School Superintendents  
School Principals  
Leaders of Charter Schools

FROM: Cosimo Tangorra, Jr.

SUBJECT: Academic Intervention Service Requirements for 2014-15

To ensure that existing support services, including Academic Intervention Services (AIS) and Title I compensatory services, remain relevant and appropriate as New York continues to implement the Common Core Learning Standards, the Board of Regents at its February 10, 2014 meeting directed the State Education Department (SED or "the Department") to develop proposed amendments to Commissioner's Regulations to continue providing flexibility to districts in the provision of AIS (see <http://www.regents.nysed.gov/meetings/2014/February2014/214p12a6.pdf>).

Accordingly, at the September 15, 2014 Board of Regents meeting, the Department will recommend that the Board approve amendments to regulations that require that districts continue to provide Academic Intervention Services to students scoring below the following scale scores on the 2014 Grades 3-8 English language arts and mathematics assessments:<sup>1</sup>

Grade 3 English language arts, a scale score of 299  
Grade 4 English language arts, a scale score of 296  
Grade 5 English language arts, a scale score of 297  
Grade 6 English language arts, a scale score of 297  
Grade 7 English language arts, a scale score of 301  
Grade 8 English language arts, a scale score of 302

Grade 3 mathematics, a scale score of 293  
Grade 4 mathematics, a scale score of 284  
Grade 5 mathematics, a scale score of 289  
Grade 6 mathematics, a scale score of 289  
Grade 7 mathematics, a scale score of 290

---

<sup>1</sup> These are the same scale score cut points that were used to determine which students were required to receive AIS for grade 3-8 ELA and math during the 2013-14 school year.

Grade 8 mathematics, a scale score of 293

The Department will further recommend that those students scoring at or above these designated scale scores but below level 3/proficient not be required to receive academic intervention instructional and/or student support services during the 2014-15 school year unless the school district, in its discretion, deems it necessary. If these recommendations are adopted by the Board of Regents and districts receive flexibility in deciding whether certain students will receive AIS, districts should use multiple measures of student academic need to make these determinations.

The proposed regulations would require each school district to continue to implement a uniform process by which the district determines whether to offer AIS during the 2014-15 school year to struggling students and, no later than November 1, 2014, to either post to its website or distribute to parents in writing a description of this process.

If you have any questions regarding the requirements for the provision of AIS to students during the 2014-15 school year, please contact David Bryant in the Office of Student Support Services at 518-486-6801 or by email at [dbryant@mail.nysed.gov](mailto:dbryant@mail.nysed.gov).

I wish you a highly productive and successful new school year.
