Maureen Campbell	Academic

**Mr. Ronald E. Rivera has served as the school Principal since February, 2013.**

**INTRODUCTION**

**Mission and Vision**

The mission of Middle Village Preparatory Charter School is to prepare students to succeed at the college-preparatory high school of their choice. The school’s vision is that every single one of its graduating eighth-graders will be ready to enroll in a selective New York City public high school, a college-preparatory private high school or a prestigious boarding school, so that they can go on to succeed in college and beyond.

The school opened on September 3, 2013 after seven months of planning. It served grade 6 in this first year, with a total of 120 students admitted. Demographically, the school serves a diverse ethnic student population of Hispanic, African American, East European, Middle Eastern, Asian and other students. It was founded in primarily a middle class area in School District 24, an extremely overcrowded district, with schools at 130% or more, thus offering parents an alternative to a very overcrowded school situation.

Middle Village Preparatory Charter School will have a small, but positive, programmatic impact on the existing schools in the area. At full scale, the school will enroll 360 students in grades 6-8, under 3% of the middle school enrollment in CSD 24 district schools.

Middle Village Prep’s programmatic impact will stem from being a high-performing school that serves as a model for other educators in the district. MVP will welcome teachers and school leaders who wish to visit the school and MVP staff will be encouraged to participate in educator-focused events in the community such as conference, conventions and panel discussions.

## ENGLISH LANGUAGE ARTS

### **Goal 1: English Language Arts**

The Middle Village Preparatory Charter School students will demonstrate mastery of New York State Learning Standards in English Language Arts.

### **Background**

The Middle Village Preparatory Charter School's Language Arts curriculum for our first year involved our grade 6 students in the 100 Book Challenge, a reading program designed to engender a love of reading in the students. Students were able to pick literature of their own choosing and were required to read for at least one hour daily. Reading grade levels were measured at the beginning of the year and on an ongoing basis to provide evidence that students were making progress in their individual reading levels. In addition to the 100 Book Challenge, our grade 6 ELA teacher used the Pearson Series Textbook and explored a variety of literary genres with students. The students also benefited from a curriculum writing component administered by the Social Studies teacher who worked collaboratively with the ELA teacher.

Weekly ELA teacher assessments were administered by the classroom teacher as were monthly and trimester exams in order to measure students' progress. These assessments included the 100 Book Challenge Individual Student Conferences that measured students' prowess with their reading comprehension.

Professional development in ELA was given to ALL of the teaching staff at the beginning of the year, with each teacher being trained in the goals and methods of the 100 Book Challenge and in the Writing Process as it applied to each of their own subject areas. Four Co-Teachers each assigned to one of our grade six classes were thus able to assist in the ELA process in relevant ways as they assisted each day with the regular ELA teacher.

### **Goal 1: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

### **Method**

The school administered the New York State Testing Program English language arts assessment to students in 6<sup>th</sup> grade in April 2014. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that

this table includes all students according to grade level. All students are in grade 6, our first and only class that has ever tested here.

**2013-14 State English Language Arts Exam  
Number of Students Tested and Not Tested**

5				
6	N/A	N/A	N/A	N/A
7				
8				
All				

**Evaluation**

---

1 Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

Because this is the first assessment year for our first set of students, we have no students that have been with us for a second year. Therefore, in the testing year 2013-2014, the goal of students achieving a 75% proficiency level does not apply.

### Additional Evidence

This year, since it is our first, we cannot demonstrate any year to year trends until our 2014-2015 test year result become available.

### English Language Arts Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2011-12		2012-13		2013-14	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3						
4						
5						
6	N/A	N/A	N/A	N/A	N/A	N/A
7						
8						
All						

#### Goal 1: Absolute Measure

Each year, the school's aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

#### Method

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2013-14 English language arts AMO of 89. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>2</sup>

<sup>2</sup> In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

## Results

The table below indicates that the percentage of students achieving Level 1 was not high enough to prevent the school from achieving above the AMO of 89 points. A strong showing in level 2 and a total of almost 30 percent at level 3 and 4 put the school over the required AMO of 89.

**English Language Arts 2013-14 Performance Level Index (PLI)**

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
116	13.8	56.9	17.2	12.1

$$\begin{array}{rclclclclcl}
 \text{PI} & = & 56. & + & 17. & + & 12. & = & 86.2 \\
 & & 9 & & 2 & & 1 & & \\
 & & & & 17. & + & 12. & = & \underline{29.3} \\
 & & & & 2 & & 1 & & \\
 & & & & & & \text{PLI} & = & 115. \\
 & & & & & & & & 5
 \end{array}$$

## Evaluation

Overall, the school met this year's AMO, exceeding the benchmark of 89 by 26.5 points. There does not seem to be any subgroup that performed exceptionally poorly. The numbers also suggest that a concerted effort be made to identify all of the Level 2 students who missed the Level 3 benchmark, paying attention to the needed help they will require to achieve Level 3 next year. Likewise, those students who are level one shall be challenged and assisted in achieving level 2 and beyond.

Having done an analysis of our grade 6 students (who are all new to this school) we estimated that 25 percent of them were on level 1 in their previous school for their grade 5 exam. This year's assessment reduced this number by half, moving approximately 13 students into level 2, thus assisting us in achieving this year's AMO. We believe that this improvement was the result of the 100 Book Challenge and the building of a reading culture that emphasized time on task in reading. The plan then, is to continue addressing and moving the level ones upward, accompanied by a significant movement of current level two's into level three. We estimate approximately 30 students who are close enough to level 3, and with proper support for next year can be pushed up to proficiency.

### Goal 1: Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

## Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>3</sup>

**Results**

This year is our first testing year with our first class of students. Therefore, we have no second year test data to draw upon. One positive sign as a predictor of next year’s results however, is that our students’ performance was higher in ELA than the overall District 24Q’s performance.

**2013-14 State English Language Arts Exam  
Charter School and District Performance by Grade Level**

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5				
6	N/A	N/A	N/A	N/A
7				
8				
All				

**Evaluation**

This year is our first testing year with our first class of students. Therefore, we have no first second year data to report and compare (N/A).

**Additional Evidence**

Also, additional evidence may include demographic differences between the school and the district as well as compelling reasons for comparing the school to a subset of schools within the district.

This year is our first testing year and therefore there are not students in their second year to compare to local District students.

---

<sup>3</sup> Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

## English Language Arts Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2011-12		2012-13		2013-14	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
3						
4						
5						
6	N/A	N/A	N/A	N/A	N/A	N/A
7						
8						
All						

### Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>4</sup>

### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Comparative Performance Analysis available.

<sup>4</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year's results using reported free-lunch statistics.

**Results**

As informed by the Charter School Accountability Center, because MCP has no results history for 2012-2013, this Comparative Performance Analysis is not applicable and does not apply.

**2012-13 English Language Arts Comparative Performance by Grade Level**

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3						
4						
5						
6						
7						
8						
All						

<b>School's Overall Comparative Performance:</b>
<b>N/A</b>

**Evaluation**

Because of a lack of history in 2012-2013, this Comparative Performance analysis regarding Effective Size does not apply (N/A).

**Additional Evidence**

Because of a lack of test history between the years 2010-2013, this Comparative Performance analysis regarding Effective Size does not apply (N/A).

**English Language Arts Comparative Performance by School Year**

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2010-11	N/A					
2011-12	N/A					
2012-13	N/A					

### Goal 1: Growth Measure<sup>5</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score from 2011-12 including students who were retained in the same grade. Students with the same 2011-12 score are ranked by their 2012-13 score and assigned a percentile based on their relative growth in performance (student growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Growth Model data available.<sup>6</sup>

### Results

As informed by the Charter School Accountability Office, because MVP Charter has only completed its' first year and has no testing history for the year 2012 – 2013, the Growth Model Measure does not apply this school year (N/A).

#### **2012-13 English Language Arts Mean Growth Percentile by Grade Level**

Grade	Mean Growth Percentile	
	School	Statewide Median
3		50.0
4		50.0
5		50.0
6	N/A	50.0
7		50.0
8		50.0
All		50.0

### Evaluation

As stated, MVP Charter has no test history for the year 2012s-2013 and therefore there is no Mean Growth Percentile measure available (N/A).

<sup>5</sup> See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

<sup>6</sup> Schools can acquire these data from the NYSED's Business Portal: [portal.nysed.gov](http://portal.nysed.gov).

## Additional Evidence

As stated, we have no test history for the years 2010 to 2013

### English Language Arts Mean Growth Percentile by Grade Level and School Year

(Using 2012-13 school district results.)	N/A
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A
		None

### Action Plan

Students in year one who performed close to the proficiency level (level 3) but did not attain proficiency will be identified. These targeted children will have their data analyzed in order to determine what Core standards they need help with in order to achieve proficiency above level 3. Likewise, students who performed slightly above proficiency but who are may be in danger of slipping below a level 3 next year will also be targeted for assistance in their needed areas. The same strategy will be used to move the high level 1's and low level 2'. Teachers will collaborate and plan for student success at monthly data meetings in order to facilitate this process.

### MATHEMATICS

#### Goal 2: Mathematics

Middle Village Preparatory Charter School students will demonstrate mastery of New York State Learning Standards in Mathematics.

## Background

The mathematics curriculum is a Core Based one, utilizing Sadlier instructional materials and text. The curriculum has been designed to be a hands-on one, with students using manipulatives, Smart Board technology and a Team Teaching approach. The two teachers this year responsible for delivering the curriculum to the students have had extensive PD in the planning, the uniformity and the delivery of the lessons to their classes. Each of these two teachers have also been supplied with a Co-Teacher, thus using a Team Teaching format for the entire year in order to address the needs of the students who may be at risk.

These structures were responsible for the excellent math testing outcomes that MVP achieved.

### Goal 2: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.

## Method

The school administered the New York State Testing Program mathematics assessment to students in grade 6 in April 2014. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

**2013-14 State Mathematics Exam  
Number of Students Tested and Not Tested**

Grade	Total Tested	Not Tested <sup>8</sup>			Total Enrolled
		IEP	ELL	Absent	
3					
4

6	116			1	117
7					
8					
All	116			1	117

<sup>8</sup> Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

**Results :**

MVP Charter School, in its' first year of operation, has no test date prior to 2013-2014. Therefore, we have no students in their second year to evaluate.

**Performance on 2013-14 State Mathematics Exam  
By All Students and Students Enrolled in At Least Their Second Year**

Grade s	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
3				
4				
5				
6	N/A	N/A	N/A	N/A
7				
8				
All				

**Evaluation**

Again, since there were no students this year in their second year, an evaluation of performance is not possible at this time.

**Additional Evidence**

There is no additional evidence this year to indicate a trend of year to year progress since MVP has no students who have attended more than one year.

Also, additional evidence may include other valid and reliable assessment results that demonstrate the effectiveness of the school's instructional program.

**Mathematics Performance by Grade Level and School Year**

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2011-12		2012-13		2013-14

6					n/a	n/a
7						
8						
All						

**Goal 2: Absolute Measure**

Each year, the school’s aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state’s NCLB accountability system.

**Method**

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an AMO each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state’s learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the 2013-14 mathematics AMO of 86. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>9</sup>

**Results**

**Mathematics 2013-14 Performance Level Index (PLI)**

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
116	.8 %	30.17 %	32.83%	36.20

$$\begin{array}{rclclclcl}
 \text{PI} & = & 30.1 & + & 32.8 & + & 36.2 & = & 99.20 \\
 & & 7 & & 3 & & 0 & & \\
 & & & & 32.8 & + & 36.2 & = & \underline{69.03} \\
 & & & & 3 & & 0 & & \\
 & & & & & & \text{PLI} & = & 168.2 \\
 & & & & & & & & 3
 \end{array}$$

**Evaluation**

The school exceeded its AMO by more than 82 points. These results were likely due to the Co-Teaching Model that was used in the classroom and the special attention paid to those At-Risk and Special Education students who receive much small group and one-on-one instruction in these four classes of thirty students. In addition, much emphasis was placed on small group work and collaborative teaching, with close planning between the two math teacher planners.

<sup>9</sup> In contrast to NYSED’s Performance Index, the PLI does not account for year-to-year growth toward proficiency.

**Goal 2: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

**Method**

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>10</sup>

**Results**

Because there were no students in at least their second year, no results are reportable.

No results are reportable because MVP Charter School had no students in at least their 2<sup>nd</sup> year.

**2013-14 State Mathematics Exam  
Charter School and District Performance by Grade Level**

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students

**Evaluation**

No comparison is possible since the school had no students in at least their second year.

**Additional Evidence**

No comparison is possible since the school had no students in at least their second year.

<sup>10</sup> Schools can acquire these data when the New York State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The NYSED announces the release of the data on its [News Release webpage](#).

Also, additional evidence may include demographic differences between the school and the district as well as compelling reasons for comparing the school to a subset of schools within the district.

### Mathematics Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2011-12		2012-13		2013-14	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
3						
4						
5						
6					N/A	N/A
7						
8						
All						

#### Goal 2: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>11</sup>

#### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school’s performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school’s actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools’ actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

<sup>11</sup> The Institute will continue using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2013-14. Schools should report previous year’s results using reported free-lunch statistics.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Comparative Performance Analysis available.

## Results

No results are reportable this year because the school had no 2012 – 2013 results to compare with the present year.

### **2012-13 Mathematics Comparative Performance by Grade Level**

Grade	Percent Economically Disadvantaged	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3						
4						
5						
6		N/A	N/A	N/A

8						
All						

<b>School's Overall Comparative Performance:</b>
<b>N/A</b>

## Evaluation

No results reportable this year because the school had no 2012-2013 results to compare with the present year.

## Additional Evidence

No evidence is available, since MVP did not exist or test in the years indicated.

### **Mathematics Comparative Performance by School Year**

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2010-11	N/A					
2011-12	N/A					
2012-13	N/A					

## Goal 2: Growth Measure<sup>12</sup>

<sup>12</sup> See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

## Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

Given the timing of the state's release of Growth Model data, the 2013-14 analysis is not yet available. This report contains 2012-13 results, the most recent Growth Model data available.<sup>13</sup>

The school has no 2012-2013 results to compare with this year's performance.

### **2012-13 Mathematics Mean Growth Percentile by Grade Level**

**Goal 2: Optional Measure**

Include additional measures that are part of the Accountability Plan.

**Method**

**Results**

**Evaluation**

**Summary of the Mathematics Goal**

The school attained an AMO well in excess of the required 86 points, scoring an AMO 168.23. In addition, 69% of the students achieved proficiency levels of 3 or 4 in mathematics, well above the State level for testing year 2013-2014.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State mathematics exam for grades 3-8.	N/A
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	Achieved! ↓
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the local school district.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above	↓ N/A

<sup>14</sup> Grade level results not available.

	(performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2012-13 school district results.)	
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A
	Write in optional measure here	Achieved/ Did Not Achieve

**Action Plan**

The school will analyze the mathematics test data to determine which students are “pushables”, that is, students who would likely be able to be targeted for extra needed support in meeting their proficiency requirement. These students will be encouraged to attend extra tutorials and will be given additional small group and one-on-one attention.

**SCIENCE**

**Goal 3: Science**

Middle Village Preparatory Charter School students will demonstrate mastery of New York State Learning Standards in Science.

**Background**

The school utilized the CPO Life Science Curriculum for its' first year, incorporating a lab weekly. The school also provided professional development training for two of the science teachers in order to begin Project Lead the Way, a new hands on science program to begin in year 2 with our grade 7 students in 2014-2015. The goal is to provide a hands-on experience for all the students and to ready them for the grade 8 Science Assessment in 2015-2016.

**Goal 3: Absolute Measure**  
Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

**Method**

The school administered the New York State Testing Program science assessment to students in 4<sup>th</sup> and 8<sup>th</sup> grade in spring 2014. The school converted each student's raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

## Results

The school does not have students in the targeted grade 4 and grade 8 classes. Therefore, no results are forthcoming this year.

### Charter School Performance on 2013-14 State Science Exam By All Students and Students Enrolled in At Least Their Second Year

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
4	N/A			
8	N/A			

## Evaluation

No evaluation is possible this year, since no students were tested.

## Additional Evidence

No additional evidence is available at this time.

Also, additional evidence may include other valid and reliable assessment results that demonstrate the effectiveness of the science program.

### Science Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year at Proficiency					
	2011-12		2012-13		2013-14	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
4	N/A					
8	N/A					
All	N/A					

### Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

## Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

**Results**

No results are forthcoming since we have no grades that tested this year and no students who have completed two or more years.

**2013-14 State Science Exam

## Summary of the Science Goal

Present a narrative providing an overview of which measures the school achieved, as well as an overall discussion of its attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.	N/A
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district.	N/A
	None	N/A

## Action Plan

N/A

## NCLB

### Goal 4: NCLB

The School will meet all of the NCLB accountability measures and will remain in good standing.

### Goal 4: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

## Method

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

## Results

The school is in its' first year and has not received a School Report Card yet. Therefore, the school is in "good standing"

**Evaluation**

N/A

**Additional Evidence**

N/A

**NCLB Status by Year**

Year	Status
2011-12	Good Standing/ Focus School/ Local-Assistance-Plan School
2012-13	Good Standing/ Focus School/ Local-Assistance-Plan School
2013-14	Good Standing/ Focus School/ Local-Assistance-Plan School

## APPENDIX A: HIGH SCHOOL GOALS AND MEASURES

\*

**In keeping with College and Career Readiness Standards, the Institute has revised many of the high school measures.**

**These measures are in effect for any school that was renewed in 2013 or thereafter. (See the Institute’s 2013 Guidelines.) Only high schools with Accountability Plans based on the Institute’s 2013 Guidelines need report on the measures flagged below with the symbol “(§)” and reflecting college and career readiness standards. They may report on the other measures as optional measures.**

**The Institute encourages all high schools to report on the flagged (§) measures, as they represent the college and career readiness standards and will be the measures used in the high school’s next Accountability Period.**

#

#

#

*Note: Add the following section following the School Enrollment section on page 4.*

### High School Cohorts

#### Accountability Cohort

The state’s Accountability Cohort consists specifically of students who are in their fourth year of high school after the 9<sup>th</sup> grade. For example, the 2010 state Accountability Cohort consists of students who entered the 9<sup>th</sup> grade in the 2010-11 school year, were enrolled in the school on the state’s annual enrollment-determination day (BEDS day) in the 2013-14 school year, and either remained in the school for the rest of the year or left for an acceptable reason. (See New York State Education Department’s website for its accountability rules and cohort definitions:

<http://www.emsc.nysed.gov/irts/accountability/home.shtml>)

The following table indicates the number of students in the Accountability Cohorts who are in their fourth year of high school and were enrolled on BEDS Day in October and on June 30<sup>th</sup>.

#### Fourth-Year High School Accountability Cohorts

Fourth Year Cohort	Year Entered 9 <sup>th</sup> Grade Anywhere	Cohort Designation	Number of Students Enrolled on BEDS Day in October of the	Number Leaving During the	Number in Accountability Cohort as of
--------------------	---	--------------------	---	---------------------------	---------------------------------------

			Cohort's Fourth Year	School Year	June 30th
2011-12	2008-09	2008	??	??	??
2012-13	2009-10	2009	??	??	??
2013-14	2010-11	2010	??	??	??

### Total Cohort for Graduation

Students are included in the Total Cohort for Graduation also based on the year they first enter the 9<sup>th</sup> grade. Prior to 2012-13, students who have enrolled at least five months in the school after entering the 9<sup>th</sup> grade are part of the Total Cohort for Graduation; as of 2011-12 (the 2008 cohort), students who have enrolled only one day in the school after entering the 9<sup>th</sup> grade are part of the school's Total Cohort for Graduation Cohort. If the school has discharged students for one of the following acceptable reasons, it may remove them from the graduation cohort: if they transfer to another public or private diploma-granting program with documentation, transfer to home schooling by a parent or guardian, transfer to another district or school, transfer by court order, leave the U.S. or die.

### Fourth Year Total Cohort for Graduation

Fourth Year Cohort	Year Entered 9 <sup>th</sup> Grade Anywhere	Cohort Designation	Number of Students Enrolled on June 30 <sup>th</sup> of the Cohort's Fourth Year (a)	Additional Students Still in Cohort <sup>15</sup> (b)	Graduation Cohort (a) + (b)
2011-12	2008-09	2008	??	??	??
2012-13	2009-10	2009	??	??	??
2013-14	2010-11	2010	??	??	??

### Fifth Year Total Cohort for Graduation

Fifth Year Cohort	Year Entered 9 <sup>th</sup> Grade Anywhere	Cohort Designation	Number of Students Enrolled on June 30 <sup>th</sup> of the Cohort's Fifth Year (a)	Additional Students Still in Cohort <sup>16</sup> (b)	Graduation Cohort (a) + (b)
2011-12	2007-08	2007	??	??	??
2012-13	2008-09	2008	??	??	??
2013-14	2009-10	2008	??	??	??

#

#

#

<sup>15</sup> Number of students who had been enrolled for at least one day prior to leaving the school and who were not discharged for an acceptable reason.

<sup>16</sup> Number of students who had been enrolled for at least one day prior to leaving the school and who were not discharged for an acceptable reason

Include the following section under the Accountability Plan English language arts goal.

# # #  
**ENGLISH LANGUAGE ARTS**

**Goal 1: Absolute Measure**

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents English exam by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

**(S)** Each year, 65 percent of students in the high school Accountability Cohort will meet the college and career ready standard (currently scoring 75 on the New York State Regents English exam) by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

**Method**

The school administered the New York State Regents Comprehensive English exam that students must pass to graduate. The school scores Regents on a scale from 0 to 100. The State Education Department defines the following pass levels: scoring **65 to meet the graduation requirement for a Regents diploma / 75 to meet the college and career readiness standard**.<sup>17</sup> This measure examines the percent of the Accountability Cohort that passed the exam by the completion of their fourth year in the cohort. Students have until the summer of their fourth year to do so.

**Results**

Brief narrative highlighting results in the data tables that directly addresses the measure, i.e., the percent of students in the 2010 Cohort who have passed the exam with a comparison to previous years' performance.

Indicate **65** or **75** passing score.

**English Regents Passing Rate with a Score of **65** / **75****

<sup>17</sup> The statewide adaptation of new State Standards includes incorporating college and career readiness performance standards for the English language arts exam. The state has benchmarked student ELA test performance to the likely need for remedial course work when students enter college by comparing student 3-8 test results and Regents results to their post-secondary experience at SUNY and CUNY. Besides raising the cut scores for proficiency in the 3-8 testing program, the state has begun to set college and career readiness standards for passing Regents.

**by Fourth Year Accountability Cohort<sup>18</sup>**

Cohort Designation	Number in Cohort	Percent Passing with a score of 65 / 75
2008		
2009		
2010		

**Evaluation**

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure and notable performance in specific cohorts. Also, use this section to discuss the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Provide narrative discussing additional analysis of the data such as the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards meeting the measure’s target.

**English Regents Passing Rate with a score of 65 / 75 by Cohort and Year**

Cohort Designation	2011-12		2012-13		2013-14	
	Number in Cohort	Percent Passing	Number in Cohort	Percent Passing	Number in Cohort	Percent Passing
2010						
2011						
2012						
2013						

**Goal 1: Absolute Measure**

Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on the New York State 8<sup>th</sup> grade English language arts exam will score at least 65 on the New York State Regents English exam by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

**(S)** Each year, 65 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8<sup>th</sup> grade English language arts exam will meet the college and career ready standard (currently scoring 75 on the New York State Regents English exam) by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

<sup>18</sup> Based on the highest score for each student on the English Regents exam

## Method

The school demonstrates the effectiveness of its English language arts program by enabling students who were not meeting proficiency standards in the eighth grade to meet the English requirement for **graduation with a Regents diploma / the college and career readiness standard**.

## Results

Brief narrative highlighting results in the data tables that directly addresses the measure, i.e., the percent of students in the 2009 Cohort who have passed the exam with a comparison to previous years' performance.

Indicate 65 or 75 passing score

### English Regents Passing Rate with a Score of **65 / 75** among Students Who Were Not Proficient in the 8<sup>th</sup> Grade by Fourth Year Accountability Cohort <sup>19</sup>

Cohort Designation	Number in Cohort	Percent Passing with a score of <b>65 / 75</b>
2007		
2008		
2009		

## Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure and notable performance in specific cohorts. Also, use this section to discuss the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Provide narrative discussing additional analysis of the data such as the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards meeting the measure's target.

### Goal 1: Absolute Measure

Each year, the Accountability Performance Level (APL) on the Regents English exam of students completing their fourth year in the Accountability Cohort will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

**SAME FOR ALL SCHOOLS**

<sup>19</sup> Based on the highest score for each student on the English Regents exam

## Method

In receiving a waiver for its federal No Child Left Behind accountability system, the New York State Education Department now holds high schools accountable for making annual yearly progress towards meeting college and career readiness standards. See page 72 of SED's ESEA waiver application for the high school AMOs: [http://www.p12.nysed.gov/accountability/documents/NYSESEAFlexibilityWaiver\\_REVIS ED.pdf](http://www.p12.nysed.gov/accountability/documents/NYSESEAFlexibilityWaiver_REVIS ED.pdf)

The AMO continues to be SED's basis for determining if schools are making satisfactory progress toward the annual goal. To achieve this measure, all tested students in the Accountability Cohort must have an Accountability Performance Level (APL) that equals or exceeds the 2013-14 English language arts AMO of **166**.

The APL is calculated by adding the sum of the percent of students in the Accountability Cohort at Levels 2 through 4 to the sum of the percent of students at Level 3 and 4. Thus, the highest possible APL is 200. The Regents exams are scored on a scale from 0 to 100; 0 to 64 is Level 1, 65 to 74 is Level 2, 75 to 89 is Level 3, and 90 to 100 is Level 4.

## Results

Brief narrative highlighting results in the data tables that directly address the measure.

### English Language Arts Accountability Performance Level (APL) For the 2010 High School Accountability Cohort

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	?	?	?	?

$$\text{PI} = ? + ? + ? = \text{APL}$$

## Evaluation

Narrative explicitly stating whether the school met the measure, by how much the school fell short of or exceeded the measure. This section can also be used to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Provide narrative discussing additional analysis of the data such as trends over time, or the interim performance of cohorts that have not yet reached their fourth year. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

### **Goal 1: Comparative Measure**

**(S)** Each year, students in the high school *Total Cohort* will exceed the predicted pass rate on the English language arts Regents exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all high schools in New York State.

### **Method**

The Charter Schools Institute conducts a Comparative Performance Analysis, as it has for 3-8 schools. The Institute examines the school's performance in terms of demographically similar high schools state-wide by using a regression analysis to control for the percentage of economically disadvantaged students among all high schools in New York State. The Institute compares the School's actual performance to the predicted performance of high schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other high schools with similar economically disadvantaged statistics produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a small degree, is the target for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available.

### **Results**

*Leave Blank*

### **Goal 1: Comparative Measure**

Each year, the percent of students in the high school Accountability Cohort passing the Regents English exam with a score of 65 or above will exceed that of the high school Accountability Cohort from the local school district.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

**(S)** Each year, the Accountability Performance Level (APL) in Regents English of students in the fourth year of their high school Accountability Cohort will exceed the APL of comparable students from the local school district.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

### **Method**

The school compares the performance of students in their fourth year in the charter school Accountability Cohort to that of the respective cohort of students in the local school district. Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available school district results.<sup>20</sup>

---

<sup>20</sup> The New York State Report Card provides the district results for students scoring at or above 65. The New York State Accountability Report provides the district results for students scoring at or above 75.

## Results

Provide brief narrative highlighting results in the data table that directly addresses the measure.

Select the appropriate table depending on Accountability Plan.

## Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance in specific cohorts and populations. This section can also be used to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Narrative discussing additional analysis of the data such as trends over time, or the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards or maintaining a high level of performance.

21 District results for the 2009 cohort are not yet available.

22 For an explanation of the procedure to calculate the school's APL, see page 31.

23 See page 30 above for an explanation of the APL.

24 District results for the 2009 cohort are not yet available.

**Goal 1: Growth Measure**

**(S)** Each year, under the state’s high school Growth Model (under development) the relative growth of selected students will exceed the state’s median growth.

**Method**

This measure examines the change in performance of the same group of students during the course of their high school careers and the progress they are making in comparison to other students with the similar scores in the eighth grade. The analysis only includes students from whom the eighth grade scores are available. In following the existing 3-8 Growth Model, students with the same scores are ranked and assigned a percentile based on their relative growth in performance (mean growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to perform above the statewide median, it will have a mean growth percentile greater than 50.

*The State Education Department has not yet developed the high school Growth Model.*

**Results**

Growth	(§) Each year, under the state's high school Growth Model (under development) the relative growth of selected students will exceed the state's median growth.	N/A

## Action Plan

Narrative explaining what specific steps the school will take to improve or maintain academic performance based on the *specific results* and patterns associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or student sub-populations based on the data presented.

#

#

#

Include the following section under the Accountability Plan mathematics goal.

# # #

## MATHEMATICS

### Goal 2: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents mathematics exam by the completion of their fourth year in the cohort.

REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13

(S) Each year, 65 percent of students in the high school Accountability Cohort will meet the college and career ready standard (currently scoring 80 on a New York State Regents math exam) by the completion of their fourth year in the cohort.

REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER

### Method

The school administered the New York State Regents Geometry, Integrated Algebra and Algebra 2 exams. The school scores Regents on a scale from 0 to 100. The State Education Department defines the following pass levels: scoring 65 to meet the graduation requirement for a Regents diploma / scoring 80 to meet the college and career readiness standard.<sup>26</sup> This measure requires students in each Accountability Cohort to achieve the requisite score on any one of the Regents mathematics exams by their fourth year in the cohort. Students may have taken a particular Regents mathematics exam multiple times or have taken multiple mathematics exams. Students have until the summer of their fourth year to pass a mathematics exam.

### Results

Brief narrative highlighting results in the data table that directly addresses the measure, i.e., the percent of students in the 2010 Cohort who have passed the exam with a comparison to previous years' performance.

Indicate 65 or 80 passing score.

#### Mathematics Regents Passing Rate with a Score of 65 / 80 by Fourth Year Accountability Cohort<sup>27</sup>

Cohort Designation	Number in Cohort	Percent Passing with a score of 65 / 80
2008		

<sup>26</sup> The statewide adaptation of the revised State Standards includes incorporating college and career readiness performance standards for the English language arts exam. The state has benchmarked student mathematics test performance to the likely need for remedial course work when students enter college by comparing student 3-8 test results and Regents results to their post-secondary experience at SUNY and CUNY. Besides raising the cut scores for proficiency in the 3-8 testing program, the state has begun to set college and career readiness standards for passing Regents.

<sup>27</sup> Based on the highest score for each student on the Mathematics Regents exam

2009		
2010		

### Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure and notable performance in specific cohorts. Also, use this section to discuss the results in the context of the school program, attributing the results to effective practices or problem areas.

### Additional Evidence

Provide narrative discussing passing rates on individual assessments, and additional analysis of the data such as performance of cohorts that have not yet completed their fourth year, showing the school is making progress towards meeting the measure's target.

### Mathematics Regents Passing Rate with a score of 65 / 80 by Cohort and Year

	Number in Cohort	Percent Passing	Number in Cohort	Percent Passing	Number in Cohort	Percent Passing
2010						
2011						
2012						
2013						

#### Goal 2: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort who did not score proficient on the New York State 8<sup>th</sup> grade mathematics exam will score at least 65 on a New York State Regents mathematics exam by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

**(S)** Each year, 65 percent of students in the high school Accountability Cohort who did not score proficient on their New York State 8<sup>th</sup> grade math exam will meet the college and career ready standard (currently scoring 80 on a New York State Regents math exam) by the completion of their fourth year in the cohort.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

### Method

The school demonstrates the effectiveness of its mathematics program by enabling students who were not meeting proficiency standards in the eighth grade to meet the

mathematics requirement for graduation with a Regents diploma / the college and career readiness standard.

## Results

Brief narrative highlighting results in the data table that directly addresses the measure; i.e., the percent of students in the 2009 Cohort who have passed the exam with a comparison to previous years' performance.

Indicate 65 or 80 passing score

### Mathematics Regents Passing Rate with a Score of **65 / 80** among Students Who Were Not Proficient in the 8<sup>th</sup> Grade by Fourth Year Accountability Cohort <sup>28</sup>

Cohort Designation	Number in Cohort	Percent Passing with a score of <b>65 / 80</b>
2007		
2008		
2009		

## Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure and notable performance in specific cohorts. Also, use this section to discuss the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Provide narrative discussing additional analysis of the data such as the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards meeting the measure's target.

### Goal 2: Absolute Measure

Each year, the Accountability Performance Level (APL) on a Regents mathematics exam of students completing their fourth year in the Accountability Cohort will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

**SAME FOR ALL SCHOOLS**

## Method

In receiving a waiver for its federal No Child Left Behind accountability system, the State Education Department now law holds high schools accountable for making annual

<sup>28</sup> Based on the highest score for each student on the Mathematics Regents exam

yearly progress towards meeting college and career readiness standards. See page 72 of SED’s ESEA waiver application for the high school AMOs:

[http://www.p12.nysed.gov/accountability/documents/NYSESEAFlexibilityWaiver\\_REVIS ED.pdf](http://www.p12.nysed.gov/accountability/documents/NYSESEAFlexibilityWaiver_REVIS ED.pdf)

The AMO continues to be SED’s basis for determining if schools are making satisfactory progress toward the annual goal. To achieve this measure, all tested students in the Accountability Cohort must have an Accountability Performance Level (APL) that equals or exceeds 2013-14 mathematics AMO of **148**.

The APL is calculated by adding the sum of the percent of students in the Accountability Cohort at Levels 2 through 4 to the sum of the percent of students at Level 3 and 4. Thus, the highest possible APL is 200. The Regents exams are scored on a scale from 0 to 100; 0 to 64 is Level 1, 65 to 79 is Level 2, 80 to 89 is Level 3, and 90 to 100 is Level 4.

## Results

Brief narrative highlighting results in the data table that directly addresses the measure.

### Mathematics Accountability Performance Level (APL) For the 2010 High School Accountability Cohort

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	?	?	?	?

$$PI = ? + ? + ? = APL$$

## Evaluation

Narrative explicitly stating whether the school met the measure, by how much the school fell short of or exceeded the measure. This section can also be used to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Provide narrative discussing additional analysis of the data such as trends over time, or the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards or maintaining a high level of performance.

### Goal 2: Comparative Measure

(§) Each year, students in the high school *Total Cohort* will exceed the predicted pass rate on a Regents mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling

for economically disadvantaged students among all high schools in New York State.

## Method

The Charter Schools Institute conducts a Comparative Performance Analysis, as it has for 3-8 schools. The Institute examines the school's performance in terms of demographically similar high schools state-wide by using a regression analysis to control for the percentage of economically disadvantaged students among all high schools in New York State. The Institute compares the school's actual performance to the predicted performance of high schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other high schools with similar economically disadvantaged statistics produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a small degree, is the target for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2013-14 analysis is not yet available.

## Results

*Leave Blank*

### Goal 2: Comparative Measure

Each year, the percent to students in the high school Accountability Cohort passing a Regents mathematics exam with a score of 65 or above will exceed that of the high school Accountability Cohort from the local school district.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

(§) Each year, the Accountability Performance Level (APL) in mathematics of students in the fourth year of their high school Accountability Cohort will exceed the APL of comparable students from the local school district.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

## Method

The school compares the performance of students in their fourth year in the charter school Accountability Cohort to that of the respective cohort of students in the local school district. Given that students may take Regents exam up through the summer of their fourth year, the school presents most recently available school district results.<sup>29</sup>

## Results

Provide brief narrative highlighting results in the data table that directly addresses the measure.

Select the appropriate table depending on Accountability Plan.

<sup>29</sup> The New York State Report Card provides the district results for students scoring at or above 65. The New York State Accountability Report provides the district results for students scoring at or above 75.

This section can also be used to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Narrative discussing additional analysis of the data such as trends over time, or the interim performance of cohorts that have not yet reached their fourth year, showing the school is making progress towards or maintaining a high level of performance.

**Goal 2: Growth Measure**

(§) Each year, under the state's high school Growth Model (under development) the relative growth of selected students will exceed the state's median growth.

**Method**

30 District results for the 2009 cohort are not yet available.

31 See page 38 above for an explanation of the APL.

32 District results for the 2009 cohort are not yet available.

This measure examines the change in performance of the same group of students during the course of their high school careers and the progress they are making in comparison to other students with the similar scores in the eighth grade. The analysis only includes students from whom the eighth grade scores are available. In following the existing 3-8 Growth Model, students with the same scores are ranked and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it will have a mean growth percentile greater than 50.

*The State Education Department has not yet developed the high school Growth Model.*

# # #  
**SCIENCE**

**Goal 3: Absolute Measure**

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on a New York State Regents science exam by the completion of their fourth year in the cohort.

**Method**

New York State administers multiple high school science assessments; current Regent exams are Living Environment, Earth Science, Chemistry and Physics. The school administered **Living Environment, Earth Science, Chemistry and Physics**. It scores Regents on a scale from 0 to 100; students must score at least 65 to pass. This measure requires students in each Accountability Cohort to pass any one of the Regents science exams by their fourth year in the cohort. Students may have taken a particular Regents science exam multiple times or have taken multiple science exams. Students have until the summer of their fourth year to pass a science exam.

**Results**

#

## SOCIAL STUDIES

### Goal 4: Social Studies

Write the school's Accountability Plan social studies goal here.

### Goal 4: Absolute Measure

Each year, 75 percent of students in the high school Accountability Cohort will score at least 65 on the New York State Regents U.S. History exam by the completion of their fourth year in the cohort.

### Method

New York State administers two high school social studies assessments: U.S. History and Global History. In order to graduate, students must pass both of these Regents exams with a score of 65 or higher. This measure requires students in each Accountability Cohort to pass the two exams by the completion of their fourth year in the cohort. Students may have taken the exams multiple times and have until the summer of their fourth year to pass it. Once students pass it, performance on subsequent administrations of the same exam do not affect their status as passing.

### Results

Brief narrative highlighting results in the data table that directly addresses the measure; i.e., the percent of students in the 2010 Cohort who have passed the exam with a comparison to previous years' performance.

## HIGH SCHOOL GRADUATION

### GOAL 6: HIGH SCHOOL GRADUATION

Write the school's graduation goal here.

#### Goal 6: Absolute Measure

Each year, 75 percent of students in each cohort will pass their core academic subjects by the end of August and the school will promote them to the next grade.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**

(§) Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

#### Method

This measure serves as a leading indicator of the performance of high school cohorts and examines their progress toward graduation based on annual credit accumulation. The measure requires that, based on the school's promotion requirements, the school will promote 75 percent of its students in each cohort to the next grade by the end of August OR that 75 percent of the first and second year high school Total Graduation Cohorts will earn the requisite number of credits.

Present the school's promotion requirements here; include a list of all core academic subjects and other relevant information, ensuring that the school's requirements are consistent with the State Commissioner's Part 100.5 Diploma Requirements.

#### Results

Provide a brief narrative highlighting results in the data tables that directly address the measure.

Select the appropriate table depending on Accountability Plan.

Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Provide narrative discussing results from previous years and analysis of trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

**Goal 6: Absolute Measure**

Each year, 75 percent of students in the second year high school Total Graduation Cohort will score 65 on at least three different New York State Regents exams required for graduation.

**Method**

This measure serves as a leading indicator of the performance of high school cohorts and examines their progress towards graduation based on Regents exam passage. The measure requires that 75 percent of students in each cohort have passed at least three Regents exams by their second year in the cohort. In August of 2014, the 2012 cohort will have completed its second year.

**Results**

Provide a brief narrative highlighting results in the data table that directly addresses the measure.

**Percent of Students in their Second Year Passing Three Regents Exams by Cohort**

Cohort Designation	Number in Cohort	Percent Passing Three

		Regents
2010		
2011		
2012		

## Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Present a narrative discussing additional analysis of data such as trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

### Goal 6: Absolute Measure

Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.

## Method

This measure examines students in two high school Graduation Cohorts: those who entered the 9<sup>th</sup> grade as members of the 2010 cohort and graduated four years later and those who entered as members of the 2009 cohort and graduated five years later. At a minimum, these students have passed five Regents exams in English language arts, mathematics, science, U.S. History and Global History. Students have through the summer at the end of their fourth year to complete graduation requirements.

The school's graduation requirements appear above under the graduation goal's first measure pertaining to annual grade-by-grade promotion or credit accumulation.

## Results

Provide a brief narrative highlighting results in the data tables that directly address the measure.

### Percent of Students in the Graduation Cohort who have Graduated After Four Years

Cohort Designation	Number in Cohort	Percent Graduating
2008		
2009		

2010		
------	--	--

**Percent of Students in Graduation Cohort Who Have Graduated After Five Years**

Cohort Designation	Number in Cohort	Percent Graduating
2007		
2008		
2009		

**Evaluation**

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Provide narrative discussing additional analysis of data such as trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

**Goal 6: Comparative Measure**  
 Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the local school district.

**Method**

The school compares the graduation rate of students completing their fourth year in the charter school’s Total Graduation Cohort to that of the respective cohort of students in the local school district<sup>37</sup>. Given that students may take Regents exams through the summer of their fourth year, district results for the current year are generally not available at this time.

**Results**

Provide a brief narrative highlighting results in the data tables that directly address the measure.

**Percent of Students in the Total Graduation Cohort who Graduate in Four Years Compared to Local District**

Cohort Designation	Charter School		School District <sup>38</sup>	
	Number in	Percent	Number in	Percent

37 Schools can retrieve district level graduation rates from the SED’s Information and Reporting Services office. News releases and an Excel workbook containing these data are available from the [IRS Data Release webpage](#).

38 District results for the 2009 cohort are not yet available.

	Cohort	Graduating	Cohort	Graduating
2008				
2009				
2010				N/A

## Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

## Additional Evidence

Provide a narrative discussing additional analysis of data such as trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

## Summary of the High School Graduation Goal

Present a narrative providing an overview of which measures the school achieved, as well as an overall discussion of its attainment of this Accountability Plan goal.

Type	Measure	Outcome
Absolute	Each year, 75 percent of students in the high school Total Graduation Cohort will pass their core academic subjects by the end of August and be promoted to the next grade. <b>Required for Accountability Plans developed prior to 2012-13</b>	Achieved/ Did Not Achieve/
	(§) Each year, 75 percent of students in first and second year high school Total Graduation Cohorts will earn at least ten credits (if 44 needed for graduation) or five credits (if 22 needed for graduation) each year. <b>Required for Accountability Plans developed in 2012-13 or later</b>	
Absolute	Each year, 75 percent of students in the high school Total Graduation Cohort will score at least 65 on at least three different New York State Regents exams required for graduation by the completion of their second year in the cohort.	Achieved/ Did Not Achieve/
Absolute	Each year, 75 percent of students in the fourth year high school Total Graduation Cohort and 95 percent of students in the fifth year high school Total Graduation Cohort will graduate.	Achieved/ Did Not Achieve/ Not Applicable
Comparative	Each year, the percent of students in the high school Total Graduation Cohort graduating after the completion of their fourth year will exceed that of the Total Graduation Cohort from the local school district.	Achieved/ Did Not Achieve/ Not Applicable

## Action Plan

Narrative explaining what specific steps the school will take to improve or maintain

academic performance based on the specific results and patterns associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or student sub-populations based on the data presented.

#

#

#

Include the following section as a separate Accountability Plan goal following the NCLB goal.

## COLLEGE PREPARATION

### GOAL 7: COLLEGE PREPARATION

Write the school's college preparation goal here.

#### Goal 7: Comparative Measure

Each year, the average performance of students in the 10<sup>th</sup> grade will exceed the state average on the PSAT test in Critical Reading and Mathematics.

#### Method

This measure tracks student performance one of the most commonly used early high school college prep assessment. Students receive a scale score in critical reading, writing and mathematics. Scale scores range from 200 to 800 on each subsection with 1600 as the highest possible score. As students may choose to take the test multiple times, the school reports only on a student's highest score on each subsection. Compare school averages to the New York State average for all 10<sup>th</sup> grade (sophomore) test takers in the given year.

#### Results

Provide a brief narrative highlighting results in the data tables that directly address the measure.

**10<sup>th</sup> Grade PSAT Performance by School Year**

School Year	Number of Students in the 10 <sup>th</sup> Grade	Number of Students Tested	Critical Reading		Mathematics	
			School	New York State	School	New York State
2011-12						
2012-13						
2013-14						

#### Evaluation

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also,

use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Provide a narrative discussing additional analysis of data such as trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

**Goal 7: Comparative Measure**

Each year, the average performance of students in the 12<sup>th</sup> grade will exceed the state average on the SAT or ACT tests in reading and mathematics.

**Method**

This measure tracks student performance on one of the most commonly used high school college prep assessments.

For the SAT include this description: The SAT is a national college admissions examination. Students receive a scale score in reading, writing and mathematics. Scale scores range from 200 to 800 on each subsection with 2400 as the highest possible score. As students may choose to take the test multiple times during the year, the school only reports a student’s highest score. The school compares its averages the New York State average for all 12<sup>th</sup> grade (senior) test takers in the given year.

For the ACT include this description: The ACT is a national college admissions and placement examination. Students receive scaled scores in reading, mathematics, English and science. Scaled scores range from 1 to 36 on each section; the school averages the three separate scores to calculate a student’s composite score. As students may choose to take the test multiple times during the year, the school reports on only a student’s highest scaled score for each section. The school compares its average to the New York State average for all 12<sup>th</sup> grade (senior) test takers in the given year.

**Results**

Provide a brief narrative highlighting results in the data tables that directly address the measure.

**12<sup>th</sup> Grade SAT/ACT Performance by School Year**

School Year	Number of Students in the 12 <sup>th</sup> Grade	Number of Students Tested	Reading		Mathematics	
			School	New York State	School	New York State
2011-12						
2012-13						

2013-14						
---------	--	--	--	--	--	--

**Evaluation**

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**Additional Evidence**

Provide a narrative discussing additional analysis of data such as trends over time, performance disaggregated by student characteristics, etc. This is an opportunity to show the school is making progress towards or maintaining a high level of performance.

**Goal 7: School Created College Preparation Measure**  
 Each Year, the school will demonstrate the preparation of its students for college through at least one measure of its own design. Insert school-developed measure.  
**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED PRIOR TO 2012-13**  
 (See below for measures in more recent Plans.)

**Method**

Provide a brief description of the measure.

**Results**

Provide a brief narrative highlighting results in a data table that directly address the measure.

**Evaluation**

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**(S)** The percent of graduating students that meets the state’s aspirational performance measure (APM), currently defined as the percentage of students in a cohort who graduate with a score of 80 or better on a math Regents exam AND 75 or better on the English Regents exam, will exceed the statewide average.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

**Method**

Recognizing that remediation rates in New York’s colleges are far too high, the Board of Regents has reviewed data showing the gap between high school expectations and college attainment. They reviewed data comparing the graduation rate for the 2005 cohort with the "college and career ready" graduation rate – defined as the percentage of students in the cohort who graduated with a score 80 or better on a math Regents exam and 75 or better on the English Regents exam. The Regents view these data as an important indicator of future student success. Students who graduate high school – but do so with a score below 80 on a math Regents exam and below 75 on the English exam – are likely to require remediation in college.

**Results**

Provide a brief narrative highlighting results in the data table that directly addresses the measure.

**Percent of Graduates Meeting the Aspirational Performance Measure<sup>39</sup>**

Cohor	Charter School	Statewide <sup>40</sup>
2008		35.3
2009		35.3
2010		N/A

**Evaluation**

Narrative explicitly stating whether the school met the measure and discussing by how much the school fell short of or exceeded the measure, and notable performance. Also, use this section to explain the results in the context of the school program, attributing the results to effective practices or problem areas.

**(S)** The percent of graduating students who graduate with a Regents diploma with Advanced Designation will exceed the local district.

**REQUIRED FOR ACCOUNTABILITY PLANS DEVELOPED IN 2012-13 OR LATER**

**Method**

In establishing measures to be used by schools, districts and parents to better inform them of the progress of their students, the Regents have also set as an additional aspirational measure of achievement the percent of graduating students who earned a Regents diploma with Advanced Designation (i.e., earned 22 units of course credit;

<sup>39</sup> Schools can retrieve state level graduation rates from the SED’s Information and Reporting Services office. News releases and an Excel workbook containing these data are available from the [IRS Data Release webpage](#).

<sup>40</sup> Statewide results for the 2010 cohort are not yet available.

passed seven-to-nine Regents exams with a score of 65 or above; and took advanced course sequences in Career and Technical Education, the arts, or a language other than English).

## Results

Provide a brief narrative highlighting results in the data tables that directly address the measure.

## **Action Plan**

Provide a narrative explaining what specific steps the school will take to improve or maintain academic performance based on the specific results and patterns associated with this goal, focusing in particular on strategic interventions including providing enhanced support or program revisions for explicit grades, cohorts, or student sub-populations based on the data presented.

## APPENDIX B: OPTIONAL GOALS

The following section contains a Parent Satisfaction optional goal, as well as examples of possible optional measures.

**Goal S: Parent Satisfaction**  
Write the school's goal here.

**Goal S: Absolute Measure**  
Each year two-thirds of parents will demonstrate satisfaction with the school's program based on a parent satisfaction survey.

### Method

Provide a narrative explaining how the school developed, administered, collected and analyzed the survey. The school presents results as a percentage of all families in the school, not as a percentage of respondents only.

### Results

Provide a narrative of parents' responses.

#### 2013-14 Parent Satisfaction Survey Response Rate

Number of Responses	Number of Families	Response Rate
##	##	%

#### 2013-14 Parent Satisfaction on Key Survey Results

Item	Percent of Respondents Satisfied
	%
	%
	%
	%
	%

### Evaluation

Provide a narrative explicitly stating whether or not the school met the measure with a discussion of individual items, changes from previous years, areas of concern, etc.

**Goal S: Absolute Measure**

Each year, 90 percent of all students enrolled during the course of the year return the following September.

**Method**

Provide a narrative explaining how students are tracked year to year

**Results**

Present a narrative describing number of students in various categories and the retention rate.

**2013-14 Student Retention Rate**

2012-13 Enrollment	Number of Students Who Graduated in 2012-13	Number of Students Who Returned in 2013-14	Retention Rate 2013-14 Re-enrollment ÷ (2012-13 Enrollment – Graduates)
#	#	#	%

**Evaluation**

Provide a narrative explicitly stating whether or not the school met the measure and how close the retention rate was to the target.

**Additional Evidence**

Year	Retention Rate
2011-12	%
2012-13	%
2013-14	%

**Goal S: Absolute Measure**

Each year the school will have a daily attendance rate of at least 95 percent.

**Method**

Provide a narrative explaining how the school tracks student attendance and calculates its daily attendance rate.

## Results

Provide a narrative describing the year's attendance rate.

### 2013-14 Attendance

## Additional Evidence

Year	Average Daily Attendance Rate
2011-12	%
2012-13	%
2013-14	%

## APPENDIX C: SUPPLEMENTARY TABLES

The school may wish to use the following supplemental tables in the **Additional Evidence** sections. They are organized by subject and measure. Table titles need to be adapted to reflect the appropriate subject area, i.e. English language arts, mathematics, etc.

### ELEMENTARY AND MIDDLE SCHOOLS: ENGLISH LANGUAGE ARTS AND MATHEMATICS

#### Absolute Measure

In 2013-14, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State examination.

This table examines whether performance changes the longer students are enrolled in the school. In a successful school, student performance should increase with prolonged participation in the academic program.

#### 2013-14 English Language Arts Performance by Grade Level and Years Attending the School

Grade	Percent of Students at Proficiency According to Number of Years Enrolled							
	One		Two		Three		Four or More	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3								
4								
5								
6								
7								
8								
All								

#### Comparative Measure

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district.

While schools are required to compare themselves to the local school district, there may be individual schools that also provide a compelling comparison. These comparisons might be schools in the same neighborhood, with the same demographics, or have similar programs. The first table features a grade level breakdown for 2013-14; the other presents annual aggregate results over time.

**2013-14 English Language Arts Performance of  
Charter School and Comparison Schools by Grade Level**

Grade	Percent of Charter School Students Enrolled in At Least Their Second Year and All Students in Comparison Schools Scoring Proficient on the State Exam by Grade							
	Charter School		School 1		School 2		School 3	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3								
4								
5								
6								
7								
8								
All								

**English Language Arts Performance of  
School and Comparison Schools by School Year**

School Year	Grade s	Percent of Charter School Students Enrolled in At Least Their Second Year and All Students in Comparison Schools Scoring Proficient on State Exam by Year							
		Charter School		School 1		School 2		School 3	
		Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
2011-12									
2012-13									
2013-14									

**Growth Measure (national norm-referenced assessment)**

Each year, on a national norm-referenced assessment, all grade-level cohorts of students (in grades K-3) will reduce by one half the gap between their average NCE in the previous year and an NCE of 50 in the current year. If a grade-level cohort exceeds an NCE of 50 in the previous year, the cohort is expected to show a positive gain in the current year.

If the school has administered a norm referenced test, e.g. Terra Nova, ITBS, Stanford 10, it should report cohort growth results in a similar fashion to the growth measure based on state tests.

**Method**

This measure examines the change in performance of the same group of students from one year to the next and the progress they made towards the desirable outcome of grade level or an NCE of 50. Each grade level cohort consists of those students who took the same norm-referenced exam in 2012-13 and 2013-14. It includes students

who repeated the grade. In addition, the school examines the aggregate of all cohorts to determine the growth of all students who took the exam in both years.

Include a brief narrative that describes the type of test administered, to which grades, the date of administrations, etc.

**Results**

**Cohort Growth on XXX Test from Spring 2013 to Spring 2014**

Grade	Cohort Size	Percent Performing At or Above NCE of 50			Target Achieved
		2012-13	Target	2013-14	
A					YES/NO
B					YES/NO
C					YES/NO
All					YES/NO

**Evaluation**

Provide a narrative explicitly stating whether or not the school met the measure; i.e., whether all of the cohorts achieved their targets. In addition, the evaluation may include how close each cohort came to its target, which cohorts' performance increased or decreased, and the overall performance of all cohorts.

**Additional Evidence**

Present a narrative providing an analysis of year-to-year cohort performance in previous years.

**Cohort Performance on the Norm Referenced Reading Test by School Year**

School Year	Cohort met target?
2011-12	
2012-13	
2013-14	

**Cohort Performance on XXX Test by School Year**

School Year	Cohort Grades	Number of Cohorts Meeting Target	Number of Cohorts
2010-11	??		
2011-12	??		
2012-13	??		
2013-14	??		

## ELEMENTARY AND MIDDLE SCHOOLS: SCIENCE

### 2013-14 Science Performance by Grade Level and Years Attending the School

	Percent of Students at Levels 3 and 4 According to Number of Years in School							
	One		Two		Three		Four or More	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
4								
8								

## HIGH SCHOOLS: ENGLISH LANGUAGE ARTS AND MATHEMATICS

### Growth Measure

Each year, the group of students in their second year in the school who have taken a norm-referenced reading test for two years will reduce by one-half the difference between the average of their first year in the school and an NCE of 50. If the cohort already achieved an average NCE of 50 in the first year, it will show an increase in their average NCE.

### Method

This measure examines the change in performance of the same cohort of students from their first year to their second year in high school on a norm referenced reading test. Each cohort consists of those students who have norm-referenced reading test results for their first two years in the school. It includes students who repeated the grade. The criterion for achieving this measure is for the cohort to reduce by half the difference between average NCE in the first year and the 50<sup>th</sup> NCE in the second. If a cohort has already achieved an average NCE of 50, it is expected to show some positive growth in the subsequent year.

Include a brief narrative that describes the type of test administered, to which grades, the dates of administration, etc.

### Results

Provide a brief narrative highlighting results in the data tables that directly address the measure, e.g. the number of cohorts that achieved their target, and overall performance.

**First to Second Year Cohort Growth on the Norm Referenced Reading Test**

Cohort Designation	Number in Cohort	Average NCE			Target Achieved
		First Year Baseline	Second Year Target	Second Year Result	
2009					YES/NO
2010					YES/NO
2011					YES/NO
2012					YES/NO

**Evaluation**

Provide narrative explicitly stating whether or not the school met the measure; i.e. whether the cohort achieved its target. In addition, the evaluation may include how close the cohort came to its target.

**Additional Evidence**

Narrative provides an analysis of year-to-year cohort performance including the previous year.

# Appendix B: Total Expenditures and Administrative Expenditures per Child

Created Thursday, June 19, 2014

Updated Wednesday, July 30, 2014

## Page 1

Charter School Name: 342400861048 MIDDLE VILLAGE PREP CS

### B. Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

#### 1. Total Expenditures Per Child

To calculate 'Total Expenditures per Child' take total expenditures (from the unaudited 2013-14 Schedule of Functional Expenses) and divide by the count of students you reported on of BEDS Day. (Integers Only. No dollar signs or commas).

1. Total Expenditures Per Child   Line 1: Total Expenditures	2003048
1. Total Expenditures Per Child   Line 2: BEDS Day Pupil Count	121
1. Total Expenditures Per Child   Line 3: Divide Line 1 by Line 2	16554

#### 2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2013-14 Schedule of Functional Expenses) and divide by the BEDS per pupil count. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officers, the treasurer, the finance or business offices, the purchasing unit, the employee personnel offices, the records management offices, or a public information and services offices. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation.

Please note the following:

Do not include the FTE of personnel dedicated to administration of the instructional programs.

Do not include Employee Benefit costs or expenditures in the above calculations.

A template for the Schedule of Functional Expenses is provided on page 21 of the 2012 Annual Report Guidelines to assist schools identify the categories of expenses needed to compute the two per pupil calculations. This template does not need to be completed or submitted on August 1st as it will be submitted November 1st as part of the audited financial statements. Therefore schools should use unaudited amounts for these per pupil calculations. (See the 2013-14 Annual Report Guidelines in "Resources" area of your portal task page).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).

To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 1: Relevant Personnel Services Cost (Row)	42141
To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 2: Management and General Cost (Column)	703703
To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 3: Sum of Line 1 and Line 2	745844
To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 4: BEDS Day Pupil Count	121
To calculate 'Administrative Expenditures per Child' take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the 2013-14 Schedule of Functional Expenses) and divide by the count of students as of BEDS Day. (Integers Only. No dollar signs or commas).   Line 5: Divide Line 3 by the BEDS Day Pupil Count	6164

Thank you.

**Middle Village Preparatory Charter School**

Financial Statements

For the Eighteen Month Period Ended  
June 30, 2014

## **Independent Auditors' Report**

**Board of Trustees  
Middle Village Preparatory Charter School**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Middle Village Preparatory Charter School (the "School"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the period January 1, 2013 (commencement of operations) through June 30, 2014, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Middle Village Preparatory Charter School as of June 30, 2014, and the changes in its net assets and its cash flows for the period January 1, 2013 (commencement of operations) through June 30, 2014 in accordance with accounting principles generally accepted in the United States of America.

***Supplemental Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 11 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 16, 2014 on our consideration of Middle Village Preparatory Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Middle Village Preparatory Charter School's internal control over financial reporting and compliance.

*O'Connor Davies, LLP*

## **Middle Village Preparatory Charter School**

Notes to Financial Statements  
June 30, 2014

### **1. Organization and Tax Status**

Middle Village Preparatory Charter School (the "School") is a public charter school that prepares students with the academic skills, strength of character and social and emotional well-being to excel in high school and college, to lead in their communities and to realize their best possible selves.

The School operates in Middle Village, New York. On January 1, 2013, the Board of Regents of the University of the State of New York granted the School a provisional charter valid for a term of five years and renewable upon expiration. The school opened with its first academic year in the fall of 2013 with sixth grade, and will add a grade each year until it serves sixth through eighth grade.

The School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The School's primary sources of income are from per pupil tuition and other government funding.

### **2. Summary of Significant Accounting Policies**

#### ***Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies, if any, at the date of the financial statements, and the reported amounts of support and revenue and expenses during the period then ended. Actual results could differ from those estimates.

#### ***Restricted Cash***

Included in restricted cash is an escrow fund of \$25,000 to cover debts in the event of the School's dissolution. According to Section 2851(2)(t) of the Charter School Law, the School will maintain no less than \$75,000 in an escrow account. The escrow account will be no less than \$25,000 by April 1 of year 1 of the School's operation. By April 1 of year 2, the balance will be no less than \$50,000, and by April 1, of year 3 it will be no less than \$75,000.

#### ***Property and Equipment***

Property and equipment is recorded at cost. Additions and improvements or betterments in excess of \$1,000 with an estimated useful life of more than one year are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized over the shorter of the estimated useful life of the asset or term of the related lease.

## **Middle Village Preparatory Charter School**

Notes to Financial Statements

June 30, 2014

### **2. Summary of Significant Accounting Policies (*continued*)**

#### ***Presentation of Net Assets***

The net assets of the School and changes therein are classified as unrestricted, temporarily restricted and permanently restricted based on the existence or absence of donor-imposed restrictions. Unrestricted net assets are those that are not subject to donor-imposed stipulations. Temporarily restricted net assets represent contributions with donor-imposed restrictions that have not yet been satisfied or are time restricted. When a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. Permanently restricted net assets are those which are established by donor gifts to provide a permanent endowment. There were no temporarily or permanently restricted net assets at June 30, 2014.

#### ***Revenue Recognition***

Revenue from state and local governments under the charter agreement is based on the number of students enrolled, and recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts is recognized by the School when qualifying expenditures are incurred. Funds received in advance for which qualifying expenditures have not been incurred are reflected as deferred revenue in the accompanying statement of financial position.

The School follows U.S. GAAP guidance on accounting for contributions received and contributions made. Accordingly, contributed assets are recorded at fair value at date of donation. Services are recognized as revenue and assets or expenses at fair value if those services (a) create or enhance nonfinancial assets, (b) would typically need to be purchased by the School if they had not been provided by contribution or (c) require specialized skills and are provided by individuals with those skills.

A number of volunteers have made a contribution of their time to the School to develop its programs and to serve on the School's board of trustees. The value of such contributed time is not reflected in these financial statements because it does not meet the criteria for recognition.

#### ***Functional Expenses***

Expenses that can be directly identified with the program or supporting service to which they relate are charged accordingly. Other expenses by function have been allocated among program and supporting service classifications based upon benefits received.

## **Middle Village Preparatory Charter School**

Notes to Financial Statements  
June 30, 2014

### **2. Summary of Significant Accounting Policies *(continued)***

#### ***Functional Expenses (continued)***

Expenses are classified according to the functional categories for which they are incurred, as follows:

General Education Program Services – represents expenses directly associated with general education.

Special Education Program Services – represents expenses directly associated with special education for certain students requiring additional attention and guidance.

Management and general – represents expenses related to the overall administration and operation of the School that are not associated with any education services or fundraising.

#### ***Marketing and Recruitment***

Marketing and recruitment costs are expensed as incurred for staff and student recruitment. Marketing and recruitment costs for the eighteen month period ended June 30, 2014 was \$19,335.

#### ***Operating Leases***

Operating leases are classified in accordance with the terms of the underlying agreements. Operating lease payments are charged to rental expense. Rent expense is recorded on a straight-line basis. Deferred rent is recorded when there are material differences between the fixed payment and the rent expense.

#### ***Accounting For Uncertainty in Income Taxes***

The School recognizes the effect of income tax positions only when they are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is subject to examination by applicable taxing authorities since inception in 2013.

#### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through October 16, 2014, which is the date that the financial statement was available to be issued.

### **3. Concentration of Credit Risk and Revenue**

The School maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed federally insured limits.

## Middle Village Preparatory Charter School

Notes to Financial Statements  
June 30, 2014

### 3. Concentration of Credit Risk and Revenue (*continued*)

The School receives a majority of its revenues from the New York State Education Department through the Charter Schools Institute of the State of New York. The Charter Schools Institute of the State of New York provides general operating support to the School based upon the location and the number of students enrolled. Per pupil general education and special education support provided to the School totaled \$1,700,264 for the 18 month period ended June 30, 2014. The School is dependent upon this level of funding in order to continue its operations.

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to protect itself from such risks and is self-insured for other risks.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund, because management does not believe that there are any liabilities to be recorded.

### 4. Grants and Accounts Receivable

Grants and accounts receivable are deemed to be fully collectible by management.

### 5. Property and Equipment, Net

Property and equipment consist of the following at June 30, 2014:

		<u>Estimated Useful Lives</u>
Computers and other equipment	\$ 225,778	3
Furniture and fixtures	179,577	7
Leasehold improvements	<u>510,483</u>	5
	915,838	
Accumulated depreciation and amortization	<u>(173,742)</u>	
	<u>\$ 742,096</u>	

### 6. Line of Credit

The School entered into a line of credit with Victory Education Partners (“VEP”) in the amount of \$150,000 with interest rate of 3% per annum, compounded monthly, payable within the first or second year of operation. The line of credit will be used in the event that the School’s cash receipts are insufficient to fund all of the cash expenditure during the fiscal year 2013 (“Start-up Year”) and fiscal year 2014 (“Year 1”). The line of credit had an outstanding balance of \$50,000 at June 30, 2014. The interest expense for the eighteen month period ended June 30, 2014 was \$3,298.

## Middle Village Preparatory Charter School

Notes to Financial Statements  
June 30, 2014

### 7. Loan Payable

The School has a loan payable of \$409,913 to the lessor for the renovations made as per the lease agreement in Note 8. The loan is unsecured and non-interest bearing and is to be paid in full by 2018.

### 8. Operating leases

On February 1, 2013, the School entered into a lease agreement for a period of five years and five months terminating on June 30, 2018. The lease may be renewed for an additional five years with the same terms. The rate of rent stays flat without increase during the term of the lease, but, as the space utilization increases, the rent is proportionately increased. The rent for additional space is calculated and charged in proportion to the increase in floor space. The initial base rent per year is \$240,000 rising to \$720,000 during the last period of the lease.

Future minimum rental expense for the years ending June 30, based on anticipated square footage space, is as follows:

2015	\$ 480,000
2016	720,000
2017	720,000
2018	<u>720,000</u>
	<u>\$ 2,640,000</u>

### 9. Employee Benefit Plan

The School maintains a deferred compensation plan for all qualified employees. The School elects to make contributions to the plan on a discretionary basis. For the 18 month period ended June 30, 2014, the School contributed \$21,096 to the plan.

See independent auditors' report

**Report on Internal Control Over Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements Performed in Accordance With  
Government Auditing Standards**

**Independent Auditors' Report**

**Board of Trustees  
Middle Village Preparatory Charter School**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Middle Village Preparatory Charter School (the "School"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the period January 1, 2013 (commencement of operations) through June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated October 16, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Appendix E: Disclosure of Financial Interest Form

Created Friday, June 27, 2014

Updated Tuesday, August 12, 2014

---

## Page 1

342400861048 MIDDLE VILLAGE PREP CS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2013-14 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at:

<http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/>. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the survey <https://fluidsurveys.com/account/surveys/540612/publish/qrcode/>. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible.  
Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

To the State Charter Center  
Progress Report  
ENROLLMENT AND RETENTION EFFORTS

Middle Village Preparatory Charter School advertised on February, 2013 to recruit students from District 24 Q in Queens, N.Y. Newspaper articles and advertising pieces that were mailed or distributed to parents clearly stated that MVP would "serve all students".

In our first year, we were able to recruit 11 Special Education students and 1 ELL child to join our total school population of 120 students. Approximately 10% of our student body in the first year fell into these two categories of students. In our second year, we have recruited an increase number of IEP students (19 new IEP students) and approximately 10 new ELL students.

Our recruitment efforts for year one, which not only included mailings, brochure distributions and school visitations to PTA meetings also resulted in a Reduced – Free Lunch school population of approximately 50 % in our first year. For the coming year 2014- 2015, many more students in the Reduced- Free category have applied and have been accepted, with an anticipated increased enrollment of about 60% for September, 2014.

For the future, we will rigorously continue our mailing and school visitation approaches in order to maintain and increase our Enrollment and Retention Efforts for IEP and ELL students.

Mr. Ronald E. Rivera  
Principal, MVP Charter School

# Appendix I: Teacher and Administrator Attrition

Created Friday, July 18, 2014

---

Page 1

Charter School Name: 342400861048 MIDDLE VILLAGE PREP CS

Instructions for completing the Teacher and Administrator Attrition Tables  
Board of Regents-authorized charter schools should provide, for teachers and administrators only, the full time equivalent (FTE) of staff on June 30, 2013, the FTE for added staff from July 1, 2013 through June 30, 2014, and the FTE for any departed staff from July 1, 2013 through June 30, 2014 using the two tables provided.

## 2013-14 Teacher Attrition Table

Thank you

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Middle Village Preparatory Charter School as of June 30, 2014, and the changes in its net assets and its cash flows for the period January 1, 2013 (commencement of operations) through June 30, 2014 in accordance with accounting principles generally accepted in the United States of America.

***Supplemental Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 11 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 16, 2014 on our consideration of Middle Village Preparatory Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Middle Village Preparatory Charter School's internal control over financial reporting and compliance.

*O'Connor Davies, LLP*

## **Middle Village Preparatory Charter School**

Notes to Financial Statements

June 30, 2014

### **1. Organization and Tax Status**

Middle Village Preparatory Charter School (the "School") is a public charter school that prepares students with the academic skills, strength of character and social and emotional well-being to excel in high school and college, to lead in their communities and to realize their best possible selves.

The School operates in Middle Village, New York. On January 1, 2013, the Board of Regents of the University of the State of New York granted the School a provisional charter valid for a term of five years and renewable upon expiration. The school opened with its first academic year in the fall of 2013 with sixth grade, and will add a grade each year until it serves sixth through eighth grade.

The School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The School's primary sources of income are from per pupil tuition and other government funding.

### **2. Summary of Significant Accounting Policies**

#### ***Basis of Presentation and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies, if any, at the date of the financial statements, and the reported amounts of support and revenue and expenses during the period then ended. Actual results could differ from those estimates.

#### ***Restricted Cash***

Included in restricted cash is an escrow fund of \$25,000 to cover debts in the event of the School's dissolution. According to Section 2851(2)(t) of the Charter School Law, the School will maintain no less than \$75,000 in an escrow account. The escrow account will be no less than \$25,000 by April 1 of year 1 of the School's operation. By April 1 of year 2, the balance will be no less than \$50,000, and by April 1, of year 3 it will be no less than \$75,000.

#### ***Property and Equipment***

Property and equipment is recorded at cost. Additions and improvements or betterments in excess of \$1,000 with an estimated useful life of more than one year are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Leasehold improvements are amortized over the shorter of the estimated useful life of the asset or term of the related lease.

## **Middle Village Preparatory Charter School**

Notes to Financial Statements

June 30, 2014

### **2. Summary of Significant Accounting Policies (*continued*)**

#### ***Presentation of Net Assets***

The net assets of the School and changes therein are classified as unrestricted, temporarily restricted and permanently restricted based on the existence or absence of donor-imposed restrictions. Unrestricted net assets are those that are not subject to donor-imposed stipulations. Temporarily restricted net assets represent contributions with donor-imposed restrictions that have not yet been satisfied or are time restricted. When a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. Permanently restricted net assets are those which are established by donor gifts to provide a permanent endowment. There were no temporarily or permanently restricted net assets at June 30, 2014.

#### ***Revenue Recognition***

Revenue from state and local governments under the charter agreement is based on the number of students enrolled, and recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts is recognized by the School when qualifying expenditures are incurred. Funds received in advance for which qualifying expenditures have not been incurred are reflected as deferred revenue in the accompanying statement of financial position.

The School follows U.S. GAAP guidance on accounting for contributions received and contributions made. Accordingly, contributed assets are recorded at fair value at date of donation. Services are recognized as revenue and assets or expenses at fair value if those services (a) create or enhance nonfinancial assets, (b) would typically need to be purchased by the School if they had not been provided by contribution or (c) require specialized skills and are provided by individuals with those skills.

A number of volunteers have made a contribution of their time to the School to develop its programs and to serve on the School's board of trustees. The value of such contributed time is not reflected in these financial statements because it does not meet the criteria for recognition.

#### ***Functional Expenses***

Expenses that can be directly identified with the program or supporting service to which they relate are charged accordingly. Other expenses by function have been allocated among program and supporting service classifications based upon benefits received.

## **Middle Village Preparatory Charter School**

Notes to Financial Statements  
June 30, 2014

### **2. Summary of Significant Accounting Policies *(continued)***

#### ***Functional Expenses (continued)***

Expenses are classified according to the functional categories for which they are incurred, as follows:

General Education Program Services – represents expenses directly associated with general education.

Special Education Program Services – represents expenses directly associated with special education for certain students requiring additional attention and guidance.

Management and general – represents expenses related to the overall administration and operation of the School that are not associated with any education services or fundraising.

#### ***Marketing and Recruitment***

Marketing and recruitment costs are expensed as incurred for staff and student recruitment. Marketing and recruitment costs for the eighteen month period ended June 30, 2014 was \$19,335.

#### ***Operating Leases***

Operating leases are classified in accordance with the terms of the underlying agreements. Operating lease payments are charged to rental expense. Rent expense is recorded on a straight-line basis. Deferred rent is recorded when there are material differences between the fixed payment and the rent expense.

#### ***Accounting For Uncertainty in Income Taxes***

The School recognizes the effect of income tax positions only when they are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is subject to examination by applicable taxing authorities since inception in 2013.

#### ***Subsequent Events Evaluation by Management***

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through October 16, 2014, which is the date that the financial statement was available to be issued.

### **3. Concentration of Credit Risk and Revenue**

The School maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed federally insured limits.

## Middle Village Preparatory Charter School

Notes to Financial Statements  
June 30, 2014

### 3. Concentration of Credit Risk and Revenue (*continued*)

The School receives a majority of its revenues from the New York State Education Department through the Charter Schools Institute of the State of New York. The Charter Schools Institute of the State of New York provides general operating support to the School based upon the location and the number of students enrolled. Per pupil general education and special education support provided to the School totaled \$1,700,264 for the 18 month period ended June 30, 2014. The School is dependent upon this level of funding in order to continue its operations.

The School is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School maintains commercial insurance to protect itself from such risks and is self-insured for other risks.

The School entered into contractual relationships with certain governmental funding sources. The governmental agencies may request return of funds as a result of noncompliance by the School, as well as additional funds for the use of facilities. The accompanying financial statements make no provision for the possible disallowance or refund, because management does not believe that there are any liabilities to be recorded.

### 4. Grants and Accounts Receivable

Grants and accounts receivable are deemed to be fully collectible by management.

### 5. Property and Equipment, Net

Property and equipment consist of the following at June 30, 2014:

		<u>Estimated Useful Lives</u>
Computers and other equipment	\$ 225,778	3
Furniture and fixtures	179,577	7
Leasehold improvements	<u>510,483</u>	5
	915,838	
Accumulated depreciation and amortization	<u>(173,742)</u>	
	<u>\$ 742,096</u>	

### 6. Line of Credit

The School entered into a line of credit with Victory Education Partners (“VEP”) in the amount of \$150,000 with interest rate of 3% per annum, compounded monthly, payable within the first or second year of operation. The line of credit will be used in the event that the School’s cash receipts are insufficient to fund all of the cash expenditure during the fiscal year 2013 (“Start-up Year”) and fiscal year 2014 (“Year 1”). The line of credit had an outstanding balance of \$50,000 at June 30, 2014. The interest expense for the eighteen month period ended June 30, 2014 was \$3,298.

## Middle Village Preparatory Charter School

Notes to Financial Statements  
June 30, 2014

### 7. Loan Payable

The School has a loan payable of \$409,913 to the lessor for the renovations made as per the lease agreement in Note 8. The loan is unsecured and non-interest bearing and is to be paid in full by 2018.

### 8. Operating leases

On February 1, 2013, the School entered into a lease agreement for a period of five years and five months terminating on June 30, 2018. The lease may be renewed for an additional five years with the same terms. The rate of rent stays flat without increase during the term of the lease, but, as the space utilization increases, the rent is proportionately increased. The rent for additional space is calculated and charged in proportion to the increase in floor space. The initial base rent per year is \$240,000 rising to \$720,000 during the last period of the lease.

Future minimum rental expense for the years ending June 30, based on anticipated square footage space, is as follows:

2015	\$ 480,000
2016	720,000
2017	720,000
2018	<u>720,000</u>
	<u>\$ 2,640,000</u>

### 9. Employee Benefit Plan

The School maintains a deferred compensation plan for all qualified employees. The School elects to make contributions to the plan on a discretionary basis. For the 18 month period ended June 30, 2014, the School contributed \$21,096 to the plan.

See independent auditors' report

**Report on Internal Control Over Financial Reporting and on Compliance and Other  
Matters Based on an Audit of Financial Statements Performed in Accordance With  
Government Auditing Standards**

**Independent Auditors' Report**

**Board of Trustees  
Middle Village Preparatory Charter School**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Middle Village Preparatory Charter School (the "School"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities and cash flows for the period January 1, 2013 (commencement of operations) through June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated October 16, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness the School's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Appendix E: Disclosure of Financial Interest Form

Created Friday, June 27, 2014

Updated Tuesday, August 12, 2014

---

## Page 1

342400861048 MIDDLE VILLAGE PREP CS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2013-14 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at:

<http://fluidsurveys.com/surveys/vickie-smith/appendix-e-trustee-disclosure-form/>. Trustees may download and/or email their forms to you upon completion.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the survey <https://fluidsurveys.com/account/surveys/540612/publish/qrcode/>. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible.  
Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

To the State Charter Center  
Progress Report  
ENROLLMENT AND RETENTION EFFORTS

Middle Village Preparatory Charter School advertised on February, 2013 to recruit students from District 24 Q in Queens, N.Y. Newspaper articles and advertising pieces that were mailed or distributed to parents clearly stated that MVP would "serve all students".

In our first year, we were able to recruit 11 Special Education students and 1 ELL child to join our total school population of 120 students. Approximately 10% of our student body in the first year fell into these two categories of students. In our second year, we have recruited an increase number of IEP students (19 new IEP students) and approximately 10 new ELL students.

Our recruitment efforts for year one, which not only included mailings, brochure distributions and school visitations to PTA meetings also resulted in a Reduced – Free Lunch school population of approximately 50 % in our first year. For the coming year 2014- 2015, many more students in the Reduced- Free category have applied and have been accepted, with an anticipated increased enrollment of about 60% for September, 2014.

For the future, we will rigorously continue our mailing and school visitation approaches in order to maintain and increase our Enrollment and Retention Efforts for IEP and ELL students.

Mr. Ronald E. Rivera  
Principal, MVP Charter School

# Appendix I: Teacher and Administrator Attrition

Created Friday, July 18, 2014
