

Emergency Contracts

Information on
submitting
an eligible Emergency Contract

What is an Emergency Contract?

Section 305 (14) (b) of Education Law authorizes a board of education to award an emergency transportation contract, without competitive bidding, for a period not to exceed one month (**31 CALENDAR days**). Such contracts may be awarded in the case of an emergency arising out of an accident or other unforeseen occurrence, where a board of education must take immediate action which cannot await competitive bidding.

****Note: 31 Calendar Days = All days in a week (Not just business days)****
Be sure to include weekends when counting the period of 31 calendar days.
However, only calculate the anticipated cost using *actual days* of service.

What is the purpose of an Emergency Contract?

The purpose of this statutory provision is to give a board of education a one-month period (31 calendar days) in which to advertise for competitive bids for a contract to cover the remainder of the school year. Where possible, it is a good practice for the board of education, before awarding an emergency contract, to adopt a resolution declaring an emergency and setting forth the facts upon which the declaration is based.

NOTE: Prior to submitting an emergency contract, please verify there is not an existing contract in place, with an add/delete clause, that would cover the unexpected route. If there is an existing contract, with appropriate clauses, please just submit an addendum to the existing contract to cover any new, eligible expenses.

What is the difference between a Partial Year Contract and an Emergency Contract?

PARTIAL-YEAR contracts are unanticipated, begin part way through the school year and cost \$20,000 or less. Partial year contracts may be awarded without competitive bidding only if two or more such contracts are not anticipated, in which the aggregate would exceed \$20,000. If the partial contract aggregate is more than \$20,000, then the partial contracts must be bid (possibly resulting in an emergency situation).

In the case of an EMERGENCY, where immediate action must be taken which cannot await competitive bidding, a one-month (31 **CALENDAR** day), non-bid, Emergency contract may be awarded, to give a district time to advertise for bids on a contract to cover the remainder of the school year. If no bids are received, it is necessary to advertise a second time.

What if a second Emergency contract is required?

An initial Emergency contract will be assigned a six-digit contract # with a suffix letter **F** (first). In rare cases, a school district may need to request a second Emergency contract (ex: no bids are received and more time is needed to advertise a second time).

PLEASE REQUEST SED permission for a second Emergency Contract prior to submittal. If not, the contract will be disapproved with the following message:

The Section 305(14) of Education Law authorizes a Board of Education to award an Emergency Contract without competitive bidding for a period not to exceed One Month. Please explain in writing why your district exceeded the One Month Emergency Period.

With sufficient explanation, a second Emergency contract can be submitted to SED and will be assigned the same contract number as the first, with a suffix letter **S** (second). **NOTE:** A Second Emergency **MUST BE** followed by a remainder contract that has been put out to bid (summer contracts are the only exception to this rule).

However, it is recommended to complete the bidding processed within the initial 31 CALENDAR days and then submit a contract with the winning bidder. This contract will be assigned the same contract number as the first, with a suffix letter **R** (remainder).

Please **NOTE:** with the exception of Summer contracts, a **Second** emergency contract **MUST BE** followed by a bid, **Remainder** contract in order to be State Aidable.
