TO: Approved Private New York City Preschool Special Education Programs
Licensed by the New York City Department of Health and Mental Hygiene
Chairpersons of Committees on New York City Preschool Special Education

FROM: Christopher Suriano, Assistant Commissioner 

SUBJECT: Streamlined Application for Classroom Ratio Intensification Aligned with
Published New York City Preschool Regional Need

In response to the published [New York City Preschool Regional Need](#) and the [New York City Department of Education's Preschool Special Education Enhancement Contract Solicitation](#), the New York State Education Department (NYSED) Office of Special Education (OSE) has developed a streamlined application to request a classroom ratio intensification for existing approved preschool special class programs. The streamlined application is intended to provide an expedited review of existing approved preschool special class classrooms seeking to intensify ratios in alignment with the preschool regional need published by the New York City Department of Education (NYCDOE). The streamlined application consists of identifying the program site and information on the intensification planned, and therefore will be much faster for providers to complete than the traditional modification application.

In order to qualify for the streamlined application, a preschool special class provider must be seeking a ratio intensification for an existing approved classroom (i.e. the address and location of the classroom must be included on the provider's current preschool approval letter). The ratio intensification will be subject to verification of regional need performed by the NYCDOE and review from the NYSED Rate Setting Unit. To enable the expedited review, providers will be asked to make the following program assurances for each application in the SED Monitoring and Vendor Performance System:

1. I hereby certify that I will comply with the requirements of section 4410 of the Education Law and Parts 200 and 201 of the Regulations of the Commissioner of Education and understand the program and fiscal requirements for operating a preschool special education program.

2. I understand that prior to granting the request of this application to intensify classroom ratios, NYSED will require the NYCDOE to verify the request is consistent with regional need.
3. I understand that following the verification of regional need, NYSED will either approve this application by issuing a new approval letter or close this application due to failure to meet requirements and notify the Chief Executive Officer applicant via email.
4. I certify that the student ratio intensification request is for an existing approved preschool special education classroom space.
5. I understand that my approval letter will continue to reflect 5 hours of instruction as the instructional minimum for a full-day special class program and that my program is authorized to voluntarily exceed the length of day for additional programming which may or may not include additional instructional time.
6. I understand that approval of a classroom ratio intensification pursuant to this application will not result in a tuition rate adjustment absent separate request to and review and recommendation by the NYSED Rate Setting Unit and approval by the Division of the Budget.

How to Submit the New York City (NYC) Preschool Special Class Ratio Intensification Application

Chief Executive Officers of preschool special class programs located in NYC will be given access to an electronic application in the SED Monitoring and Vendor Performance System. The application is titled “**NYC Preschool Special Class Ratio Intensification**” and it is site address specific. This means that an application must be submitted for each individual program site where the intensification is being sought (i.e. if the request is to intensify classrooms at two separate sites, then two applications must be submitted, one for each address).

The Chief Executive Officer (as reflected on the program’s approval letter) will have access to log into the NYSED Business Portal individually for each program site. Account administration and entitlement information is included in the [State Education Department Delegated Account \(SEDDAS\) User Guide](#) and [Entitling Users to SED Monitoring & Vendor Performance System](#).

The “**NYC Preschool Special Class Ratio Intensification**” application may be accessed by completing the following steps:

1. Go to the [NYSED Business Portal](#);
2. Click on the “Log In” button
3. Chief Executive Officer, enter your username and password for your “parent” or “main” site (i.e. this site is used by NYSED to link all your affiliated sites and is reflected in Attachment A of this memo with the Institution ID and Name).
4. Click on “SED Monitoring and Vendor Performance System” under My Applications
5. Select “View Surveys for **Special Education – ASEP**”

6. Find the report titled “**NYC Preschool Special Class Ratio Intensification**” for the site you are seeking the classroom intensification. This survey will be assigned to each of your approved preschool center-based site locations. For example, if you operate three preschool center-based sites, you will see three separate surveys, one for each site. The “**NYC Preschool Special Class Ratio Intensification**” survey is site specific and therefore you must choose the site specific to your request for special class ratio intensification. Your sites will be listed according to the Institution Name and ID for the NYSED record (a listing of all applicable programs site names with Institution IDs are reflected in Attachment B of this memo).
7. Click on ‘view’ to begin/continue to input information required for the application.

If you are unsure as to whether or not the Chief Executive Officer has access to NYSED’s Vendor Performance and Monitoring System, or believe Agency/Chief Executive Officer information listed on the attachment is incorrect, please contact the Office of Special Education at OSEAPPLICATIONS@NYSED.gov.

For technical support in creating, entitling and managing additional SEDDAS accounts for Administrators please contact the Help Desk at SEDDAS@nysed.gov.

NYC Preschool Special Class Ratio Intensification Application Review Process

In the event that an application does not meet review criteria, it will be unsubmitted in the NYSED Business Portal and the provider will be notified (an email notification is sent to the Chief Executive Officer from the portal). The provider will have the option of curing the issue and resubmitting the application.
