**Keep in mind: this is where you have an “Add/ Delete Clause”. If Bid Specs have this wording, you may Add Service, Attendants, Routes Etc. See next page for example of an add/delete clause.
A transportation contract may not be materially altered or modified. However, where the contract specifications include language which authorizes additional service or a change of service, such modifications can be made (Add/Delete Clause). In addition, the contractor's bid proposal must include a specific price for the additional service or change of service. **NOTE:** An addendum, which may simply be a letter describing any modifications to the contract amount, must be submitted to the Department.

### Example of an “Add / Delete Clause”

(The add/delete clause can be added to a contract as its own section, or it may be included under an appropriate section(s) within a proposed contract)

“The District reserves the right to make changes to any of the proposed routes, and reserves to itself the right of approval on all routes. All routes shall be designated consistent with Board Policy, and shall be designated to maximize efficiency and minimize costs to District. Students may be added and deleted, routes may be added and deleted, and monitors/attendants may be added and deleted based on the needs of the District.”

NOTE: Please provide to SED a copy of the budget brochure that includes the line item and footnote.
Things to Remember

• **Seven Day Rule** - Make sure there are at least 5 full days in between the date the ad is in the paper and the bid opening date (Applies to both Competitive and RFP processes).

• **Deadline Dates** - Advertisements for bids must be placed prior to June 1st for students without disabilities, July 1st for students with disabilities.
  - A pupil transportation summer contract must be filed with SED within **90 calendar days** of the first day of service. Late filing will result in a loss of transportation aid for each day it is late. The Office of Educational Management Services can still approve the contract however the Office of State Aid will deduct aid for each day late.

• **ONE Contract for Each Contractor** – Wherever possible, combine in a single contract all bid items awarded to a particular contractor through a single bid opening. This can be done by attaching a list of the various routes or destinations along with the bid price for each. On the face of the contract write "see attached" where the contract price normally would be entered. Also, complete the Total Anticipated Annual Cost entry for the aggregate cost of all the routes or destinations listed. *(Note: Summer, Field trip and Athletic contracts are still separate.)*

• **Type of Summer Program** - Separate contracts must be awarded for each of the three different types of summer programs: 1. Programs for students with disabilities under Section 4408 of the Education Law (aidable through STAC system); 2. District-operated programs for students without disabilities (aidable); and 3. BOCES-operated programs for students without disabilities (not aidable). If your district has already awarded a contract which includes more than one of the above programs, you must send us a copy of that contract, on which you must note the total anticipated cost for each program separately. The cost of summer transportation for students with disabilities is aided through the STAC system. Such contract costs should be accounted for in the Special Aid Fund. The cost for a district-operated program for students without disabilities is aidable. The cost of transportation to a BOCES-operated summer program for students without disabilities is **not** aidable.

• **Separate contracts** – are required for summer transportation. A regular school year contract may not include transportation provided during July and August.
More Things to Remember

Co-operative Bid

- **No “Piggybacking”** - School districts may join together with other school districts or BOCES for the purpose of a cooperative bid for pupil transportation services. However, every school district which is part of a cooperative bid must sign its own contract with the winning vendor. One district may not enter into a contract on behalf of all the others and then sign “cross-contracts” for service with those other districts. That would be “piggybacking”, which is not permissible under the law.

- **Use “Zero” Contracts** – A district may award contracts to destinations within the district even if there is no current need, but a possible future need. For these cases, a quantity of more than zero must be listed for an item to be awarded. Award the contract with $1.00, then when the need for the destination arises, send an addendum letter to SED stating the new cost.
Contract Submission to SED

• When submitting contracts to SED, please include a **cover sheet** listing each contract being submitted. This helps us verify that we have received the full contract submission.

• The cover sheet can also include any **explanations** that may be required for submission (missed deadlines, linked to prior emergency contract, etc.)

• Please also verify that all **dates are completed** and are in logical & necessary sequence.

• Verify that all **3 required signatures are in original ink**.

• Send only **one original** to SED (keep other 2 original documents in district files). We do not need multiples of contracts or copies. This helps us all cut down on paper waste.

• Have someone **review** contract submission prior to sending to SED.

• Mail **within 90 days** of 1st day of service & mail with return receipt for proof.

• **Thank you** for your attention to detail in submitting your district’s contracts. Your time and efforts are much appreciated.
