This graphic organizer is to be used as a reference and planning document only. It is in no way intended to represent or supplant the formal, signed, certification document required for end of the year certification actions. Aside from the specified SIRS verification reports, there are also several other informational reports that can be used for informing the validity of data as they reside in the SIRS repository. While such reports are not required certification elements, it is in an LEA's interest to peruse Accountability Verification Reports (AVRs) as available.
