The graphs below show the school's performance relative to the State standard and school AYP targets (if applicable).

Grade 4 English Language Arts

Results on this assessment were reported for a combined count of fewer than 20 students over the past two years (2000-01 and 2001-02), which is too few to reliably measure school performance. Therefore, no reliable judgment could be made about this school's status.

Grade 4 Mathematics

No student results were reported for this assessment in 2001-02, even though this school had students who should have been tested; therefore, this school is considered not to have made the State standard or AYP under NCLB.
