Subject: Submission of the 2020-21 Grant Application & Budget Documents for Individuals with Disabilities Education Act (IDEA) Part B Section 611 and Section 619 Federal Funding for the Education of Students with Disabilities.

Application materials and budget documents (FS-10 form) for section 611 and section 619 IDEA Grants are due to the State Education Department (SED) by July 10, 2020. The [2020-21 IDEA Grant Application and corresponding forms](#) are available online along with the [budget forms](#).

In accordance with federal rules, local educational agencies (LEAs) may not obligate funds for a proposed federal grant project until the application form and budget documents have been received by SED in a substantially approvable form (see Page 1 for definition).

If you have any questions about the Application, please contact the Administrative Support Group at (518) 486-4662 or email at [IDEA@nysed.gov](mailto:IDEA@nysed.gov)

**Application Instructions for Individuals with Disabilities Education Act (IDEA)  
Funding for the Education of Students with Disabilities, Section 611 & 619 Grants  
For the Period July 1, 2020– June 30, 2021**

An original signed Application and three original signed FS-10 Budgets are due by July 10, 2020. New York State Education Department (NYSED) will continue to accept application/budget submissions after the due date.

Please note: The District may not obligate funds for a proposed federal grant until the Application and Budget (FS-10) have been received by the NYSED in a substantially approvable form.

Applicants must submit the following to be substantially approvable. Please use this as a check list to ensure that all materials have been submitted and are substantially approvable:

- The **Application Cover Page** with **original signature** of the **Chief School/Administrative Officer** (in Blue Ink).
- Section I. - Maintenance of Effort (MOE).**
- Section II. - LEA Certification for the Payment of Funding to Approved Special Education Providers (ASEPs)** – Please select **ONE** option.
- Section III. – Comprehensive Coordinated Early Intervening Services (CCEIS) and Voluntary Coordinated Early Intervening Services (CEIS) Calculation Worksheet.**

This is necessary if the LEA is required to reserve 15% for Mandatory CCEIS or has opted to use up to 15 percent of funds for CEIS (Optional CEIS). Please note that the items and costs represented on these worksheets must be reconcilable to their corresponding grants. Additional technical assistance regarding CCEIS and CEIS can be found in the [IDEA Grant Application Guidance](#)

- Section IV. – Parentally Placed Students with Disabilities Calculation Worksheet.**

This is necessary if the LEA must expend a proportionate amount of its IDEA, Part B funds on special education services to students with disabilities parentally placed in nonpublic elementary and/or secondary schools in their district. Please note that the items and costs represented on the Parentally Placed Worksheets must be reconcilable to their corresponding grants. Additional technical assistance regarding Parentally Placed can be found in the [IDEA Grant Application Guidance](#)

- Section VI. - Budget - FS-10 611 and FS-10 619** (if applicable) **Budget** with an **original signature** (in Blue Ink). LEA's must submit the updated FS-10 form that includes the revised Chief Administrator Certification Language. The updated forms are located on the NYSED Grant Finance website at: <http://www.oms.nysed.gov/cafe/forms/>

The FS-10 budget forms must include the following:

1. The project number in the space provided on the cover page. Your project number can be found in Column A of the Allocation Table.
2. The Chief School/Administrative Officer's signature in **Blue Ink** on the Budget Summary Page and their name and title below the original signature.

## **Section I. - Maintenance of Effort (MOE)**

### **Definition of LEA MOE**

34 CFR 300.203(a) defines LEA MOE for IDEA, Part B as follows: “Funds provided to an LEA under Part B of the Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year.” 34 CFR 300.203(b) requires NYSED to ensure that the LEA spent (for that purpose) at least the same total or per capita amount of local funds only or the combination of state and local funds. In other words, an LEA that accepts IDEA, Part B funds is required under IDEA, Part B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or “maintaining effort”), as described in the Methods of Determining Compliance section.

### **Purpose of LEA MOE**

In awarding grant funds for education purposes, the federal government does not intend for LEAs to use federal funds as the primary means of providing services to students with disabilities. The LEA agrees when it accepts the IDEA, Part B funds that it will expend nonfederal (that is, state and local) funds in accordance with two federal fiscal accountability requirements: (i) supplement, not supplant, and (ii) MOE.

The supplement not supplant provision of IDEA, Part B (34 CFR 300.202(a)(3)) mandates that state and local funds may not be diverted to other purposes simply because federal funds are available. The MOE requirement ensures, moreover, that the LEA continues to expend its state and/or local funds at the same level from year to year, either in the aggregate or on a per-pupil basis, instead of limiting services to what can be provided using federal dollars.

### **Eligibility Standard to Meet MOE Eligibility (Budget)**

To establish its eligibility to receive an IDEA grant award for fiscal year 2020-21, and subsequent years, the LEA must budget, for the education of students with disabilities, at least the same total or per capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available:

- (i) Local funds only.
- (ii) The combination of State and local funds.

This results in four possible ways an LEA may demonstrate MOE:

1. At least the same total combined amount of state and local funds is budgeted as the LEA expended on the education of students with disabilities the previous fiscal year.
2. At least the same total amount of local funds only is budgeted as the LEA expended on the education students with disabilities the previous fiscal year.
3. At least the same student per capita amount from state and local funds is budgeted as the LEA expended on the education students with disabilities the previous fiscal year.

4. At least the same student per capita amount from local funds only is budgeted as the LEA expended on the education students with disabilities the previous fiscal year.

The LEA needs to only meet one of the four tests to ensure eligibility.

### **Compliance with IDEA, Part B MOE Requirement (Expenditures)**

Per 34 CFR 300.203, LEAs that expend IDEA-B funds must comply with the IDEA-B MOE requirement. This section describes the methods of determining compliance, the consequences of noncompliance, and allowable federal exceptions and state reconsiderations to the MOE requirement.

As stated in 34 CFR 300.204, the LEA may reduce the level of its state and/or local expenditures below the level of those expenditures for the preceding fiscal year only if the reduction is attributable to any of the following:

- (a) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- (b) A decrease in the enrollment of children with disabilities.
- (c) The termination of the obligation of the agency, consistent with this part, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State Education Agency (SEA), because the child
  - (1) Has left the jurisdiction of the agency;
  - (2) Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or
  - (3) No longer needs the program of special education.
- (d) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

**Please Note:** A student returning to the district from a BOCES setting is not an allowable exception

These federal exceptions, if applicable, reduce the IDEA-B LEA MOE requirement in the fiscal year under determination and may result in the LEA becoming compliant or may reduce the amount of any refund due for noncompliance.

Per 34 CFR 300.205(c) An LEA that is identified by NYSED as Needs Assistance, Needs Intervention or Needs Substantial Intervention to meet the requirements of IDEA is prohibited from reducing its MOE for a fiscal year in which it is identified. This determination only applies to the Adjustment to Maintenance of Effort which is located at the bottom of each TAB named Exc & Adj but does not apply to Exception (a) – (d) per 34 CFR 300.204.

To determine if your LEA is identified as Needs Assistance, Needs Intervention or Needs Substantial Intervention please visit the [New York State IDEA Determination Criteria](#).

## **Relationship between Voluntary Reduction of MOE and CEIS**

CEIS and the voluntary reduction of MOE provision are interconnected. 34 CFR 300.226(a) states the amount set aside for CEIS must include the amount used for voluntary MOE reduction. At the same time, 34 CFR 300.205(d) states the amount an LEA uses for CEIS shall count toward the maximum amount the LEA may voluntarily reduce the level of its expenditures for MOE. This interconnection may be because both provisions are diverting the use of federal funds (CEIS) or state and local funds (MOE reduction) away from providing services to students with disabilities for other uses.

The decisions an LEA makes about the amount of funds it uses for one purpose affects the amount it may use for the other. **The LEA must plan both for CEIS and MOE at the beginning of each grant year.** Otherwise the use of funds for CEIS could prohibit a later decision to voluntarily reduce MOE, as illustrated in 34 CFR, Appendix D to Part 300.

In summary, the rule for using funds for CEIS **and** MOE is as follows:

- If the LEA is either setting aside funds for CEIS or voluntarily reducing its MOE (but not doing both), it is unnecessary to consider the interconnection between CEIS and MOE. For CEIS, the LEA may set aside up to 15% of its IDEA-B allocation (Section 611 and Section 619 funds; 34 CFR 300.226(a)). For MOE, the LEA may voluntarily reduce its level of expenditures by up to 50% of any increase from the prior year to the current year's IDEA-B allocation (Section 611 funds; 34 CFR 300.205(a)).
- If the LEA is both setting aside funds for CEIS and voluntarily reducing its MOE, the LEA should determine which amount is the lesser: the amount available for CEIS set-aside, or the amount available for voluntary MOE reduction. **Combined, the CEIS set-aside and MOE reduction may not exceed that lesser amount.**

## **LEAs must submit their LEA MOE Calculator to meet the 2020-21 Eligibility Standard.**

### **Guidance to Complete the LEA Maintenance of Effort (MOE) Calculator for the 2020-2021 Eligibility Standard**

There is a new version (Version 1.4) of the Calculator that must be used to complete the 2020-21 Eligibility Standard. This new version is necessary because the tabs on Version 1.3 end with the 2019-20 year.

Please click link below to get a blank copy of Version 1.4. The Excel worksheet is located under the **Maintenance of Effort (MOE) - General Guidance** section:

<http://www.p12.nysed.gov/specialed/finance/idea-grant-application-guidance.html>

**IMPORTANT – IMPORTANT – IMPORTANT**

LEAs must keep your latest approved Version 1.3 Calculator. The latest approved version is the 2018-19 Compliance Standard requirement. This Calculator will need to be utilized to complete the 2019-20 Compliance Standard requirement that will be required in the 2020-21 school year. Directions on how to complete this requirement will be sent at a later date.

**Steps to Move Your Data from Version 1.3 to 1.4**

- 1) **Complete Tab 3 - Information on TAB 3 is the same on Versions 1.3 and 1.4.**
- 2) **Complete Tab 4 – Information for Rows 3 thru 7 are completed directly on Tab 4.**

**\*\*\*Columns E, G, I, and K contain a drop-down box\*\*\***

- **Row 3 – 2015-16 Compliance – Input data from Version 1.3-Tab 4 - Row 8**
- **Row 4 – 2016-17 Compliance – Input data from Version 1.3-Tab 4 - Row 9**
- **Row 5 – 2017-18 Compliance – Input data from Version 1.3-Tab 4 - Row 10**
- **Row 6 – 2018-18 Compliance – Input data from Version 1.3-Tab 4 - Row 11**
- **Row 7 – 2019-20 Eligibility – Input data from Version 1.3-Tab 4 - Row 12**

**DO NOT CUT AND PASTE ANY INFORMATION FROM VERSION 1.3 TO 1.4. THIS WILL CAUSE ERRORS ON VERSION 1.3.**

**Please note: Data for School Years 2013-14 and 2014-15 are not included in Version 1.4**

LEAs **MUST NOT** submit their LEA MOE Calculator for 2020-21 Eligibility Standard until their previous years Calculator requirements listed below have been approved. The reason for this requirement is that the determination if a LEA meets the 2020-21 Eligibility Standard is based on their previous years Calculator requirements.

1. 2013-16 LEA MOE Compliance Calculator
2. 2017-18 Eligibility Standard Calculator
3. 2016-17 Compliance Standard Calculator
4. 2018-19 Eligibility Standard Calculator
5. 2017-18 Compliance Standard Calculator
6. 2019-20 Eligibility Standard Calculator
7. 2018-19 Compliance Standard Calculator

LEAs are notified by e-mail once their LEA MOE Calculator submission is approved.

To complete the LEA MOE Calculator for the **2020-21 Eligibility Standard** please complete/review the following TABS.

- 1) **TAB 6. 20-21 MOE** – Cell B1 is a drop-down box. Please make sure to select Eligibility.
- 2) **TAB 5. 20-21 Amounts** - Please make sure to complete the information for Eligibility.
  - Cell B1 -LEA inputs their Projected Child Count. This is the number of students with disabilities your LEA plans to provide special education and relates services according to an IEP or service plan in place.
  - Cells A5-E5 thru A29-E29 is where a LEA includes a description and a budgeted amount for the 2020-21 period.

**Important Guidance:** For LEA’s that need assistance to complete the budgeted information please contact Questar III BOCES – State Aid and Financial Planning. Questar III has an Excel worksheet and guidance information that will help LEAs complete the budgeted information.

To contact Questar III please click link below:

<https://www.questar.org/services/financial/state-aid-financial-planning/contact-us/>

### **Information that MAY be Completed**

- 1) **TAB 7. 20-21 Exc & Adj.** - If a LEA has any allowable Exception(s) and/or Adjustment please complete the information as applicable. Please note the Eligibility Standard is in Columns A-F. Do not complete any information for the Compliance Standard located in columns H-M.

After you have completed all the information for your LEA please review tabs **TAB 6. 20-21 MOE** and **TAB 4. Multi-Year MOE Summary** to make sure your LEA has met MOE.

NYSED strongly recommends that an LEA completes all the information for each four methods to meet MOE, but a LEA only needs to meet MOE for one method to comply with the requirement.

Once completed, please submit your LEA MOE Calculator [idea@nysed.gov](mailto:idea@nysed.gov). In the subject line please write **2020-21 MOE Eligibility** and your “LEA NAME”.

For guidance on the LEA MOE Calculator and other MOE Guidance, please visit the [IDEA grant application guidance](#), Memorandum on [MOE regulations](#), and the [Electronic Code of Federal Regulations](#)

## Section II. – Approved Special Ed Providers (ASEP’s)

Pursuant to NYS section 4410-b of the Laws of 2005, LEAs are required to disburse funds to ASEPs for students with disabilities who were receiving services as of the first Wednesday of October **2019** (commonly known as BEDS Day).

**Funding:** An LEA may choose to use State, local or federal IDEA Part B 611 and 619 funds, in whole or in part, to meet its obligation under section 4410-b of the Education Law to provide an allocation to ASEPs.

**Minimum amounts per student:** To assist LEAs in determining the appropriate amounts due to ASEPs under NYS Education Law §4410-b, please review the [minimum per student amounts](#). Approved Out-of-State Providers should also receive funding from the LEA that was the last school district of residence for students with disabilities by the courts.

**Related services:** In accordance with Chapter 437 the Laws of 2005, LEAs must pay an amount equal to one-third of their posted section 611 and section 619 minimum per student amount to ASEPs for preschool students with a disability who are provided related services only. **Exception:** Any municipality which operated an approved special education itinerant services (SEIS) program prior to July 1, 2003 for preschool students with a disability who were provided related services only is eligible for a full (100 percent) section 611 and section 619 minimum per student amount for each child. Counties that fall under this exception are: **Rockland, Niagara, Otsego, Suffolk and Westchester**. For additional information, please visit the [Federal Allocations for Special Education](#).

**Certification:** As a condition for receipt of 2020-21 IDEA, Part B funds, the chief school/administrative officer of an LEA must indicate whether the LEA proposes to provide its required allocation of funds to ASEPs serving its students with disabilities ages 3-21 under NYS section 4410-b using IDEA Part B, State or local district funds on page 6 (LEA Certification for the Payment of Funding to ASEPs as Required by Education Law Section 4410b) of the application.

**Legal agreements between LEAs and ASEPs:** LEAs using IDEA Part B sections 611 and/or 619 funds to make payments to ASEPs under NYS section 4410-b should enter into a legal agreement with each ASEP which has students with disabilities between the ages of 3-21 attending on BEDS Day 2019.

**Payments:** Funding amounts are available to ASEPs under NYS section 4410-b in an amount equal to their proportional share of federal funds allocated to the LEA, based on the number of students with disabilities who were served in ASEPs on BEDS Day 2019. IDEA funds may not be used to cover costs that are also covered by tuition rates (as established by the Rate Setting Unit, under laws 4410, 4408 and 4402).

### Section III. – Using IDEA funds for Coordinated Early Intervening Services (CEIS and CCEIS)

**Due to the high number of revisions needed before approval of the 2019-20 CCEIS worksheets there will be a separate document included in the IDEA application release named Section III-CCEIS worksheet. It contains the same information as Section III of the application but it's a stand-alone document that will allow school districts that must complete the CCEIS requirement to submit a Word document for their submission. This will eliminate having multiple PDF documents and make it easier for revisions (if needed) to be made to the worksheet. This worksheet can be submitted to [idea@nysed.gov](mailto:idea@nysed.gov) . In the subject line please put CCEIS worksheet and your district name.**

Coordinated Early Intervening Services falls into two categories.

1. CEIS - Voluntary Coordinated Early Intervening Services is the regulation under which LEAs can choose to use a portion of their IDEA Part B funds for a defined group of at-risk students who are not currently identified as needing special education or related services.
2. CCEIS - Comprehensive Coordinated Early Intervening Services is the regulation under which LEAs identified as having significant disproportionality are mandated to use a portion of their IDEA Part B funds.

Please see the below chart for a comparison of Mandatory Comprehensive Coordinated Early Intervening Services (CCEIS) and Voluntary Comprehensive Coordinated Early Intervening Services (CEIS) released by the IDEA Data Center including permitted activities and reporting requirements.

<b>Element</b>	<b>Coordinated Early Intervening Services</b>	<b>Comprehensive Coordinated Early Intervening Services</b>
<b>Abbreviations</b>	CEIS	CCEIS
<b>Regulations</b>	34 CFR 300.226	34 CFR 300.646
<b>Type</b>	Voluntary – LEAs can choose to use a portion of their IDEA Part B funds for services to a defined group of at-risk students	Mandatory – LEAs identified as having significant disproportionality in identification, placement, and/or disciplinary removals must use IDEA Part B funds for CCEIS
<b>Grade level/ ages served</b>	Kindergarten through grade 12	Age 3 through grade 12

<b>Groups served</b>	Only children who are not currently identified as needing special education or related services	Children who are not currently identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment. Children currently identified as needing special education or related services (funds can be used primarily, but not exclusively, for this group)
<b>Funds</b>	Up to 15 percent of IDEA Part B funds (611 and 619)	Exactly 15 percent of Part B funds (611 and 619)

<b>Permitted Activities</b>	Professional development for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction and, where appropriate, instruction on the use of adaptive and instructional software. Educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction	Professional development and educational and behavioral evaluations, services, and supports. The activities must address factors and policy, practice, or procedure contributing to significant disproportionality
<b>Reporting requirements</b>	An LEA is required to report to the state and the state is required to report to the U.S. Department of Education the following: <input type="checkbox"/> The number of children served under this section who received early intervening services; and <input type="checkbox"/> The number of children served under this section who received early intervening services and subsequently received special education and related services under Part B of IDEA during the preceding 2-year period	An LEA is required to publicly report on the revisions of policies, practices, and procedures.  Additional reporting requirements to be determined by OSED in the future.

For additional information on allowable CEIS activities, visit the [memo](#) on Coordinated Early Intervening Services (CEIS) Under Part B of the Individuals with Disabilities Education Act (IDEA).

If the LEA has been identified by SED for disproportionality by race/ethnicity in the identification, classification, placement and/or for disciplinary actions for students with disabilities pursuant to section 618(d) of the IDEA 2004, it is required to **reserve and expend a fixed amount equivalent to 15 percent of both section 611 and section 619 funds.**

Any LEA that utilizes funds for CCEIS or CEIS, whether they are mandated via identification of disproportionality, or choose to do so voluntarily, are required to submit a **separate CCEIS (Mandatory) or CEIS (Voluntary) Calculation Worksheet** (Pages 9-13 of the Application) for **both sections 611 and 619**, where relevant.

CEIS expenses may be budgeted section 611, in whole, if the amount allocated is equivalent to the combined 15 percent re-direct of both sections 611 and 619. For additional information, please visit the [New York State Special Education Budget and Finance website](#).

Items listed on the CCEIS or CEIS Calculation Worksheet for both 611 and 619 grants must be clearly marked as CCEIS or CEIS expenditures on the LEAs FS-10 budget submissions.

Please note: Section 619 funds must be limited to direct or indirect services to kindergarten age students who are not yet identified as eligible for special education and related services.

Additional technical assistance on CCEIS or CEIS can be found in the [New York State IDEA Grant Application Guidance](#).

## Section IV. - Parentally-Placed Students with Disabilities

Every school year, each public-school district must expend a proportionate amount of its IDEA, Part B funds on special education services to students with disabilities parentally placed in nonpublic elementary and secondary schools in their district:

- For school-age students, an amount that is the same proportion of the LEA's total sub-grant under section 611 of IDEA, Part B as the number of nonpublic school-age children with disabilities residing in its jurisdiction is to the total number of school-age children with disabilities in its jurisdiction [**34 CFR §300.133(a)(1)**]; **Total must be paid under the IDEA 611 grant.**
- For children ages 3 through 5, an amount that is the same proportion of the LEA's total sub-grant under section 619 of IDEA, Part B as the number of nonpublic school children with disabilities ages 3 through 5 residing in its jurisdiction is to the total number of children with disabilities in its jurisdiction ages 3 through 5 [**CFR §300.133(a)(2)(i)**]. **Total must be paid under the IDEA 619 grant.**

**Please Note: The child count determines the number of students to include for the proportionate share calculation submitted with the subsequent year IDEA grant applications. The child count number is then used to calculate the amount the LEA must spend in the subsequent fiscal year from its IDEA grant on services for eligible parentally-placed private school students and students who are home-schooled.**

Please visit the [Federal guidance](#) on the expenditure of federal funds.

For more information, please refer to the [guidance memorandum](#).

- The cost of transportation necessary for a nonpublic school child to benefit from special education services may be included in calculating whether the LEA has met the requirements delineated above [**CFR §300.133(a)(1)**];
- An LEA may not use funds available under section 611 or section 619 of IDEA, Part B for classes that are organized separately on the basis of school enrollment or religion of the students if the classes are at the same site and the classes include students enrolled in public schools and students enrolled in nonpublic schools [**CFR §300.143**].
- An LEA may not use funds provided under section 611 or section 619 of IDEA, Part B to finance the existing level of instruction in a nonpublic school or otherwise benefit the nonpublic school [**CFR §300.141(a)**]; and
- The LEA shall use funds provided under IDEA, Part B to meet the special education and related service needs of students enrolled in nonpublic schools located in their district, but not for the needs of a nonpublic school or the general needs of the students enrolled in the nonpublic school [**CFR §300.141(b)**].
- An LEA may use funds available under section 611 and section 619 of IDEA, Part B to make public school personnel available in other than public facilities to the extent necessary

to provide special education services for parentally placed children with disabilities attending a non-public school in their district and if those services are not normally provided by the nonpublic school [CFR §300.142].

- No funds under IDEA, Part B may be used for repairs, minor remodeling or construction of nonpublic school facilities [CFR §300.144(e)].

Any LEA that is required to utilize a portion of their IDEA funds for Parentally Placed are required to submit a **separate Parentally Placed Calculation Worksheet** (Page 13 of the Application) for **both sections 611 and 619**, where relevant.

To view the LEA's federal proportionate share of section 611 and/or section 619 funds the LEA received for the 2020-21 school year, please visit the [Federal Allocation for Special Education](#).

## Section V. - Charter Schools

Charter Schools are required to adhere to the provisions of the New York Charters Schools Act of 1998 in Part 119 of the Regulations of the Commissioner of Education. Charters schools must also adhere to requirements under Section 76.788 of the Education Department General Administrative Regulations (EDGAR). Also, applicable to Charter Schools are the requirements prescribed in Individuals with Disabilities Education Act (IDEA, Part B), including provisions related to teacher preparation and certification and the completion of special education data reports.

In accordance with federal regulations, at least 120 days before the date a charter school is scheduled to open or significantly expand its enrollment, the charter school must provide the LEAs with notice to that effect.

Per-student funding under IDEA, Part B for IDEA section 611 and section 619 is available for special education programs and services for students with disabilities. Section 611 funds are available for services provided to students with disabilities ages 3-21 (depending on the situation described below) and section 619 funds are available for services provided to students with disabilities ages 3-5 (depending on the situations described below).

Therefore, IDEA funds expended to provide special education services to students **ages 3-5 come both from sections 611 and 619** (as the age ranges overlap). The per-student amount is determined for both section 611 and section 619 by each LEA (local school district). Charter Schools DO NOT have to submit SEDCAR-1 forms to receive their funds.

In addition, please note that, when requested by the charter school to provide some or all special education services, the LEA is required to serve students with disabilities attending charter schools in the same manner it serves children with disabilities in its other schools, including providing supplementary and related services on site to the same extent to which it has a policy or practice of providing such services on the site of its other public schools [34 CFR §300.241 (a)]. (In these instances, all, or the appropriate proportion of the IDEA 611 and 619 funds, would be retained by the LEA as indicated below.)

### **Charter Schools Opening or Significantly Expanding Enrollment on or Before November 1st of an Academic Year**

Charter schools which open or significantly expand their enrollment on or before November 1st of an academic year must report their October 1st child counts of resident students with disabilities enrolled in the charter school to the student's school district of residence as well as SED. The school district of residence must include the students with disabilities in charter schools in their PD count submitted to the SED for students who are provided services on October 1st of a given school year. The school district of residence must calculate the amount due to the charter school by taking the number of students reported as of October 1st, who were in the charter school and receiving special education services in a charter school and multiply that by the per student amount calculated under both section 611 and section 619 as appropriate by each local school district of residence. The charter school must receive the full amount of funds due within five months of the date the charter school opens or significantly expands its enrollment. The district will need to determine the portion of services delivered by the district of residence and the portion delivered by the charter school. The charter school will get a pro-rated amount based upon the portion of

services the child receives either directly or through contract from the charter school and full-time equivalent (FTE) enrollment.

**For Charter Schools Opening or Significantly Expanding Enrollment After November 1st But Before February 1st Of an Academic Year**

For charter schools opening or significantly expanding enrollment after November 1st but before February 1st of an academic year, the charter school must receive a pro-rated portion of the funds for which the charter school is eligible on or before the date the LEA allocates IDEA, Part B funds to schools for the succeeding school year. If the charter school opens after November 1st and before December 1st, it should report the December 1st child counts to the students' school districts of residence as described above, and districts will need to allocate monies as described above. However, for charter schools that open after December 1st or that significantly expand their enrollment for the time period December 2nd – January 31st, charter schools must report these enrollment figures to the students' school districts of residence and receive a pro-rata portion of funds within five months of the date the charter school opens or significantly expands its enrollment. The district, in calculating the amount due to the charter school, will need to consider the FTE for the child for that year, and the portion of the special education services delivered by the charter school (directly or through contract) and by the district of residence. The charter school would only be entitled to the per-child amount pro-rated based upon the portion of special education services delivered by the charter school, and pro-rated based upon FTE enrollment.

School districts should note that when calculating the amount for charter schools (as in the prior two paragraphs) and determining the amount based upon the proportion of services provided by the charter schools, this is the only time school districts allocate federal funds based upon the proportion of the services delivered. Payments to ASEPs is governed by NYS §4410-b, which does not apply to charter schools and provides for sub-allocations on a per-capita basis.

**For Charter Schools That Open or Significantly Expand Enrollment after February 1st of an Academic Year**

The student's district of residence may, at its discretion, provide the charter school with a pro-rata portion of the funds, based upon the FTE enrollment and portion of special education services delivered by the charter school. If provided, this pro-rata portion of the funds should be disbursed within five months of the date the charter school opens or significantly expands its enrollment.

## Section VI. - Budget (FS-10 Form)

### Budget Categories on the FS-10 Form

**Code 15, Salaries for Professional Staff:** Include only those staff members that are employees of the District (Teachers and Licensed Professionals).

- One Full-Time Equivalent (**FTE**) equals one staff member working an entire week, for each week of the project. Express partial FTE's in decimals and round to the nearest two decimal places.

**Example:** A 10-month employee, such as a Special Education Teacher, would be considered 1.0 FTE if the teacher were employed for the entire 10-month program. A 12-month employee, such as Administration or Support Staff, would also be considered as 1.0 FTE if employed for the entire 12-month program. It is important to always factor in the length of the project relative to the type of employee included in the budget.

- An employee may fall under different categories of the grant, and be included in both 611 and 619 grants, but may never exceed a total FTE of 1.0.
- Do not include consultants or per diem staff under this Code. In addition, central administrative staff members that are indirect costs, e.g., business office staff, should not be included.
- All professional positions should be listed individually with FTE, Annualized Rate of Pay and Project Salary. Project Salary equals the Annualized Rate of Pay multiplied by the FTE.

**Code 16, Salaries for Support Staff:** Include salaries for teacher aides, secretarial and clerical assistance, personnel in pupil transportation and building operation and maintenance (employees that are not directly associated with providing special education services, but instead provide ancillary/support services).

- Do not include central administrative staff members that are indirect costs, e.g., account clerks.
- All support staff positions should be listed individually with FTE, Annualized Rate of Pay and Project Salary.
- Please express per diem/hourly employees according to their “dollar/period of time” ratio under the FTE column and reflect their annualized and project salaries accordingly.

**Code 40, Purchased Services:** Include consultants, rentals, tuition and other contractual services (Please note that licenses and leases do not fall under Purchased Services as those are “items” you are purchasing).

- Provide a description of the purchased services, including as applicable, use of federal IDEA Part B<sup>1</sup> Funds to Approved Special Education Providers (ASEPs) or Other Professional Services/Consultants.

---

<sup>1</sup> An LEA is not required to use IDEA section 611 and section 619 funds to pay ASEPs to fulfill its obligation under Education Law §4410-b to provide an allocation of funds to such agencies and may use local district funds in part or instead.

- Provide a complete, detailed list of all ASEP's who are providing services to students with disabilities including the name of the ASEP, the number of students with disabilities receiving services from that ASEP and express the cost as "X students at (per pupil minimum)". Please note that the Per Pupil Minimum (PPM) establishes the minimum amount that has been allocated via flow-through funding to ASEPs and can be exceeded.
- ASEP's receive 1/3 of the per pupil minimum if they are providing a related service only (calculated as "per pupil minimum divided by 3 or multiplied by .3333; there are no exceptions to these calculations).
  - Please note that for county agencies serving as an ASEP, when providing related services only, ASEP's providing services within the following counties are exempt from the 1/3 rule and must be paid the full per pupil minimum: **Rockland, Niagara, Otsego, Suffolk and Westchester.**
- Please visit the [Federal Allocations for Special Education](#) for information on ASEPs, Article 81 and Parentally-Placed Funding.

**Code 45 Supplies and Materials:** Include items such as computer software, text and work books, educational programs and kits, technology and equipment under \$5,000 **per unit** (e.g. a 10-pack of laptops at \$5,000 would count as \$500 per unit and would be filed under Code 45, but a Smartboard at \$5,000 would be budgeted under Code 20, Equipment). Locking filing cabinets (for use of storing IEP's and other sensitive documentation regarding students with disabilities) and adaptable furniture required by IEP's are allowable, but furnishings of a non-special education specific nature are not allowable (e.g. office furniture like chairs, tables and desks for staff meetings, etc). Please refer to Appendix D for more examples of allowable expenses.

- SED strongly recommends that LEAs **not** utilize IDEA, Part B funds under this Code to purchase items that are non-specific for special education programs or services or that could be utilized for general education purposes.
- Expenses **per item** or **per grouping** more than \$1,000 require a clear description of the item(s) to be purchased (e.g., a piece of software at \$4,000 is not an enough description).
- Cost calculations must be clearly shown (e.g. unit quantity multiplied by unit cost equals the proposed expenditure). Incomplete cost calculations are not acceptable.

**Please note:** Technology-based equipment with evidence of the benefit of use in an educational setting (and/or specifically with students with disabilities) is allowable. This includes personal listening devices with instructional applications, Smartboards, book readers, etc. If items to be purchased are not exclusively for use by students with disabilities, such as technology used in an integrated classroom, then only a prorated portion of IDEA funds can be utilized towards the cost of those items. This portion is based on the percentage of students with disabilities (e.g. five students with disabilities in an integrated class of 20 students would allow 25 percent of the cost of a purchased item to be funded via the IDEA Grant).

For additional information on allowable cost please see **Appendix D**.

**Code 46, Travel:** Include pupil transportation, conference costs and travel of staff between instructional sites; usage of funds to cover basic commuting costs of staff is not **allowable**. Specify

agency approved mileage for travel by personal car or school-owned vehicles; Please visit the [US General Services Administration](#) for federal mileage rate.

A description of the proposed travel, including the **Staff, the destination, purpose of the proposed travel and calculation of cost including conference fees, travel and overnight expenses (when applicable)** should be included.

- Proposed conferences must be identified either by specific conference name or topic. Generic conference travel descriptions, such as “Conference TBD”, are **not** acceptable.
- Travel expenditures for conferences cannot be bundled together as one “conference cost” but must be broken down into its component registration fees, mileage/travel costs and overnight expenses.
- Staff that will be traveling must be identified by Title/Name.
- Inter-continental travel is strictly prohibited. All forms of travel must be arranged in the most cost-efficient manner possible and accommodations should be reasonable (e.g. no first-class seating on planes and lodgings and meals must conform to federal standards).

**Code 80, Employee Benefits:** Include proposed benefits, related to salaries included in this grant.

- Benefit rates used for project personnel must be the same as those used for other agency personnel.
- Cost calculations (if percentages are provided) must calculate correctly.
- The amount of Employee Benefits paid **cannot** exceed the amount of funds allocated to Salaries (Code 15 and 16 combined).

**Code 90, Indirect Costs:** This represents indirect costs incurred because of providing necessary services for students with disabilities that cannot be claimed under other sections of the Grant. These include costs such as a salary for a Principal and other Administrators who provide indirect services for students with disabilities, but do not provide direct educational instruction or other related services.

- Total Indirect Cost is the product of the Modified Direct Cost Base (**MDCB**) multiplied by the Approved Restricted Indirect Cost Rate (**ARICR**). The **ARICR** for the 20-21 school year should be available in June, however, if you have not received the **ARICR** for your District by the time you wish to submit your grant applications, please refer to your previous years’ **ARICR** when calculating for the Total Indirect Cost.
- The **MDCB** is calculated by summing all the subtotals (Codes 15, 16, 40, 45, 46 and 80), **excluding ASEP funding** under Article 89 and Article 81 of the Education Law (when applicable) and proposed contract expenditures more than \$25,000.
- Please note that the Indirect Cost subtotal entered Code 90 may be **LESS** than the Total Indirect Cost as calculated by multiplying the **MDCB** and the **ARICR**. The Total Indirect Cost amount is a threshold that cannot be exceeded but may be budgeted at less than the maximum allowable amount.

Questions regarding the Indirect Cost Rate should be directed to Grants Finance at. (518) 474-4815.

**Code 49, BOCES:** Services provided by BOCES.

- Consultant services purchased from a BOCES must identify the name of the BOCES and the specific services purchased.

**Code 30, Minor Remodeling:** Include salaries, associated employee benefits, purchased services, supplies and materials relating to the alterations to the existing sites. A description of the project and its relevance to special education must be provided.

- Please note while individual requests will be reviewed on a case by case basis, NYSED strongly discourages any proposed remodeling expenditures through IDEA funding. Please utilize local funds to address any building modifications and allocate IDEA funding elsewhere in the grant accordingly.

**Code 20, Equipment:** Include Equipment to be purchased in support of the needs of students with disabilities with a **unit cost of \$5,000 or more.**

- A description of proposed purchases including, quantity, unit cost and total expenditure must be included.
- Please note that equipment records (appropriately labeled) are required to be maintained and should include a distinct serial or other identifying number, source, acquisition cost and date.
- Note that packs of items, such as a ten-pack of laptops costing \$5,000 would not fall under this code, since the per unit cost would be \$500 as there are ten items in the single pack.

## NEW YORK STATE POLICY GOVERNING THE ADMINISTRATION OF FEDERAL SUB-GRANT PROGRAMS

### Allocation of Sub-Grant Program Funds

**Section 611 Allocations to Local Educational Agencies (LEAs)** – The total amount of funds available to a state educational agency (SEA), as determined by the Secretary of Education under IDEA, Part B, section 611, are allocated by New York State (NYS) for use by public school districts, Special Act School Districts, State agencies, and State-operated schools.

An amount equal to 75 percent of the 1999-2000 allocation to the State is distributed to eligible LEAs based on the December 1, 1998 child counts, as reported in the PD-1, PD-2 or PD-3 reports.

Of the remaining amount of the 2019-20 flow-through portion of the allocation, 85 percent is distributed based on relative numbers of all school-age children enrolled in public and private elementary and secondary schools located within each public school district's jurisdiction; and 15 percent is distributed based on the relative numbers of all school-age children in the public school district's jurisdiction living in poverty, as determined by the SEA.

**Section 619 Allocations to LEAs** – The total amount of funds available to a SEA, as determined by the Secretary of Education under IDEA, Part B, section 619, are allocated by NYS for use by public school districts, Special Act School Districts, State agencies, and State-operated schools as follows:

An amount equal to 75 percent of 1997-98 allocation to the State is distributed to eligible LEAs, based on the December 2, 1996 child counts, as reported in the PD-1, PD-2 or PD-3 reports.

Of the remaining amount of the 2019-20 flow-through portion of the allocation, 85 percent is distributed based on relative numbers of all school-age children enrolled in public and private elementary and secondary schools located within each public school district's jurisdiction; and 15 percent is distributed based on the relative numbers of school-age children in the public school district's jurisdiction living in poverty, as determined by the SEA.

### Applicant Eligibility

An eligible recipient of funds is a public-school district, Special Act School District, State-operated School or State agency, which has:

- Submitted an application to SED in substantially approvable form by the date established by the SED;
- Demonstrated compliance with State and federal law, regulation and policy governing the education of students with disabilities;
- Complied with all SED requests for special education data including, but not limited to, the PD forms; and
- Been determined by SED to be willing and able to establish and maintain programs of free appropriate public education to meet the special education and related service needs of students with disabilities.

SED may choose not to allocate funds to an LEA which does not meet these eligible recipient criteria. If so, SED must, in the alternative, arrange for the allocation of such funds for use by other appropriate LEAs to meet the needs of eligible students.

### **Reallocation of Funds in the Absence of Required Applications**

LEAs which fail to apply are at an increased risk of losing access to funding. Late submissions of applications may result in delays of approval and payment of federal funding.

Omissions, lack of detail and late submissions of Applications may result in delays in receipt of approval and subsequently to payments under these federal programs. For this reason, SED requests that all IDEA budgets for sections 611 and 619 be submitted by the application deadline (July 19th of the current year) and that budgets be as expressive and clear as possible in their descriptions of expenses.

Once the application is approved by the program office, the individual budgets for both the 2020-21 IDEA, Part B section 611 and section 619 sub-grants, as listed on the FS-10 form, the original and one copy will be forwarded to the Grants Finance Office for further processing. Once each sub-grant is processed by the Grants Finance Office, a Grant Award Notice followed by a copy of the approved budget (FS-10) will be mailed to the LEA.

### **Disapproval – Applicant Recourse**

Applicant project expenditures, which have been disapproved or disallowed for cause, shall not be reimbursed from federal funds. Written notice of pending disapproval of an application/ budget will be sent to the applicant for receipt at least 30 days prior to actual disapproval. The notice will contain a statement of the reasons for the pending disapproval or reclamation and corrective actions to be taken. Failure to submit an acceptable plan of corrective action in a timely manner could result in the forfeiture of 2020-21 IDEA, Part B funds.

Such notice to the State agency or LEA will include the following information:

- Within 30 days of the date of receipt of the notice, the applicant may request a hearing before the Assistant Commissioner for P-12: Office of Special Education or the designee of the Assistant Commissioner.
- If requested, a hearing shall be conducted within 30 days of receipt of the request.
- Within ten days following the hearing, the Assistant Commissioner shall issue a written ruling which includes the findings of fact and reasons for either rescinding or sustaining the recommended disapproval.

If the action is not rescinded, the applicant may appeal to the United States Secretary of Education, the notice of which must be filed with the Secretary by the applicant within 20 days of SED's notice of its findings.

Any State agency or LEA that receives such notice must satisfy the public notice requirements of 34 CFR section 300.222(b).

## Technical Assistance for Budget-Related Forms

Please follow the instructions printed on page 1 of the FS-10 budget and FS-10-A amendment forms with the following understandings:

A separate FS-10 must be completed for each fund (sections 611 and 619). Enter the source of funds budgeted on the first line of page 1 of the budget form. Enter the appropriate project number on the budget summary page of each FS-10 form.

Pursuant to NYS section 4410-b, LEAs must provide funding to ASEPs, on a per pupil basis, up to the number of students with disabilities placed in the program by the LEA on BEDS Day. Upon receipt of SEDCAR-1 forms, LEAs must also disburse funds to SED-approved out-of-State private schools if the LEA was the last school district of residence for students with disabilities when placed there by the courts (Article 81). Each ASEP eligible to receive such funds will have that information reflected as a one-line entry in Code 40 (Purchased Services) and/or Code 49 (Purchased Services with BOCES) of the section 611 and/or section 619 FS-10 sub-grant projects based on the timely and accurate submission of a SEDCAR-1 form if the LEA chooses to disburse such funds using IDEA, Part B allocations rather than local funds.

All public-school districts, Special Act School Districts and State agencies have approved maximum restricted indirect cost rates, which may be budgeted under Code 90 of the FS-10 form. **Please note: Indirect costs may not be claimed on any flow-through funding to ASEPs pursuant to NYS section 4410-b, including Article 81 funds, as well as any portion of each sub-contract listed in Purchased Services (Code 40) exceeding \$25,000.**

For general information on funding procedures, financial forms and budget guidelines please refer to the Fiscal Guidelines for Federal and State Grants, which is available on the OMS-Grants Finance Unit's website: <http://www.oms.nysed.gov/cafe/>. For specific IDEA, Part B funding or application information, please refer to the resources listed in this memorandum.

## Appendix B

### NEW YORK STATE PROCEDURES FOR THE DISBURSEMENT OF FEDERAL IDEA, PART B FLOW-THROUGH ALLOCATIONS TO LEAS FOR 2020-21

Pursuant to the federal IDEA 2004 and section 4410-b of the Education Law, NYSED must allocate all IDEA Part B flow-through funds to LEAs, and the LEAs may choose to use a portion of such funds to meet their Education Law section 4410-b obligation by appropriately allocating funds to ASEPs.

The per student funding amount each LEA must pay to each eligible ASEP pursuant to Education Law section 4410-b through State, local or federal IDEA Part B section 611 and section 619 funds is calculated by the LEA based on data reported by the LEA in the new Student Information Repository System (SIRS) for BEDS Day 2019 and the ASHEP Request for IDEA Vendor Funding (SEDCAR-1) forms received from ASEPs by March 1, 2020. LEAs may choose not to honor SEDCAR-1 requests received after this date, and thus, ASEPs who do not submit SEDCAR-1 forms to a LEA by this date may be ineligible to receive IDEA or local funding for the 2020-21 program year.

Please visit the NYSED website for the following:

- [Posted amounts of LEA IDEA](#), Part B section 611 and section 619 per student funding amounts; and
- [Commonly asked questions](#) regarding allocation and flow-through funding of IDEA, Part B funds.

**Please Note:** Whenever this document refers to the use of IDEA, Part B section 611 and section 619 funds to provide funding to ASEPs or to per student funding to ASEPs, LEAs are required to disburse State, local or federal funds in amounts equivalent to the [federal allocation amounts](#) attributable to students enrolled in ASEPs; at “Minimum Per Pupil Allocation Amounts of IDEA Federal Funds for Each District”. At the discretion of each LEA, such disbursements may be made using federal or local funds or a combination of each.

In addition, section 4410-b of the NYS Education Laws (NYS §4410-b) requires LEAs to make payments of funds to ASEPs using local funds if the LEA does not apply for federal funds under section 611 and section 619 or chooses to do so. The amount of funding to be provided to each ASEP is equivalent to the same amount the LEA is required to pay had the LEA applied for the full amount of IDEA Part B section 611 and section 619 funds for which it was eligible.

### Method for LEAs to Calculate Per Student Funding Amounts Using 2020-21 IDEA, Part B Flow-Through Funds to ASEPs

Pursuant to federal and State statutes, the initial budgets for the 2020-21 IDEA, Part B section 611 and section 619 sub-grant programs may include an amount to be disbursed to each eligible ASEP serving students with disabilities. Please visit the [Federal Allocations for Special Education](#) for the per student funding amounts to ASEPs; at “Minimum Per Pupil Allocation Amounts of IDEA Federal Funds for Each District.” In this regard, BOCES preschool ASEPs should be listed in Purchased Services from BOCES: Code 49 and all other ASEPs should be listed in Purchased Services: Code 40 in the FS-10. Upon SED approval and processing of the LEA’s FS-10s for each of these projects, 20 percent of the budget amounts will be disbursed to the LEA. Additional

disbursements of section 611 and/or section 619 project funds to LEAs will be made upon their submission of a Request for Funds for a Federal or State Project form (FS-25) that is consistent with the policy outlined on Grants Finance's webpage. For additional information on the FS-25, and the Final Expenditure for a Federal or State Project form (FS-10-F), please visit the [NYSED Grants Finance](#) website.

### **Flow-Through Funding to ASEPs**

ASEPs are eligible for funding via the LEA's State, local or 2020-21 IDEA, Part B section 611 and section 619 flow-through funds on a per student basis, based on the number of students provided special education services on BEDS Day 2019 for preschool and school-age students with disabilities, pursuant to NYS §4410-b (for preschool students with disabilities), Article 89 (placement of school-age students by Committees on Special Education) and Article 81 (placements of school-age students through courts or State agencies). There are two general types of ASEPs:

- ASEPs which operated a special education itinerant services program, a special class program or a special class in an integrated setting, on BEDS Day 2019, including:
  - An approved preschool special education program as described above.
  - 4201 Schools which operate approved preschool special education programs.
  - Boards of Cooperative Educational Services (BOCES) which operate approved preschool special education programs.
  - School districts which operate approved preschool special education programs.
- ASEPs which provided special education services on BEDS Day 2019, including:
  - Approved private schools for students with disabilities that receive students from public school districts (Article 89 placements).
  - State supported schools and 4201 Schools.
  - Approved out-of-State private schools for students with disabilities that receive students through courts or State agencies (Article 81 placements).

In order to receive 2020-21 IDEA, Part B section 611 and section 619, state or local funding pursuant to NYS section 4410-b, the ASEP must have submitted a SEDCAR-1 form (Approved Special Education Program Request for IDEA, Part B Vendor Funding), on or before March 1, 2020, to each LEA which placed one or more students with disabilities in the ASEP program on BEDS Day 2019 for school-age and preschool students with disabilities. Approved out-of-State private schools in which courts placed students with disabilities (Article 81) will also submit a SEDCAR-1 form to request a per student funding amount from the school district of residence that maintains committee on special education (CSE) responsibility for such students.

For students placed by the courts and State agencies in approved private in-State residential schools that provide students with services pursuant to Article 81, a separate SEDCAR-2 (**In State Article 81 School Notice of Designated Local educational agency for IDEA, Part B Funds**) form is required. This form is used to designate the LEA to be allocated the IDEA, Part B section 611 and section 619 flow-through allocations attributable to students receiving services pursuant to Article 81, reported by such schools in the December 1, 1998 PD-2 reports and adjusted for population and poverty. The LEA is receiving these additional funds to be added to its final notice of allocation and is required to provide funds to the in-State school providing services to students pursuant to Article 81.

## ASEP Funding Requirements

In accordance with State statute, payments of 2020-21 IDEA, Part B section 611 and section 619 flow-through funds shall be made by LEAs to ASEPs in the same proportion as funds are disbursed to LEAs by SED. The last 10 percent payment to ASEPs must be made prior to the LEAs submitting their FS-10-Fs. **Please note:** LEAs must now pay one-third of their calculated 2020-21 IDEA, Part B section 619 and section 611 per student funding amount to ASEPs which submitted SEDCAR-1 forms for preschool students with a disability which they provided related services only with one exception.<sup>2</sup>

In accordance with the requirements of section 613(f) of the Act and 34 CFR section 300.646(b)(2), if SED has notified the LEA that it has been identified for disproportionality by race/ethnicity in the identification, classification, placement and/or disciplinary actions for students with disabilities for the 2020-21 school year, it must reserve and expend 15 percent of the district's 2020-21 IDEA, solely for the provision of CCEIS. However, for calculating the correct per student funding amounts due to each ASEP, an LEA which has received such notification must first:

- Calculate the 15 percent to be directed towards the expenditure for CCEIS activities for students 3-21 using IDEA section 611 funds by multiplying the total final allocation for this funding stream by 0.85; then
- Deduct the federal proportionate share of section 611 funds for services for parentally placed students with disabilities ages 3-21 reserved for this purpose, if applicable.<sup>3</sup>
- Calculate the 15 percent to be directed towards the expenditure for CCEIS activities for students in kindergarten using IDEA section 619 funds by multiplying the total final allocation for this funding stream by 0.85; then
- Deduct the federal proportionate share of section 619 funds for services for parentally placed students with disabilities ages 3-5 reserved for this purpose, if applicable.<sup>4</sup>

The remaining adjusted amounts for section 611 and section 619 would then be used to calculate the correct per student funding amount for each funding stream due to each ASEP by using the [optional worksheets](#) and then listing these expenditures in the IDEA section 611 and section 619 sub-grants.

LEA-ASEP relationships require the submission of a budget that describes the services the LEA is purchasing from the ASEP pertaining to the education of students with disabilities 3-21 attending it. In addition, LEA-ASEP relationships require the development of a legal agreement prior to the disbursement of funds from the LEA to each ASEP. The legal agreement between the LEA and ASEP must contain, but is not limited to, the following:

- The submission by the ASEP of periodic reports to the LEA containing programmatic and fiscal information; and

---

<sup>2</sup> Exception: Any municipality which operated an SED-approved Special Education Itinerant Services (SEIS) prior to July 1, 2003 which submitted SEDCAR-1 forms for preschool students with a disability which it provided related services only is eligible for full (100 percent) section 619 and section 611 per student funding for each child.

<sup>3</sup> To find the total amount of federal proportionate share of 2019-20 funds the school district received from SED for students with disabilities ages 5-21 parentally placed in nonpublic schools, go to:  
<http://www.p12.nysed.gov/sedcar/federal.htm>

<sup>4</sup> Ibid.

- The submission by the ASEP of a final expenditure report to the LEA delineating the way the ASEP spent the funds it received from the LEA.

ASEPs may obligate funds that are provided through flow-through funding by LEAs as of the beginning date established in the written agreement.

### **Allowable Uses of Funds**

Flow-through funds may be used for the necessary and reasonable excess costs incurred for the provision of special education services to students with disabilities in accordance to their Individualized Education Program (IEP) that are not also reimbursed through the tuition rate. These services may include nonacademic and extracurricular activities and support required to ensure participation of students with disabilities per 34 CFR § 300.107. Examples of allowable and non-allowable expenditures can be found in Appendix D.

### **SED Website Regarding IDEA, Part B Allocations**

To reduce administrative burden and facilitate budgeting for LEAs and for ASEPs, the following information will be posted on the [Special Education Budget and Finance webpage](#). This site will contain links to the other sites that contain information regarding IDEA, Part B.

Each LEA's allocations for 2020-21 IDEA, Part B section 611 and section 619 final allocation, will be posted and available for viewing under Federal Allocations by scrolling down and clicking on Final Notices of Allocations under IDEA, Sections 611 and 619 School Year **2019-20**. This posting will include the LEA name, BEDS code, allocation amounts, and the total resident student counts of children with disabilities. The student count should be divided into the allocation for the section 611 and section 619 sub-grant projects to calculate the minimum per student funding amount due to ASEPs for each project. **Please note:** the per student funding amount due to ASEPs remains the same if the LEA chooses to pay ASEPs using IDEA section 611 and section 619 sub-grant funds and/or local funds. Allocation information will be posted for 2020-21.

Information pertaining to LEAs which are designated to receive a 2020-21 IDEA Article 81 School Allotment will be posted under Federal Allocations by scrolling down to Article 81 School Allotment and clicking on 2020-21. This posting will include the LEA name, the LEA BEDS Code, the ASEP name, the ASEP BEDS Code, and the section 611 and section 619 allocation amounts to be disbursed to eligible ASEPs.

**34 CFR §76.707 Requirements pertaining to when obligations are made. The following table shows when a sub-grantee (LEA) makes obligations for various kinds of property and services:**

<b>If the obligation is for —</b>	<b>The obligation is made —</b>
(a) Acquisition of real or personal property	On the date on which the State or sub-grantee makes a binding written commitment to acquire the property.
(b) Personal services by an employee of the State or sub-grantee	When the services are performed.
(c) Personal services by a contractor who is not an employee of the State or sub-grantee	On the date on which the State or sub-grantee makes a binding written commitment to obtain the services.
(d) Performance of work other than personal services	On the date on which the State or sub-grantee makes a binding written commitment to obtain the work.
(e) Public utility services	When the State or sub-grantee receives the services.
(f) Travel	When the travel is taken.
(g) Rental of real or personal property	When the State or sub-grantee uses the property.
(h) A pre-agreement cost that was properly approved by the State under the cost principals identified in 2 CFR Part 200	
[Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a)] [45 FR 22517, Apr. 3, 1980. Redesignated at 45 FR 77368, Nov. 21, 1980, as amended at 55 FR 15817, Apr. 18, 1990; 57 FR 30342, July 8, 1992]	

## IDEA – Allowable Costs

For a cost to be an allowable expense under the federal Individuals with Disabilities (IDEA) Part B entitlement grants, it must be an excess cost of providing special education. Only allowed costs may be charged to the special education entitlement grants.

For a cost to be allowed, it must be necessary and reasonable for proper and efficient performance and administration of the IDEA grant. A cost is reasonable if it does not exceed what a district would normally incur in the absence of federal funds. Additional guidance about standards for determining costs for federal grants is available from the federal Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ([2 CFR Part 200](#)).

Salary and benefits of any individual charged to a federal grant, including IDEA, must be supported by time and effort documentation that accurately reflects the work performed and supports the amounts claimed against the grant. “Standards for Documentation of Personnel Expenses” area established by the OMB ([2 CFR § 200.403\(j\)](#)).

The following chart lists budget items for the IDEA entitlement grants. The list is not exhaustive and includes mostly those items that have surfaced over time and that have prompted additional discussion or guidance.

If the position supports other programs such as pupil services or Medicaid, the individual’s full salary and benefits cannot be charged to the IDEA grant.
	<b>COLLEGE CREDITS – SPECIAL EDUCATION COURSEWORK:</b> Cost of tuition.	IDEA funds may be used to reimburse staff or the LEA for the cost of higher education credits related to special education instruction and related services.

Allowable?	Budget Item	Special Requirements or Additional Information
	See TUITION FOR SPECIAL EDUCATION STAFF	
	<b>COMPUTING DEVICES FOR STUDENTS:</b> The cost of computers, laptops, tablets, etc.	<p> Computing devices for students are considered an excess cost when related to the unique needs of a student with a disability.</p> <p> Acquisition of computing devices are NOT an excess cost, and therefore are not allowed, if the LEA has decided to provide computing devices for all students and simply charges the IDEA grant a prorated amount based upon the number of students with disabilities in the school.</p>
	<b>COMPUTING DEVICES FOR STAFF:</b> The cost of computers, laptops, tablets, etc.	<p> Computing devices for special education staff are allowed if the individuals work solely in the area of special education or, if the device will be used solely for special education purposes.</p> <p> Costs for personal use of devices are never allowed.</p> <p>Positions that serve students with and without disabilities, e.g., school psychologists, social workers, guidance counselors, etc., should not have the purchase of their computing devices charged to the special education grant. Purchases are not excess costs of special education.</p>
	<b>COMMUNICATION DEVICES FOR STAFF:</b> Costs associated with the lease or purchase and charges for use of desk phones, cell phones, pagers, and radios.	<p> Communication devices are allowed only for special education activities. If a device is also to be used for non-special education activities, the LEA must keep documentation of the extent to which it is used for special education and for other activities.</p> <p>Outside of incidental use, if a device will also be used for non-special education activities, the costs should not be charged to the IDEA grants.</p> <p> Costs for personal use of devices are never allowed.</p>
	<b>COMPUTER NETWORKS:</b> Costs associated with an LEA's district-wide computer or IT network.	LEAs' computer or IT networking costs are provided district-wide and are not considered excess costs of special education.
	<b>CONSTRUCTION:</b> Constructing facilities or altering existing facilities.	<p>Costs for construction or alteration of facilities must be related to the excess cost of providing special education. A project must meet the needs of one or more students with disabilities. Costs for the general purpose of bringing facilities into compliance with Section 504 and ADA requirements are not allowed. Only the costs of making a room accessible or costs specific to the delivery of special education programs can be charged to the IDEA grant.</p> <p>LEAs must receive prior approval from NYSED to use IDEA funds for construction.</p>

Allowable?	Budget Item	Special Requirements or Additional Information
	<b>CONSULTATION – NOT DIRECT STUDENT SERVICES:</b> Costs associated with contracted services from a consultant.	LEAs may contract with consultants to provide information about methods, techniques, and strategies to use for students with disabilities or for a particular student’s special education program.  Services provided by a consultant directly to a student should not be budgeted as “consultation.”
	<b>CONTRACTED SPECIAL EDUCATION INSTRUCTION or RELATED SERVICES from a PRIVATE VENDOR:</b> Services contracted by an LEA from an entity other than an LEA.	
	<b>CRISIS PREVENTION TRAINING (CPI):</b> Costs associated with staff attending training or costs related to “training the trainer.”	Crisis prevention training is not considered to be an excess cost of special education since it is a universal training designed to help all staff and students. Unless the training is provided only to special education staff, the total cost of the training cannot be charged to the IDEA grant.  As with any professional development / training, the cost of training special education staff on any topic is an allowed cost that can be charged to the IDEA grant. The amount charged to the IDEA grant must be prorated by the number of special education staff attending.  If a staff person is not considered special education staff, IDEA funds cannot be used to pay for the individual to become a CPI trainer.
	<b>CURRICULUM DEVELOPMENT:</b> Costs associated with substitutes, release time, or extended contract.	Costs related to the use of substitutes, release time, and extended contract to enable staff to devote time to the development of curriculum for special education students is allowed for both regular education and special education staff.

Paraprofessionals must work under the supervision of an appropriately licensed special education teacher and perform duties consistent with the role of a paraprofessional, while not assuming the role of a teacher.
	<b>PARENT LIAISON:</b> Salary and benefits of staff employed by an LEA or private vendor contracted staff.	Salary and benefits are allowed only for the time that the individual spends providing support to parents of students with disabilities. If the position is not dedicated 100% to special education, a parent liaison must accurately reflect the special education work performed ( <a href="#">2 CFR § 200.430(i)</a> ).
	<b>PHYSICAL EDUCATION:</b> Salary and benefits of staff employed by an LEA.	Unless the teacher works only with students with disabilities, any salary and an benefits charged to the IDEA grant must be based on time and effort records that accurately reflect the special education work performed ( <a href="#">2 CFR § 200.430(i)</a> ).

Allowable?	Budget Item	Special Requirements or Additional Information
	<b>PHYSICAL THERAPIST (PT) and PHYSICAL THERAPY ASSISTANT:</b> Salary and benefits of staff employed by an LEA or private vendor contracted staff.	
	<b>PLAYGROUND EQUIPMENT:</b> Accessible playground equipment.	The additional costs of making a playground accessible to students with disabilities are allowed. Additional equipment or the additional cost of acquiring accessible equipment can be paid for with IDEA funds. The equipment may be used in a regular education setting, even if one or more students without disabilities benefit.
	<b>PRESCHOOL TUITION:</b> Tuition paid to non-LEA preschool programs or parent reimbursement for preschool tuition.	 Tuition for a preschool program is allowed if charged for a placement made by an LEA to provide a student with FAPE. Only the cost of time necessary to provide FAPE is allowed, including time when special education services are provided by LEA staff in the preschool setting.  If the parent enrolls the student in the non-LEA preschool program for additional time, the parent is responsible for the tuition, and the cost of additional time is not allowed.
	<b>PRINCIPALS or ASSISTANT PRINCIPALS:</b> Salary and benefits of staff employed by an LEA.	Salaries for principals and assistance principals may not be charged to the IDEA grant. The principal position is not an excess cost of providing special education.
	<b>PRIVATE PLACEMENT TUITION:</b> Tuition for placement of a student in a non-public facility by an LEA to provide a student with FAPE.	Generally, tuition is allowed if charged for a placement made by an LEA to provide a student with FAPE. The services must be provided consistent with an IEP, at no cost to parents, and under the supervision of the LEA.
	<b>PROFESSIONAL DEVELOPMENT:</b> Costs associated with registration fees, travel, conference expenses, and providers.	Registration fees, travel, and conference expenses associated with special education in-service training of regular education and special education staff are allowable costs. Registration fees, travel, and conference expenses associated with any professional development provided to special education staff is allowed (such as training on core curriculum). The amount charged to the IDEA grant should be prorated by the number of special education staff attending.
	<b>PSYCHOLOGIST – SCHOOL-BASED SERVICES:</b> Salary and benefits of staff employed by an LEA.	 Costs must be IEP-driven or related to the evaluation of a student. Only the actual time spent supporting special education is allowed. If the position is not dedicated 100% to special education, then the psychologist must document their work with personnel activity reports as required by OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ( <a href="#">2 CFR Part 200</a> ).

Allowable?	Budget Item	Special Requirements or Additional Information

		OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ( <a href="#">2 CFR Part 200</a> ).
	<b>SECURITY MEASURES:</b> Cameras, door locks, GPS, fences, and other devices.	 The equipment is an allowable excess cost when related to the needs of a student with a disability. It may be provided in a regular education environment or other education-related setting, even if one or more students without disabilities benefit. An example of such allowed cost would be the installation of a fence around the playground due to the unique needs of a student with a disability. Students with disabilities must be able to participate in the general education program and LEAs may need to invest in additional safety measures to meet this requirement.   Acquisition of security devices is NOT an excess cost. If the LEA has decided to equip classrooms in a school or its buses with security devices, it cannot charge the IDEA grant a prorated amount based upon the number of students with disabilities in the school.
	<b>SMART BOARDS</b>	 The equipment is an excess cost when related to the needs of a student with a disability in accordance with the student's IEP. It may be provided in a general education class or other education-related setting, even if one or more students without disabilities benefit. When the equipment is no longer needed to meet the IEP needs of the student with a disability, it must be managed or disposed of in accordance with <a href="#">34 CFR § 80.32</a> , Education Department General Administrative Regulations.   Acquisition of SMART Boards are not an excess cost, and therefore are not allowed.
	<b>SOCIAL WORKERS – SCHOOL-BASED:</b> Salary and benefits of staff employed by an LEA.	 Costs must be IEP-driven or related to the evaluation of a student. Only the actual time spent supporting special education is allowed.  If the position is not dedicated 100% to special education, then the social worker must document their work with personnel activity reports as required by OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ( <a href="#">2 CFR Part 200</a> ). Transition services for students with disabilities may occur during the summer months and are unrelated to summer school.
	<b>SUPPLIES:</b> All tangible property other than non-capital and capital equipment.	Supplies purchased with IDEA funds must be used only for the authorized purpose of IDEA (special education).  A prorated amount of LEA-wide supply costs charged to the IDEA grant based on the percentage rate of students with disabilities is not allowed.
	<b>TEACHERS – SPECIAL EDUCATION:</b> Salary and benefits of staff employed by an LEA.	
	<b>TEACHERS – REGULAR EDUCATION:</b> Salary and benefits of staff employed by an LEA.	 Regular education teachers may be paid to attend special education in-service activities and IEP meetings. If the teacher is paid with special education funds, then the individual must document their work with personal activity reports required by OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ( <a href="#">2 CFR Part 200</a> ).  Instructional costs of regular education teachers are not allowed.
	<b>TECHNICAL COLLEGE CLASSES for STUDENTS WITH IEPs:</b> Cost of tuition.	The costs are allowed if the program is required by the student’s IEP and the student receives high school credit for the course.
	<b>TECHNOLOGY STAFF:</b> Salary and benefits of staff employed by an LEA or costs for contracted IT services.	LEA technology staff expenses for programming or maintaining special education and related series databases and applications are allowed and may include coordination and administration of technology services.

Allowable?	Budget Item	Special Requirements or Additional Information
		<p>Only actual time spent supporting special education database maintenance or programming is allowed.</p> <p>Private vendor contracts for special education database maintenance or programming are also allowed.</p>
	<p><b>TRANSITION – EMPLOYMENT SKILLS:</b> Costs associated with work experiences, job coaches, and acquisition of employment skills.</p>	<p>LEAs may contract with agencies to facilitate the acquisition of employment skills for students with disabilities, typically ages 18-21. The transition services must be identified on students' IEPs. The costs may also be incurred when school is not in session, e.g., summer.</p> <p>Contracted transition services must be provided under the supervision of appropriately licensed special education teachers. Transition agency staff may not assume the role of special education teachers, who must prescribe instruction and evaluate the results of instruction.</p> <p> Under the Workforce Innovation Opportunity Act (WIOA), contracts or other arrangements with agencies for the purpose of having a student with a disability participate in a program in which the student is engaged in subminimum wage employment is prohibited. This includes job training or completing work tasks for which the agency typically pays other employees subminimum wages under a Department of Labor subminimum wage 14(c) certificate. An LEA will not be permitted to enter into contracts or other arrangement with agencies for the purpose of supporting or operating a program under which a student with a disability is engaged in subminimum wage employment (Section 511 of WIOA).</p>
	<p><b>TRANSITION – INDEPENDENT LIVING SKILLS:</b> Rental or purchase of property used for development of independent living skills.</p>	<p>LEAs may rent, lease, or purchase property from individuals or agencies for teaching independent living skills required by students' IEPs.</p>
	<p><b>TRANSLATION SERVICES:</b> Costs incurred by the LEA for translating special education documents into the native language of the student's parents.</p>	<p>LEAs may use IDEA funds to pay staff or contract with a private vendor for foreign language translation services related to special education-specific materials. This includes translations of notices, IEPs, evaluations, etc.</p>
	<p><b>TRANSPORTATION COSTS – CONTRACT WITH PARENTS OR GAS CARD:</b> Costs incurred by the parent for transporting their student per the IEP.</p>	<p>A contract with parents regarding transportation is allowed if it is to transport a student with a disability who requires specialized transportation and the IEP Team has determined that the parent should provide the transportation.</p>
	<p><b>TRANSPORTATION COSTS – SPECIAL EDUCATION:</b> Costs incurred by the LEA for transporting students with disabilities.</p>	<p>Allowable special education transportation costs include repair or servicing of special education vehicles, insurance, mileage, and bus driver and bus aide costs.</p>

Allowable?	Budget Item	Special Requirements or Additional Information
	<b>TUITION FOR SPECIAL EDUCATION STAFF:</b> Cost of tuition.	Tuition is allowed as a fringe benefit for special education instructional staff to advance their degree, if related to special education or related services, or, to train staff to become qualified to teach special education.
	<b>TUITION – TECHNICAL COLLEGE CLASSES for STUDENTS WITH DISABILITIES:</b> Cost of tuition.	The costs are allowed if the program is required by the student’s IEP and the student receives high school credit.
	<b>TUTORING:</b> Salaries and benefits or stipends related to special education instructional services for students with disabilities.	Instruction must be provided by a licensed special education teacher who is an employee of the LEA. (An aide may provide services under the direction of a licensed special education teacher but may not assume the role of a teacher.)
	<b>UNEMPLOYMENT INSURANCE:</b> Costs of employer expenses.	Employer expenses for unemployment insurance granted as a fringe benefit under established written policies are allowable. Unemployment insurance costs must be allocated to the grant in a manner consistent with the pattern of benefits for all LEA employees.
	<b>VEHICLE PURCHASE or LEASE or RENTAL:</b> Vehicle purchase or lease, insurance, repair, and maintenance.  See also TRANSPORTATION COSTS – SPECIAL EDUCATION	Vehicles must be used only for special education related activities. This includes transporting students to and from school, if the student’s IEP requires specialized transportation. Vehicles purchased with IDEA funds may also be used to transport students during the school day if related to their special education and related services. These restrictions apply even if only a portion of the vehicle cost is covered with IDEA funds.  LEAs must receive prior approved from DESE to use IDEA funds for capital equipment.
	<b>WIRELESS NETWORKING:</b> Costs related to installing and maintaining a wireless network to access the Internet.	 The costs of installing and maintaining a wireless network are eligible costs, if the need for wireless is driven by the needs of the special education program. These types of needs include online IEPs, tables, and other technical assistance devices that require wireless access.   Installing or maintaining a wireless network district-wide and charging a proportion back to the special education program is not allowed.
	<b>WORKERS’ COMPENSATION:</b> Costs of employer expenses.	Employer expenses for workers’ compensation granted as fringe benefits for special education staff under established written policies are allowable. Workers’ compensation benefits must be allocated to the grant in a manner consistent the pattern of benefits for all LEA employees.

For a cost to be allowed, it must be *necessary* and *reasonable* for proper and efficient performance and administration of the grant. A cost is reasonable if it does not exceed what a district would normally incur in the absence of federal funds. Additional guidance about standards for determining costs for federal grants is available from Office of Management and Budget (OMB) Uniform Grants Guidance (2 CFR, Part 200).

The salaries and wages of any employee charged to a Federal grant, including IDEA, must be supported by some form of time and effort documentation that accurately reflects the work performed and supports the amount claimed against the grant. “Standards for Documentation of Personnel Expenses” are set forth by the Office of Management and Budget (2 CFR § 200.430(i)).
