Notes: In the State Assessment Performance sections, percentages marked with an asterisk are based on less than 50 students. In the Gap Analysis section, differences marked with two asterisks are based on two percentages with less than 50 students and differences marked with one asterisk are based on one percentage with less than 50 students.

Data Source Note: Preliminary SY 2007-08 Consolidated State Performance Report data are used in this report. Charter schools in some states did not submit complete enrollment data. As a result, the number and percentage of charter school students in state and national data may be impacted. Reliable data was not available for graduate and dropout rates for SY 2007-08.
