Entry 4 Expenditures per Child

Last updated: 07/26/2017

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate '**Total Expenditures per Child**' take total expenditures (from the unaudited 2016-17 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: <http://www.p12.nysed.gov/psc/AuditGuide.html>

Line 1: Total Expenditures	8394169
Line 2: Year End FTE student enrollment	532
Line 3: Divide Line 1 by Line 2	15779

2. Administrative Expenditures per Child

To calculate **'Administrative Expenditures per Child'** To calculate "Administrative Expenditures per Child" first *add* together the following:

1. Take the relevant portion from the 'personnel services cost' row and the 'management and general' column (from the unaudited 2016-17 Schedule of Functional Expenses)
2. Any contracted administrative/management fee paid to other organizations or corporations
3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:

The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations:

<http://www.p12.nysed.gov/psc/AuditGuide.html>.

Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	626719
Line 2: Management and General Cost (Column)	61913
Line 3: Sum of Line 1 and Line 2	688632
Line 5: Divide Line 3 by the Year End FTE student enrollment	1294

Thank you.

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2016-2017 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners, and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2017-2018.

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Efforts Toward Meeting Recruitment Targets 2016-17)	Describe Plans Toward Meeting Recruitment Targets 2017-18)
Economically Disadvantaged	<p>HUM carried out extensive outreach to community school district 10 and the surrounding districts to inform families and community members about the school and the admissions process. Recruitment strategies were comprehensive and included some of the following: participation in the citywide and borough wide high school fairs hosted by the Department of Education, middle school outreach, direct mailing campaigns to over 17,000 eighth graders residing in the Bronx, street outreach, hosting of open houses and participation in local community events such as fairs and presentations at local networks of community-based organizations and social service networks. HUM has built relationships with feeder middle schools and community based organizations over the years. HUM connected with several middle schools including MS 254, MS 45, MS 391 and Emolior Academy. During these visits, HUM presented to families and Parent-Teacher Conferences, as well as connected with staff. Some of the visits allowed for face-to-face contact which facilitates engagement with families of high need students who may have specific questions about supports and programs offered at HUM. Additionally, the school hosted information sessions and open houses to further inform</p>	<p>To meet recruitment targets for 2017-2018, HUM executed similar outreach strategies to that of the previous year. The following outreach strategies were particularly helpful in receiving a substantial number of applications, including those who are economically disadvantaged: participation in the citywide and borough wide high school fairs hosted by the Department of Education, middle school outreach and direct mailing campaigns to over 17,000 eighth graders residing in the Bronx. HUM also utilizes current families as a strategy to help engage potential families in the application and enrollment process.</p> <p>Additionally, HUM has found open houses and school tours to be effective in recruiting special groups because it allows families to ask questions and feel more connected to the staff. HUM operational and instructional staff participated at each school-based event where families receive information regarding the application process and were provided assistance if needed. HUM promoted open house events at all outreach events throughout the recruitment season.</p>

families and the community about the school and the admissions process. All information sessions and open houses included the dissemination of recruitment materials, enrollment applications, a question and answer period, a school tour and individual consultation with families who are interested. These are held at HUM and are publicized widely through the dissemination of flyers and postcards to families as well as the school's webpage (<http://www.newvisions.org/HUM>) on the network's website which receives over 15,000 hits during the recruitment season. Families were also encouraged to visit the school to see classes in action and meet currently enrolled students.

At HUM, we see enrollment and retention as a priority, and as such the parent coordinator has continued overseeing and executing HUM's recruitment and marketing efforts. The parent coordinator is supervised by the director of school operations (DSO) and supported by the New Visions network during monthly check-ins and quarterly network meetings. This team, along with the DSO is responsible for meeting all enrollment targets and continuously communicating with families from the waitlist as seats become available; until HUM is fully enrolled.

HUM took additional steps to attract English language learners (ELLs) by carrying out comprehensive outreach within community school district 10 and the surrounding districts of 9, 11 and 12. HUM canvassed neighborhoods near the school and hosted tables in strategic locations like Fordham Road to answer questions and encourage families to apply. HUM also benefited from New Visions' extensive network of agencies and organizations that support and interact with these groups of students. New Visions created a database of over 200 partner organizations that supports families throughout the Bronx and NYC, including organizations that provide social services to high need families such as those in the foster care and shelter systems, and connected with them via mailings to promote HUM applications and information about our recruitment process.

In order to reach out to families for whom English is not their primary language and students with IEPs, New Visions, collaborating with HUM, developed family-friendly and accessible information regarding support services in place for HUM students. The brochure, *Serving our Students: English Language Learners (ELLs) and students with Individualized Education Plans (IEP) or Section 504 plans* is an example of this work. This brochure outlines the New Visions network guiding principles for supporting our students and supports we have in place, such as bilingual electives, integrated co-

In addition to the strategies outline above, HUM took additional steps to ensure that ELL students knew of the school and were encouraged to apply. This included connecting with middle schools in district 10 and all surrounding districts, including those while high ELL populations. Additionally we ensured that all outreach materials were available in Spanish. Most importantly, our application is available in nine languages (English, Spanish, Arabic, Urdu, Russian, Korean, Haitian Creole, French and Chinese) through the NYC Charter Center's Common Application to ensure that non-English speaking families have access to apply to our school. Furthermore, HUM benefits from a curated database of over 200 partner organizations that supports families throughout the Bronx and NYC, including organizations that provide social services to high need families such as those in the foster

care and shelter systems, and connected with them via mailings to promote HUM applications and information about our recruitment process.

Students with Disabilities

In addition to the recruitment strategies outlined above, we conducted targeted outreach to middle schools with high numbers of students with disabilities as well as provided information by mail and email to a list of over 200 contacts that specifically work with target populations such as Resources for Children with Special Needs. As described above, in order to reach out to families for with students with IEPs, New Visions, collaborating with HUM, developed family-friendly and accessible information regarding support services in place for HUM students. The brochure, Serving our Students: English Language Learners (ELLs) and students with Individualized Education Plans (IEP) or Section 504 plans is an example of this work. In addition to the strategies outline above, HUM took additional steps to ensure that students with disabilities knew of the school and were encouraged to apply. Additionally, whenever possible HUM canvassed neighborhoods near the school and hosted tables in strategic locations like Fordham Road or other heavily visited locations in areas of the Bronx to answer questions directly and encourage families to apply. HUM continued to use New Visions’ family-friendly and accessible brochure regarding support services in place for HUM students. Retention Efforts Toward Meeting Targets

	Describe Efforts Toward Meeting Retention Targets 2016-17)	Describe Plans Toward Meeting Retention Targets 2017-18)
Economically Disadvantaged	<p>HUM is committed to attracting and retaining at-risk students including economically disadvantaged students by offering a high-quality educational program; hiring and training highly qualified teachers, and communicating regularly with families. We utilize the Response to Intervention (RtI) framework which is a multi-tiered approach used to efficiently differentiate instruction for all students. The model relies on student literacy assessment data to determine the intensity of the research-based interventions needed to accelerate student literacy gains. We utilize the Wilson Language intervention program, Wilson Just Words, and small reading group instruction using Read 180 to provide tiered literacy intervention classes for students depending on their individual learning needs. This tiered approach is inclusive and based on student need, including general education students, students with disabilities, ELLs, and economically disadvantaged students.</p>	<p>HUM puts a number of programs in place to support the academic and social-emotional growth and success of students in target sub populations. During the 2017-18 school year HUM will continue to implement an attendance intervention plan in support of meeting retention targets. Traditionally there has been a correlation between the number of absences and the socioeconomic status of a student. HUM acknowledges that many of our students have various aspects in their lives that create barriers, making it difficult for them to focus on their education. Knowing this, HUM will continue to make attendance a main priority. Through earlier intervention, transparency of attendance data, consistent communication and follow up with families we will prevent more of our students from becoming chronically absent. In addition we will create targeted intervention groups and provide mentoring for students.</p>
	<p>As a commitment to retaining ELL students we work with families from the initial meeting at enrollment to ensure that families feel supported and comfortable and are aware of the services available to their students. During enrollment, families complete a Home Language Identification Survey (HLIS) during the student enrollment process which helps to identify students who may need English language support. Once the ELL student is identified, he or she will take the New York State Identification Test for English Language Learners (NYSITELL). The results from the NYSITELL will determine eligibility for English as a Second Language/English as a New Language (ESL/ENL) services. Additionally, the parent and community coordinators at HUM assists the instructional staff in creating spaces for families to come in and speak to staff about their student's progress. HUM has hosted</p>	

family nights where families of students with IEPs and ELLs have an opportunity to speak to staff about their progress.

In addition, HUM monitors students' English proficiency progress in day-to-day social and academic interactions using formal and informal assessments such as the WIDA Model or teacher created assessments. HUM offers a standalone double block of ESL/ENL for the increasingly large number of beginner to low intermediate ELLs that are attracted to the school. This double block of standalone ESL/ENL replaces the students' ELA course until students are ready to mainstream into ELA. This standalone course has proven more effective than an integrated ELA/ESL course for newcomer ELLs because it provides a "safe space" that builds' students' confidence and more efficiently scaffolds the students' academic English Language skills. As a result, new ELL students are able to quickly mainstream into integrated ELA/ESL courses and are more successful in their core content courses. Furthermore, HUM educates high intermediate, advanced and recently determined proficient ELLs by providing integrated ESL/ENL instruction in the content area classes in the courses most appropriate. HUM also offer Native Language Arts courses levels 1-3 for students whose native language is Spanish in order to develop the student's academic reading and writing skills in Spanish. This course is offered to both English Language Learners and the general population. Research has shown that efforts to develop literacy skills in students' native language will translate into aptitude with their second language literacy development. These services ensure that ELLs gain academic English language fluency as quickly as possible while developing the content knowledge and academic language required for success across the curriculum. While meeting the statutory requirements for educating ELLs, HUM provides its ELL students with equal access to the full and rich educational program provided to native English speakers.

In addition to current efforts made to support and retain ELL students we plan to: continue to distribute the Home Language Survey at the time of enrollment to gather information on the student, which then can be used to determine if a student should take the NYSESLAT and receive ENL services; ensure that all correspondence is translated into Spanish; have translators regularly available for families so that they are comfortable and feel supported within our school community; partner HUM ELLs with mentor teachers that are certified in English to Speakers of Other Languages (ESOL) and/or bilingual and introduce their families to these teacher/mentor advocates; and conduct ELL information sessions for families to help them better understand the supports that HUM provides our ELLs.

HUM is committed to retaining students with disabilities, and therefore will continue to

Students with Disabilities

As a commitment to retaining students with disabilities we work with families from the initial meeting at enrollment to ensure that families feel supported and comfortable and are aware of the services available to their students. For students with disabilities, we make the appropriate introductions to staff that will be supporting these areas and set up a time to review each student's IEP, as well as provide any assessments if necessary.

HUM has a special education coordinator and employs certified special education teachers to coordinate special education services and to provide special education support services. The school provides special education teacher support services (SETSS) and integrated co-teaching (ICT) services. SETSS provides supplemental instruction to support the participation of a special education student in the general education classroom. These services are designed for greatest flexibility so that students with IEPs can remain in the general education classroom and benefit from the combined expertise of both the general and special education teachers. SETSS services may be provided within the general education classroom or in a separate location on-site. In addition, there are ICT sections per grade level that are taught by the core content level teacher (ELA, math, social studies, science) working in conjunction with the grade level special education teacher. Additionally, to continue to support students with IEPs, HUM provides Wilson Literacy Intervention class.

Lastly, through formal quarterly progress reports, the special education teacher review students' academic progress and make adjustments to the supports for general education teachers, including professional development in appropriately accommodating and modifying curriculum and pedagogy to meet the needs of students with disabilities.

work with families from the initial meeting at enrollment to ensure that families feel supported and comfortable and are aware of the services available to their students. For students with disabilities, we make the appropriate introductions to staff that will be supporting these areas and set up a time to review each student's IEP, as well as provide any assessments if necessary.

HUM has an associate director of special education and employs certified special education teachers to coordinate special education services and to provide special education support services. Additionally, HUM provides in house mandated counseling to SWD in accordance with their IEP recommended services. In 2017-2018 HUM will add an additional counselor to support all SWD with Transition Services and partner programs, including ACCESS-VR, the Transition Coordination Center, and TOP. The school provides special education teacher support services (SETSS) and integrated co-teaching (ICT) services. SETSS provides supplemental instruction to support the participation of a special education student in the general education classroom. These services are designed for greatest flexibility so that students with IEPs can remain in the general education classroom and benefit from the combined expertise of both the general and special education teachers. SETSS services may be provided within the general education classroom or in a separate location on-site.
