What is DASA?

The Dignity for All Students Act (The Dignity Act) was established to protect all students from harassment, bullying and discrimination.

It became effective on July 1, 2012 and was amended to include cyberbullying effective July 1, 2013.

Dignity for All Students Act (DASA) Information

Prohibits bullying, harassment, discrimination, or cyberbullying against students in school based on the following:

- Race
- Color
- Weight
- National origin
- Ethnic group
- Religion
- Religious practice
- Disability
- Sexual orientation,
- Gender (including gender identity and expression)
- Sex
- Other (describe)

District and School Response to DASA

Requirements of Schools

- Provide students, staff, and persons in parental relation with information about DASA, including the identity of the DASA Coordinator;
- Information is provided in languages other than English when necessary; and
- Policies, procedures, and guidelines that require a school environment free from harassment, bullying, discrimination, and cyberbullying.

School District Policies

These policies must serve the following functions:

- Identify administrative designee to receive reports;
- Enable students and persons in parental relation to make a report;
- Require school personnel to notify an administrator of report within one day and file a written report no later than two days after original report;
- Require a thorough investigation be completed promptly after report;

School District Policies

- Require the school to take prompt action to end harassment, bullying, and/or discrimination;
- Prohibit retaliation against anyone making a report or assisting with the investigation;
- Develop a school strategy to prevent harassment, bullying, and discrimination;
- Require school leader to regularly report data trends to superintendent;
- Require school leaders to notify local law enforcement when behavior is believed to constitute criminal conduct;

School District Policies

- Require that all school personnel receive a copy of the district policies, including the reporting process, at least annually; and
- Ensure that the district's policies and procedures, including an incident report form, are posted on the district's website.

Dignity for All Students Act

Dignity Act Components

- **Policy**
- **Dignity Act Coordinator**
- **Instruction for students**
 - Civility, citizenship, and character education to address prohibition of harassment, bullying, or intimidation, including cyberbullying
- **School employee training**
- **School employee reporting**
- **Annual reporting**

Definitions

- **Bullying** is described as an unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.
- **Bullying** can occur before and after school hours, in a school building, on a playground, on a school bus while a student is traveling to or from school, or on the Internet.
- **Cyberbullying** occurs when harassment or bullying happens through any form of electronic communication.

Students who are bullied and those who bully others may have serious and lasting problems

Definitions

According to the United States Department of Education (USDOE), www.stopbullying.gov/what-is-bullying/definition/index.html, **bullying** generally involves the following characteristics:

- **An Imbalance of Power**
- **The Intent to Cause Harm**
 - **Repetition**

Definitions

Harassment is defined as the creation of a hostile environment by conduct or verbal threats, intimidation, or abuse that has or would have the following effect:

- reasonably and substantially interfering with a student's educational performance, opportunities or benefits; or
- would reasonably be expected to cause a student to fear for his or her physical safety.

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs.

DASA Reporting Requirements

Reporting

Required to orally report the incident(s) **within one (1) school day** to the principal, superintendent or his/her designee

Report it **in writing within two (2) school days** after making an oral report.

Develop School/District Form

Must include:

- ✓ Date
- ✓ Name of student target
- ✓ Name(s) of aggressor(s)
- ✓ Name(s) of witnesses/bystanders
- ✓ Description of incident
- ✓ Name of reporter (can also be anonymous)

The form must be accessible on the school/district website

Following the completion of the incident report form, a prompt and thorough investigation begins

The Investigation

DASA Coordinator or Administrator typically leads the investigation.

- Team approach is recommended to collect information
- School resource officers and mental health professionals also advise and respond

Interview all involved (target, aggressor, witnesses):

- Separately – this is not mediation or conflict resolution
- Use a calm, problem-solving, investigative approach to find out:
 - What exactly was said and done [save evidence, including recordings]
 - Motive/intent (anger, misguided joke, threat of harm to safety)
 - Relationship and past history (one time occurrence or repeated)
 - Impact or perceived impact on school functioning
 - Contact persons in parental relation of all students interviewed

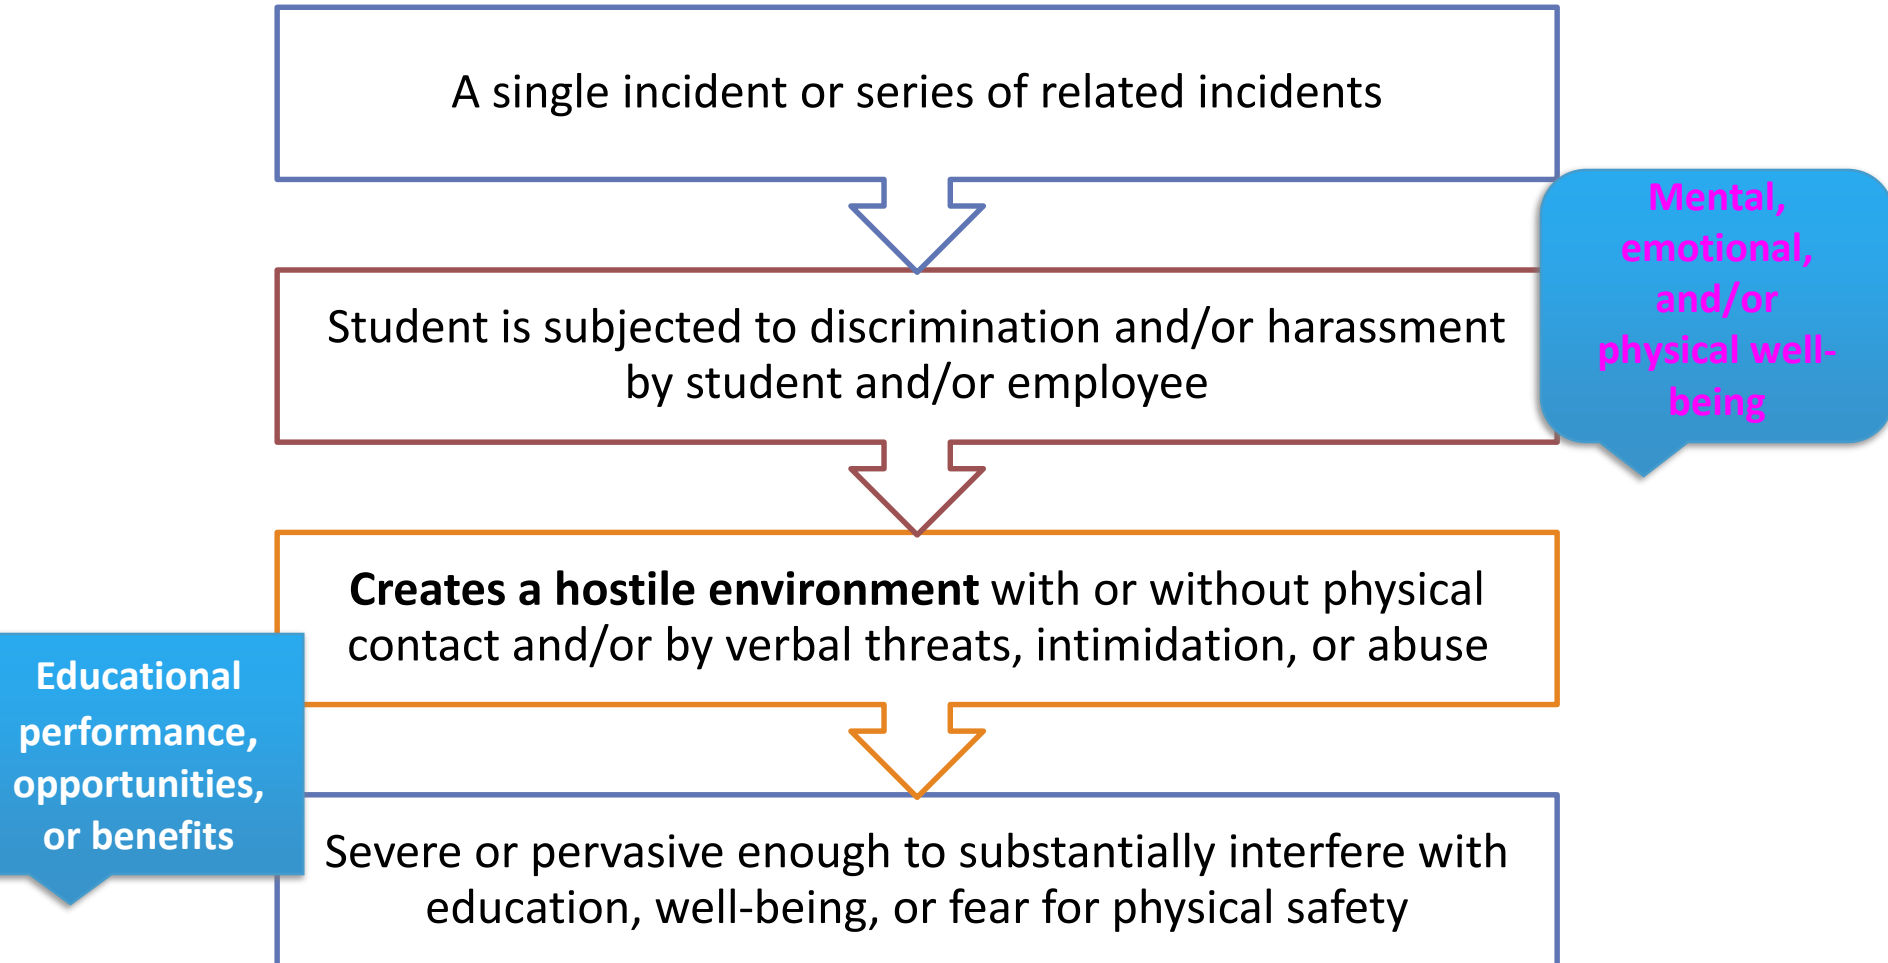

Material Incident

After investigating an incident, the Dignity Act Coordinator or school leader must make a determination as to whether the incident is “material.” A material incident under DASA is:

- An act or series of acts by a student and/or employee on school property, or at a school function
- Creates a hostile environment by conduct
 - with or without physical contact, and/or
 - verbal threats, intimidation or abuse
- Conduct of such a severe or pervasive nature that it has the following effect:
 - unreasonably and substantially interferes with a student’s educational performance, opportunities or benefits; or
 - mental, emotional and/or physical well-being; or
 - reasonably causes, or would reasonably be expected to cause, a student to fear for his or her physical safety

Material Incident

Take Prompt Action

Consequences are most effective when they directly address the problem and the context

The most effective approach considers the following:

- Student's age and developmentally-appropriate conduct
- Specific offense and circumstances of incident
- Student's prior disciplinary record
- Input from persons in parental relation, teachers, mental health professionals, as appropriate
- Disability status (determine whether behavior is directly related to disability)

Plan for Change

- Plan for change
 - Restorative practices; positive intervention supports
- Provide support to students and persons in parental relation involved
 - Counseling, conflict resolution, mediation
- Take actions to improve school climate
 - Behavioral intervention contract; teach dignity and respect
- Develop/refine school policy
 - Review and revise regularly

Dignity Act Reporting Basics

The method through which schools compile and maintain Dignity Act-related data throughout the school year is a *local* decision.

The annual Dignity Act reporting is performed using a standardized on-line format provided by NYSED.

School to District Reporting

Policies and procedures include:

- ✓ Dignity Act Coordinator reviews incident report forms regularly – at least once per semester; and
- ✓ Dignity Act Coordinator provides summary data for the semester to the school leader, including the following:
 - Number of incidents reported that semester;
 - Number of cyberbullying incidents reported that semester;
 - Number of reported incidents found to be material; and
 - Type of bias involved in the incidents, if any
- ✓ School leader reviews and collates summary data from the Dignity Act Coordinator - includes in the principal's annual report to the Superintendent
- ✓ District document retention includes report forms and investigative materials

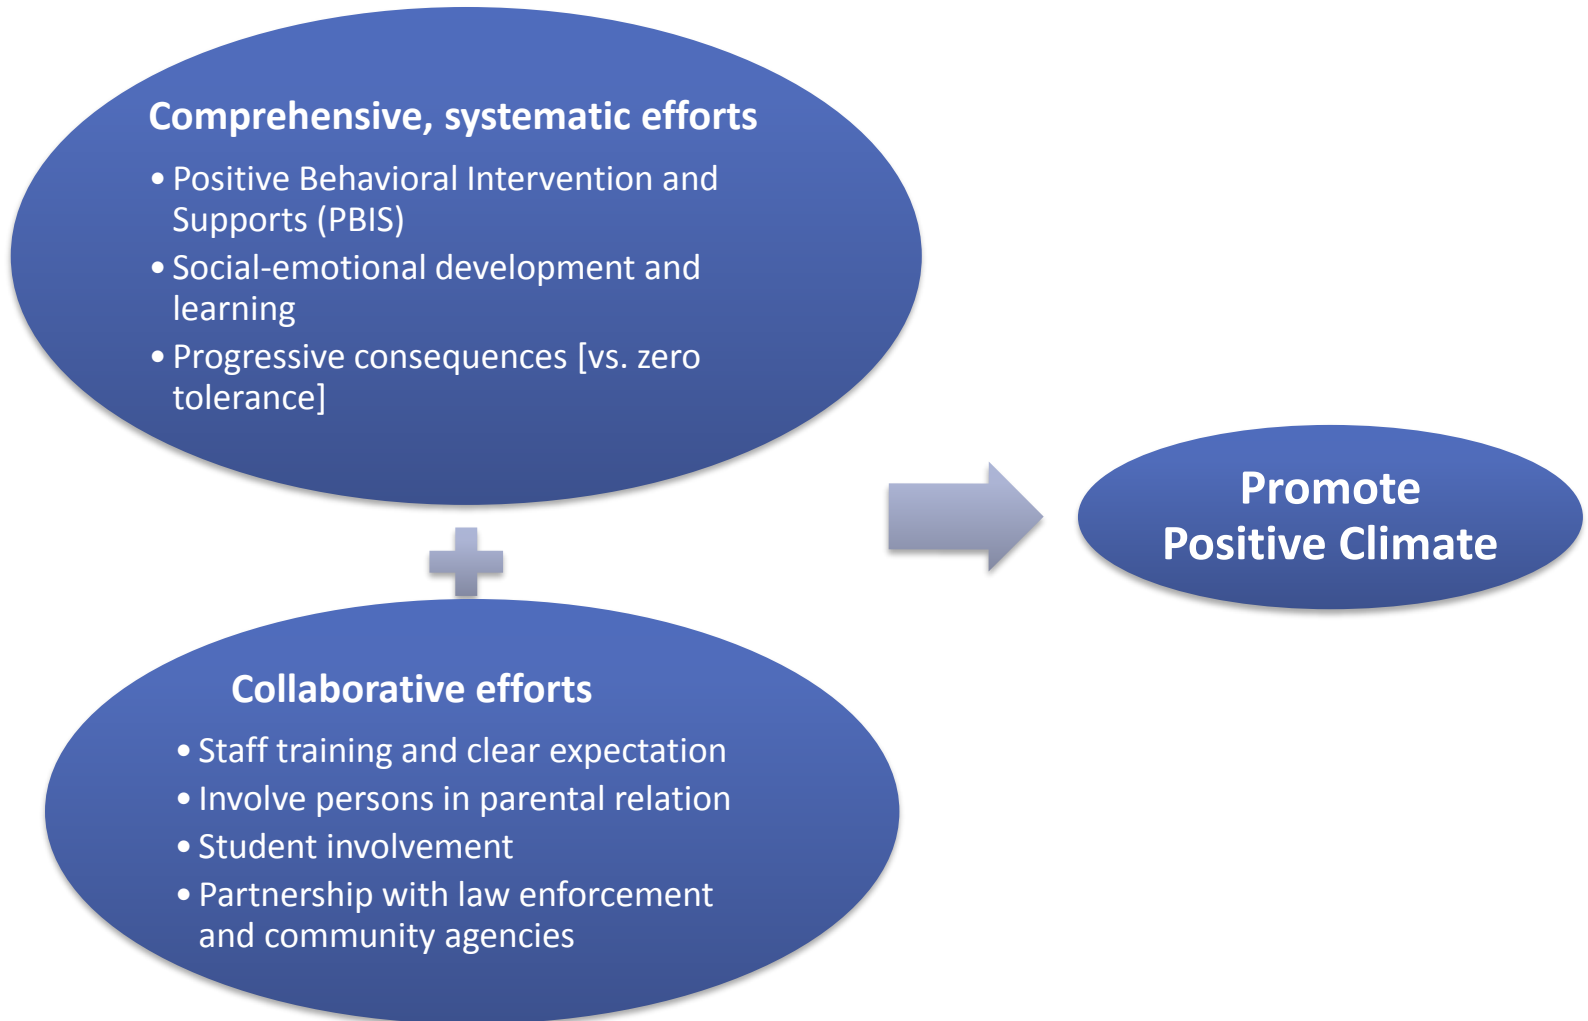

District to NYSED Reporting

- The Superintendent reviews each school principal's annual report and summary
- The Superintendent provides a certified accurate count of all material incidents for the school year – July 1st – June 30th to NYSED
- All DASA Incident Reports are filed or maintained electronically in a central location for the period of time required by the NYS Records Retention rules
- DASA Incident Reports are not filed as a part of a student's school record

Prevention... Starts Long Before an Incident Occurs
