FY 2020 National School Lunch Program (NSLP) Equipment Assistance Grant for School Food Authorities (SFAs)

Guidance Manual

Introduction

The Fiscal Year (FY) 2020 Consolidated Appropriations Act has provided funding in the amount of \$30,000,000 to be distributed to State Agencies (SA) that will competitively award equipment assistance grants to eligible School Food Authorities (SFA) participating in the National School Lunch Program (NSLP). These funds will allow SFAs to purchase equipment to serve healthier meals that meet the updated meal patterns, with emphasis on more fruits and vegetables in school meals; improved safety; and expanded access. Priority for funding will be given to Recipient Agencies (RAs) in which at least 50 percent of the students are eligible for free or reduced price meals and to RAs that did not receive a previous grant award through the American Recovery and Reinvestment Act (ARRA) Food Service Equipment Grant, the FY 2010 Equipment Assistance Grant, the FY 2014 Equipment Assistance Grant, the FY 2015 National School Lunch Program Equipment Assistance Grant for School Food Authorities, the FY 2016 National School Lunch Program Equipment Assistance Grant for School Food Authorities, FY 2017 National School Lunch Program Equipment Assistance Grant for School Food Authorities, FY 2018 National School Lunch Program Equipment Assistance Grant for School Food Authorities or the FY 2019 National School Lunch Program Equipment Assistance Grant for School Food Authorities.

The equipment purchased with the FY 2020 NSLP Equipment Assistance Grant must be used to support the federally assisted school meals programs. Equipment may not be purchased exclusively for programs outside of the federally assisted school meals programs. When a RA participates in other school meal programs [such as the School Breakfast Program (SBP), Afterschool Snack Program (ASP), Fresh Fruit and Vegetable Program (FFVP), Summer Food Service Program (SFSP)], in addition to the NSLP, those other meals programs may benefit from equipment purchased with FY 2020 NSLP Equipment Assistance Grant funds. For example, if a RA participating in the NSLP and SBP purchases a new refrigerator with the FY 2020 NSLP Equipment Assistance Grant funds, food items for both federal programs may be stored in the refrigerator.

This project has been funded at least in part with Federal funds from the U.S. Department of Agriculture. The contents of this publication do not necessarily reflect the view or policies of the U.S. Department of Agriculture, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.

Project Period

The project period for this grant is 7/1/2021 - 6/30/2022. SFAs must complete the solicitation of the equipment and obligation of funds by 9/30/2021. All procurement and expenditure activities must be completed no later than 6/30/2022.

Payments

Payments will be made on a reimbursement basis and requests for reimbursement should be submitted to SED Child Nutrition Program Office as soon as possible after equipment is purchased. To receive reimbursement, SFAs will be required to submit an FS-10F budget form and include paid purchase invoices/receipts for the awarded/purchased equipment along with the serial number of each piece of equipment.

Please see the [Fiscal Guidelines for Federal and State Grants](#) for additional information.

Focus of SFA Grants

The equipment request and grant application submission must address how the equipment improves the quality of school meals.

The application will also address one focus area from the following:

- **Focus 1: Food Safety**

Equipment that improves the safety of food served in the school nutrition programs (e.g., cold/hot holding equipment, dishwashing equipment, refrigeration, milk coolers, freezers, blast chillers, etc.)

- **Focus 2: Serving Healthier School Meals**

Equipment that allows for preparing, cooking and serving healthier school meals and increasing nutritional quality (e.g., salad bars, steaming equipment, refrigeration units).

- **Focus 3: Expanded Participation**

Equipment that allows SFAs to support expanded participation in the National School Lunch Program (NSLP) and/or School Breakfast Program (SBP) (e.g., equipment for serving meals in a non-traditional setting or to better utilize cafeteria space)

Eligible Applicants

All School Food Authorities (SFAs) are eligible to apply for funding for their Recipient Agencies (RA) that participate in the National School Lunch Program (NSLP), including public school districts, non-profit nonpublic schools, charter schools and residential child care institutions in the NSLP in New York State.

Note: For School Year 2020-2021, any SFA/RA with a previously approved State agency agreement on file to operate the NSLP, and that would otherwise be operating NSLP in SY 2020-2021, is eligible to apply for the FY20 NSLP Equipment Assistance Grant while utilizing the flexibilities granted under the current Summer Food Service Program (SFSP)/Seamless Summer Option (SSO) Nationwide Waiver.

New SFAs and new Recipient Agencies (RAs) in their first year of operation must receive formal approval by the SED Child Nutrition Program Office to participate in the NSLP by the deadline of submission for the FY 2020 NSLP Equipment Assistance Grant Application in order to be eligible to apply for funding.

Selected SFAs/RAs must operate the NSLP and be in good standing with all Child Nutrition Programs. Failure to abide by the requirements and regulations of all Child Nutrition Programs and/or termination from any federal or state Child Nutrition Program prior to award and/or throughout the grant award period may result in ineligibility and/or immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements and recoupment of equipment grant funding. Termination from the NSLP prior to award and/or throughout the grant award period will result in immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements.

SFAs must apply on behalf of their eligible RAs. **SFAs must complete a separate application for each piece of equipment requested for an eligible RA.** Requests for multiples of *the same piece of equipment* may be contained within one application for an RA, but *requests for different pieces of equipment must be submitted separately.*

Priority Funding

Eligibility

Priority for funding will be given to RAs with 50 percent or more of their students eligible for free or reduced-price meals. Eligibility means the number of students who have been approved to receive free or reduced-price meals based on a household application or through other certification documentation. The percentage is obtained by taking the number of students eligible for free or reduced-price meals divided by the total enrollment and multiplied by 100. RAs that have 50 percent or more students eligible for free or reduced-price meals in January 2020 will receive an extra 10 points during the technical review. The most recent NSLP claim for reimbursement will be used for new SFAs/RAs in their first year of operation that do not have a NSLP claim for reimbursement on file for January 2020.

Equipment requests for central kitchens will also be considered. If 50 percent of the combined enrollment of all RAs served by the central kitchen is eligible for free or reduced priced meals, the application will receive an extra 10 points during the technical review.

Participation

Average Daily Participation (ADP) means the average number of children participating in the NSLP each operating day. These numbers are obtained by dividing the total number of lunches claimed during a reporting period by the number of operating days in the same period. RAs that have a high level of participation in the NSLP will receive an extra 5 points toward their overall score. To determine the level of participation for a RA, the ADP for each RA in the month of January 2020 will be divided by the total enrollment and multiplied by 100. The most recent NSLP claim for reimbursement will be used for new SFAs/RAs in their first year of operation that do not have a NSLP claim for reimbursement on file for January 2020.

Applications submitted for RAs where 40 percent or more of the enrolled children participate in NSLP will be awarded an additional 5 points.

For central kitchens, if at least 40 percent of the combined enrollment of all RAs served by the central kitchen participated in the NSLP during January 2020, the application will receive an extra 5 points during the technical review.

Previously Awarded RAs

RAs that did not receive a previous grant award through the American Recovery and Reinvestment Act (ARRA) Food Service Equipment Grant, the FY 2010 Equipment Assistance Grant, the FY 2014 Equipment Assistance Grant, the FY 2015 National School Lunch Program Equipment Assistance Grant for School Food Authorities, the FY 2016 National School Lunch Program Equipment Assistance Grant for School Food Authorities, the FY 2017 National School Lunch Program Equipment Assistance Grant for School Food Authorities, the FY 2018 National School Lunch Program Equipment Assistance Grant for School Food Authorities, or the FY 2019 National School Lunch Program Equipment Assistance Grant for School Food Authorities will receive an extra 10 points toward their overall score. A list of RAs that previously received an equipment grant is available at: [Previous Food Service Equipment Grant Recipients](#)

For central kitchens, if all RAs served by the central kitchen did not receive a previous equipment grant as described above, the application will receive an additional 10 points toward their overall score.

Equipment Requests

Equipment requests may include new equipment, used equipment, and replacement of equipment with a per item acquisition cost greater than \$1,000.

Acquisition Cost

Acquisition cost is defined as the net invoice unit price of the property, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property usable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.

Multiple items whose per-unit acquisition cost is less than \$1,000 may not be combined to meet the minimum value of greater than \$1,000.

Under no circumstance will a grant be awarded for an item that does not cost more than \$1,000.

This grant does not apply to equipment that has already been purchased.

FY 2020 Equipment Assistance Grant funding may not be used to purchase items that are used solely for the sale of a la carte products.

As with all federal funds, the equipment purchases must be necessary, reasonable, and allocable. Using these funds to purchase a walk-in freezer for school nutrition programs is an allowable cost; however, renovation of the school nutrition area would fall under the category of construction costs, which must be charged to the school general fund or capital outlay fund.

Examples of Eligible Equipment Requests

The following list is intended to serve as a guideline when considering equipment options. SFAs are not limited to the items listed. Equipment requested should contribute to improving your Child Nutrition Programs.

Refrigeration Units
Salad Service Table
Cold/Hot Holding Equipment
Prep Tables
Cooking Equipment

Reimbursable Meal Vending Machine
Slicer
Serving Line Equipment
Dishwashing Equipment
Mixer

Application Instructions

Carefully respond to the application questions. The material should be well-presented, well-organized, complete, clear and concise. The answers will be used by the State Education Department (SED) to score the application.

*A separate application must be submitted for **each piece of equipment for each Recipient Agency (RA)** requesting funds, and application requests must be for equipment with a value greater than \$1,000 up to a maximum of \$20,000 **per RA**, in order to be eligible for funding. Under no circumstance will a grant be awarded for an item costing less than \$1,000.*

If a requested piece of equipment would be unusable without additional pieces, the SFA may include multiple items on the same application (e.g. walk-in freezer requires a compressor to operate). **However, if the requested piece of equipment can operate alone, then separate applications must be completed for each requested item (e.g. stand-alone milk cooler, salad bar etc.).**

Each application shall include the following:

- One thoroughly completed application form (including all parts)
- Price quotes, equipment specification sheets and other supporting documentation to substantiate the equipment request.
- **Non-Public Schools:** A current Certificate of Occupancy from the local government authority having jurisdiction for determining compliance with applicable Building Codes of New York State **and** current building Fire Inspection that indicates no violations from the local government authority having jurisdiction for determining compliance with applicable Fire Codes of New York State **as described in the “Required Documents” section of this RFP** for the RA building in which the equipment will be placed. **(Non-public schools only—if an application for a non-public school does not include these required items as described in this RFP, the application will be disqualified)**

Please note: Awarded SFAs will be expected to submit an [FS-10 Budget form](#) with an original signature at the time of award. The form is available for download at <http://www.oms.nysed.gov/cafe/forms/>. Please refer to SED’s [Fiscal Guidelines for Federal and State Grants](#) for additional information.

Food Serving Line

In cases where the SFA wishes to apply for an entire serving line, all items may be included on one application. The SFA must clearly identify the per-unit cost of each individual piece of equipment by

completing the Equipment Request section of the application form for each piece of equipment requested for the serving line. For the purposes of this RFP, a food serving line is a make-up of equipment pieces that will be combined in the same physical space for use to **directly serve** reimbursable meals to students.

It is only appropriate to include all serving line equipment requests on one application when the entire serving line will be purchased and put into production together and the individual equipment pieces are necessary for the serving line to function. Individual equipment pieces that are not a part of a serving line must be requested on separate applications.

If an applicant applies for multiple pieces of equipment on the same application but it is not clear to SED that the individual items will be used together in a serving line as described in this RFP, SED has the discretion to disallow an unallowable or inappropriate item.

When applying for a serving line, each individual piece of equipment must have a value greater than \$1,000 as indicated in the “Equipment Requests” section of this RFP. SED reserves the right to remove any unallowable or inappropriate items from the request.

A food serving line includes equipment pieces necessary to directly serve reimbursable meals to students. These items may include: hot/cold serving counters, milk cooler, cashier stands, utility carts that link to the serving station, salad bars, self-serve refrigerators/kiosks, utility tables that connect on the serving line to hold food.

Cooking equipment and equipment used to prepare food from scratch must be requested on separate applications as described in this RFP. **Equipment that is not used to directly serve reimbursable meals to students may not be included with other equipment on the same application.** For the purposes of this RFP, the following items are not considered a part of a serving line and may not be combined on the same application as other equipment pieces (this list is not all inclusive): cooking equipment (convection ovens, stoves, steamers, etc.), reach-in refrigerators/freezers, heated cabinet/warming unit, rolling racks, etc.

Electronic Point of Sale (POS) System

SFAs may apply for an electronic POS system to assist in the daily operations of the food service operation. The SFA must clearly identify the cost of the POS system and must clearly indicate the Recipient Agency (RA) that the POS system will be used in. If the SFA will consider the entire POS system (all components together instead of individual pieces) to be equipment for financial statement purposes rather than supplies and materials, the SFA should submit a written statement on letterhead indicating this. If the SFA does not indicate in writing with the application that the individual components of the POS system will be combined and considered equipment, the cost of the individual POS components will be evaluated by SED to determine if each item has a value greater than \$1,000 as required.

When applying for a POS system for multiple RAs, SFAs have the discretion to include the POS equipment for multiple individual RAs on the same application. For example, if an SFA with 3 RAs is changing from a manual counting and claiming system to using an electronic POS system, the SFA may determine that the POS system must be placed in all RAs to function efficiently or accurately. In this case, the POS equipment for all 3 RAs may be combined on one application. The SFA must indicate the RAs for which the POS system will be placed and must clearly indicate the components of the POS system and their cost. The RAs must be clearly indicated along with their Child Nutrition Recipient Agency LEA Code. In these cases, bonus

points will be determined by averaging the RAs' free and reduced eligibility data and average daily participation data from January 2020. If all RAs listed on the application have not received a previous equipment grant, the application will receive bonus points as described in this RFP. If one or more RA has received a previous equipment grant, the bonus points will not be awarded.

Application Form

For guidance on submitting an electronic application and for acceptable forms of e-signature, please see the Application Submission Instructions document posted with this RFP.

The application form contains 5 required parts:

 - The following administrators are authorized to sign the certification, in cases of public schools – the Superintendent of the school district or their duly authorized designee; in cases of not-for-profit corporations operating recognized non-public schools or in cases of public or private non-profit residential childcare institutions – the officer of the corporation (e.g. Executive Director or their duly authorized designee); and in cases of charter schools – the chief school officer, administrator or their duly authorized designee.

Applicants must provide detailed responses to all questions in sections 1, 2, and 4. Section 3 consists of three separate focus areas. Applicants must select ONE of the three focus areas and provide detailed responses to all questions applicable to the focus area selected. No additional points will be awarded in

the event that responses are provided to questions in more than one focus area. If the SFA provides responses to more than one focus area, points will only be awarded for the first focus area addressed. Applicants will be awarded up to 44 total points for completing the Questions part of the application. Please see the Selection Criteria Form.

Required Documents

Applications that do not contain required documentation as described below will be disqualified and will not be considered. The following documents are required:

Non-Public Schools only:

1. A copy of the **RA's current Certificate of Occupancy** or other documentation from the local government authority having jurisdiction for determining compliance with applicable Building Codes of New York State **AND**
2. A **current building Fire Inspection indicating no violations** from the local government authority having jurisdiction for determining compliance with applicable Fire Codes of New York State

***Both documents must be current and demonstrate that the facility has been inspected and approved within the 12 months preceding the date of application for use as a school in accordance with the appropriate provisions of such code. Fire Inspections that indicate violations will NOT be accepted and will result in disqualification of the application.**

***Both documents must be in the SFA/RA name. However, if the Certificate of Occupancy and/or the building Fire Inspection is in the building landlord's name, the SFA may submit a current lease agreement that indicates that the SFA/RA rents space in the building at the time of application. The lease agreement must list the specific space the entity is entitled to occupy (floors, classrooms, kitchen, common spaces, etc.) and must include the dates, terms, conditions and rent amount. If a Certificate of Occupancy or building Fire Inspection is submitted in a name other than the SFA/RA name and documentation to support the landlord/tenant relationship is not submitted, the documents will not be accepted, and the application will be disqualified.**

Prequalification Requirement

The State of New York has implemented a statewide prequalification process (described on the [Grants Gateway](#) website) designed to facilitate prompt contracting for not-for-profit vendors. All not-for-profit vendors are required to pre-qualify by the grant application deadline in order to receive an award under this RFP. This includes all currently funded not-for-profit institutions that have already received an award and are in the middle of the program cycle. Please review the additional information regarding this requirement in the Prequalification for Individual Applications section below.

Please be advised, this requirement applies to all non-public schools and to all charter schools.

Method of Awarding Grants

SFAs must submit a separate application for each piece of equipment requested for each Recipient Agency.

Applications from eligible applicants that are [uploaded](#) into the SharePoint submission portal on or before 11:59 pm on the application due date will be scored using the Selection Criteria Form.

Each application will be reviewed by two reviewers. The scores of the two reviewers will be averaged to obtain the final average score.

A third review will be performed if there is a difference of eight (8) points or more between the two scores. In cases where a third review is necessary, all three scores will be averaged to obtain the final average score.

Applications will be ranked according to score from highest to lowest. In a case where two or more applicants receive the same evaluation score and funds are not available to fully fund those applications, the application that received the highest average score on question 2a under Section 2 of the Selection Criteria Form will be ranked higher. If there is also a tie score on question 2a, the average score for question 1a in Section 1 will be used as the tie-breaker. The Recipient Agency's enrollment from January 2020 will be used as a third tie-breaker, if necessary. Using the third tie-breaker, RAs with the highest January 2020 enrollment will be awarded first. Awards will be made for applications in rank order of average final score until funds are exhausted or there are no fundable applications remaining. If any remaining funds are insufficient to award the next-highest ranked eligible application in full, that applicant will be offered a partial award. ***No SFA may receive more than a combined \$20,000 for an individual Recipient Agency.***

SED will not consider any unallowable or inappropriate items from the SFA's/RA's requests.

Awards will be made for specific equipment pieces for specific dollar amounts.

Guidelines for Award

New York State must comply with the statutory requirement that grants are to be based on the **need** for equipment assistance in participating Recipient Agencies (RA). SFAs should address the following factors when completing the grant application:

- How the equipment will benefit the programs
- Contribution to improving quality of school meals
- Expected increase in participation or number of sites in which school meals are served
- Age of current food service equipment
- Strategies for adopting Smarter Lunchrooms
- Opportunities to realize a meaningful impact on nutrition and quality of meals

As part of the application, SFAs should document the procurement process for the purchasing of commercial equipment. It is in the best interest of the SFA to thoroughly investigate a variety of options and products.

- Cost of commercial equipment plus installation cost
- Cost for disposal of old equipment
- Specification sheets
- Acquisition Costs:
 - The definition of acquisition cost is the net invoice unit price of the property, including the cost of modifications, attachments, accessories, or auxiliary apparatus necessary to make the property useable for the purpose for which it was acquired. Other charges such as the cost of installation, transportation, duty or protective in-transit insurance, shall be included or excluded from the unit acquisition cost in accordance with the grantee's regular accounting practices.
- Any other necessary costs: labor, installation, etc. (direct labor costs only - do not include indirect costs)

The FY 2020 NSLP Equipment Assistance Grants are close-ended grants with fixed budgets. Therefore, the FY 2020 NSLP Equipment Assistance Grants are not part of the child nutrition cluster. Receiving funds from this grant opportunity may put the SFA above the \$750,000 threshold, which would require the SFA to conduct an organization-wide audit in accordance with OMB Circular A-133, instead of a program specific audit. Any recipient that expends \$750,000 or more in Federal funds must conduct a Single Audit in accordance with A-133.

Funds received through this grant cannot be combined with other school nutrition funds and must be tracked and reported separately. The Catalog of Federal Domestic Assistance (CFDA) number for the equipment assistance grants is 10.579.

This is a wonderful opportunity for schools to improve upon their existing program. Food service equipment can impact a variety of areas including food preparation, food service and clean-up. It is in the school's best interest to carefully and thoroughly research and evaluate the options available.

SFAs must complete all activities (including expending the awarded funding and installation of awarded equipment etc.) within the project period begin and end dates. Equipment must be used in the building in which it was awarded to.

SFAs must notify SED of any issues or complications relating to the grant before, during and after the project period.

Debriefing Procedures

All unsuccessful applicants may request a debriefing within fifteen (15) calendar days of receiving notice from NYSED. Applicants may request a debriefing on the selection process regarding this Grant by emailing the request to foodequip@nysed.gov. The email should include the SFA name and 12-digit LEA code.

A summary of the strengths and weaknesses of the application, as well as recommendations for improvement will be sent to the applicant within ten (10) business days.

Award Protest Procedures

Applicants who receive a notice of non-award or disqualification may protest the NYSED award decision subject to the following:

1. The protest must be in writing and must contain specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award by NYSED. **The protest must be filed within ten (10) business days of receipt of a debriefing or disqualification letter. The protest letter must be emailed to foodequip@nysed.gov.**
2. The NYSED Contract Administration Unit (CAU) will convene a review team that will include at least one staff member from each of NYSED's Office of Counsel, CAU, and the Program Office. The review team will review and consider the merits of the protest and will decide whether the protest is approved or denied. Counsel's Office will provide the applicant with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.
3. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

Procurement

As with all federal grant funds, procurement regulations at 7 CFR Part 210.21 and 2 CFR Part 200.317-326 apply and **SFAs must follow regulations at 2CFR Part 200: Subpart E, Cost Principles.**

Equipment competitively procured using these grant funds must be necessary, reasonable and allocable. **All SFAs, including those using the services of a Food Service Management Company, must adhere to the federal, State and local procurement requirements.**

SFAs should:

- Ensure the purchase system allows for open and free competition.
- Maintain a contract system ensuring contractors comply with the specifications of their contracts or purchase orders
 - Give consideration to contractor integrity, compliance with public policy, record of past performance and financial and technical resources.
- Maintain written selection procedures for procurement process
 - Include a clear and accurate description of requirements for the product that does not unduly restrict competition.
- Make sure all lists of suppliers are current and include enough qualified sources to allow for maximum open and free competition.

It is strongly recommended that SFAs consider the following best practices to assist in upgrading food service equipment to serve healthier meals:

- School officials and local policymakers should work collaboratively with parents, teachers, students and funders to identify and implement strategies for meeting equipment, infrastructure, and training needs.
- Nonprofit and for-profit organizations that have an interest in improving children’s health, education, school infrastructure, and community wellness should provide assistance to schools in acquiring the necessary equipment.

Please Note: The terms of the agreement between State agencies and each SFA, require SFAs to retain their program-related records for a period of **three (3) years** from the day the SFA's final allowable payment under the contract has been recorded.

Reporting/Evaluation Requirements

Equipment records must be maintained that include the description of the equipment, the serial number or other identification number, the source of the equipment, the title holder, the acquisition date, the cost of the equipment, the location, use and condition of equipment, and any ultimate disposition data including the date of disposal and the sale price of the equipment. SFAs must follow the appropriate equipment disposition guidance and procedures.

SFAs will be required to submit information regarding the equipment grant funds and will be required to complete and submit electronic surveys to the Child Nutrition Program Office.

Along with the items noted above, be prepared to substantiate:

- Progress/Challenges made in expending funds
- Types of equipment purchased
- Total funds expended for each school
- Total obligations and expenditures
- Serial number of purchased equipment
- Impact on the school food service operation of purchased equipment
- Accomplishments and challenges in expenditure activities
- Potential return of equipment
- Reason(s) for unliquidated funds
- Additional reporting requirements will be forthcoming based on OMB guidance

SFAs are required to make all records pertaining to activities under the grant available for audit/review purposes. SFAs must cooperate with any evaluation of the grant by providing SED requested data and access to records. SFAs must also cooperate with any onsite announced or unannounced reviews.

Close-out of the grant award does not affect:

- The right for SED to disallow costs and recover funds on the basis of an audit or later review
- Audit requirements
- Property management and disposition requirements
- Record retention requirements

SFAs found out of compliance with the terms of the grant are subject to a corrective action plan and/or immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements and recoupment of equipment grant funding and/or ineligibility for future equipment grants. Termination from the NSLP prior to award and/or throughout the grant award period will result in immediate loss of the awarded grant and disallowance of Equipment Grant reimbursements.

Prequalification Requirement – Required for Non-Public SFAs and Charter Schools

Pursuant to the New York State Division of the Budget bulletin H-1032, not-for profit organizations must Prequalify to do business with New York State agencies before they can compete for State grants. The process allows nonprofits to address questions and concerns prior to entering a competitive bid process. Nonprofits are strongly encouraged to begin the Prequalification process as soon as possible.

To become prequalified, a nonprofit must register with Grants Gateway and complete an online Prequalification application. This includes completing a series of forms by answering basic questions regarding the organization and uploading key organizational documents.

Detailed information on how to register with the Grants Gateway and become prequalified is available on the [Grants Management](https://grantsmanagement.ny.gov/) website (<https://grantsmanagement.ny.gov/>).

Disclaimer: Generally, it takes *5-10 business days from the receipt of complete Prequalification applications to conduct a review. However, volume is significantly higher in the months of December, November and May of the year. If supplementary information or updates are required, review times will be longer. Due to the length of time this process could take to complete, it is advised that nonprofits Prequalify as soon as possible. Failure to successfully complete the Prequalification process early enough may result in a grant application being disqualified.*

Proposals received from nonprofit applicants that are not Prequalified in the Grants Gateway by 5:00 PM Eastern Time on the proposal due date of May 4, 2021 cannot be evaluated. Such proposals will be disqualified from further consideration

Minority and Women-Owned Business Enterprise (M/WBE) Participation Goals Pursuant to Article 15-A of the New York State Executive Law

NYSED has not established M/WBE goals for this grant. Nevertheless, NYSED remains committed to promoting the participation of certified Minority and Women-Owned Business Enterprises to the greatest extent possible. Therefore, NYSED strongly encourages applicants to seek New York State certified M/WBE subcontractors at a participation rate of 30%.

NYSED's Reservation of Rights

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency's sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid

opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation; (16) request best and final offers.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licensor, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors

must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. (b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5))) require that they be denied contracts which they would otherwise obtain. NOTE: As of October 2019, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("[Prohibited Entities List](#)").

Contractor agrees that should it seek to renew or extend this Contract; it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.
