**Directions:** Please review your program’s record of the number of school age students with disabilities provided special education services from each school district against the numbers reported below by school districts. **If there are discrepancies between your records and the school district’s records, please contact the special education office of each school district to resolve the discrepancy.** If the school district’s record is inaccurate, they will need to resubmit their district files with the necessary corrections to the Regional Information Center (or the data warehouse for large cities) during the verification time period. These data should be consistent with the data provided by the approved special education programs to school districts on the SEDCAR-1 forms by November 23, 2015 for school age students to request a vendor per-pupil funding amount of IDEA funds.
