

Autistic Services, Inc.

Date: Saturday, April 2, 2011

4444 Bryant Stratton Way, Williamsville, NY 14221

Time: 11:00 am– 1:00 pm

Understanding Autism for Siblings (An Educational Program for Siblings of Children Diagnosed with ASD)

Please join us in the next chapter of our sibling education program as we continue to try and help siblings of children diagnosed with Autism Spectrum Disorder (ASD) understand the communication, behavioral, and sensory integration challenges faced by their brothers and sisters. Please join ASI's Clinical Department Staff as we present the video "Understanding Brothers and Sisters on the Autism Spectrum" by Coulter Video. The video will be followed by a question/answer period facilitated by our clinical staff, as well as networking opportunities for families. As always, parents are expected and encouraged to attend.

Highlights

- ◆ Large group introduction
- ◆ Kid-friendly, small group presentations and activities held by ASI's Clinical Staff.
- ◆ **Siblings age 7-12 are welcome**
- ◆ Opportunity for parent networking.
- ◆ Refreshments will be served.
- ◆ There is no charge to attend.
- ◆ Space is limited— please register early as there will be no on-site registration.
- ◆ **Made possible through funding from the Autism Society WNY Chapter.**
