INTRODUCTION

LEGISLATIVE HISTORY

In 1998, the New York State Legislature established the opportunity for the creation of new, performance-based public schools, including conversions¹ of existing traditional public schools, through the charter process. In May of 2010, the State Legislature increased the number of charter schools that may be authorized under the law, created a clear pathway for existing education corporations to operate multiple charter schools, and required charter entities to solicit new charter school applications through a competitive Request for Proposals (RFP) process. Additional changes to the Charter Schools Act were made in 2014 and 2015.

Accordingly, the Department has updated the *Request for Proposals (RFP) to Establish New York State Charter Schools Authorized by the Board of Regents* for the 2016 application cycle. The RFP and Application Kit contain information about the charter process and provide the evaluation criteria or “prompts and questions” for applicant groups to address when constructing applications for new public charter schools in New York State.

While the RFP and Application Kit reference the New York State Charter Schools Act² (the “Act”) and other relevant statutory citations, it is not a guide to charter school law and other laws that govern the operation of public charter schools. It is the sole responsibility of the applicant to fully understand and address the requirements of all relevant laws and to present a coherent and viable school design that both complies with the laws and is likely to improve student learning and achievement in New York State.

CHARTER SCHOOL FACTS

Tuition-Free Public Schools

Charter schools are secular, tuition-free public schools that operate as independent education corporations. New York’s charter school legislation offers students, families, and educators more choices in public education, allows schools autonomy and flexibility in how they operate, and requires performance-based accountability standards.

Authorizers

Charter schools are created by application to a designated charter entity (also known as a charter school authorizer). The Board of Regents of The University of the State of New York (Board of Regents) is a designated charter entity under State law. The Board of Regents has directed the Commissioner of Education and the New York State Education Department to develop and issue this RFP, to conduct an application review process on its behalf, and to recommend action on charter school applications.

¹ N.Y. Education Law §2851(3)(c)

² N.Y. Education Law Article 56

Governance

Charter schools are overseen by a governing board of trustees. High performing charter schools characteristically are governed by a board with a mixture of backgrounds and expertise relevant to a public, not-for-profit educational organization. Such experience optimally includes teaching, administration, legal expertise, real estate and facilities, financial management and accounting, fundraising and development, community engagement, and family involvement.

Autonomy

Charter schools operate with substantial autonomy and flexibility in comparison to traditional public schools. Charter school operators have the opportunity and responsibility to decide the best ways to allocate resources, like time, people and money, to best meet the needs of their students within the bounds of New York State's Charter Schools Act, and are free of some of the legal constraints that apply to other public schools.

Accountability: Charter School Performance Framework

Performance-based accountability is a central component of charter school policy in New York State. The Charter Schools Act requires that schools have clear, measurable academic performance standards under which they will operate and be evaluated. In addition, schools must be financially accountable and comply with the same health and safety, federal special education laws, civil rights, and student assessment requirements applicable to other public schools.

In November 2012, the Board of Regents endorsed the use of a Charter School Performance Framework for Regents-authorized charter schools. The Framework, which is organized into three broad performance areas - Educational Success, Organizational Soundness, and Faithfulness to the Charter and Law - outlines ten key benchmark categories and specific performance indicators for each category. The Department and the Board of Regents use the Performance Framework to evaluate school performance over time and to inform all renewal decisions. Although the Framework is a comprehensive lens for charter school performance evaluation, student academic achievement (Benchmark 1: Student Performance) is the most important factor when determining whether to renew or to revoke a charter. All Benchmark 1 growth and achievement measures are based on New York State assessments or Regents examinations for all tested subjects at all grade levels. Charter schools are encouraged to refer to the Framework on a continuing basis to align their charter goals and to evaluate the overall health and viability of the school throughout the charter term. The Performance Framework may be viewed at <http://www.p12.nysed.gov/psc/OversightPlan.html>.

Federal Charter Schools Program (CSP) Grant

New York's 2011 – 2016 \$113 million federal Charter School Program (CSP) grant allows new eligible charter schools to apply for a CSP Planning and Implementation sub-grant with a base amount of \$500,000 over a three year period (planning year, implementation year 1, and implementation year 2). The grant period has been formally extended to July 2017 and will

support start up and implementation of new schools authorized in 2016. Consistent with the priorities articulated in New York’s CSP grant, NYSED encourages applications for new charter schools with certain specific key design features that may qualify for enhanced CSP funding of up to \$750,000 total. These would include schools specifically designed:

- to serve high-need student groups such as students with disabilities, students who are English language learners, students who are over-age, under-credited or at risk of not graduating from high school, and students who are at-risk of academic failure because they would otherwise be served by a low-achieving district school;
- to serve students who live in underserved rural communities;
- to promote racial, ethnic and linguistic diversity;
- to improve productivity and effectiveness through the use of technologies (including blended instructional programs); and
- to replicate existing high-quality charter school models.

Using the 2016 application kit, all applicants are simultaneously applying for a public school charter and a CSP Grant, as the eligibility requirements of the grant application are integrated into the overall application process for a public school charter. (See Appendix C: Federal Charter Schools Program (CSP) Grant for additional information).

In the *2016 Request for Proposals (RFP)*, the State Education Department will provide two opportunities for applicants to submit applications to establish new charter schools to open in 2017. The Department’s online portal for submission of application materials will open for the submission of Round 1 Letters of Intent in mid-February with a deadline of February 29, 2016 as outlined below and in the **Application Review Process and Timeline** section of the RFP and Application Kit.

2016 Application Cycle ³			
Submission Rounds	Letter of Intent Due	Full Application Due	Regents Action
Round 1 Charter School Applications	February 29	March 31	June 13-14
Round 2 Charter School Applications	June 28	August 16	November 14-15

Applicant groups seeking to establish new charter schools and existing education corporations seeking to replicate an existing, high quality school model may submit a Letter of Intent in either Round 1 or Round 2. Applicant groups whose Letter of Intent is not accepted into the Full Application stage of either Round 1 or Round 2 may begin the process again with the submission of a Letter of Intent in a future round. Simultaneous submissions to multiple authorizers are permitted at the Letter of Intent stage only. If an applicant group is invited to

³ This timeline is subject to change.

submit a full application to the Board of Regents and to the Trustees of the State University of New York, the applicant group must formally withdraw from the process of one authorizer to participate in the process of the authorizer with whom they wish to complete the application process.

Formal action by the Board of Regents to approve applications and issue charters will occur in June for Round 1 submissions, and in November for Round 2 submissions. Applications submitted in either Round 1 or Round 2 must address the criteria set forth in this *2016 Request for Proposals to Establish Charter Schools Authorized by the Board of Regents and Charter School Application Kit*. Charter schools that are authorized by the Board of Regents in 2016 will open for instruction in the fall of 2017.

The remainder of this Application Kit is dedicated to the specific steps and requirements that charter school applicant groups and existing operators must follow to submit an application to establish a new charter school to the Board of Regents for consideration. All necessary forms, requirements, and deadlines related to the initial application process are contained within this Application Kit. Local school districts or applicant groups interested in converting an existing public school into a charter school should contact the **NYSED Charter School Office at (518) 474-1762**.

Please note: *The Board of Regents will only approve applications that clearly demonstrate a strong capacity for establishing and operating a high-quality charter school. This standard requires a sound educational program, organizational plan, and financial plan, as well as a strong governing board capacity to implement the proposal effectively and in compliance with State and Federal laws. The Department and staff look forward to reviewing your proposal to launch a new, high-quality, public charter school in New York State.*

OVERVIEW OF THE APPLICATION PROCESS

The NYSED charter school application process is designed to ensure that any charter school application presented to the Board of Regents for consideration demonstrates that the applicant groups possess a clear understanding of the New York State Charter Schools Act and what it means to comply with the Act, the applicant groups' proposed school is clearly aligned with the purpose and objectives of the Act, the applicant groups present a coherent and practical design for the proposed school, and the applicant groups and the proposed boards of trustees demonstrate the necessary experience, skill, and will to manage the challenging and dynamic process of opening and operating public charter schools.

To assess application quality, NYSED will review and evaluate the Letter of Intent and the Full Application against the criteria outlined in this RFP. On the strength of the full application, NYSED may conduct a Capacity Interview with members of the applicant group, including the initial proposed board of trustees. In addition, NYSED will invite and consider the comments of the public relative to the potential fiscal and programmatic impact of the proposed new school. This process will include a call for public comment, submitted directly to the Department, as well as public hearings conducted by the school district of location. At the conclusion of the process, NYSED will prepare a formal recommendation to the Board of Regents.

Whether the application is from a new or existing education corporation, all application submissions must address the statutorily required elements to establish new charter schools, as outlined in the 2016 RFP and Application Kit. Any additional requirements are noted throughout the application.

Some applications may not meet the required criteria to complete all phases of the process.

Due to the competitive nature of the process, NYSED cannot extend an opportunity for applicant groups to address any deficiencies at any stage of the process during a single application cycle. All decisions are final. Applicants may correct any deficiencies and resubmit their application by the due date of a subsequent application round or cycle. **For a list of common application deficiencies, please refer to the Frequently Asked Questions document on the NYSED website: <http://www.p12.nysed.gov/psc/startcharter.html>**

Important Note for Existing Charter School Operators: NYSED is interested in applications that propose to replicate an existing school model. Existing charter school operators should address the evaluation criteria contained in the 2016 RFP and Application Kit, and may submit a strategic business or growth plan (optional Attachment 10) if it intends to operate multiple schools as part of an existing network of schools.

The following is a brief description of each phase, evaluation criteria that applicants must meet to continue on to the next phase of the application process, and corresponding dates/timelines for submission and review.⁴

Phase I: [Letter of Intent](#). The Letter of Intent is designed to solicit basic school design information about the applicant group, school mission and model, and target population. The Letter of Intent requires applicant groups to address questions that directly align to some, but not all, of the requirements stated in the Act. Applicants will be required to address all the requirements stated in the Act in detail in the Full Application. In the Letter of Intent, the applicant must provide: a brief description of the mission and school design, a description of the proposed student population (including plans to meet enrollment and retention goals for target populations), proposed grade levels and the number of students to be enrolled, initial evidence of community outreach efforts and community support, a proposed location and/or proposed facility, and background information about the applicant group and anticipated members of the Board of Trustees. The Letter of Intent may not exceed **5 pages excluding all attachments**, and must be submitted to the NYSED Charter School Office **by 3:00 p.m. EST on the due date specified in the timeline for the applicable RFP cycle**. Please see Submission Instructions for full details, and refer to the Frequently Asked Questions guidance located on the NYSED website for additional information.

NYSED staff will review all submitted Letters of Intent to ensure that each requested component is included and that the Letter of Intent is complete, provides thorough and robust information, and is likely to address the rigorous standards in the Full Application. Letters of Intent that are incomplete and do not provide the requested information will not be accepted, and applicant groups will not be invited to submit Full Applications in that round. The information provided in the Letters of Intent will be used by NYSED staff to plan and coordinate peer review panels with appropriate expertise to evaluate Full Applications.

Phase II: [Full Application](#). The Full Application requires applicant groups to fully address a set of questions and prompts that directly align to all of the requirements and priorities stated in the Charter Schools Act and allow the Department to assess the will, skill, and capacity of the proposed board to launch and sustain a quality public school in New York State. Applicant groups must demonstrate educational alignment and operational compliance with the requirements and educational priorities of the Act.

Applicants must submit the Full Application by **3:00 p.m. EST on the due date specified on the timeline for the applicable RFP cycle**. The Full Application narrative to establish a charter school may not exceed **65 pages** and the required attachments may not exceed **an additional 75 pages**, with certain exceptions outlined in the attachment information. Upon submission, NYSED staff will screen the Full Applications for compliance with submission requirements. ***Those applications that exceed the established page limits; those that are missing sections;***

⁴ This timeline is subject to change.

those that do not follow formatting requirements; and/or those that are received after the established deadline will not be evaluated or advanced for action by the Board of Regents. Please see Application Submission Instructions and Frequently Asked Questions document for full submission details.

All Letters of Intent and Full Applications will be posted at the NYSED Charter School Office website at <http://www.p12.nysed.gov/psc/startcharter.html>. Personal information will not be posted; however, designated public contact information for each submission will be posted separately.

Please note: The Full Application will **not** require applicants to create all of the documents that the school will need once it becomes operational (e.g. full curriculum or a human resources handbook). When a charter is issued, NYSED staff will work with the initial board to establish the timeline for completion of such documents as well as required policies and pre-opening actions. The NYSED pre-opening requirements and procedures are outlined in the Opening Procedures Checklist available online at <http://www.p12.nysed.gov/psc/OversightPlan.html>.

Application Reviewer Ratings and Evaluation. Review panels with expertise in charter school operations (referred to as peer reviewers), and when appropriate, knowledge that is relevant to the proposed school design, will evaluate Full Applications. Each reviewer will independently evaluate and rate how well the applicant group's responses address the evaluation criteria articulated in each section of the application. Reviewers will rate the response to each criterion as **Inadequate**, **Approaches**, **Meets**, or **Exceeds**, as defined in the sample evaluation rubric in Appendix A. The review panelists will develop a summary rating for each application section, as well as for the Full Application as a whole. Applications that are considered to substantially meet or exceed the evaluation criteria will be invited to a Capacity Interview. (See Phase III: Capacity Interview).

The Department will only advance to the Capacity Interview phase of the review cycle those applications that substantially meet the evaluation criteria outlined in the Charter School Application Kit. The Department will notify applicants by the date specified for the applicable RFP timeline as to whether the applicant group will be invited to the Capacity Interview with NYSED staff, who will further assess the capacity of the members of the applicant group and the initial board of trustees to launch and govern the proposed school.

Senior staff at the Department will recommend that the Board of Regents disapprove applications that do not demonstrate a clear plan and compelling capacity to launch and sustain a quality public school in New York State. Prior to a determination by the Board of Regents, applicants may choose to withdraw an application for any reason.

NYSED will further evaluate the applications recommended for charter issuance by the Board of Regents to determine whether eligibility to receive an enhanced federal Charter Schools Program (CSP) Planning and Implementation Grant. See Appendix C for full details. In the event

that the number of applications meeting the evaluation criteria in this RFP exceeds the total maximum number of charters available or the maximum available within New York City in this RFP cycle, the application will also be reviewed and scored by NYSED on the eight priority objectives set forth in the Charter Schools Act,⁵ outlined in Appendix B, to determine which charters will be recommended.

Note Regarding Criminal Background Check/Fingerprint Scan. All members of the applicant group will be required to undergo criminal background checks via fingerprint scans. After submission of the Full Application, but prior to the Capacity Interview, NYSED will contact the members of the applicant group to arrange for the required fingerprint scans. The result of the background check may be shared with senior managers at the Department and/or the Board of Regents if a concern is noted.

Phase III: [Capacity Interview](#). Where Full Applications are determined to have met or exceeded the evaluation criteria in each of the three major sections outlined in the application, applicant groups will be invited to participate in a Capacity Interview. NYSED officials conduct the Capacity Interview to evaluate the applicant group and initial board members' understanding of academic and operational accountability as well as the characteristics of the community where the proposed school will be located. Equally as important, NYSED assesses the capacity of the proposed board to effectively launch and oversee the school's academic program, organizational viability, and finances. The interview provides opportunities for the applicant group (and specifically the proposed board of trustees) to present and elaborate on the information provided in the Full Application, and respond to any technical questions that may have been generated by peer reviewers during the application review process as well as other questions that may have emerged during the public hearing and comment process. Please see the applicable RFP timeline for the dates during which NYSED will conduct the Capacity Interviews.

Phase IV: [Request for Modifications](#).⁶ The Department may require that applicant groups make technical modifications to their applications following the Capacity Interviews. Such requests would be made to technically align the information contained in the Full Application with the NYSED initial charter agreement template. Please see the applicable RFP timeline for the dates during which NYSED will request modifications and during which applicants will submit responses.

NYSED Recommendation for Approval or Denial of the Application. On the basis of the review of the Full Application, Capacity Interview (if applicable), as well as information collected by NYSED during a public comment process, NYSED will determine whether to recommend approval or denial of the charter application to the Board of Regents. An application that is

⁵ N.Y. Education Law § 2852(9-a)(c)(i-viii)

⁶ N.Y. Education Law § 2852(3)(a)

recommended to the Board of Regents for approval will provide a detailed and complete school design plan that:

- Includes clear strategies to meet or exceed enrollment and retention targets for students with disabilities, students who are English language learners, and students who are eligible to participate in the federal free and reduced-price lunch program;
- Provides evidence of public outreach that conforms to the process prescribed by the Regents for the purpose of soliciting and incorporating community input regarding the proposed charter school;
- Meets all requirements set forth in the Charter Schools Act as well as all other applicable laws, rules, and regulations;
- Demonstrates the ability to operate the school in an educationally and fiscally sound manner;
- Is likely to improve student learning and achievement and materially further the purposes of the Act; and
- Would have a significant educational benefit to the students expected to attend the proposed charter school.

In addition to all the above, the applicant group and proposed board of trustees must demonstrate appropriate knowledge, capacity, and ability to effectively create, maintain, and oversee a high-quality charter school. For applications that meet all these conditions, NYSED will recommend that the Board of Regents issue the charter.

If recommended for approval, NYSED will provide the applicants and proposed board members with an opportunity to review the terms and conditions of the initial charter agreement (contract) between the proposed school and the Board of Regents. This will occur in preparation for the Board of Regents meeting at which the Regents will act to approve or deny new charters. Please see the applicable RFP timeline for specific dates.

If the application is not recommended for approval by the Board of Regents, NYSED will provide the applicant group with a summary of the areas in which the application is considered to be deficient. In some cases, the applicant group may be encouraged to address deficiencies discovered during the application review process and re-submit the application in a subsequent application cycle.

Board of Regents Action to Approve or Deny the Application. Although informed by NYSED evaluations and recommendations, all final charter issuance decisions are made by the Board of Regents. At the Board of Regents meetings in June and November 2016, the Regents will act to approve or deny charter school applications, and in the case of those approved, issue a provisional charter (i.e., a certificate of incorporation) for the school.

Opening the School for Instruction. The issuance of the charter by the Board of Regents does not indicate final authorization to open the school. During the start-up (or pre-opening) phase

of the school, NYSED will work closely with the charter school's proposed board and school leaders to ready the school program and facility to serve students. This work will be guided by the terms of the charter agreement and the *Pre-Opening Procedures for New York State Charter Schools Authorized by the Board of Regents* (which may be found on the Department website at <http://www.p12.nysed.gov/psc/OversightPlan.html>). New charter schools will be authorized to open for instruction only upon the issuance of a *Consent to Commence Instruction* letter.

Letter of Intent Evaluation Criteria

LETTER OF INTENT TO APPLY

Education Law §2851(1) states “An application to establish a charter school may be submitted by teachers, parents, school administrators, community residents or any combination thereof.” An application for a new charter school must be submitted by one or more of these eligible individuals. The term “applicant group” includes those participating in the planning of the application to establish the proposed charter school; those individuals who will comprise the initial board of trustees; and those individuals (if any) who will become school employees. Organizations and entities cannot serve as applicants for charter school education corporations, though, if eligible, not-for-profit entities with federal tax-exempt status under Internal Revenue Code §501(c)(3), museums, colleges, universities, and educational institutions can submit a proposal in conjunction with eligible applicants.

All applicant groups seeking to establish a charter school authorized by the Board of Regents to open in 2017 must submit a Letter of Intent, not to exceed 5 pages in length (excluding any summary pages or attachments) by the due date specified for the selected 2016 RFP round. All Letters of Intent are reviewed by Department staff to assess whether the requested information is complete and likely to meet the rigorous standards required in the Full Application. A Letter of Intent that does not thoroughly address the evaluation criteria or provide the requested information will not be accepted, and the applicant group will not be invited to submit a Full Application during the 2016 RFP cycle.

- I. **Applicant Group Information**⁷: Identify and present background information pertaining to the applicant group as defined above.
 - a. Provide the name, contact information, and current employment for all members of the applicant group, which includes initial proposed board of trustees and any proposed school employees, using **Table 1**;
 - b. Specify the current or prospective role that each member has or will hold in relation to the proposed charter school, and identify the relevant experience, skills, and/or qualifications each member possesses using **Table 1**;
 - c. **Public contact**: Please provide a phone number and/or email address to which public inquiries about the proposed charter school may be addressed. This contact information will be public and available on the NYSED Charter School Office website.
 - d. **Application History**: If you or another member of the current applicant group has ever applied to this or another charter entity to open this proposed school or another charter school, either in New York State or outside of New York State,

⁷ N.Y. Education Law § 2851(2)(m)

please indicate the date the application(s) was/were submitted and to which charter entity; briefly describe the outcome of the charter entity's decision; and provide a concise description of significant modifications made in this application.

Required Attachments:

- Table 1:** Application Group Information.
- Attachment 5a:** New Applicant and Prospective School Trustee Background Information
 - New Applicant and Prospective School Trustee Background Information Sheet and Signed Statement of Assurance. See Background Information Sheet at <http://www.p12.nysed.gov/psc/startcharter.html>. (Contact information and signature required for each proposed Trustee (minimum of five)).
 - Signed Statement of Intent
 - Resume or Curriculum Vitae
 - Transcript from Highest Degree Granting Institution
 - Minimum of Three Letters of Reference (from non-family members and individuals not in the applicant group).

Note Regarding a Transcript Request: Each applicant group member is advised to make every effort to obtain a transcript from the institution where they received their highest degree. If the member cannot obtain a transcript after reasonable effort, they may request an official letter from the institution detailing the date of graduation, and the diploma, certification, or degree obtained from the institution. If neither a transcript nor an official letter can be obtained, the member may provide a scanned copy or photograph of the actual diploma, certification, or degree, along with proof of their efforts to obtain a transcript and official letter, and the response received from the institution. E. Public Outreach

General Overview: N.Y. Education Law Section 2852(9-a)(b)(ii) states that the Board of Regents shall not consider any applications which do not rigorously demonstrate that the applicant has conducted public outreach, in conformity with a thorough and meaningful public review process prescribed by the Board of Regents, as outlined below, to solicit community input regarding the proposed charter school and to address comments received from the impacted community concerning the educational and programmatic needs of students. Although appropriate to include general letters of support for the charter school from community leaders and members, such letters of support alone are not sufficient.

The public review process should include, but is not limited to, the following components:

- **Informing the community about the proposed charter school including the intended location, the target student population, the grades to be served, and a description of the educational program(s) to be offered and evidence to support the dissemination of this information.** This should include reasonable notice to stakeholders in the community, and may be achieved through a number of means, including but not limited to: community letters and flyers, news and/or web articles, advertisements, community meetings, meetings with stakeholders, and other means employed by the applicant;
- **At least one public meeting with stakeholders in the community in the school district in which the proposed charter school is to be located.** Reasonable public notice should be provided to community stakeholders;
- **Providing stakeholders in the community the opportunity to submit comment on the proposed charter school.** This may be achieved through the means listed above, the provision of an email or website for comment submission, as well as other means employed by the applicant; and
- **Addressing comments received from the impacted community concerning the educational and programmatic needs of students.** This may be achieved through

²⁸ N.Y. Education Law § 2851(2)(q)

²⁹ N.Y. Education Law § 2852(9-a)(c)(vi)

discussions at community and stakeholder meetings, interviews, written responses to written comments received, as well as other means employed by the applicant.

Required Table and Attachments:

- ❑ **Table 2: Public Outreach Information.** Resubmit Table 2 from the Letter of Intent and update the information contained therein to include outreach conducted to date.

- ❑ **Attachment 2b: Evidence of Public Review Process.** This attachment should provide a sampling of documentary evidence related to the public review process. Attachments should be limited to documents that provide meaningful and relevant information about the community outreach and public input. Please do not submit photocopied form letters of support or petitions containing signatures and addresses. Include any evidence that the school informed the community about the proposed charter school and invited comments and input, and provide evidence that comments/input were addressed. Examples of evidence may include, but are not limited to:
 - Attendance lists from meetings and events;
 - Public meeting flyer with sign-in sheet and signatures;
 - Minutes or summaries of public meetings and meetings with stakeholders (school boards, school district administrators, elected officials, community leaders, parent organizations, etc.);
 - Surveys distributed and resulting statistical analysis;
 - Public awareness campaigns (emails, social media postings, media, etc.) with documented results;
 - Responses sent to members of the public who submitted comments/input concerning the proposed charter school;
 - Copies of received letters or emails;
 - Invitations sent for meetings and events; and
 - Media announcements or articles.

- ❑ **Attachment 2c: Evidence of District Support for Restart/Turnaround.** Proposed charter schools that are intended to operate as a restart or turnaround school or to provide an option for students who are at risk of academic failure because they reside in a community served by a school that is persistently low-achieving must provide a Letter of Support from the school district.

Evaluation Criteria:

A response that meets the standard will:

1. Describe the means employed and provide evidence to demonstrate that the community has been informed about the proposed charter school, including the intended location (whether in private or public building space), the target student population, the grades to be served, and a description of the educational program(s) to be offered;

2. Include evidence that the applicant group held at least one public meeting with stakeholders in the community in the school district in which the proposed charter school is to be located, and that reasonable public notice was provided to community stakeholders;
3. Describe the means employed and provide evidence to demonstrate that the applicant group solicited community public input or comment on the educational and programmatic needs of students;
4. Describe how the applicant group responded to comments received from community stakeholders and ensured that those comments were considered and addressed³⁰;
5. Describe the ongoing approach the applicant group is taking to continue to engage with the community and to solicit public input about the educational and programmatic needs of students, and how the applicant group has or is using this input to shape the application;
6. Describe how students in the community will (i) be informed about the charter school and (ii) be given an equal opportunity to attend the charter school³¹; and
7. Include a letter of support from the school district if the proposed charter school is intended to operate as a restart or turnaround school or is intended to provide an option for students who are at risk of academic failure because they reside in a community served by a school that is persistently low-achieving.

Please be aware that the Board of Regents will not consider an application that does not sufficiently demonstrate that the public review process described above has been conducted. Since public outreach activities are expected to be ongoing throughout the application review process, additional information about public outreach activities is expected at the Capacity Interview and/or through the NYSED public comment period.

If the school anticipates incurring debt for any reason, such as for acquisition of its facility, the budget must address the schedule for debt repayment and the budget discussion should elaborate on the repayment assumptions and plan.

As discussed in the Overview of the Application Process, applicants are eligible, upon Board of Regents approval and issuance of a charter and based upon the availability of funds, to receive a ***Charter School Program (CSP) Planning and Implementation Grant***. The charter authorization process serves as the substantive review process for CSP grant funds. Applicants, except *those affiliated with CMOs that have received federal CSP funds through the Charter Schools Program (CSP) Grants for Replication and Expansion of High-Quality Charter Schools (CFDA 84.282M) (accessing both CSP funding streams is not permitted by the U.S. Department of Education)*, may include a grant amount of between \$500,000 and \$750,000 over a three year period (planning year, implementation year 1, implementation year 2) in the overall charter school budget and cash flow template. **Inclusion of CSP grant amounts greater than the \$500,000 base award should be considered carefully, as enhanced funding levels are not guaranteed.**

Discuss the school's contingency plans for cash flow challenges, a budget shortfall, lower than expected student enrollment or other financial challenges that you may foresee in the early years of operation.

Required Attachment:

- Attachment 9:** Budget and Cash Flow Template. Microsoft Excel Template can be found at <http://www.p12.nysed.gov/psc/startcharter.html>.

2. Present budget priorities that are consistent with and support key parts of the plan, including the school's mission, educational program, staffing and facility;
3. Provide for the establishment of an escrow account of no less than \$75,000 to pay for legal and audit expenses that would be associated with dissolution should it occur. The school may provide for the full amount in its first-year budget, or provide for a minimum of \$25,000 per year for the first three years of its charter term⁷⁴;
4. Present realistic, evidence-based revenue and expenditure assumptions, including any plan to incur and repay debt;

⁷³ N.Y. Education Law § 2851(2)(e)

⁷⁴ This escrow account is a requirement included in the charter agreements with the Board of Regents.

5. Present viable strategies for meeting potential budget and cash flow challenges, particularly for the first year of operation;
6. Demonstrate a commitment to maintaining the financial viability of the school; and

Evaluation Criteria:

A response that meets the standard will:

1. Demonstrate understanding of key pre-opening responsibilities consistent with the school's education, organizational and financial plans; and
2. Include a schedule for initiation, development and completion of those tasks, identify primary responsibility by individual or position, and document anticipated resource needs.

APPENDIX A: REVIEWER EVALUATION GUIDANCE AND RUBRIC

Reviewer Information: The evaluation rubric is designed to guide the review of charter school applications submitted to the Board of Regents. The evaluation rubric is aligned to each section and subsection of the application, and list the criterion by which the reviewers are to evaluate each section and sub-section. Throughout the evaluation, reviewer will be asked to rate how well the applicant’s responses address the evaluation criterion. Reviewers are to rate the responses as **Inadequate**, **Approaches**, **Meets**, or **Exceeds**. These ratings are defined as follows:

Rating Definitions

Inadequate	The response lacks meaningful detail; demonstrates lack of preparation; or otherwise raises substantial concerns about the applicant’s understanding of the issue in concept and/or ability to meet the requirement in practice.
Approaches	The response addresses most of the selection criteria, but lacks some meaningful detail and requires important additional information in order to be reasonably comprehensive.
Meets	The response indicates solid preparation and grasp of key issues that would be considered reasonably comprehensive. It contains many of the characteristics of a response that excels even though it may require additional specificity, support or elaboration in places.
Exceeds	The response reflects a thorough understanding of key issues and indicates capacity to open and operate a quality charter school. It addresses the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of how the school expects to operate.

At the end of each sub-section, reviewers will note key strengths and concerns, and will identify questions that are important to getting a full understanding of the plan. Reviewers are directed to explain and elaborate on their respective ratings. Reviewers will also be asked to provide summative ratings and comments regarding each section of the application and the application as a whole. Reviewer comments are essential and will be used to prepare feedback to the applicants, to prepare for the Capacity Interviews, and to inform final recommendations.

Reviewer Instructions:

- Read the relevant sub-section of the application and the corresponding evaluation criteria and mark the box that best fits your assessment of the response (*Inadequate*, *Approaches*, *Meets* or *Exceeds*). In those instances where the criteria are *bulleted*, you are expected to evaluate the criteria as a whole.
- Use the appropriate text boxes to identify key strengths and concerns and to identify questions that are important to getting a full understanding of the plan. Reference specific sections, page numbers, and evaluation criteria.
- Use the summary boxes at the end to highlight the key strengths and concerns that you have for that section of the application.

- At the end of the application, provide an overall rating for the application. Provide comments in the text boxes to support the rating, referencing sections, page numbers, and attachments where appropriate.

Evaluation Rubric

Each section and its corresponding evaluation criteria will appear as follows on the reviewer evaluation rubric.

Proposed School Name: _____

A. Mission Statement and Objectives

General Overview: Provide a mission statement that defines the core purpose and key values of the school and informs the public about the students the school intends to serve. It should be consistent with high academic standards and be succinct and meaningful. A school’s mission statement provides the foundation for the entire charter application and for the full term of the school’s charter. The mission statement should be reflected throughout all sections of the application.

Briefly describe the school’s objectives and how the school will implement one or more of the objectives identified in the Charter Schools Act.

Evaluation Criteria:

A response that meets the standard will:

1. Present a mission statement that defines the purpose of the proposed charter school;
2. Describe the objectives of the charter school;
3. Explain how the school will materially further one or more of the objectives of the Charter Schools Act; and
4. Be reflected throughout all sections of the full application.

APPENDIX C: NEW YORK STATE CSP GRANT PRIORITIES

As part of New York State's \$113 million federal CSP grant award, NYSED may provide grant funds to all applicants who are issued a charter by the Board of Regents, *except those applications affiliated with CMOs that have received federal CSP funds through the Charter Schools Program (CSP) Grants for and Expansion of High-Quality Charter Schools (CFDA 84.282M), since accessing both funding streams is not permitted by the U.S. Department of Education.* All successful applicants may expect to receive a base amount of \$500,000 over the planning period and first two implementation years of the school's first charter term, contingent on the completion of additional grant-specific budget information and other requirements that will be requested from those applicants who are granted a charter. For reference, information about the current CSP Implementation and Planning Grant can be found at: <http://www.p12.nysed.gov/psc/CSPNewFY12PlanningandImplementationGrants.html>

In addition, New York State encourages the development of high-quality charter schools that meet specific needs, especially those of educationally disadvantaged students, and will make available the award of significantly increased start-up funding amounts for such programs. NYSED may provide enhanced awards for charters schools that meet two types of incentive priorities:

1. **Underserved student populations priority.** New York State will provide awards of up to \$625,000 total to those charter schools that, by the October Basic Education Data System (BEDS) student data reporting date in their first year of operation, have met one or more of the enrollment targets for students with disabilities, English language learners, and students who are eligible applicants for the free and reduced price lunch program prescribed the by Board of Regents as required by §2852(9-b) of the Act.
2. **Authorizer program design priority.** As part of the integrated charter authorization and grant review process, NYSED may provide awards of up to \$750,000 total to charter schools meet one or more program design priorities specified below. (Schools that meet more than one incentive priority may not receive more than \$750,000 of total CSP grant funding). Continuation funding at the enhanced incentive level during the implementation years of the 3-year start-up grant will be dependent on NYSED's assessment of the school's success in implementing the program design priority. Applications which meet one of the following program design priorities outlined below will be considered for the \$750,000 enhanced CSP funding level.
