**2012-13 ACCOUNTABILITY  
PLAN  
PROGRESS REPORT**

Submitted to the SUNY Charter Schools Institute on:

August 15, 2013

By Sulafa Bashir  
Director of Operations  
985 Rockaway Ave  
Brooklyn, NY 11212  
T: 718 669 7461  
F: 718 228 6496

Sulafa Bashir, Director of Operations, prepared this 2012-13 Accountability Progress Report on behalf of the school's board of trustees:

Trustee's Name	Board Position
Carrie Abramson	Governance
Nadine Augusta	Trustee
Caroline Curry	Finance
Ben Esner	N/A
Michael Hall	Secretary, Governance
John Kim	Trustee
Matthew Klein	N/A
Arvind Krishnamurthy	Chair (in 2013-14), Finance
Tokumbo Shobowale	Chair (in 2012-13), Executive
Dyrnest Sinckler	Finance
Jeff Wetzler	Vice Chair, Executive
Blonka Winkfield	Trustee

**Jennifer Wong-Den and Emily Art have served as the school's co-leaders since January 2013.**

## INTRODUCTION

### Organizational Information

Leadership Preparatory Brownsville Charter School (Leadership Prep) opened in August of 2009 with 116 students in Kindergarten and First Grade. A new class of Kindergarteners will enroll each year until the school reaches its full capacity of 650 students in grades K through 8. The school's mission, despite the students' young age, is to prepare them to enter into, excel within, and graduate from college by providing them with the academic skills, background knowledge, and character traits required to achieve at the highest levels. Through academic achievement, Leadership Prep scholars also prepare to serve as leaders in their communities.

### STUDENT POPULATION

Enrollment is based on random lottery, with preference given to students who live in Leadership Prep Brownsville's community school district (23) and students who qualify for Free and Reduced Price Lunch. Ninety-eight percent of students attending Leadership Prep live in the Central Brooklyn neighborhood, where the school is located, and 1.4% live in Queens.

With an initial enrollment as of BEDS Day 2012 of 351 students, Leadership Prep had low attrition and was able to recruit more students throughout the year to end the 2012-13 school year with 354 students in grade K-4.

Gender	52% Male	48% Female
Free & Reduced Lunch	87%	
Special Ed	13.3%	
Race	88% Black/ African American	12% Latino
English Language Learners	3%	

Elements of Leadership Prep's academic design include: increased learning time through an extended day and school year, high expectations academically and behaviorally for all students, research-based curricula that have a clear emphasis on skill development, a strong focus on literacy skills in the early grades, and frequent use of assessment to inform instruction.

### Teach Until They Learn

Leadership Prep Charter School provides its students with every possible opportunity to learn. This means that Leadership Prep not only has a longer school day that begins at 7:10 AM and ends at 4:00 PM with 6+ hours of instruction, but also has a longer school year consisting of 186 instructional days. Over the course of the school year, this is equivalent to at least 25% more instructional time than the New York City Department of Education's minimum of 5 hours of daily instruction over 181 school days.

Each day consists of over 3 hours of literacy instruction, 60-80 minutes of math instruction, a daily class in social studies or science, a class devoted to character development, fitness, art and music. In addition, students in need of extra help to reach proficiency receive one hour per week of after school tutoring from their teachers.

Even as students leave for the day, the learning continues. Each student, including each Kindergarten student, takes home at least 20 minutes of homework every evening. Parents/guardians review and sign each evening's assignment upon completion. Families and scholars are expected to read together for 20 minutes each night as well. Leadership Prep students finished the 2011-12 school year with a 95% Homework completion rate.

### **Character Development**

Leadership Prep holds students to high standards in behavior and community involvement. To maintain an energetic, orderly, and productive environment where teachers can focus on teaching and students can focus on learning, the school implements a strict code of conduct, provides explicit daily instruction in core values, and enforces a dress code.

Additionally, routines and rituals constantly reinforce Leadership Prep's expectations, core values, and mission. This process begins before students even enter the building. Every morning, the Principal, Director of Operations, and/or Dean of Students meets students outside the school's front door to greet each student by name and shake each student's hand as the student crosses the threshold. This reminds students to conduct themselves with self-respect, dignity, and love.

Each week ends with a Friday Community Meeting. Each Community Meeting is an opportunity to feature student accomplishments and reinforce the values that are celebrated at Leadership Prep. Classes perform memorized poems related to school values, individual students present knowledge they acquired during the week, teachers highlight exceptional academic work, and each meeting closes with the presentation of the Value Valedictorian, an award given to a scholar exemplifying the school's values.

### **Faculty**

One Lead Teacher and one Teacher are assigned to each classroom and provide differentiated instruction in small groups as well as individually. In 2012-13, every staff member held a Bachelor's Degree and 100% either held or were working towards a Master's Degree.

### **Family Involvement**

Leadership Prep understands that family involvement is a key variable in the success of our students. We strive to engage families in their child's education from the very beginning of our recruitment process and we continue this outreach in several ways during the school year:

- Prior to the beginning of the school year, multiple Family Orientation meetings are held to introduce families to the culture of Leadership Prep. Upon enrollment, families meet one-on-one with our Dean of Students and Families and sign a Family & School Covenant in which families and the school pledge to support and engage one another in the joint effort of raising Leadership Prep Scholars.
- Monthly phone calls home from teachers, frequent parent/family conferences, report cards (once per quarter) which parents/guardians are required to pick up in person, and school events keep parents/families apprised of and engaged in their children's performance.
- Leadership Prep Brownsville's Families For Achievement meetings focus on various aspects of the curriculum such as literacy or math and give families the opportunity to better understand what skills their children are learning each day.
- Parents/families at Leadership Prep Brownsville have consistently expressed overwhelming satisfaction with the school. In the most recent two annual DOE surveys, 97% and 98% of respondents expressed overall satisfaction with the school.

### **School Enrollment by Grade Level and School Year**

School Year	K	1	2	3	4	5	6	7	8	9	10	11	12	Total
2009-10	57	57												114
2010-11	87	58	59											204
2011-12	87	86	58	46										277
2012-13	87	87	83	57	40									354

## ENGLISH LANGUAGE ARTS

### **Goal 1: English Language Arts**

All students at Leadership Prep Brownsville will be proficient readers and writers of the English language.

### **Background**

Literacy is the core academic skill on which all future learning is based. For this reason, Leadership Prep's academic program focuses on literacy during the elementary years. The Leadership Prep reading program aggressively accelerates students through a program that addresses the five components of early literacy highlighted by the U.S. government's blue-ribbon Reading First panel: phonemic awareness, phonics, vocabulary, fluency, and comprehension. The school uses three strong, complementary, research-based programs— Direct Instruction (Reading Mastery), Riverdeep Destination Reading, and Reading Comprehension instruction based on the Urban Education Exchange's Concepts of Comprehension – that incorporate these five elements and are used concurrently to provide a rigorous reading education. Leadership Prep classes are split into three groups of 8-10 students based on reading skill. Each day, students receive 80-minutes of Reading Mastery instruction, 40 minutes of instruction using the Riverdeep Destination Early Reading program and 40 minutes of teacher-generated Reading Comprehension instruction based on the Concepts of Comprehension.

Leadership Prep administered the STEP™ (Strategic Teaching and Evaluation of Progress), a standardized developmental literacy assessment developed by the University of Chicago Urban Education Institute (UEI) four times over the course of the 2012-13 school year. This assessment is tightly aligned with scientifically established milestones in reading development, to follow the progress of pre-kindergarten through third grade students. Upon entering the school (September 2012), 100% of Leadership Prep's Kindergarteners were below grade level in key skills of reading as reflected by their STEP scores.

The school re-administered the STEP assessment throughout the academic year and by June 2013. Leadership Prep scholars made enormous progress.

Kindergarten 2012-2013 STEP Growth:

- 85% of K students grew 3 STEP levels or more (roughly equivalent to 1 grade level)

In September 2012, 0% of our K students were at or above the end of year benchmark in reading. Now, 90% of our K students are at the grade level benchmark and 57% are above the grade level benchmark in reading.

First Grade 2012-2013 STEP Growth:

- 41% of 1<sup>st</sup> grade students grew 3 STEP levels or more (roughly equivalent to 1 grade level)
- 2% of 1<sup>st</sup> grade students grew 5 STEP levels or more (roughly equivalent to 1.5 grade levels)

In September 2012, 6% of our first graders were at or above the end of year benchmark in reading. Now, 63% of our first graders are at the grade level benchmark and 21% are above the grade level benchmark in reading.

#### Second Grade 2012-2013 STEP Growth:

- 51% of 2<sup>nd</sup> grade students grew 3 STEP levels or more (roughly equivalent to 1 grade level)
- 7% of 2<sup>nd</sup> grade students grew 5 STEP levels or more (roughly equivalent to 1.5 grade levels)
- 1% of 2<sup>nd</sup> grade students grew 6 STEP levels or more (roughly equivalent to 2 grade levels)

In September 2012, 0% of our second graders were at or above the second grade end of year benchmark in reading. Now, 46% of our second graders are at the grade level benchmark and 23% are above the grade level benchmark in reading.

While these results suggest that Leadership Prep's core reading program is effective in moving most students to mastery and beyond, they also highlight the reality that there are some students who need more help to reach mastery. The school is committed to providing additional reading instruction to at-risk students through an intervention program headed by a Learning Support Coordinator and Learning Support Teacher. In addition to serving at-risk students, the Learning Support Teacher/Reading Specialist provides academic supports for all general education students who require intervention using a variety of programs and curricula, including the school's core reading program.

In order to support our oldest cohorts towards achieving mastery, we added an additional Learning Support Teacher at the start of the 2012-2013 school year. In addition, we added another staff member focused on literacy who worked exclusively with our highest-need third and fourth grade students, providing direct coaching and tailored small group instruction focused on students' specific needs.

#### **Goal 1: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.<sup>1</sup>

#### **Method**

<sup>1</sup> Because of the state's new 3-8 testing program, aligned to its high school college and career readiness standards, the Institute is no longer using Time Adjusted Level 3 cut scores. Please report results for previous years using the state's published results for scoring at proficiency.

The school administered the New York State Testing Program English language arts assessment to students in 3<sup>rd</sup> through 4<sup>th</sup> grade in April 2013. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

**2012-13 State English Language Arts Exam  
Number of Students Tested and Not Tested**

Grade	Total Tested	Not Tested <sup>2</sup>			Total Enrolled
		IEP	ELL	Absent	
3	57	0	0	0	57
4	40	0	0	0	40
All	97	0	0	0	97

**Results**

The 2012-2013 school year was Leadership Prep Brownsville's second year administering the NYS ELA exam. The school administered the New York State Testing Program Common Core English language arts assessment to students in 3<sup>rd</sup> and 4<sup>th</sup> grade, and roughly 28% of Leadership Prep Brownsville's students enrolled in their second year scored at proficiency on the 2012-2013 NYS ELA Exam.

**Performance on 2012-13 State English Language Arts Exam  
By All Students and Students Enrolled in At Least Their Second Year**

Grades	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
3	33.3%	57	32.1%	56
4	22.5%	40	22.5%	40
All	28.9%	97	28.1%	96

---

<sup>2</sup> Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

## Evaluation

In the first year of the administration of the NYS Common Core exam in English Language Arts, Leadership Prep Brownville did not meet this measure. It is still the school's goal to see that at least 75% of tested students perform at proficiency on the Common Core exam, and we are looking forward to implementing a higher level of rigor in our English Language Arts instruction going forward to better prepare our students to meet this bar.

We believe that the steps we have been taking this Summer will help to increase student performance on the exam in the coming year.

- While we began to align our curriculum to Common Core standards in Summer of 2012 there was still a lot of work to be done around our alignment in Informational Reading as well as Social Studies and Science. Over the 2012-13 school year we focused on improving our teaching practice and ensuring that teachers were educated and received professional development on the shift happening with Common Core prior to exams. We look forward to increasing our curricular alignment to the Common Core standards in the coming year.
- We have come to understand during the 2012-13 school year that our focus on writing needs to be strengthened, beginning with teacher practices during writing instruction and teacher feedback on student work after each session. We began to roll out changes during the 2012-13 year to improve our writing curriculum, and strongly believe with strengthened written responses more scholars will achieve at or above a Level 3 in the 2013-14 school year.

## Additional Evidence

With more rigorous Common Core aligned exams this year, Leadership Prep Brownville's third grade results were roughly on the same level this year as last year in terms of students at proficiency. While the results are still well below the school's goal, this suggests that some of the interventions programs and curriculum changes we put into place last year have resulted in some progress towards the goal.

Despite the increased rigor of the Common Core English Language Arts assessment, the results for third grade did not drop significantly, indicating that 3<sup>rd</sup> grade students were better prepared for the rigor of the exam. While we are disappointed by these results, we look forward to seeing these numbers increase in the coming years as we revise curriculum and work to ensure all students are prepared for the rigor of the new exams. Additionally, we will continue to strengthen our intervention programs for our lowest students as outlined in the action plan section below.

### English Language Arts Performance by Grade Level and School Year

Grad	Percent of Students Enrolled in At Least Their
------	--

e	Second Year Achieving Proficiency					
	2010-11		2011-12		2012-13	
	Perce nt	Numb er Tested	Perce nt	Numb er Tested	Perce nt	Numb er Tested
3			35%	46	32.1%	56
4					22.5%	40
All			35%	46	28.1%	96

**Goal 1: Absolute Measure**

Each year, the school's aggregate Performance Level Index (PLI) on the State English language arts exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

**Method**

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an Annual Measurable Objective (AMO) each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in English language arts. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the current year's English language arts AMO. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>3</sup>

**Results**

Leadership Prep Brownsville scored 104 on the ELA Performance Index. Because the State Education Department has not yet recalibrated the AMO to align with the new testing program, we cannot evaluate this score.

**English Language Arts 2012-13 Performance Level Index (PLI)**

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	25	46	29	0

$$PI = 46 + 29 + 0 = 75$$

$$29 + 0 = 29$$

<sup>3</sup> In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

**Evaluation**

*The State Education Department has not recalibrated the AMO to align with the new English Language Arts 3-8 testing program*

*Leave Blank*

**Goal 1: Comparative Measure**  
Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the local school district.

**Method**

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>4</sup>

**Results**

In our second testing year, Leadership Prep Brownsville students in at least their second year outperformed peers in Community School District 23 on the first administration of the Common Core English Language Arts exam by 17 percentage points. 32% of Leadership Prep Brownsville’s 3<sup>rd</sup> grade students, who were at least in their second year, scored “Proficient” (level 3) or “Advanced Proficient” (level 4) on the state ELA exam exceeding CSD 23 3<sup>rd</sup> graders by 21 percentage points. , 11% of 3<sup>rd</sup> graders in District 23 scored “Proficient” (level 3) or “Advanced Proficient” (level 4). In 4<sup>th</sup> grade, 22.5% of Leadership Prep Brownsville’s students in at least their 2<sup>nd</sup> year scored Proficient or Advanced compared to 10.6% of District 23 4<sup>th</sup> graders.

**2012-13 State English Language Arts Exam  
Charter School and District Performance by Grade Level**

---

<sup>4</sup> Schools can acquire these data when the State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The SED announces the release of the data on its [News Release webpage](#).

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
3	32.1%	56	11%	909
4	22.5%	40	10.6%	902
All	<b>28.1%</b>	96	<b>10.8%</b>	1811

## Evaluation

Leadership Prep Brownsville students outperformed their peers in District 23 in ELA in both of its testing grades. Specifically, 3<sup>rd</sup> graders outperformed their peers by a margin of 21 points, with almost 3 times as many students from Leadership Prep Brownsville scoring Proficient or Advanced compared to the district. In 4<sup>th</sup> grade, the margin was narrower at 11 points, and almost twice as many Leadership Prep Brownsville students scoring Proficient or Advanced as seen in District 23.

## Additional Evidence

As this is Leadership Prep Brownsville's second testing year, comparative data is only available for third grade. As seen in the table, Leadership Prep Brownsville's third graders outperformed their district peers in both years. In particular, while the margin was only 6.5 percentage points last year, it is over three times larger this year.

It is worth noting that in spite of the substantially more rigorous Common Core aligned exams this year, Leadership Prep Brownsville's performance on the third grade ELA exam remained at roughly the same level in terms of number of students at proficiency at the same time that the district's percentage of students at proficiency dropped by almost two thirds.

## English Language Arts Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2010-11		2011-12		2012-13	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
3			35%	28.5%	32.1%	11%
4			n/a	n/a	22.5%	10.6%
All			35%	28.5%	28.1%	10.8%

### Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>5</sup>

### Method

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2012-13 analysis is not yet available. This report contains 2011-12 results (using free-lunch eligible percentage), the most recent Comparative Performance Analysis available.

### Results

Leadership Prep Brownsville's results for 2011-12 contain only 3<sup>rd</sup> grade. The actual percentage of students at proficiency was 32.6%, narrowly missing a predicted 34.9%. Therefore, Leadership Prep Brownsville had a negative aggregate Effect Size of -0.14 with an overall comparative performance that was lower than expected.

#### **2011-12 English Language Arts Comparative Performance by Grade Level**

Grade	Percent Eligible for Free Lunch	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3		46	32.6	34.9	-2.3	-0.14
All	89.5%	46	32.6	34.9	-2.3	-0.14

#### **School's Overall Comparative Performance:**

<sup>5</sup> The Institute will begin using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2012-13. Schools should report previous year's results using reported free-lunch statistics.

## Lower than Expected

### Evaluation

With an Effect Size of -0.14, Leadership Prep Brownsville did not meet the measure for the 2011-12 school year. While we cannot yet determine performance on the measure for the 2012-2013 school year, we hope that the school's ELA performance is higher than the predicted performance on the NYS ELA Exam given the changes made to improve ELA instruction and align the curriculum to Common Core in the 2012-2013 school year.

### Additional Evidence

Leadership Prep Brownsville's actual performance in ELA was lower than the predicted performance relative to comparable schools

As 2011-12 was our first year of testing with only 3<sup>rd</sup> grade, there are no data available yet for comparative analysis across years.

### English Language Arts Comparative Performance by School Year

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2011-12	3	89.5%	46	32.6	34.9	-0.14

#### Goal 1: Growth Measure<sup>6</sup>

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.

### Method

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores

<sup>6</sup> See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students' growth percentiles are aggregated school-wide to yield a school's mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

*The State Education Department has not yet reported schools' mean growth percentiles for the 2012-13 school year.<sup>7</sup>*

## Results

*Leave Blank*

### **Summary of the English Language Arts Goal**

In its second year of state testing, Leadership Prep Brownsville's ELA results demonstrate that there is still room for growth. Leadership Prep Brownsville achieved one of the three relevant ELA goals based on results of the 2011-12 and 2012-13 state exams. While the school did achieve the comparative goal of having a significantly higher percentage of students performing at or above Level 3 relative to the district, we did not achieve the absolute goals and narrowly missed meeting the school's predicted level of performance in 2011-12. We know that we still have a long way to go in terms of absolute performance and that the new rigorous Common Core Standards will provide us with an opportunity to work harder to improve student performance in ELA.

<b>Type</b>	<b>Measure</b>	<b>Outcome</b>
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	Did Not Achieve
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state English language arts exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	N/A

ve	enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the local school district.	
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2011-12 school district results.)	Did Not Achieve
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A

**Action Plan**

During the 2013-2014 school year, Leadership Prep will continue to deploy two teachers in each classroom, divide classrooms into three, skill-differentiated small reading groups, and deliver 160 minutes of daily reading instruction. The school will also continue to utilize Direct Instruction (Reading Mastery) as its main K-2 reading program, particularly because of its success in building the core decoding and fluency skills of students and to utilize the Riverdeep Destination Reading computer program to take students from basic phonemic awareness to sophisticated reading comprehension skills in a three-year sequence. Teachers will also continue to develop and lead daily Reading Comprehension lessons in which students learn and practice reading comprehension skills.

Leadership Prep supplements this core reading program for struggling readers through its Reading Intervention program and staffing which allows Leadership Prep to provide highly specialized, intervention-based instruction to students identified as at-risk for academic failure in reading.

Leadership Prep will also continue to give heavy focus to our rising third and fourth grade students. Last year, we moved to a co-Principal model with two Principals, one focused exclusively on grades 3 and 4 and other dedicated to Grades K-2. Moreover, this year we are opening our Middle Academy with our first cohort of 5<sup>th</sup> graders. The Middle Academy has its own dedicated teaching staff and principal who have experience working with other Uncommon Middle schools.

In addition, halfway through the year, we hired an additional intervention teacher to work exclusively with our lowest readers in 3<sup>rd</sup> and 4<sup>th</sup> grades last year. We have created this position again for the 2013-14 school year and expect to start this intervention work from the beginning of the year. We also revised our daily schedules to allow for up to 50 more minutes of small-group instruction during the day which will be supplemented by

more extensive tutoring and Saturday Academy programs for testing grades.

Leadership Prep will also implement professional development programs targeted towards ELA instruction. In preparation for the 2013-14 school year, teachers who are new to Leadership Prep will participate in two days of Reading Mastery, Guided Reading and STEP training. These trainings will be conducted by content experts and master teachers from the Uncommon Schools network. Moreover, Leadership Prep will continue to deliver professional development for all teachers on Evidence-Based Questions, interactive reading, Accountable Independent Reading and Habits of Discussion

Finally, the school is energized by the challenge that more rigorous Common Core standards present. As part of the Uncommon Schools network, Leadership Prep Brownsville will continue to make changes to its curriculum to be better prepared to address the increased rigor of the Common Core standards.

Beginning last year, Leadership Prep Brownsville began to modify the schools' existing curricula for English Language Arts (ELA), working to strengthen its Reading Instruction and align the ELA curriculum with the new Common Core learning standards. Leadership Prep Brownsville Elementary Academy will continue to make adjustments to their ELA curriculum. With the adoption of Common Core, we need to factor in the Lexile level of text, and so while 90% of the books used at Leadership Prep Brownsville EA were aligned, we continue to adjust other books, with some books moving down in reading level or grade. Furthermore, teachers will continue to make conversations more text based, and students will continue using text based evidence to support verbal and written responses.

While our narrative reading began aligning with Common Core last year, the work that our experienced teachers and instructional leaders have been doing this summer will ensure that our informational reading is also common core aligned. In addition, teachers and instructional leaders are working to strengthen our writing curriculum so that there is an increased focus on the techniques used to teach writing and so that students are receiving an increased amount of feedback on their writing. This will ensure that student performance on the New York State ELA exam is increased in future years.

Interim Assessments have also been redesigned to be more aligned with Common Core. For example passages will be more rigorous and the questions will require students to go back to the text to analyze and synthesize information. Additionally, passages used in both narrative and informational reading will be Lexile leveled to ensure that students are accessing and reading text at the appropriate levels for their grade and content according to the Common Core Learning standards.

Leadership Prep remains strongly committed to keeping literacy at the forefront of our curriculum and to taking whatever steps are necessary to ensure that all of our students become proficient readers and writers.**MATHEMATICS**

**Goal 1: Mathematics**

Students will demonstrate competency in the understanding and application of mathematical computation and problem solving.

**Background**

Leadership Prep employs a rigorous, fast paced math program that is designed to carry all students through a minimum of one year of high school algebra by the time they complete eighth grade.

Previously, Leadership Prep Brownsville used the Saxon Math program. However, in the fall of 2012, the school moved away from Saxon towards implementing teacher-created math lessons which utilize the Investigations math curriculum. Leadership Prep Brownsville made this change in curriculum to increase the rigor of instruction and to incorporate Common Core.

Investigations is a curriculum that allows scholars to deep dive into mathematical conceptual understanding. Through the use of cognitively guided instruction children have the opportunity to explore using a variety of different strategies. Some of these strategies are:

- Base tens
- Pictures
- Algorithms

The Investigations curriculum allows students to draw upon their own knowledge and understanding to experiment with strategies that further their mathematical conceptual understanding.

Scholars at Leadership Prep receive 60-80 minutes of math instruction each day. The math program in K-2 includes a 20 minute Math Meeting which begins each day as well as a lesson and practice for 55 minutes.

Leadership Prep's math curriculum uses various methodologies and approaches to move students towards competency in the understanding and application of mathematical computation and problem solving. The school is committed to meeting its accountability plan goals related to mathematics as listed below:

**Goal 1: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State mathematics examination for grades 3-8.<sup>8</sup>

## Method

The school administered the New York State Testing Program mathematics assessment to students in 3<sup>rd</sup> through 4<sup>th</sup> grade in April 2013. Each student's raw score has been converted to a grade-specific scaled score and a performance level.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

**2012-13 State Mathematics Exam  
Number of Students Tested and Not Tested**

Grade	Total Tested	Not Tested <sup>9</sup>			Total Enrolled
		IEP	ELL	Absent	
3	57	0	0	0	57
4	40	0	0	0	40
All	97	0	0	0	97

## Results

The 2012-2013 school year was Leadership Prep Brownsville's second year administering the NYS Math exam. The school administered the New York State Testing Program Common Core math assessment to students in 3<sup>rd</sup> and 4<sup>th</sup> grade in April 2013. Roughly 26% of Leadership Prep Brownsville's students enrolled in their second year scored at proficiency on the 2012-2013 NYS Math Exam.

**Performance on 2012-13 State Mathematics Exam  
By All Students and Students Enrolled in At Least Their Second Year**

<sup>8</sup> Because of the state's new 3-8 testing program, aligned to its high school college and career readiness standards, the Institute is no longer using Time Adjusted Level 3 cut scores. Please report results for previous year's using the state's published results for scoring at proficiency.

<sup>9</sup> Students exempted from this exam according to their Individualized Education Program (IEP), because of English Language Learners (ELL) status, or absence for at least some part of the exam.

Grades	All Students		Enrolled in at least their Second Year	
	Percent	Number Tested	Percent	Number Tested
3	31.6%	57	30.4%	56
4	20%	40	20%	40
All	26.8	97	26%	96

## Evaluation

In the first year of the administration of the NYS Common Core exam in Mathematics, Leadership Prep Brownsville did not meet this measure. It is still the school's goal to see that at least 75% of tested students perform at proficiency on the Common Core Math exam, and we are looking forward to implementing a higher level of rigor in our Mathematics instruction going forward to better prepare our students to meeting this bar.

## Additional Evidence

With more rigorous Common Core aligned exams this year, Leadership Prep Brownsville's third grade results dropped this year relative to last year in terms of students at proficiency, with 30% scoring Proficient or Advanced this year compared to 62.5% last year.

While we are disappointed by these results, we will continue to implement changes to our curriculum to meet the more rigorous standards of Common Core and strengthen our intervention programs for our lowest students as outlined in the action plan section below. Additionally, we intend to increase the amount of written work happening during math instruction across all grades and include more independent practice with each lesson.

## Mathematics Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year Achieving Proficiency					
	2010-11		2011-12		2012-13	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
3			62.5%	40	30.4%	56
4			n/a	n/a	20%	40
All			62.5%	40	26%	96

## Goal 1: Absolute Measure

Each year, the school's aggregate Performance Level Index (PLI) on the State mathematics exam will meet the Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.

**Method**

The federal No Child Left Behind law holds schools accountable for making annual yearly progress towards enabling all students to be proficient. As a result, the state sets an Annual Measurable Objective (AMO) each year to determine if schools are making satisfactory progress toward the goal of proficiency in the state's learning standards in mathematics. To achieve this measure, all tested students must have a Performance Level Index (PLI) value that equals or exceeds the current year's mathematics AMO. The PLI is calculated by adding the sum of the percent of all tested students at Levels 2 through 4 with the sum of the percent of all tested students at Levels 3 and 4. Thus, the highest possible PLI is 200.<sup>10</sup>

**Results**

Leadership Prep Brownsville scored 99 on the Math Performance Index. Because the State Education Department has not yet recalibrated the AMO to align with the new testing program, we cannot evaluate this score.

**Mathematics 2012-13 Performance Level Index (PLI)**

Number in Cohort	Percent of Students at Each Performance Level			
	Level 1	Level 2	Level 3	Level 4
	28	45	20	7

$$\begin{array}{rcccccc}
 \text{PI} & = & 45 & + & 20 & + & 7 & = & 72 \\
 & & & & 20 & + & 7 & = & \underline{27} \\
 & & & & & & \text{PL} & = & 99 \\
 & & & & & & \text{I} & & 
 \end{array}$$

**Evaluation**

*The State Education Department has not recalibrated the AMO to align with the new Mathematics 3-8 testing program*

*Leave Blank*

**Goal 1: Comparative Measure**

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the local school district.

<sup>10</sup> In contrast to SED's Performance Index, the PLI does not account for year-to-year growth toward proficiency.

## Method

A school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.<sup>11</sup>

## Results

In our second testing year, Leadership Prep Brownsville students in at least their second year outperformed peers in Community School District 23 on the first administration of the Common Core Math exam by 15 percentage points. 30.4% of Leadership Prep Brownsville's 3<sup>rd</sup> grade students, who were at least in their second year, scored "Proficient" (level 3) or "Advanced Proficient" (level 4) on the state Math exam, exceeding CSD 23 3<sup>rd</sup> graders by more than 17 percentage points. In 4<sup>th</sup> grade, 20% of Leadership Prep Brownsville's students in at least their 2<sup>nd</sup> year scored Proficient or Advanced compared to 9% of District 23 4<sup>th</sup> graders.

### 2012-13 State Mathematics Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
3	30.4%	56	12.9%	922
4	20%	40	9%	906
All	<b>26%</b>	96	<b>10.9%</b>	1828

## Evaluation

Leadership Prep Brownsville students outperformed their peers in District 23 in Math in both of its testing grades. Specifically, 3<sup>rd</sup> graders outperformed their peers by a margin of 17 points, with more than 2 times as many students from Leadership Prep Brownsville scoring Proficient or Advanced compared to the district. In 4<sup>th</sup> grade, the margin was narrower at 11 points, and more than twice as many Leadership Prep Brownsville students scoring Proficient or Advanced as seen in District 23. This demonstrates that Leadership Prep Brownsville continues to be a viable option for students in District 23.

---

<sup>11</sup> Schools can acquire these data when the State Education Department releases its Access database containing grade level ELA and math test results for all schools and districts statewide. The SED announces the release of the data on its [News Release webpage](#).

## Additional Evidence

As this is Leadership Prep Brownsville's second testing year, comparative data is only available for third grade. As seen in the table, Leadership Prep Brownsville's third graders outperformed their district peers in both years. However, while the margin is narrower this year (17 percentage points compared to over 30 percentage points last year), in terms of relative performance, more than twice as many Leadership Prep Brownsville students achieved proficiency compared to their District 23 peers in both years. It is notable that this gap has remained the same (and even widened slightly) in spite of the more rigorous exams this year.

Despite changes to the NYS Math exam, Leadership Prep Brownsville students continue to outperform the district average for math across all grades. The school hopes to bring more students to proficiency using the new Common Core standards during the 2013-14 school year in order to provide a viable program that is truly preparing students for college level mathematics.

### Mathematics Performance of Charter School and Local District by Grade Level and School Year

Grade	Percent of Students Enrolled in at Least their Second Year Who Are at Proficiency Compared to Local District Students					
	2010-11		2011-12		2012-13	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
3			62.5%	30.0%	30.4%	12.9%
4					20%	9%
All			62.5%	30%	26%	10.9%

#### Goal 1: Comparative Measure

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for students eligible for economically disadvantaged students among all public schools in New York State.<sup>12</sup>

## Method

<sup>12</sup> The Institute will begin using *economically disadvantaged* instead of *eligibility for free lunch* as the demographic variable in 2012-13. Schools should report previous year's results using reported free-lunch statistics.

The Charter Schools Institute conducts a Comparative Performance Analysis, which compares the school's performance to demographically similar public schools state-wide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The Institute compares the school's actual performance to the predicted performance of public schools with a similar economically disadvantaged percentage. The difference between the schools' actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3 or performing higher than expected to a small degree is the requirement for achieving this measure.

Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2012-13 analysis is not yet available. This report contains 2011-12 results (using free-lunch eligible percentage), the most recent Comparative Performance Analysis available.

## Results

The chart below displays how Leadership Prep Brownsville students in each grade performed compared to students in public schools in New York State with the same grade and a similar population of free-lunch-eligible students. Leadership Prep Brownsville's results for 2011-12 contain only 3<sup>rd</sup> grade. The actual percentage of students at proficiency was 56.5% compared to a predicted 43.2%. Therefore, Leadership Prep Brownsville had a positive aggregate Effect Size of 0.71 with an overall comparative performance that was higher than expected to a medium degree.

### **2011-12 Mathematics Comparative Performance by Grade Level**

Grade	Percent Eligible for Free Lunch	Number Tested	Percent of Students at Levels 3&4		Difference between Actual and Predicted	Effect Size
			Actual	Predicted		
3		46	56.5	43.2	13.3	0.71
All	89.5%	46	56.5	43.2	13.3	0.71

<b>School's Overall Comparative Performance:</b>
<b>Higher than expected to a medium degree</b>

## Evaluation

With an Effect Size of 0.71, Leadership Prep Brownsville did meet the measure for the 2011-12 school year.

## Additional Evidence

Leadership Prep Brownville’s actual performance in Math was higher than the predicted performance relative to comparable schools. As 2011-12 was our first year of testing with only 3<sup>rd</sup> grade, there are no data available yet for comparative analysis across years.

**Mathematics Comparative Performance by School Year**

School Year	Grades	Percent Eligible for Free Lunch	Number Tested	Actual	Predicted	Effect Size
2011-12	3	89.5%	46	56.5	43.2	0.71

**Goal 1: Growth Measure<sup>13</sup>**

Each year, under the state’s Growth Model, the school’s mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state’s unadjusted median growth percentile.

**Method**

This measure examines the change in performance of the same group of students from one year to the next and the progress they are making in comparison to other students with the same score in the previous year. The analysis only includes students who took the state exam in 2012-13 and also have a state exam score in 2011-12 including students who were retained in the same grade. Students with the same 2011-12 scores are ranked by their 2012-13 scores and assigned a percentile based on their relative growth in performance (mean growth percentile). Students’ growth percentiles are aggregated school-wide to yield a school’s mean growth percentile. In order for a school to perform above the statewide median, it must have a mean growth percentile greater than 50.

*The State Education Department has not yet reported schools’ mean growth percentiles for the 2012-13 school year.*

**Results**

*Leave Blank*

---

<sup>13</sup> See Guidelines for [Creating a SUNY Accountability Plan](#) for an explanation.

### **Summary of the Mathematics Goal**

Despite this more rigorous exam, the school met two of its three accountability plan goals. While the school did achieve the comparative goal of having a significantly more than twice as many students performing at or above Level 3 relative to the district, we did not achieve the absolute goals set. In its second year of state testing, Leadership Prep Brownsville's Math results demonstrate that there is much room for growth. Specifically, on the 2012-2013 Common Core Math Assessment we fell short (by around 45 and 55 percentage points in third and fourth grade respectively) of the goal to have 75% of students score at proficiency. For the 2011-12 school year, we did perform better than our predicted level, and met the comparative goal achieving an Effect Size of 0.71.

<b>Type</b>	<b>Measure</b>	<b>Outcome</b>
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at	Did Not Achieve

	proficiency on the New York State mathematics exam for grades 3-8.	
Absolute	Each year, the school's aggregate Performance Level Index (PLI) on the state mathematics exam will meet that year's Annual Measurable Objective (AMO) set forth in the state's NCLB accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the local school district.	Achieved
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an Effect Size of 0.3 or above (performing higher than expected to a small degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State. (Using 2011-12 school district results.)	Achieved
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the state's unadjusted median growth percentile.	N/A

**Action Plan**

Leadership Prep will continue to employ the Investigations math curriculum and differentiated instruction, methodologies and approaches to move students towards competency in the understanding and application of mathematical computation and problem solving. The school will also continue to provide additional push-in and pull-out support through our Learning Support Coordinator and Learning Support Teacher to further address the needs of our student sub-populations. Leadership Prep is committed to meeting its accountability plan goals related to mathematics as listed above.

Like ELA, as part of the Uncommon Schools network, Leadership Prep Brownsville will continue to make changes to its curriculum to be better prepared to address the increased rigor of the Common Core standards. Beginning last year, Leadership Prep Brownsville began to modify the schools' existing curricula for Math, ensuring that those curricula are aligned to the Common Core Learning Standards. One significant change is reflected in Leadership Prep Brownsville's switch from using Saxon to Math Investigations to address Common Core which will be rooted in conceptual math. Consequently, math lessons will continue to be adjusted so that the structure and the work students complete are aligned to Common Core standards. Math lessons are currently being revised so that student activities more closely align to the objective, and the independent practices are as rigorous as the lessons being taught to students. Scope and sequences are also being revised to ensure

that math meeting in grades Kindergarten through 2<sup>nd</sup> grade, and fact practices in grades 3-4 are focused solely on reviewing difficult to master material throughout the school year. Additionally, Interim Assessments will also continue to be redesigned ensuring that each Common Core Learning Standard is taught, assessed and ultimately mastered.

## **SCIENCE**

### **Goal 3: Science**

Students will demonstrate proficiency in the understanding and application of scientific principles.

### **Background**

Leadership Prep Brownsville's Science curriculum is aligned to the Common Core standards, and includes the use of both authentic text such as articles, or passages from non-fiction texts, and the use of text books in class to ensure that students are reading to learn new material presented.

In the 2013-2014 school year, the science curriculum is being updated to become more aligned to Common Core and increase the amount of reading done by students and reduce the amount of reading aloud completed solely by the teacher.

In addition, all core teachers are receiving professional development around best practices in strategies to use in reading, understanding and comprehending informational texts that can be used both in reading and in science.

**Goal 3: Absolute Measure**

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State science examination.

**Method**

The school administered the New York State Testing Program science assessment to students in 4<sup>th</sup> grade in spring 2013. The school converted each student’s raw score to a performance level and a grade-specific scaled score. The criterion for success on this measure requires students enrolled in at least their second year (defined as enrolled by BEDS day of the previous school year) to score at proficiency.

**Results**

In the 2012-13 school year Leadership Prep Brownsville enrolled scholars in grades Kindergarten through 4<sup>th</sup> grade. Therefore, Leadership Prep Brownsville 4<sup>th</sup> Grade scholars took the 2013 NYS Science exam. 89.5% of Leadership Prep Brownsville’s 4<sup>th</sup> grades achieve proficiency in the State Science Exam .

**Charter School Performance on 2012-13 State Science Exam  
By All Students and Students Enrolled in At Least Their Second Year**

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
4	89.5%	38	89.5%	38
8				

**Evaluation**

With 89.5% of Leadership Prep Brownsville’s 4<sup>th</sup> grades achieving a Level 3 or 4 on the Science Exam, the school has met the absolute measure of 75% of students performing at proficiency.

## Additional Evidence

Since 2012-2013 is the school's first year administering the NYS Science exam, Leadership Prep Brownsville is not yet able to analyze year-to-year trends.

### Science Performance by Grade Level and School Year

Grade	Percent of Students Enrolled in At Least Their Second Year at Proficiency					
	2010-11		2011-12		2012-13	
	Percent	Number Tested	Percent	Number Tested	Percent	Number Tested
4					89.5%	38
All					89.5%	38

### Goal 3: Comparative Measure

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the local school district.

### Method

The school compares tested students enrolled in at least their second year to all tested students in the surrounding public school district. Comparisons are between the results for each grade in which the school had tested students in at least their second year and the results for the respective grades in the local school district.

### Results

District results from the Science Exam are not yet available. Leadership Prep Brownsville will update the following chart when the scores are released.

### 2012-13 State Science Exam Charter School and District Performance by Grade Level

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
	Percent	Number Tested	Percent	Number Tested
4	89.5%	38		

Grade	Percent of Students at Proficiency			
	Charter School Students In At Least 2 <sup>nd</sup> Year		All District Students	
8				

**Evaluation**

When test scores become available, Leadership Prep Brownsville will be able to evaluate the school’s performance on this measure.

**Additional Evidence**

2012-13 was the school’s first year administering the NYS Science exam, Leadership Prep Brownsville is not yet able to analyze year-to-year trends.

**Science Performance of Charter School and Local District by Grade Level and School Year**

Grade	Percent of Charter School Students at Proficiency and Enrolled in At Least their Second Year Compared to Local District Students					
	2010-11		2011-12		2012-13	
	Charter School	Local District	Charter School	Local District	Charter School	Local District
4					89.5%	
All					89.5%	

**Summary of the Science Goal**

In our first year of Science testing, Leadership Prep Brownsville met the absolute goal with well over 75% of 4<sup>th</sup> grade students achieving proficiency. Leadership Prep will update this report with comparative results once district data are available.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State examination.	Achieved
Comparative	Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state exam will be greater than that of all students in the same tested grades in the local school district.	N/A

**Action Plan**

Building upon the results achieved this year, Leadership Prep Brownsville will continue to make modifications to the school’s existing curriculum for Science and History, ensuring that those curricula are aligned to the Common Core Learning Standards for Literacy in History/Social Studies and Science. In particular, we will continue to use non-fiction Science and Social studies texts, relying on evidence-based questioning to ensure comprehension and mastery.

Additionally, Leadership Prep Brownsville will focus their science instruction in a couple different ways to ensure that curriculum continues to be refined so that it is also aligned to Common Core:

- Increase the use of labs and experiments into science in all grade levels to ensure that students are receiving practice and time to become familiar with the scientific process and the different tools and materials used in experiments. Employing the extensive use of hands-on experiments will be utilized with the goal of moving students towards competency in the understanding and application of Science concepts
- Increase the focus of writing during science, and use the practices used in writing workshop into our science classes

**NCLB**

**Goal 5: NCLB**

The school will make Adequate Yearly Progress.

**Goal 5: Absolute Measure**

Under the state’s NCLB accountability system, the school’s Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

**Method**

Since *all* students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards which indicate each school’s status under the state’s No Child Left Behind (NCLB) accountability system.

**Results and Evaluation**

Leadership Prep received a “Good Standing” status under the NCLB accountability system. The school has diligently worked to meet each NCLB requirement and comply with all stated guidelines, and has maintained a status of Good Standing for the past two years since our first testing year of 2011-12.

**NCLB Status by Year**

Year	Status
2010-11	N/A
2011-12	Good Standing
2012-13	Good Standing

**B. Key Focus Area Requests**

**1. Financial Information**

Total expenditures and administrative expenditures per child

Total expenditures per pupil: \$14,260

Administrative expenses per pupil: \$3,662

**ADVISORY COMMENT LETTER**

**JUNE 30, 2013**

MENGEL METZGER BARR & CO. LLP

Certified Public Accountants

October 17, 2013

To the Board of Trustees  
Leadership Preparatory Brownsville Charter School

In planning and performing our audit of the financial statements of Leadership Preparatory Brownsville Charter School as of and for the year ended June 30, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the Charter School's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of Management, Finance Committee Members and Board Members and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the outstanding cooperation from your staff that our personnel received during the audit of the Charter School's financial statements. Should you have any questions or comments, please contact Shelby Stenson or Kate Welc.

Very truly yours,

*Mengel, Metzger, Barr & Co. LLP*

## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Leadership Preparatory Brownsville Charter School

### **Report on the Consolidated Financial Statements**

We have audited the accompanying financial statements of Leadership Preparatory Brownsville Charter School, which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Leadership Preparatory Brownsville Charter School as of June 30, 2013, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Information**

We have previously audited Leadership Preparatory Brownsville Charter School's financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 17, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2012 is consistent, in all material respects, with the audited financial statements from which it has been derived.

**Other Report Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2013 on our consideration of Leadership Preparatory Brownsville Charter School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Leadership Preparatory Brownsville Charter School's internal control over financial reporting and compliance.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Leadership Preparatory Brownsville Charter School (the “Charter School”), is an educational corporation operating as a charter school in the borough of Brooklyn, New York City. On February 23, 2009, the Board of Regents of the University of the State of New York granted the Charter School a provisional charter valid for a term of five years and renewable upon expiration. The Charter School has applied for a charter extension up through and including July 31, 2014 to complete its fifth year of operations during its initial charter period.

The Charter School ensures academic success for children in grades K through 8. The Charter School prepares students to excel in demanding high schools and colleges and to contribute to their communities as leaders. Through educational success, students earn opportunities in life for themselves and their communities.

Financial Statement presentation

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

These classes of net assets are defined as follows:

*Permanently restricted* – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Charter School. The Charter School had no permanently restricted net assets at June 30, 2013 or 2012.

*Temporarily restricted* – Net assets resulting from contributions and other inflows of assets whose use by the Charter School is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Charter School pursuant to those stipulations. The Charter School had no temporarily restricted net assets at June 30, 2013 or 2012.

*Unrestricted* – The net assets over which the Governing Board has discretionary control to use in carrying on the Charter School’s operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current unrestricted net assets for specific purposes, projects or investment.

Revenue and support recognition

Revenue from state and local governments resulting from the Charter School’s charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement.

Revenue from federal, state and local government grants and contracts are recorded by the Charter School when qualifying expenditures are incurred and billable.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

Cont'd

Contributions

Contributions received are recorded as unrestricted, temporarily or permanently restricted support depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as unrestricted revenue.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Cash

Cash balances are maintained at financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2013 or 2012.

Property and equipment

Property and equipment are recorded at cost. Depreciation is computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Charter School has filed for and received income tax exemptions in the jurisdictions where it is required to do so. The Charter School files the Form 990 tax returns in the U.S. federal jurisdiction. With few exceptions, as of June 30, 2013, the Charter School is no longer subject to U.S. federal income tax examinations by tax authorities for years ended prior to June 30, 2010. The tax returns for the years ended June 30, 2010 through June 30, 2013 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it has not recognized any liability for unrecognized tax benefits.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES,

Cont'd

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed.

In-kind Contributions

Gifts and donations other than cash are recorded at fair value at the date of contribution. The Charter School received in-kind contributions of textbooks totaling \$22,640 in the year ended June 30, 2013 and are included in other income on the accompanying statement of activities and changes in net assets for the year ended June 30, 2013.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparatives for year ended June 30, 2012

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Charter School's financial statements for the year ended June 30, 2012, from which the summarized information was derived.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 17, 2013, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE B: RELATED PARTY TRANSACTIONS

Uncommon Schools, Inc. ("USI"), a not-for-profit organization dedicated to helping start and run charter schools, provides management and other administrative support services to the Charter School. The Charter School entered into a five year agreement with USI, dated July 1, 2009, under which the Charter School pays USI a service fee of a set percentage of the average number of students enrolled at the Charter School during the school year multiplied by the approved per pupil operating expenses for the school year, and a percentage of all other public entitlement funding receivable during the fiscal year, excluding in-kind contributions and funds from competitive public grants. This percentage is fixed at 10% for years 1-3, decreasing to 9.5% in year 4 and 9% in year 5. The fee incurred for the years ended June 30, 2013 and 2012 was approximately \$495,000 and \$406,000, respectively. At June 30, 2013 and 2012, approximately \$78,000 and \$56,000, respectively, are included in accounts payable relating to USI. At June 30, 2013, approximately \$5,000 is included in accounts receivable relating to USI.

The Charter School is related to Friends of Leadership Prep, ("FOLP") through common Board representation and management. FOLP is an organization that was established to generate funding and encourage the development of charter schools. There were no transfers from FOLP during the years ended June 30, 2013 and 2012. The facts exclude FOLP from the provisions GAAP, which would otherwise require consolidation with the Charter School.

The Charter School is related to Leadership Preparatory Bedford Stuyvesant Charter School, Leadership Preparatory Ocean Hill Charter School, and Leadership Preparatory Canarsie Charter School through common Board representation. As none of the entities have an economic interest in the net assets of any other entity, the facts do not require consolidation of either of these entities with the Charter School in accordance with GAAP. At June 30, 2012, approximately \$18,000 is included in accounts receivable, relating to Leadership Preparatory Ocean Hill Charter School.

NOTE C: SCHOOL FACILITY

The Charter School is located in a New York City Department of Education facility. During the years ended June 30, 2013 and 2012, the Charter School paid a fee to the New York City Department of Education for additional after-school and weekend usage amounting to approximately \$13,600 and \$19,900, respectively.

LEADERSHIP PREPARATORY BROWNSVILLE CHARTER SCHOOL

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2013 AND 2012

NOTE D: PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	<u>Year ended June 30,</u>	
	<u>2013</u>	<u>2012</u>
Furniture and fixtures	\$ 117,337	\$ 90,636
Computers and software	475,459	385,609
Leasehold improvements	<u>654,095</u>	<u>368,581</u>
	1,246,891	844,826
Less accumulated depreciation and amortization	<u>537,307</u>	<u>354,516</u>
	<u>\$ 709,584</u>	<u>\$ 490,310</u>

NOTE E: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering most employees. The Charter School matches employees' contributions up to the lesser of 3% of gross payroll or \$3,500. The Charter School's total contribution to the Plan for the years ended June 30, 2013 and 2012 approximated \$39,200 and \$30,900, respectively.

NOTE F: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE G: CONCENTRATIONS

At June 30, 2013 and 2012, approximately 24% and 12%, respectively, of accounts receivable are due from New York State. At June 30, 2013 and 2012, approximately 42% and 62%, respectively, of accounts receivable are due from a grantor. At June 30, 2013 and 2012 approximately 24% and 15%, respectively, of accounts receivable are due from New York City.

During both the years ended June 30, 2013 and 2012, 93% of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School is located.

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees  
Leadership Preparatory Brownsville Charter School

We have audited the financial statements of Leadership Preparatory Brownsville Charter School as of and for the year ended June 30, 2013, and we have issued our report thereon dated October 17, 2013, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The 2013 financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2013, as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees  
Leadership Preparatory Brownsville Charter School

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Leadership Preparatory Brownsville Charter School, which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 17, 2013.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Leadership Preparatory Brownsville Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Leadership Preparatory Brownsville Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Leadership Preparatory Brownsville Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Leadership Preparatory Brownsville Charter School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Leadership Preparatory Brownsville Charter School in a separate letter dated October 17, 2013.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **Restricted Use**

This report is intended solely for the information and use of the Board of Trustees, management, federal, state and local awarding agencies, the State University of New York, the New York State Education Department and others within the Charter School and is not intended to be and should not be used by anyone other than these specified parties.

**Directions:**

- The file has two tabs: "Info Tab" and "Dashboard"
- Enter in the number fassigned to your selected school from the table at right in the *first green* cell below. Once entered, that school's information will populate the Dashboard Tab with the school name at the top.
- To add a comparison school, enter the assigned number for the school or region in the *second green* cell.
- To aid you in identifying comparable schools, the table at right contains key school information that shows region, grades served and enrollment as of 2009-10, years of existence, management/partner organization or not and facility type. If you do not want to use the comparison tool simply leave the second green cell blank.

This chart illustrates total revenue and expenses each year and the relationship those subsets have on the increase/decrease of net assets on a year to year basis. Ideally subset 1, revenue, will be taller than subset 2, expenses, and as a result subset 3, net assets - beginning, will increase each year building a more fiscally viable school.

This chart illustrates the relationship between assets and liabilities and to what extent cash reserves makes up current assets. Ideally for each subset, subsets 2 thru 4, (i.e. current assets vs. current liabilities), the column on the left is taller than the immediate column on the right; and, generally speaking, the bigger that gap, the better.

Err:511

This chart illustrates the breakdown of revenue and expenses on a per pupil basis. Caution should be exercised in making school-by-school comparisons since schools serving different missions or student populations are likely to have substantially different educational cost bases. Comparisons with similar schools with similar dynamics are most valid.

This chart illustrates to what extent the school's operating expenses have followed its student enrollment pattern. A baseline assumption that this data tests is that operating expenses increase with each additional student served. This chart also compares and contrasts growth trends of both, giving insight into what a reasonable expectation might be in terms of economies of scale.

Comparable School, Region or Network:

\* Average = Average - 5 Yrs. OR Charter Term

This chart illustrates the percentage expense breakdown between program services and management & others as well as the percentage of revenues exceeding expenses. Ideally the percentage expense for program services will far exceed that of the management & other expense. The percentage of revenues exceeding expenses should not be negative. Similar caution, as mentioned on GRAPH 3, should be used in comparing schools.

Err:511

This chart illustrates a school's composite score based on the methodology developed by the United States Department of Education (USDOE) to determine whether private not-for-profit colleges and universities are financially strong enough to participate in federal loan programs. These scores can be valid for observing the fiscal trends of a particular school and used as a tool to compare the results of different schools.

This chart illustrates Working Capital and Debt to Asset Ratios. W/C indicates if a school has enough short-term assets to cover its immediate liabilities/short term debt. Debt to Asset indicates what proportion of debt a school has relative to its assets. The measure gives an idea to the leverage of the school along with the potential risks the school faces in terms of its debt-load.

This chart illustrates how many months of cash the school has in reserves. This metric is to measure solvency – the school's ability to pay debts and claims as they come due. This gives some idea of how long a school could continue its ongoing operating costs without tapping into some other, non-cash form of financing in the event that revenues were to cease flowing to the school.

# Appendix E: Disclosure of Financial Interest Form

Created Thursday, August 01, 2013

---

Page 1

332300860942 LEADERSHIP PREP BROWNSVILLE CS

An Appendix E: Disclosure of Financial Interest Form must be completed for each active Trustee who served on the charter school's Board of Trustees during the 2012-13 school year. Trustees are at times difficult to track down in the summer months. Trustees may complete and submit at their leisure (but before the deadline) their individual form at: <http://fluidsurveys.com/surveys/vickie-smith/appendix-e-disclosure-of-financial-interest-form/>.

Trustees who are technologically advanced may complete the survey using their smartphones or other mobile devices by downloading the this bar code link to the survey <http://fluidsurveys.com/account/surveys/210748/publish/qrcode/>. (Make sure you have the bar code application reader on your phone).

If a Trustee is unable to complete the form by the deadline (i.e, out of the country), the school is responsible for submitting the information required on the form for that individual trustee.

Just send the links via email today to your Trustees requesting that they each complete their form as soon as possible.

Thank you.

Yes, each member of the school's Board of Trustees has received a link to the Disclosure of Financial Interest Form.

Yes

Thank you.

6. How many times will the Board meet during the 2013-14 school year?

5 board meetings

Thank you.

## **Appendix H: Enrollment and Retention Efforts**

### **Plan for Meeting Enrollment and Retention Targets**

---

As a public school, Leadership Prep Brownsville Charter School (Leadership Prep Brownsville) is open to children who are eligible under the laws of New York State for admission to a public school. The school follows all applicable state and federal laws in admitting students. Leadership Prep Brownsville does not discriminate on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, national origin, religion, or any other grounds that would be unlawful, in accordance with §2854(2) of the Education Law, the Americans With Disabilities Act, and to the extent permitted by Title IX of the Federal Civil Rights Act.

In accordance with the May 2010 amendments of the Education Law subdivision 2851(4), Leadership Prep Brownsville is committed to meeting and exceeding the enrollment targets prescribed by the SUNY Trustees for charter schools for students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program.

Leadership Prep Brownsville is committed to attracting and retaining all students by offering a high-quality educational program, hiring and training highly-qualified teachers, and communicating regularly with families.

#### ***I. Outreach to Target Populations***

In accordance with the May 2010 amendments to the Charter Schools Act, Leadership Prep Brownsville aims to meet and exceed the enrollment targets prescribed by the SUNY Trustees for charter schools and through extensive outreach, the school will attract students who reflect the demographics of its CSD, including students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program. In an effort to meet and exceed the SUNY enrollment targets, Leadership Prep Brownsville has revised its plan for meeting enrollment and retention targets. Leadership Prep Brownsville will be taking the measures below, among others, to recruit student applicants.

##### IIA. Overview of Recruitment Strategies

In alignment with our school's mission to serve all students from our surrounding communities, Leadership Prep Brownsville, in coordination with other schools within the Uncommon Schools New York City region, will go to great lengths to ensure that our student recruitment outreach efforts target students with disabilities, students who are English language learners and students who are eligible for free or reduced price lunches. Leadership Prep Brownsville and Uncommon Schools NYC will specifically target these high priority student groups, and will also continue to work to ensure that all NYC students have the information and access required to pursue an Uncommon education.

Specifically,

---

- All Uncommon Schools in New York City that will recruit new students will continue to work together on community outreach efforts. By combining our efforts and sharing information about all of our schools at one time, we will be able to reach far more students in New York City than if our schools work independently. Ultimately, school leaders will be responsible for recruitment at their schools, but by collaborating, meeting regularly, dividing labor, and sharing best practices, we will be able to significantly increase the overall number of families that each school can reach.
- Our schools will continue to use a combined application that will allow a family to apply to multiple Uncommon Schools with just one application. This will make it easier for a family to learn about and access all of our schools and allows our schools to reach a broader population of students.
- One of our largest efforts to reach prospective students will continue to be through multiple mailings that we will send out throughout the student recruitment season. The New York City Department of Education provides lists of students by current grade and zip code to Vanguard Direct, Inc. Uncommon Schools will choose the zip codes near our schools that have the highest number of FRPL and ELL students and then will partner with Vanguard to send a mailing to those families. The final list will include close to 20,000 families of rising Kindergarten or 5th grade students. The mailing will include an application in English and Spanish as well as our color brochure.
- Uncommon Schools NYC will continue to run both English and Spanish language ads in the New York City Housing Authority Journal. On their website, the NYCHA Journal says they are “hand-delivered to each of the 178,000 apartments in NYCHA’s 334 public housing developments throughout the five boroughs.” It will also be distributed to more than 10,000 NYCHA employees, and mailed to elected officials and community leaders. It is also available through email subscription.

## IIB. Recruitment of Students with Disabilities

In order to meet enrollment targets for students with disabilities, Leadership Prep Brownsville will target its outreach to the families of students with disabilities by focusing on recruiting efforts at organizations serving students with disabilities and creating recruiting materials that more explicitly target students with disabilities.

Specifically,

- Using a list created by NYSED, Leadership Prep Brownsville will continue to identify and target all preschools that are certified to offer services to students with disabilities in our school communities. Head Starts will be included in this search, as they are mandated to serve a student body with at least 10% students with disabilities. We will identify a list of preschools that are high priority for our schools due to their location and student population. These high priority sites will receive calls, visits, and recruitment materials for both elementary and middle school. In particular, Leadership Prep Brownsville will work with 15 Head Start center located within 2 miles of the school in the Brownsville community.
-

- Uncommon Schools will continue to identify other Head Starts and daycares. While slightly farther away from our schools, each center will still receive a call from our admissions office to introduce Uncommon Schools NYC as well as to offer to have an Uncommon Schools NYC staff member visit the preschool in person to provide more information. These preschools will also receive a mailing that contains brochures, flyers and Kindergarten and 5th grade applications.
- Schools will continue to reach out to other schools in their Community School Districts, and talk about the supports we offer students. Schools will ask if they have any referrals for students that would benefit from our programmatic support.
- Schools will continue to build strong connections with their Committee on Special Education and we will also ensure they know we are an option for students, should they wish to recommend students to join us.
- Schools will reach out to related service agencies that they work with/have worked with in the past, and talk about the supports we offer students. We will ask if they have any clients they could recommend to apply.

To increase the likelihood that families of students with disabilities who receive recruiting materials will submit an application and to ensure that families of students with disabilities know that their students are eligible for our schools, we will continue to include language in all our recruiting materials to encourage families of students with disabilities to apply.

Specifically,

- We will ensure that all our outreach and application materials clearly state that all students, including those with disabilities, are eligible to apply. This language will appear on our enrollment websites, Kindergarten and 5th grade lottery applications, waitlist applications for all grades, the brochures that we will distribute to organizations and mail to 20,000 Brooklyn families, as well as in the presentations given at our information sessions.
- Our admissions brochure will continue to explicitly mention our high quality intervention programs that our schools offer of tutoring and small group instruction.
- Our admissions office and school based staff will continue to be trained on this question so that they could answer the concerns of any families of potential applicants with special needs who called in.
- We will create a one-page overview of Special Education Services at Uncommon Schools, providing families with information about our support services.

### IIC. Recruitment of English Language Learners

In order to meet enrollment targets for students who are English language learners, Leadership Prep Brownsville will continue to put a strong emphasis on recruiting students who are English language learners, and particularly, given the neighborhood in which our school is located, Spanish-speaking populations. Leadership Prep Brownsville will continue to target its outreach efforts at organizations serving students and families who are English language learners and will continue translating all its student recruitment materials.

Specifically,

---

- To plan our outreach efforts, we will continue to use Census tract data to create maps showing the distributions of the populations of the top five most spoken languages after English. We will use these maps to locate the highest density areas of these non-English speaking populations near our schools.
  - Using these maps, we will continue to create two community canvassing walks for each Uncommon School to take to travel through those neighborhoods. On the walks, school staff will visit local stores, organizations, and apartment buildings and hang flyers and leave brochures and applications in English and in Spanish at each location. In addition, school staff will talk to residents along the way (in English and in Spanish) to spread the word about our schools.
  - We will continue to translate all our outreach materials that are distributed by our schools. Materials that will be produced and disseminated in English and Spanish will include our enrollment website and online lottery and waitlist applications, paper lottery applications, full color brochures and flyers, posters, informational packets, and tear away information sheets.
  - We will continue to utilize the New York City Charter School Center's Common Application, which is available to families in six different languages.
  - We will continue to identify high priority local community organizations based on factors including location, age group served and proximity to high non-English speaking populations. Each organization will receive a call from our admissions office by a fluent Spanish speaking staff member and a mailing including brochures, flyers and applications in both English and Spanish.
  - We will continue to meet with the Committee for Hispanic Children and Families, a non-profit referral service which helps Hispanic families find daycares, schools and enrichment programs for their students, to ensure that they are aware of our schools for an option for their families and provide them with outreach materials that they could share with the families that they serve.
  - A Spanish speaking staff member will continue to be available at our admissions office by phone and email 40 hours a week. Not only will he/she be available to take incoming calls, he/she will also follow up with all Spanish speaking families to encourage them to send in documentation to qualify for all admissions preferences to ensure they had the best possible chance of acceptance into our schools.
  - We also know that families of our current ELL students are our best resource to reach new ELL students. All families at our schools will continue to receive applications to distribute to family and friends in English and Spanish. Families of ELL students will continue to receive extra applications in Spanish. In addition, each school will continue to identify families of ELL students and families of non-ELL students where some Spanish is spoken at home who are interested in volunteering to support student admissions efforts. These families will meet with a school staff member to learn about a variety of ways that they can get the word out about our schools and distribute applications to others. These families will also be encouraged to speak at their churches, or other local organizations to spread the word about our schools.
  - Uncommon Schools NYC will continue to run Google ads in Spanish so that families searching for information about schools in New York City in Spanish will see ads for our school and be directed to our Spanish webpages and applications.
-

- Each applicant, whether they are selected in the lottery or placed on the waitlist, will continue to receive a letter in both Spanish and English telling them the results of the lottery and the next steps to enrolling in the school.

#### IID. Recruitment of Students Eligible for Free and Reduced Price Lunch

In order to meet enrollment targets for students who are eligible for free and reduced price lunch, Leadership Prep Brownsville will continue to place a high priority on recruiting students who qualify for free and reduced price lunch. Leadership Prep Brownsville will focus its recruiting efforts at organizations serving students who are eligible for free and reduced price lunch, as well as conducting outreach in New York City Housing Authority housing developments.

Specifically,

- Similar to our strategy for reaching new ELL families, we believe that enlisting the help of the families of FRPL students who are currently in our schools, is one of the most effective ways of recruiting new FRPL students. All of our schools will continue to send home Kindergarten and 5th grade lottery applications with all their current students. In addition, schools will continue to ask families who are interested in volunteering further to assist with hanging flyers in their neighborhoods, participating in phone banks to local organizations, or speaking at churches or other organizations that they are involved with.
- Leadership Prep Brownsville will continue to work closely with a number of community organizations, in particular local Head Starts. Head Start programs are designed to serve low-income families, enrolling only families that meet income eligibility requirements.

We also know that many of our FRPL students currently reside in New York City Housing Authority sites. Leadership Prep Brownsville will continue to focus recruiting efforts on NYCHA sites.

Specifically,

- Each of our schools will be assigned at least one and in most cases several New York City Housing Authority sites that are within close proximity to their school. The school will then visit these sites to hang flyers, leave applications and speak with residents to ensure that residents of these locations are aware of our schools and have the necessary information and materials needed to apply.
  - In particular, Leadership Prep Brownsville will continue to conduct outreach at the following NYCHA sites:
    - Van Dyke I and II, which provide public housing units for 4328 residents in Community School District (CSD) 23. According to the U.S. Census, the population in this development's zip code is approximately 20% Hispanic-Latino.
    - Tilden, which provides public housing units for 2594 residents in Community School District (CSD) 23. According to the U.S. Census, the population in this development's zip code is approximately 20% Hispanic-Latino.
-

- Sutter Ave –Union Street, which provides public housing units for 260 residents in Community School District (CSD) 23. According to the U.S. Census, the population in this development’s zip code is approximately 20% Hispanic-Latino.

#### IIE. Year-Round Community Outreach

In addition to the many efforts outlined above, we plan to work to identify new organizations that can help us access these target populations. Beyond recruitment specific efforts, Uncommon Schools NYC will expand its community outreach efforts in all its school communities. Uncommon Schools NYC recently became a VISTA (Volunteers in Service to America) grantee, a program which is a national service program designed specifically to fight poverty. Two VISTA Corps Members will be assisting in the development and implementation of a comprehensive community outreach strategy in order to improve our reach to targeted populations. Outreach and community development will be a year round priority for our schools, and we plan to hold more events to help inform school communities about the work that we are doing and the opportunities that exist within our schools. This includes partnering with local elected officials and community members and holding larger scale events that are open to the general public as well as the families that we serve directly.

#### **II. Admissions**

Leadership Prep Brownsville Elementary Academy provides admissions preference in their Kindergarten lotteries for students who qualify for free or reduced price lunch. Families who qualify receive a preference that increases their chances of acceptance over students who do not qualify for free or reduced price lunches.

The Leadership Prep Brownsville Middle Academy’s admissions policy gives an absolute admissions preference to students who live within the school’s CSD in an effort to enroll a student population that has a similar demographic to that of the CSD in which the school is located. First preference goes to siblings of students previously admitted to the school. Second preference is given to students living in the CSD in which the school is located. If space remains, students who reside outside Leadership Prep Brownsville’ CSD are admitted.

Because Leadership Prep Brownsville will take extensive outreach efforts to get the word out to as many families as possible about the school and because the school will enroll predominately students who reside in the school’s CSD, the demographics of students at Leadership Prep Brownsville should match that of the school’s CSD.

#### **III. Evaluation of Recruitment and Enrollment Efforts**

Leadership Prep Brownsville is committed to serving all students and will actively monitor enrollment with respect to enrollment targets established by the SUNY Trustees. While the Uncommon NYC Regional Team will continue to help coordinate the recruitment process for all its

---

Brooklyn schools and support each school in its efforts, the Directors of Operations at Leadership Prep Brownsville will continue to be responsible for leading the recruitment and enrollment efforts. As a means of evaluating the efficacy of the school's recruitment and enrollment efforts at attracting these sub-populations of students, Leadership Prep Brownsville will closely monitor admissions information during the enrollment period and after students have enrolled in the school. For example, during the student recruitment season, Leadership Prep Brownsville will track the number of applications received by families who indicate their home language is not English and who complete the Spanish version of the application. These numbers will provide good indicators as to whether or not the school's outreach efforts are reaching students who may be English Language Learners and enables the school to adjust outreach efforts during the recruitment season. When students enroll in the school, Leadership Prep Brownsville will gather information about whether or not the students qualify for Free or Reduced Price Meals or qualify for Special Education services. The school will then compare these numbers to those of the Community School District and determine whether or not it will need to make modifications to community outreach efforts or admissions policies for the following year. Additionally, by examining the demographics of the entering Kindergarten and 5<sup>th</sup> grade classes, Leadership Prep Brownsville can determine if it is making progress toward meeting the proposed enrollment targets for the entire school population.

Uncommon Schools and Leadership Prep Brownsville will continue to document all student recruitment activities and store information on an Uncommon Schools shared drive or on shared spreadsheets. For example, Uncommon Schools has a shared spreadsheet of over 600 community organizations, many of which are identified as organizations that provide services to low income families, families whose first language is not English, and families whose children receive special needs services. The Leadership Prep Brownsville Operations Team will continue to use this spreadsheet to identify organizations to conduct community outreach and then record all interactions with these organizations in the spreadsheet, so that the school can determine the partnership's efficacy for future years.

In addition, Leadership Prep Brownsville will continue to document its community outreach and admissions efforts each year by completing and submitting the Application and Admissions Summary each year.

If the school fails to meet or make progress toward meeting enrollment targets and outreach efforts do not reverse the trend, the school will consider altering its admissions policy to give enrollment preferences to certain demographic groups.

#### **VI. Persistence**

In accordance with our mission to prepare students for college, we want all of our students, including FRPL, ELL and students with disabilities, to stay with us through high school graduation. We will continue to analyze our data to ensure that we are serving students from these populations as effectively as all other students, and keeping them in our schools in the same numbers.

#### **VII. Evaluation of Retention Efforts**

---

Leadership Prep Brownsville' leadership team will continue to be responsible for regularly monitoring and overseeing the school's retention efforts and the performance of students in the three populations. Historically, high levels of persistence for these sub-populations are indicators that the school's strategy for retaining students is working. Leadership Prep Brownsville will continue to be committed to attracting and retaining all students by offering a high-quality educational program, hiring and training highly-qualified teachers, and communicating regularly with families. The Directors of Operations at Leadership Prep Brownsville will continue to actively monitor the enrollment and retention of students who are English language learners, students who qualify for free and reduced price lunch, and students with special needs. If the numbers do not reach or exceed the targets established by the SUNY Charter Schools Institute, the school will revisit its enrollment and retention practices.
