children.

- The School ran advertisements for enrollment on buses with strategic routes throughout the CSDs we serve in Brooklyn.

- Additionally, we implemented an MTA bus shelter advertisement in high pedestrian traffic areas of the neighborhoods in which our schools are located to reach families from within our community school district. The bus shelter advertisements included school specific information as well as information about our schools, programs, and populations served.

- The School visited the NYCHA sites within our neighborhood on multiple occasions to hang flyers, leave applications and speak

The school will continue the efforts at left to recruit economically disadvantaged students, and will also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population

with residents to ensure that residents of these locations were aware of our school and have the necessary information and materials needed to apply.

- The School ran a digital advertisement campaign that targeted families that live in zip codes near our schools and that have a high number of FRPL eligible and ELL students
- The School participated in education, health, and career fairs in our school neighborhoods to share information about individual schools and our admissions and application process.
- In order to continue efforts to widely disseminate information about our School to prospective families, this year, the School worked with broadcasting agency, Entercom to run advertisements on two popular NYC radio stations.

See the response to “economically disadvantaged students” above. In addition, the school:

- Used Census tract data to create maps showing the distributions of the populations of the top five most spoken languages after English.
- Using these maps, we created community canvassing walks for the School to take to travel through those neighborhood On the walks, school staff and families visited local stores, organizations, shelters, and apartment buildings and hung flyers and left brochures and applications in English and Spanish at each location. In addition, school staff spoke to residents along the way (in English and in Spanish) to spread the word about our schools.
- We will continue to translate all our outreach materials that are distributed by our schools. Materials were produced and disseminated in English and Spanish will include our enrollment website and online lottery and waitlist applications, paper lottery applications, full color brochures and flyers, posters, informational packets, and

tear away information sheets.

- We utilized the New York City Charter School Center’s Common Application, which is available to families in six different languages.

- We identified high priority local community organizations to reach out to, based on factors including location, age group served, and proximity to high non-English speaking populations. Each organization received a call from the regional admissions office by a fluent Spanish speaking staff member and a mailing including brochures, flyers and applications in all relevant languages.

- We met with the Committee for Hispanic Children, a non profit referral service which helps Hispanic families find daycares, schools and enrichment programs for their students, to ensure that they were aware of our schools as an option for their families and provided them with outreach materials that they could share with the families that they serve.

- A Spanish speaking staff member was available at our admissions office by phone and email 40 hours a week during student recruitment season.

- We took advantage of the DOE’s Over the phone Interpretation Services, which allowed our school staff members to communicate with a parent with the assistance of an interpreter on the phone. This service increased our capacity to connect with families who speak a wider range of language

- We also know that families of our current ELL students are our best resource to reach new ELL students. All families at our schools will continue to receive applications to distribute to family and friends in English and Spanish. Families of ELL students will continue to receive extra applications. In addition, we worked to identify ELL families interested in volunteering to support student admissions efforts. These families met with a school staff member to learn about a variety of ways that they could get the word out

The school will continue the efforts at left to recruit ELL students, and will also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population.
- Implement Spanish Language transit advertisements.

about our schools and distribute applications to others. These families were encouraged to speak at their churches, or other local organizations to spread the word about our schools.

- We ran Spanish language ads with El Diario a Spanish publication with the largest readership increase than any other daily newspaper in New York. Uncommon Schools will also place bilingual advertisements in the NYCHA Journal and several neighborhood weekly publications throughout the student recruitment cycle.

- Uncommon Schools NYC ran Google and additional digital ads in Spanish so that families searching for information about schools in New York City in Spanish see ads for our school and be directed to our Spanish webpages and application

- Each applicant, whether they are selected in the lottery or placed on the waitlist, will receive a letter in both Spanish and English telling them the results of the lottery and the next steps to enrolling in the school.

See the response to “economically disadvantaged students” above. In addition, the school:

- Identified and targeted all preschools that are certified to offer services to students with disabilities in our school communities. Head Starts will be included in this search, as they are mandated to serve a student body with at least 10% students with disabilities.

- Identified a list of preschools, Pre K programs, and early childhood development centers that are high priority for our schools due to their location and student population. These high priority sites received calls, visits, and recruitment materials for both elementary and middle school.

- Worked to build strong connections with our Committee on Special Education to ensure they know we are an option for students, should they wish to recommend students to join us.

- Reached out to related service agencies

The school will continue the efforts at left to recruit students with disabilities, and will

Students with Disabilities

that we work with/have worked with in the past, to talk about the supports we offer students and asked if they had any students who could be recommended to apply.

- Confirmed that application materials clearly stated that all students, including those with disabilities, are eligible to apply. This language appeared on our enrollment websites, Kindergarten and 5th grade lottery applications, waitlist applications for all grades, the brochures that were distributed to organizations and mail to 24,000 Brooklyn families, as well as in the presentations given at our information sessions.

- Our admissions office and school based staff will continue to be trained on this question so that they could answer the concerns of any families of potential applicants with special needs who called in.

- Revised our admissions brochure to explicitly mention our high quality intervention programs that our schools offer of tutoring and small group instruction.

- We created a one page overview of Special Education Services at Uncommon to share with prospective families.

also:

- Implement a more robust community canvassing plan that involves current families.
- Expand digital advertising efforts to reach a broader population

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2018 19	Describe Retention Plans in 2019 20
Economically Disadvantaged	In accordance with our mission to prepare students for college, we want all of our students, including FRPL, ELL and students with disabilities, to stay with us through high school graduation. The School has had historically high levels of persistence for these sub populations. We believe that creating high quality educational program, hiring and training highly qualified teachers, and communicating regularly with families of all students has helped us to achieve high rates of persistence across our student body. We will continue to analyze our data to ensure that we are serving students from these populations as effectively as all other students and keeping them in our schools in the same numbers.	We will continue the efforts described at left in 2019 to ensure that high numbers of economically disadvantaged students are given the supports they need to persist in the School.
English Language Learners/Multilingual Learners	See response for retention of economically disadvantaged students. In addition, each school has an English as a New Language teacher in its school, to more directly and completely ensure that students learning English are supported in the school and are provided with direct English instruction by a qualified teacher as needed.	We will continue the efforts described at left in 2019 to ensure that high numbers of ELL students are given the supports they need to persist in the School.
Students with Disabilities	See response for retention of economically disadvantaged students.	We will continue the efforts described at left in 2019 to ensure that high numbers of students with disabilities are given the supports they need to persist in the School.

Entry 11 Classroom Teacher and Administrator Attrition

Created: 07/30/2019 • Last updated: 07/31/2019

Report changes in teacher and administrator staffing.

Instructions for completing the Classroom Teacher and Administrator Attrition Tables

Charter schools must complete the tables titled 2018-2019 Classroom Teacher and Administrator Attrition to report changes in teacher and administrator staffing during the 2018-2019 school year. Please provide the full time equivalent (FTE) of staff on June 30, 2018; the FTE for any departed staff from July 1, 2018 through June 30, 2019; the FTE for added staff from July 1, 2018 through June 30, 2019; and the FTE of staff added in newly created positions from July 1, 2018 through June 30, 2019 using the tables provided.

1. Classroom Teacher Attrition Table

	FTE Classroom Teachers on 6/30/18	FTE Classroom Teachers Departed 7/1/18 6/30/19	FTE Classroom Teachers Filling Vacant Positions 7/1/18 6/30/19	FTE Classroom Teachers Added in New Positions 7/1/18 6/30/19	FTE of Classroom Teachers on 6/30/19
	53	15	13	1	54

2. Administrator Position Attrition Table

	FTE Administrative Positions on 6/30/18	FTE Administrators Departed 7/1/18 6/30/19	FTE Administrators Filling Vacant Positions 7/1/18 6/30/19	FTE Administrators Added in New Positions 7/1/18 6/30/19	FTE Administrative Positions on 6/30/19
	9	3	3	0	9

3. Tell your school's story

Charter schools may provide additional information in this section of the Annual Report about their respective teacher and administrator attrition rates as some teacher or administrator departures do not reflect advancement or movement within the charter school networks. Schools may provide additional detail to reflect a teacher’s advancement up the ladder to a leadership position within the network or an administrator’s movement to lead a new network charter school.

(No response)

4. Charter schools must ensure that all prospective employees receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

Have all employees have been cleared through the NYSED TEACH system?

Yes

5. For perspective or current employees whose clearance has been denied, have you terminated their employment and removed them from the TEACH system?

	Yes
--	-----

Thank you
