[1]

^{a/} Estimated

^{b/} Includes Charter School enrollment.

After an 11-year upward trend, total enrollment in elementary and secondary schools has been declining since 2001-02.

It should be noted that public school enrollment figures reported above do not include students in special classes for handicapped children operated by Boards of Cooperative Educational Services (BOCES). The number of full-time students in BOCES classes has decreased from 17,058 in 1970-71 to 14,722 in 2010-11.
