2. Please indicate below whether this is the first submission or an amended submission of an already approved Smart Schools Investment Plan.

First submission

3. Pursuant to the requirements of the Smart Schools funding, the planning process must include consultation with parents, teachers and students.

By checking the boxes below, you are certifying that you have engaged with those required stakeholders. Each box must be checked prior to submitting your Smart Schools Investment Plan.

- Parents
- Teachers
- Students

4. Certify that the following required steps have taken place by checking the boxes below: Each box must be checked prior to submitting your Smart Schools Investment Plan.

- The Smart Schools Investment Plan was posted on the school website for at least two weeks. The school included an address to which any written comments on the plan should be sent.
- The school board/trustees conducted a hearing that enabled stakeholders to respond to the Plan. This hearing may have occurred as part of a normal Board meeting, but adequate notice of the event must have been provided through the school website for at least two weeks prior to the meeting.
- The final proposed plan that has been submitted has been posted on the school's website and will remain for the duration of the related projects.

4a. Enter the webpage address where the final Smart Schools Investment Plan is posted. The Plan should remain posted for the life of the included projects.

Classroom Learning Technology Equipment (Devices)

1. Describe the devices you intend to purchase and their compatibility with existing or planned platforms or systems.

The Inspiron Desktops and accompanying Headsets and Webcams will serve as an important upgrade to our existing technology at SAIL. Presently all of our classrooms are equipped with Interactive Whiteboards and the school building has Wi-Fi capability. The chromebooks will assist our classroom staff with daily instruction and provide an opportunity for some students to utilize technology that they may otherwise not have access to on a regular basis. This additional equipment will not only enhance our instructional program for our in-person learners but will provide a much needed enhancement for those students learning remotely.

2. Describe how the proposed technology purchases will improve teaching and learning inside or outside of the classroom.

The Inspiron Desktops will enable staff to effectively reach our students who have opted for remote learning. Additionally, this equipment will provide staff with the ability to connect with those students and allow them to participate during all in-person instruction as it is occurring live. Students receiving remote instruction can then actively participate with their classmates during the school day. The Chromebooks will be utilized to enhance in-person instruction for our kinesthetic and visual learners. Programs will be uploaded to assist with many areas of instruction and allow students to access the many educational websites available to them.

3. To ensure the sustainability of technology purchases made with Smart Schools funds, schools must have a plan to maintain and support technology purchases reimbursed with Smart Schools funds. This sustainability plan should support recurring costs of use that are ineligible for Smart Schools funding such as device maintenance, technical support, Internet and wireless fees, maintenance of hotspots, staff professional development, building maintenance and the replacement of incidental items.

By checking this box, you certify that the school has a sustainability plan as described above.

4. Schools must ensure that devices purchased with Smart Schools funds will be distributed, prepared for use, maintained and supported appropriately. Schools must maintain detailed device inventories in accordance with generally accepted accounting principles.

By checking this box, you certify that the school has a distribution and inventory management plan and system in place.

5. Schools must contact the SUNY/CUNY teacher preparation program that supplies the largest number of its new teachers to request advice on innovative uses and best practices at the intersection of pedagogy and educational technology.

By checking this box, you certify that you have contacted the SUNY/CUNY teacher preparation program that supplies the largest number of your new teachers to request advice on these issues.

5a. Please enter the name of the SUNY or CUNY Institution that you contacted.

SUNY Albany

5b. Enter the primary Institution phone number.
