School Building #1

School Building Name

- Type of School
- Public
 - Nonpublic
 - Charter

BEDS Code

Total Enrollment

Students to be served by this proposal

Grade levels to be served by this proposal

- Eligibility
- School is on the Eligible Schools List.
 - School is not on the Eligible Schools List. (If necessary, attach supporting documentation)

Comments (optional):

For School Building #1, are you proposing use of 21st CCLC funds during the mandatory school day?

- Yes
- No

School Building #1 Expanded Learning Time Verification

Applicants proposing use of 21st CCLC funds during the mandatory school day are required to complete this question. Applicants proposing use of 21st CCLC funds solely during out of school time may omit this question. For the purposes of this RFP, the “traditional” school day is defined as 900 hours of instruction (180 days x 5 hours per day) per year at the elementary level through grade 6, and 990 hours of instruction (180 days x 5.5 hours per day) in grades 7-12. For the purposes of this RFP, the “mandatory” school is defined as the hours of attendance that all students enrolled in the school are required to be present for. The sum total of mandatory and non-mandatory time must meet or exceed 1200 hours for schools serving elementary through grade 6, and 1290 for schools serving grades 7-12. Schools serving a mixture of elementary through grade 6 and grades 7-12 should complete the form based on the elementary schedule and note the high school hours and enrollment percentages in the notes section.
